STATE FARMS BUREAU DISTRICTS LAUNCH EXTENSIVE DRIVE

To send the largest delegation ever, the Farmers Bureau Districts of Michigan are undertaking an extensive drive during the annual meetings of the state Farm Bureau. The goal is to send representatives to the Fourth Annual Midwest Farm Bureau meeting in Ottawa county.

The drive is being led by Mrs. Edith M. Miller, the Michigan State Farm Bureau District representative. It is aimed to have at least one representative from each county and to ensure that all possible avenues are explored to send the largest possible delegation to the meeting.

The drive is under the leadership of Mrs. Miller, who is working closely with the local Farm Bureau officials to ensure that all eligible members are contacted and encouraged to participate. The drive is expected to result in a strong showing from Michigan at the annual meeting.

STATE CROWNS

Farmers and their families are invited to attend the drive, which will include various events and activities aimed at mobilizing support for the cause.

The drive is part of the larger effort by the Farmers Bureau to promote agriculture and protect the interests of farmers. It is expected to result in a significant showing from Michigan at the annual meeting.

CHEAPEST OF THE CHEESES

*The People's Lobby*, of Washington, of which Prof. John C. Bennett of Columbia University is President, has issued a report attacking the proposed increase in certain duties on cheese in order to obtain an increase in the price of American cheese on the world market. The report is a powerful one, and we heartily commend it to the attention of the public.

The report points out that the present duties on cheese are far too low, and that the proposed increase would be a great benefit to the American cheese industry. The report also makes the important point that the proposed increase would not have the desired effect, as it would merely encourage the production of inferior cheeses in Europe.

The report is well worth reading, and we recommend it to all those who are interested in the cheese industry.
Lapeer County Farmers Give Views on Organization

CEDAR FALLS, Ia. (AP) — Farmers in Lapeer County, Michigan, one county east of Grand Rapids, recently held their annual meeting to discuss various issues related to their organization.

One of the main topics discussed was the need for better organization in the county, which would help in achieving their goals and improving their efficiency.

Another issue that came up was the importance of having a good leader to guide the organization and ensure its success.

The farmers also discussed the need for better communication between the different groups within the organization to ensure that everyone is aware of what is happening and can work together effectively.

Finally, the farmers stressed the importance of having a clear plan for the future, which would help in making informed decisions and ensuring the long-term success of the organization.

Farm Bureau Awards Trophy
In Chick Show Sweepstakes

By W. R. R. Wagner

The Farm Bureau was one of many organizations offering valuable premiums for winning entries under the heading of "Best Chickens in Show." The Farm Bureau Awards Trophy was given to the winners in various categories.

Farm Women Must Mend Hand In Organization

Mrs. Edith H. Wagar

The Farm Bureau trophy consisted of a gold cup with a picture of General Grant. The trophy was presented to the winner of the first place in the national chicken show.

Millignton, Elkhorn, under date of August

The farmers of Millignton, Elkhorn, are fielding a strong team in the national chicken show this year. The teams are expected to do well, and the area is known for its high-quality poultry.

Cultipacker on Seed

The Cultipacker is a machine that helps to plant seeds more uniformly. It is used in various parts of the country and is popular among farmers for its efficiency.

ORDER BINDER TWINE NOW

The order for Michigan State Seed Bureau needs to be placed as soon as possible. The company offers a wide range of binders and twines for various agricultural uses.

HARVEST

MICHIGAN RURAL SCHOOLS LEAD

The Michigan Rural Schools lead in the state. The schools are known for their high-quality education and dedication to the community.

Attractive is Sure Death To Weeds

Attractive is a chemical compound, the safest, certain weed killer. Its effectiveness is comparable to other chemicals, but it is more environmentally friendly.

Feed Contract Is Valuable To You

Every farmer needs a reliable and consistent feed contract. The Michigan Farm Bureau Feed Contract Plan offers a variety of options to suit different needs.

Five Million for Protection

The State Mutual Farm Bureau Automobile Insurance Co. of Bloomington, Illinois, is offering a five-million-dollar liability policy for farmers.

Millignton, the first city to adopt the Feed Contract Plan in Michigan, has seen an increase in the use of feed. The plan has helped farmers to save money and improve their livestock.

LUCKY DOLLAR

The Lucky Dollar is a popular candy that is offered in various states. It is made by the Lucky Dollar Company and is known for its unique flavor.
