

Commercial Vegetable Recommendations

Vegetable Varieties for Commercial Growers

Bernard H. Zandstra, Thomas A. Dudek, James L. Lincoln, Paul F. Marks,
James E. Neibauer, Hannah S. Stevens and Darryl D. Warncke

This is only a partial listing of satisfactory varieties and seed sources. Many other excellent varieties are available. Where days to harvest or season are not listed, there are only minor differences in maturity. Contact seed companies for catalogues to locate sources of these varieties. An asterisk (*) indicates crops that are usually transplanted. Days to harvest are estimated from transplanting. All other crops are estimated from seeding.
