PRESENT

CAN WE  
MAKE IT  
LAST

?

**CAN WE DO IT OURSELVES?**

DO WE HAVE THE NECESSARY:

YES	NO	Parts-Materials?.....(If no, are they available?)
<input type="radio"/>	<input type="radio"/>	
Skills?.....(If no, can we develop them?)		
<input type="radio"/>	<input type="radio"/>	
Tools?.....(If no, is the investment in new tools justified? Can we rent or borrow them?)		
<input type="radio"/>	<input type="radio"/>	
Time?.....Are we willing to take time away from something else?		
<input type="radio"/>	<input type="radio"/>	
Energy?.....(If no, can we temporarily eliminate some other activity?)		

IF WE NEED TO PURCHASE PARTS, MATERIALS AND/OR TOOLS, HOW MUCH WILL IT COST? GET PRICES.

<input type="radio"/>	<input type="radio"/>	WILL WE BE ABLE TO REPAIR, RESTYLE OR RECONDITION TO OUR SATISFACTION?
<input type="radio"/>	<input type="radio"/>	DOES THE SATISFACTION WE GET OUTWEIGH SOME OF THE COSTS? (\$ - time - energy)

**AFTER CONSIDERING ALL THE COSTS, IS THIS STILL A REASONABLE OPTION?**

YES	Do the work yourself
NO	Consider hiring someone to do the work.

SHOULD WE PAY SOMEONE TO REPAIR, RECONDITION  
OR RESTYLE IT?

Is a repairman available who can get the  
parts and/or materials?

YES NO

How long will it take to complete the  
job? Can we wait?

How much will it cost? (Get estimates)  
Is it worth this cost?

Will it meet our standards when finished,  
give good service and make us more  
satisfied?

CONSIDERING ALL COSTS (DOLLARS, TIME, ENERGY)  
IS THIS STILL A HIGH PRIORITY NEED OF OURS?

YES - Pay someone to do the work

NO - Reconsider doing it yourself, continue to use as is,  
get along without it or replace it.
