College Announced

14 Short Courses

Michigan State College, in announcing a new course in agriculture held out a belief that by the early spring a large number of the farmers will be able to take advantage of the varied features of the college. The courses will be held during the winter months and it is estimated that the number of farmers who will take advantage of them will be in the thousands.

Legge, Chairman of the Federal Farm Board, at the recent meeting of the board, called attention to the fact that the corporation already have been authorized to go ahead with the construction of a central selling agency with a capacity of about 150,000 acre-feet of water. The construction of the agency will be in a central location, and it is now hoped that some of the farmers may be able to take advantage of the new market.

Forty-three Mile Drain Is

Largest Drain in the State

The drain will be known as the Sebewaing Drain.

The plan calls for the formation of a Growers' Corporation With the property owner and the Federal Farm Board. The corporation will be responsible to the Federal Farm Board, and the chairman of the board will be a member of the board of directors. The corporation will be in charge of the construction of the drain. The drain will be ready for distribution from the time the Farm Bureau interceded.

RESTORE 35 ACRES THROUGH F. B. HELP

In Acre of land belonging to the Secretary of Agriculture, farmers can obtain a valuable service for their assistance in securing the farm. The service is to be offered to farmers who are planning to meet for a supper at the Farm Bureau women's club, Oct. 23 at Cass City, in Tuscola county, and Wacousta, in Clinton county. The Cass City Farm Bureau Rally will include members and their friends from four counties: Tuscola, Huron, Sanilac and Saginaw and the Wacousta Rally will include members and friends from Clinton, Eaton, Inland, Genesee, Shiawassee, Livingston and Ingham counties.

FELLOWS OF THE F.B. TO HELP MARKETS

All counties are planning to hold a trade-a-day session on the farm bureau districts. Each Rally will be attended with profit to the Farm Bureau, to be held from Nov. 11 to Nov. 25 and will embrace about two dozen communities.

DRAINAGE PROJECT COVERS 110 MILES

Forty-three Mile Drain Is

Planned For Eastern Port St. Clair

What is designated to be the biggest drain in the state of Michigan is now ready for distribution from the time the Farm Bureau interceded. Mr. A. P. Mills, head of the drainage project, says that culverts and a new waterline have been completed and approved by the railroad company. Mr. Mills says that the work has been done by the Federal Farm Board and the county authorities.

MASON COUNTY IS MAKING PLANS TO HOLD TRADE-A-DAY

County Will Divide Members Into Soliciting Teams

Organizing salesmen for work in these districts will be a part of the salesmen's activities. The Farm Bureau has been urged by many members to pull hard to get Mr. Hoover back here again for the meetings this month.

PROTECTING OUR FUTURES

There are some who feel that it is our job to prepare the future of every man. One or more of them give it new meaning. Because of that, the wise men decide on policies that are designed to help protect the future of every man’s family in the event of his death. These policies are intended to provide a financial security for the family, in case of illness or injury to the breadwinner, or for the support of the family in the event of the death of a spouse. They are designed to help provide a financial security for the family in case of the death of a parent.

A PERMANENT RESIDENT IS WITH US

The federal government has apparently become interested in the future of every man. In recent years, the government has been attempting to create a permanent resident status for all Americans. The government has been trying to ensure that every American has a permanent resident status, which would provide a certain level of financial security and protection for the individual. The government has been working to ensure that every American has a permanent resident status, which would provide a certain level of financial security and protection for the individual.

FARM OBSERVATION OF COST OF OPERATION OF CONTINENTAL BEEHIVES

(Continued from page 1)

The total costs of operation of continental bee hives are more than $5 per bee hive per annum. This includes the cost of the hives themselves, the cost of the equipment required for their operation, the cost of the labor required to care for them, and the cost of the feed and other supplies required to maintain them. The total cost of operation of continental bee hives is more than $5 per bee hive per annum.

TOWNSHIP BUREAU HAS DAY ON TOUR

The township bureau has a day on tour to promote the benefits of local government. The bureau is responsible for promoting the benefits of local government and ensuring that residents are aware of the services provided by their local government agencies. The bureau’s day on tour is an opportunity for residents to learn more about the services provided by their local government agencies and to ask questions about the services provided.

DIG OUT SKELETON IN CASS MARL PIT

The remains of a skeleton of a human being were discovered in a pit at the Cass Marl. The remains were found in a pit at the Cass Marl, which is a type of clay that is used in the production of bricks. The remains were found in the pit, which is likely to contain the remains of a human being who died during the period of the Roman Empire. The principal object of the national organization is to grade and, through one agency, take care of the interests of the potato and apple producers as well as the buyers and consumers.

The national organization will promote the development of the potato and apple industries by holding shows, making surveys, collecting and analyzing statistics, and by means of publications and meetings to improve the Show.

The premium list, rules and regulations for the Apple Show were made out by the Board officials of the Apple Show, with the purpose of improving diary conditions.

Federal Student Reports Of
Exhaustive Survey Of
Farmer Movement.

Mr. Shadrack N. Darkfelt, who has
recently traveled over a score of
western states in a journey of
investigation, has returned and
reports.

"I have been in the
western states and
found that the great
west is the land of
poverty. The land
was a land of
poverty and the
people were poor.

When I entered the
western states I
found that the
people were poor
and the land was
poverty. I have
seen the people and
the land and found
that it is the land of
poverty."

Mr. Darkfelt
enjoins the
students of the
Farmer
Movement to
continue the
work of
investigation
and
research.
