URGED TO GUARD RURAL RIGHTS IN TWP. ROAD ACT
McIntire-Hostbeck-Smith Law Application Brings Up Contest
TWP. RIGHTS STATED
Improvement Demanded, Appeal Right, Other Matters Covered.

Leaning that the rural residents of the township are urging the Board of Supervisors to adopt a resolution opposing the application of the McIntire-Hostbeck-Smith Law in their township, the township clerk stated that he had been authorized to exhibit a resolution favoring the passage of the law and urging the Board to proceed with the necessary steps to obtain an application of the law. The clerk added that he had been instructed to present the resolution to the Board at its next meeting.

"The new interurban road will greatly improve travel conditions and bring a benefit not only to the residents of this township but to the entire county," said one of the residents. "We urge the Board to give this matter careful consideration and take prompt action to protect our rural rights."

GOVERNOR NAMES BODY TO PROBE MILK INDUSTRY

State-Wide Inquiry into Milk Production, Distribution Cost Ordered

Quincy—Governor Brown has named a state-wide committee to probe the milk industry and its operations. The committee is charged with the responsibility of investigating the production, processing, and distribution of milk in the state, with particular emphasis on the cost of production and the fairness of pricing.

The committee is comprised of five members, including a representative of the milk producers, a dairy owner, a consumer advocate, a state veterinarian, and an economist. The committee will submit its report to the governor within 30 days of its appointment.

An Increase In Money Needed, Wilson Says

No Relief Until Commodity Price Increase, Exchange Told

Lansing—Governor Wilson has stated that an increase in the price of commodities is necessary to provide relief to the farmers. The governor said that the current price levels are insufficient to cover the costs of production and that only increases in the price of commodities will provide the necessary relief.

"A few years ago, for instance, the price of corn was $2 per bushel, but today it is only $1. This is not enough to cover the costs of production," said the governor. "Our farmers need a price increase to continue their operations."

How About Advertising High Speeds?

Our magazine and periodicals, says, are flooded with statements to the effect that certain brands of automobiles are made to deliver "Speed... far in excess of traffic signals and adequate police protection..." 90 miles an hour or more.

Are our young and middle-aged drivers, then, avidly reading the statements about cars capable of such terrific speeds? Are they using this information in planning their driving activities? Are they using this information to predict the behavior of other drivers? Are they using this information to test the high speed of their new car, isn't his son going to pull off at the next highway sign and test the high speed of his new car, isn't his son going to pull off at the next highway sign and

Agriculture Can Stand Rate Hike, Railroads Say.

Agriculture's future is uncertain with the current economic conditions. Farmers are facing increased costs and declining prices. The solution lies in finding ways to increase efficiency and reduce costs in the agricultural sector. Farmers must adapt to new technologies and innovative farming practices.
Farm Canvas Hose For Irrigating Fields

Farm Mechanics Uses Water, Waste, Good, Low Cost.

Just out for six months, farm mechanics have found the instrument in which less than half the nation's potato growers are using the instrument, is expected to help build a new race in the potato industry.

The success of this instrument, the canvas hose, has demonstrated its effectiveness in this regard. It is used as a means of watering on a searing occasion, as a kind of irrigation hose for field crops, it is highly recommended in that respect, and in the state of Oregon, in the state of Idaho, in the state of Kansas, in the state of Nebraska, in the state of Wyoming.

The College Farm has been studied by the state's agriculture, and the recent investigation of the state's Agriculture, has demonstrated its effectiveness in that respect.

Although the chaise has been made, the farmers have found that the instrument is highly recommended in that respect. The state's agriculture is very satisfactorily, especially in the state of Oregon, in the state of Idaho, in the state of Kansas, in the state of Nebraska, in the state of Wyoming.

Farmers' Buying Guide

Young People

LANSING—Farmers' Buying Guide was made on July 31 by the Michigan State College, at East Lansing. The circle of 70 percent of the total cost, on which the Michigan farmers have been buying the instrument, is expected to help build a new race in the potato industry.

A New Service To Farm News Readers

We will collect certain claims for you

We have made arrangements with the Traffic Department of the Michigan State Farm Bureau for ALL its services, as follows:

1. To file claim and collect for stock killed or injured in rail shipments, or for damage in shipment; for damage by fire set by locomotives, wagons, and any other vehicle on farms owned by the farmer; for transportation charges, freight rates, assessments, etc. Nominal service charge to help carry expense made ONLY if claim is collected.

2. To white and white problems in families concerning electric power lines, oil pipe lines, transportation company or other rights of way over farm property.

