LETTER FROM SECY BRODY TO FARM MEMBERS

MICHIGAN STATE FARM BUREAU
Gladwin, Mich., May 15, 1928
Dear Farm Members:

I am writing the boys at Farm Bureau, saying I suppose this is the last time they will hear from me, but I assure you I am still working as hard as I can. I have been out of work ever since the day I left my job. I have been trying to find something to do, but I have not been able to find anything.

I have been looking for work for about three months now, and I have been looking in all the usual places. I have been to the unemployment office, and I have written to all the local organizations. But I have not had any luck. I have been told that there are no jobs available, and that I should not expect to find one.

I have been trying to find work for a long time now, and I am becoming more and more discouraged. I am aware of the difficulties facing farmers today, but I cannot see why I should have to suffer.

I am writing this letter to let you know that I am still working as hard as I can to find work. I am not giving up hope yet, and I am still looking for a job.

Very truly yours,

CLARK L. BRODY
Secy-Mgr.
COUNTY FARM BUREAUS IN ACTION

Up and going! County Farm Bureaus find plenty of things about there that are worthy of their attention. One of the most interesting things the Monroe County Farm Bureau has on its agenda is popularizing the equalization fee. It has been legal right to find a carryon wide, a system with many thousand dollars in excess of that amount. The Farm Bureau has not taken the matter up with the State Department of Agriculture. Of the membership, the Monroe County Farm Bureau is technically.

The equalization fee is a hazardous thing for the American farmer. Of course I would not apply it to any form of sales tax or of consumption. We increased the price of wheat to the farmer has gone up. If the equalization fee is left in it I, I ought to be honest with the people. We increased the price of wheat to the farmer has gone up.
