There Is Only ONE Right Way to Train for TELEVISION
FIRST: With a national organization approved for G. I. training. Subsistence and part-time work arranged while training.
SECOND: Learn Television from engineers who work in the industry.
THIRD: Train with real up-to-the-minute Television broadcasting and receiving equipment. Become expert in servicing operating, and engineering, to be sure your are capable of taking a job in the industry.
FINISH—By working with real Television experts under actual broadcasting conditions in a large, up-to-date laboratory. Become expert in the branch of Television you are most capable of following. This is the right way to get into Television.
