THIRTEEN MONTH CALENDAR URGED FOR SIMPLICITY

Committee Meets in Washington To Consider An Old Problem

SOME DRASTIC CHANGES

Days Of Work Would Always Fall On Same Days

In 28 Day Month

New York—A group of legislators of the House of Representatives in Washington on July 5 is considering a bill which promised marked

simplifications to the present calendar in which the months are varied in length

and the days of the week are not fixed.

They went to speak of

the various calendars of the world.

Julius Cesar made an error of six days in 46 B.C. which threw the whole 14 days of July, August, September, and October, about 400 years

out of line, so to speak. There have been numerous attempts to correct this and

other errors, but none of these have ever been adopted because of the great

cost it would be involved in converting all the records of the world.

"How long is a month?"

The proposed simplified calendar

would make all the months of

28 days each, the simplified calen-

dar proponents say, there would be

no more leap years, and the 1536 dates

of the Julian Calendar.

"As the Julian Calendar.

"be the same. It would look like

Farm Bureau Recommends To Both National Conventions

Farm Bureau News Publishes the Statements Through Which Both Major Parties Seek Farm Support in November

In the last issue of the Farm Bureau News we published side by side the five agricultural planks adopted by the Republicans and Democratic national conventions, so that our members might compare them.

The News was published the day before the Democratic platform was read to the convention and we were unable to publish only a summary of the Democratic platform. Since then the full text of the Democratic agricultural plank has come to us and we are publishing both planks in full. There is a great difference in their respective party planks and they are well worth reading.

F. B. TRAFFIC DEP’T COLLECTS LOSSES FOR MEMBERS

Coupon Books Save Money Their Dues In Single Transaction

Mike Ford products have shown that the plan after all has a railroad traffic department. A number of the economic losses and damage claims are well handled by the coupon book system. It is not only convenient for members, less of time, spent, because the plan allows for the handling of losses and damage claims with much more ease and efficiency than before. In addition, the plan also has the advantage of allowing members to save money on their Insurance premiums by using the coupon book system.

Grand Blanc Co-op A Power in Community

In Operation Eleven Years, W. H. Marshall is Manager

In the last seasons of the News we continued that generally farmers show a tendency to establish a co-operative association for the community and a substantial number of them. The Japanese farmer is a co-operative association of the farmers. The Japanese co-operative association has been very successful in establishing a co-operative association. The farmers have been able to get together and form a co-operative association, which have been very successful. The farmers have been able to get together and form a co-operative association, which have been very successful.

Hot Weather Comfort Possible on the Farm

Determine to Take Things Easier, Mos. Wagner Suggests

By Mrs. Edith M. Wagner

These severe hot days bring with them all kinds of discomfort and difficulty. We can always rely on the weather to change and we can hope for the best. But the first thing to do is to take care of ourselves. We must be careful not to forsake our usual routines of life.

Branch Bureau Wears on Thieves

Branch Bureau Farm Bureau has put out a reward for the apprehension of two men stealing from Farm Bureau elevator in Cassadaga. Reward is $12 for the man and $12 for the woman. Reward for the arrest of the man is $12. Reward for the arrest of the woman is $12. Reward for the arrest of the man is $12. Reward for the arrest of the woman is $12.

Branch Bureau Wears on Thieves

The changing world of business and industry is faced with many new challenges. One of the greatest challenges is the wear and tear on the original foundations of our society. As the world changes, so do our values, and it is important to adapt to these changes. One way to do this is to wear on our original foundations, and to make sure that we do not forget the values that brought us to where we are today.
