**Editorials**

**Agricultural Overproduction**

The trend against overproduction, which the chairman of the federal farm board has just issued to producers of crops coming to market this year, is a welcome and long overdue change in the direction of American agriculture. The overproduction of crops in the past has been a major factor in bringing about the low prices for which our farmers have been selling their crops. The chairman of the federal farm board has given the farmers a clear warning of the dangers of overproduction, and has urged them to take steps to prevent it. The farmers have a duty to the country and to themselves to prevent overproduction, and the federal farm board is doing its part to help them do so. The federal farm board is a wise and necessary institution, and the farmers should give it their support.

**What The Law Says About It**

Under this heading Mr. W. F. Wiss of Lansing, attorney, conducts a series of interviews with various experts on the law, including the chairman of the federal farm board, to explain the legal aspects of the farm problem. The series is designed to help farmers understand the law and to give them a better chance of protecting their interests. The series is conducted in a clear and straightforward manner, and the experts give practical advice to the farmers.

**Farm Board Loan to Potato Exch**

The Michigan Potato Growers Exchange is seeking a loan of $50,000 from the Farm Board to help it carry on its work. The exchange has been operating for several years, but has been unable to secure a loan from the federal government. The exchange has been working hard to help farmers and has a good record of success. It has been able to secure a loan from the Farm Board, and this will help it to continue its work.

**Easy Enough If It Weren't For The Neighbors' Children**

The column by Dr. E. F. Dunbar illustrates the difficulties faced by the farmer in trying to get his family to work for him. The farmer has a duty to provide for his family, but it is often difficult to get them to work. The column gives practical advice to farmers on how to motivate their families to work for them.

**Farm Bureau News**

The Farm Bureau News is a weekly publication, issued by the American Farm Bureau Federation, that provides news and information about the activities of the Farm Bureau. The newspaper covers a wide range of topics, including agriculture, politics, and rural life. The Farm Bureau News is an important source of information for farmers and rural communities.

FARMERS SEND MANY PROBLEMS TO TRAFFIC DEPT.

Shipping, Lease and Other Claims Given For Collection.

The Michigan Farm Bureau traffic department is receiving reports of a wide variety of problems, and these reports indicate that there are many farmers who need help in solving some of their transportation problems. Farmers are sending in many complaints about the service they are receiving from their service agencies, and the traffic department is trying to help them.

In one case, the farm was losing about $9 to the creamery because the milk was being damaged during transportation. The traffic department investigated the situation and found that the milk was being damaged because the milk cans were not being properly cleansed. The traffic department suggested to the farmer that he should use a different service agency that will provide better service.

In another case, the farm was losing about $9 because of the service they are receiving from their service agency. The traffic department investigated the situation and found that the service agency was not providing good service. The traffic department suggested to the farmer that he should use a different service agency that will provide better service.

The traffic department is trying to help farmers by investigating the problems they are facing and suggesting solutions. The traffic department is also trying to help farmers by providing them with information about the services they are receiving from their service agencies.

The traffic department is also working on some special projects, such as the investigation of the transportation of day-old chicks. The traffic department is also investigating the transportation of day-old chicks, and they are trying to find a way to prevent future depression of the farmers.

Wheat Battle Continues with Three in Ring

Involves Farmers, Michigan State And Crop Associations.

Board's Work Told Loans to Co-ops, Later Wants Rights-Of-Use From Feeder-Farmers.

Started in 1919, and Going Strong in 1930

At the annual dinner of the State Farm Bureau at State College February 6, in recognition with the 12th annual annivation, senior members who have been affiliated with the organization for ten years, were installed in their respective positions, were in attendance.

Special recognition was given to those members who had been working for a period of ten years, or more, or who had given exceptional service to the organization, and in the best interests of the federation. It was pointed out that some of these men had served in senior positions, and that many of them had given more than ten years of service.

The meeting was called to order by President A. J. Meredith, of Adrian, who presided throughout the session.

The state reports of the various bureaus were presented, and a review of the work done during the past year was given.

The report of the Finance Committee was adopted, and the budget for the coming year was approved.

The report of the Committee on Legislation was presented, and a number of bills were discussed.

The report of the Committee on Public Relations was adopted, and a number of suggestions were made for the improvement of the organization's public relations.

The report of the Committee on Education was presented, and a number of suggestions were made for the improvement of the organization's educational program.

The report of the Committee on Research was adopted, and a number of recommendations were made for the improvement of the organization's research program.

A number of resolutions were presented, and a number of motions were made.

A number of awards were presented to members of the organization who had shown exceptional service.

The meeting was adjourned at 11:30 a.m., after the installation of the officers for the ensuing year.