3. To check and pay claims for various reasons:

Rainbows in Chicago, Philadelphia, and New York are now being cropped for distribution throughout the United States. The number of rainbow trout has been increased by the use of artificial breeding, and the fish are now being sold at a lower price than heretofore. The success of this enterprise has been due to the co-operation of the fisheries department of the State of Illinois, the National Fish Commission, and the United States Fish Commission. The fish are now being sold in all parts of the State, and they are being distributed to the fishermen in quantities far beyond their expectations.
Cold Meats For Hot Weather

Hot roast pork and apple sauce
and the good old country ham are
the way to go, but the odd sound of
the wren becomes a source of
pleasure. The sound of the rain
is soothing, and the Songs of the
Wren are a delight. After days of
rain, the sound of the wren seems
to lighten the mood.

Cooking: Use any of the
recipes below to add flavor to the
meat. For hot weather, use
lighter, more refreshing flavors.

Recipes:
1. Roast pork with apple sauce:
   - Roast pork
   - Applesauce
   - Butter
   - Salt
   - Pepper

   Place the pork in a roasting pan and
roast at 350°F for 2 hours. Meanwhile,
prepare the applesauce: Dice
apples, add butter, salt, and pepper,
and cook until soft. Serve the
applesauce and pork hot.

2. Country ham:
   - Country ham
   - Water
   - Seasoning

   Place the ham in a roasting pan
and cover with water. Bring to a
boil, then reduce heat and simmer
for 2 hours. Season with your
favorite seasoning and serve hot.

3. Pork and apples:
   - Pork
   - Apples
   - Butter
   - Salt
   - Pepper

   Cut pork into 1-inch cubes,
and dice the apples. In a large
skillet, sauté the pork and
apples in butter until browned.
Season with salt and pepper,
and serve hot.

This Is Ideal Picnic Weather

We have been having some
beautiful days lately, perfect
for a picnic. The food is
served cold, and the outdoor
environment is refreshing.

1. Grilled cheese sandwiches:
   - Bread
   - Cheese
   - Butter

   Toast the bread, then spread
butter on one side. Add cheese
and place in a hot pan until
cheese is melted. Serve hot.

2. Turkey and cheese:
   - Turkey
   - Cheese
   - Lettuce
   - Bread

   Slice the turkey and
cheese, place on bread with
lettuce, and roll up. Serve
hot.

3. Ham and cheese:
   - Ham
   - Cheese
   - Lettuce
   - Bread

   Slice the ham and cheese,
place on bread with lettuce,
and roll up. Serve hot.

4. Chicken salad:
   - Chicken
   - Lettuce
   - Mayonnaise
   - Salt
   - Pepper

   Shred chicken, place on
lettuce, and dress with
mayonnaise, salt, and pepper.
Serve cold.

5. Sandwiches:
   - Bread
   - Cheese
   - Ham
   - Lettuce
   - Tomato
   - Mustard
   - Mayo

   Place all ingredients on
bread and roll up. Serve cold.

6. Cold soup:
   - Soup
   - Cheese
   - Crackers

   Pour soup into a bowl,
add cheese and crackers,
and serve cold.

7. Fruit salad:
   - Apples
   - Oranges
   - Grapes
   - Blueberries

   Cut fruits into
small pieces, mix together,
and serve cold.

8. Cheese dip:
   - Cheese
   - Mayonnaise
   - Water

   Mix cheese, mayonnaise,
and water until smooth,
and serve with crackers.

9. Deviled eggs:
   - Eggs
   - Mayonnaise
   - Salt
   - Pepper

   Dice hard-boiled eggs, mix
with mayonnaise, salt, and
pepper, and serve cold.

10. Fresh fruit:
    - Fruit
    - Lemon
    - Sugar
    - Ice

    Cut fruits into
small pieces, mix with lemon
juice and sugar, and serve
with ice.
PRODUCERS COLLABORATE

Governor Names Milk Commission

The Michigan Milk Commission will be as strong as the State Act makes it, according to the Commission's executive secretary, Mr. Pettit. The Commission is to be given the highest possible powers in regulating market prices.

The new Act, which applies to all meat-packing and meat-delivering firms in the State, was passed by the legislature last week under the provisions of the State Act. The Act makes the Commission responsible for the regulation of market prices.

Under an Act passed immediately after the Act, the Commission, consisting of seven members, is to be appointed by the Governor. The Act is to be implemented by the Commission. The Act, which provides for a six-month period, is to be in effect until June 1, 1950.
