MICHIGAN ELEVATOR EXCH. MARKETED $8,000,000 IN GRAIN AND BEANS FOR ITS MEMBERS DURING THE PAST YEAR

Fifth Annual Meeting Finds Co-op Exchange in Great Shape; Re-elects Officers; Adopts Strong Resolution Team for 1926

Before the Industry

The 56th annual meeting of the Michigan Elevator Exchange was held at Michigan State College, Tuesday, July 21. Some remarkable things were told about the co-operative grain and bean marketing that this Exchange is doing for its elevator members and the 23,000 farmers it represents.

During the year 1924, to July, 1925, the Michigan Elevator Exchange marketed $8,000,000 worth of grain and beans. The exchange has procured $20,000 as a patronage dividend, which may be gone tomorrow. The Michigan Elevator Exchange's elevator members, itself, is an impressive show of strength, 25,000 farmers it represents.

I can endorse the sentiment of the Michigan Elevator Exchange, that we are grown and strong, we think of the Farm Bureau along organically related activities and in consequence, our minds must be on the job of producing. We wish to prevent a recurrence of the conditions of 1920. Our primary concern is the effort to induce the present Farm Bureau leaders to place agriculture on a satisfactory basis. We wish to prevent a recurrence of the conditions of 1920. The principle of co-operation in an advertising of Michigan bean products is to be supported by 90 per cent of the elevator members, and that may be gone tomorrow. The Michigan Elevator Exchange's elevator members, itself, is an impressive show of strength.

Our Invisible Farm Bureau Assets

Our invisible Farm Bureau assets are the men who work through, as they do, the elevator members. If we are to have a truly democratic country, every elevator member must be a Farm Bureau member. The majority of elevator members who are Farm Bureau members are the backbone of the American Farm Bureau. If their work is not appreciated, we must redouble our efforts to tell the men who make up the elevator industry that their work is appreciated.

Further Opportunities In the Farm Bureau

By L. NOON
President of the Huron County Farm Bureau

1. The opportunity to work on farm problems and solutions that are the concern of all who work in agriculture. This opportunity is available to those who are willing to participate. It is important to understand the needs and concerns of the farmers who work the land, and to develop solutions that will help improve their lives.

Step by Step to Larger Membership, Their Slogan

Some Interesting Things Going on in Central Michigan Counties

"Step by Step to Larger Membership" is the Farm Bureau's official slogan. It is a call to action for all members to work together to increase the number of new members. The slogan encourages members to take small, incremental steps towards growth in their chapter, and to do this together as a team.

Church in每一个 county, and in any neighborhood, is a great movement. Church in every county, and in any neighborhood, is a great movement. The slogan emphasizes the importance of working together to achieve growth.

Each Farm Bureau member has a responsibility to keep informed on what his organization is accomplishing. The slogan encourages members to stay informed and to take part in the process of growth.

It's not so much what we do for ourselves in the world but what we do for each other. The slogan is a reminder of the importance of working together for the benefit of all.
