WATERWAY CONFERENCE TO BE HELD AT MUSKEGON JAN. 27

Ohio Congressman Will Address Annual Meeting

NINTH ANNUAL AFFAIR OF BUREAU IS EXPECTED TO ADD STRENGTH TO THE AGRICULTURE OF MICHIGAN

Sessions Of The Farm Bureau Program Will Occupy Two Whole Days, Feb. 3 and 4. Special Of National Farm

ARE SOUGHT FOR ALFRAIR

Having for its membership the strongest and biggest body of agriculturists ever banded together in Michigan, the Michi-
gan State Farm Bureau this year has no plans for conducting its most successful annual meeting when it will be held at Muskegon, Feb. 3 and 4.

As has been the custom in previous years, the big meeting comes as the climax of the annual Farmers' week. The activities throughout the county this season, in the conducting of Farm Bureau work, makes it apparent that the annual meeting will be attended by one of the biggest delegations in recent years.

County Farm Bureau agents in their preparation for the conference will soon begin working on a program of events that should make the meeting the most successful in the history of Farm Bureau of Michigan.

M. S. C. MAN HONORED

At the last joint annual banquet of the State and National Farm Bureau associations held at the Hotel Statler, New York, in February of this year, Mr. C. S. Wagar, State Governor, was presented with a gold watch and chain for his dedicated service to Michigan and American agriculture.

The gold watch and chain presented to Mr. Wagar is a testimonial of the high regard in which the Michigan Farm Bureau is held throughout the nation.

The award was presented to Mr. Wagar by the National Farm Bureau in recognition of his efforts in the development of the State Farm Bureau movement.

The award was presented to Mr. Wagar by the National Farm Bureau in recognition of his efforts in the development of the State Farm Bureau movement.

CASS FARMERS ORDER MUCH CERTIFIED SEED

Orders for 1,000,000 bushels of certified seed potatoes will be placed by the Cass County Farm Bureau members.

The order is the largest ever placed in Michigan by farmers for certified seed potatoes.

The order was placed with the Farmers Cooperative Elevator Co., at a cost of $9 per hundred pounds.

This is a record-breaking order for certified seed potatoes in Michigan.

DON'T FAIL TO FIGHT BORER JUST BECAUSE YOU DON'T RAISE CORN

The borer, the country nights and the country birds are not to be expected in every corn belt. In fact, the borer is the only pest that is likely to support the complex effort to control the borer. In this connection, the Michigan Department of Agriculture and the rehabilitation of the borer are being done without any thought of discouraging borer control, but only to show that it is possible to control borer without the United States Government.

The Department of Agriculture is not doing all that it can to control the borer, but it is doing all that it can to control the borer.

The Michigan Department of Agriculture is not doing all that it can to control the borer, but it is doing all that it can to control the borer.

The Department of Agriculture is not doing all that it can to control the borer, but it is doing all that it can to control the borer.

The Department of Agriculture is not doing all that it can to control the borer, but it is doing all that it can to control the borer.

"A Child by the Fireside, a Table, a Light.
God grant there is somewhere they wait you tonight,
Far from the storms and the tempests of life,
For you, my little man, my joy and my delight.
For you, my little man, my joy and my delight."
and 18.4 per cent of the total amount of taxes in 1924; 19.3 per cent of the total amount of taxes in 1925, showing an increase of 0.9 per cent in the amount of taxes paid by the public utilities in 1925 over the amount paid in 1924.

Taxes were also unevenly distributed. The property tax is the basis of state and county government, and the franchise tax is derived from the operations of corporations, and 10.3 per cent of the net profits from the operations of Michigan corporations than on others.

The property tax is the chief tax in the operation of the business of Michigan, do business within the state, and are subject to the state franchise tax and the state corporation tax.

The franchise tax is measured by the net income and the amount of taxes paid by the corporations, and 15.8 per cent of the net income was measured in 1924, and 15.6 per cent of the net income was measured in 1925, showing a decrease of 0.2 per cent in the amount of taxes paid by the corporations in 1925 over the amount paid in 1924.

The most admirable characteristic of the franchise tax is its ability to measure the income of corporations, and 19.3 per cent of the net income was measured in 1924, and 19.3 per cent of the net income was measured in 1925, showing a decrease of 0.2 per cent in the amount of taxes paid by the corporations in 1925 over the amount paid in 1924.

Mrs. Wagars Points Out Important Questions

Shows Where Farmers Can Turn Their Thoroughbreds To Advantage

The enormous loss of life, due to automobile accidents, is emphasized in the report of the special commission on traffic safety in the United States. It is estimated that over 20,000 people killed and injured in automobile accidents were 25 years of age or under. It is also stated that the proportion of young people in the auto accident statistics is on the increase.

Feeding the Baby Chicks

Dairy and livestock growers everywhere are facing the problem of feeding their chicks. The Michigan Farm Bureau has compiled a list of various feeds that are suitable for chicks. The list includes green food, sprouts, and other essential nutrients. The Michigan State Farm Bureau also recommends feeding the chicks with a balanced diet to ensure their proper growth and development.

Quality Must Be Considered

FARMER'S WEEK is your time to see what the Farm Bureau can do for you not only in suits and overcoats but you will be amazed at our wonderful line of 100% Virgin Wool blankets and 100% Virgin Wool underwear, in all sizes, that we are selling. Come in and let us show you

Merchandise of Merit for Less

And if you are not ready to purchase a suit or overcoat we will be more than pleased to take your measurements and place them on file for some future time when we will gladly send samples of our material upon request.
