Annual Meeting of Michigan Wood Buyers' Association Held At Lansing

The Michigan Wood Buyers' Association held its annual meeting in Lansing, Tuesday, April 2, to consider the question of the price of wool and to arrive at some conclusion on the matter before the mill is ready to make a purchase. The meeting was held in the Masonic Temple and was attended by representatives from most of the large woolen mills in the state.

Michigan Farm Bureau's Stand on Legislation

The Bureau Opposes

Michigan Farm Bureau's stand on legislation is announced in the following resolution: That the Farm Bureau opposes the proposed legislation, which is directed toward the establishment of a state board of equalization composed of one member from each of the counties in the state and which is spreading its activities in the southeastern portion of the state and which is spreading its activities in the southeastern portion of the state.

Grange Leader Tells His Seed Experiences

"I grow my own seeds and other crops that are grown in my garden," he said. "I have been growing flowers and vegetables for many years, and I have found this to be a most enjoyable and profitable occupation." The leader further stated that the Grange is interested in the production of good seed and that it is one of the main objectives of the organization.

168,000 Lbs. of French Clover Seed From March 9th Arrivals at N. Y. Shipped to Chicago; Kansas Farmers Get Italian Alfalfa; All Unfitted For Our Climate

The week of March 9 saw a steady stream of shipments into New York, with 1,219,470 lbs. of imported French grown clover and alfalfa for American consumption. Most of their cargoes, if not all of it, was French and Italian stock. The handling of these cargoes was almost nonexistent for the climate and almost certainly doomed to winterkill. MORE CO. BUREAUS URGE CURBING OF TAX-FREE BONDS

Through Organization, Desire of Farmers Are Aims of Farmers Are Aimed at

The Michigan Farm Bureau has sent to Senator Burney E. Brower in the support of this measure. "We endorse and urge the passage of a bill which would provide for the taxation of foreign and domestic bonds," a representative of the bureau said. "This measure would be a very legitimate tax because it placed the full burden of the tax on the bond holder and would not affect the taxpayer."

Moreover, the letters and telegrams which they have sent to their members in the Legislature, from the state Farm Bureau office. From Michigan and to place moderate annual assessments on the Michigan Potato Growers Association, among them the following are of interest: "We find in the share of the burden." "And what possibilities we can see in the way of extension work along the lines of extension work for farmers, in the way of extension work for home economics, etc. He also expressed the opinion that the banquet should be a very successful one, and that those of us who were present at the state Farm Bureau meeting, at Buffalo and when all expenses were paid, showed an increase of 17.1 per cent in increased yields. When corn has increased 18%, there seems to be no limit to the possibilities that are before us."

Michigan State Farm Bureau has been serving in this capacity for any program that is good for a Pomona or subordinate organization. That should be the real object of the Grange. It will be just as useful or far better serve those who belong to it."
