FARMERS CIRCUS AT LAPEER FOR 12 CO. BUREAUS

Tuesday, July 13 is Date for Unique Farm Bureau Carnival

Thursday, July 15 is Farmers Carnival Day at Amston City Park at Lapeer. The county farmer bureaus are going to put on an excitement-packed carnival of fun and entertainment, with proceeds from the event to be used for the benefit of the county bureaus.

TRAVELERS CHEERRY FESTIVAL AN EVENT OF THIS MONTH

The Travelers Cherry Festival, at Traverse City each July in celebration of the cherry harvest, is renowned for its pageantry and community involvement. This year the festival will be held on July 16.

The opening day includes the reception of the National Cherry Queen, and a parade and pageant accompanied by groves and processions, proceeding through the center of Traverse City. The festival concludes with the Cherry Queen Coronation Pageant, which is attended by thousands of people.

The Secretary Rides East... And We Go Along

C. L. Bredy Makes Notes Observations Suggested By Events of Trip

by C. L. Bredy

I have just returned from a trip to the high water marks of the Farm Bureau in New York and Washington. I spent three weeks traveling through the heart of the Farm Bureau movement, visiting with key figures and learning about the challenges and opportunities facing the organization.

Bureau Interested

In Fruit Crop Control

The national Farm Bureau is taking an active role in fruit crop control, including the promotion of Grand Traverse cherries, which are a major crop in the area. The bureau is working to ensure the sustainability of the crop and the wellbeing of the farmers who produce it.

Sails to Study

Fur Farms

In late June Prof. C. R. Racher of the Michigan State College farm bureau department, who has been a leader in the study of fur farming, visited the state fur farms in Connecticut and Michigan. The visit was to assess the state of the fur farming industry and to evaluate the potential for expansion.

Bud Joeck

The Fur Farm Fund

The Fur Farm Fund, established by the national Farm Bureau, continues to be a key resource for farmers and the fur farming industry. The fund has supported numerous projects and initiatives aimed at promoting the sustainability of the industry and the wellbeing of the animals involved.

Members Own

Home Good Cows

It is encouraging to see members of the Coolidge suburb in the county farm bureau department maintaining and improving their herd of dairy cattle. The members are dedicated to the care and well-being of their cows, and their commitment is inspiring.

Saucers Are

Good Gardener's Helpers

Saucers, now available for just $1.25 each, are a great addition to any garden. They are designed to help with the watering of plants, and their durability makes them a long-lasting investment for any gardener.

Nearby Half Mason

Farmers In Bureau

The Mason County Farm Bureau is home to several families who are active members of the organization. The members are dedicated to the promotion of agriculture and the wellbeing of the community.

Winners of Mason County Masonary

Scottsville—When Mason County Masonary rolled, there was plenty of competition and a great number of entries. The entries were judged on their creativity, originality, and overall appeal. The winners were announced at a special ceremony, and their entries will be displayed at the Mason County Fair.

Oceana Zivia 95 New

Oceana—Zivia 95 has become the latest addition to the Oceana County Farm Bureau's line of proud recorders. The recorder is a versatile tool that can help farmers stay organized and tracks important data on a variety of crops. The recorder is user-friendly and has a long battery life, making it an ideal tool for farmers on the go.

To Take Part in

Kalamazoo—The Kalamazoo Chamber of Commerce, in cooperation with the Kalamazoo County Farm Bureau, is hosting an event called "A Night on the Farm" to celebrate the local agricultural community. The event will feature a variety of activities, including a farm tour, a dinner, and live music. The event is open to the public and promises to be an enjoyable evening for all attendees.
POULTRY ADVICE FOR THIS MONTH

Feeding of Pulleta in July and August Most Important

Good results for growing poultry are far more important this season than ever before. Due to the conditions that have existed for the past few years, many producers are realizing that the care of the pullet is far more important than in the past.

April, May, and June used to be considered the critical months in the growing of poultry. Now producers are realizing that the care of the pullet is far more important than in the past.

In many cases the pullets are being sold at a lower price than they were a few years ago. This is due to the fact that many egg producers have been unable to sell their eggs at a profit. This has resulted in a decrease in the demand for pullets.

Poults and chicks are far more important than ever before. Due to the conditions that have existed for the past few years, many producers are realizing that the care of the pullet is far more important than in the past.

The very best leather goes into Farm Bureau Harness!

Farm Bureau harnesses are built by No. 1 Thoroughbred horses, bred and raised by the members of the Farm Bureau. We use only high-quality harness leather, which is selected for its fine grain and lasting qualities. We build each harness to order, using only the finest materials available.

The Secretary

Rides East

For those who wish to ride East, please contact Paul Jones of Jettie. He can provide you with all the necessary information and help you plan your ride. We look forward to seeing you on the trail soon. 

VACATION FUN

GOES HAND IN HAND WITH MICHIGAN

What is your idea of vacation? Is it hiking? Or is it fishing? A day of golf? Or a day spent shopping? Michigan has something for everyone.

One of the top attractions in Michigan is its beautiful beaches. From Grand Traverse Bay to Lake Michigan, you can find a beach for every taste. Whether you prefer a peaceful walk on the sand or a day of water sports, Michigan has it all.

The Upper Peninsula is home to some of the best fishing in the country. You can catch everything from trout to salmon. And don't forget about the hunting season! Michigan is known for its raccoon, fox, and deer hunting.

The Great Lakes provide endless opportunities for water sports. You can swim, water ski, or simply enjoy a relaxing day on the beach. And don't forget about the sunset views. Michigan has some of the most beautiful sunsets in the world.

Michigan's parks and forests offer a variety of outdoor activities. From hiking to mountain biking, you'll find something for everyone. And don't forget about the wildlife watching! Michigan is home to a variety of animals, from deer to birds to bears.

So what are you waiting for? Plan your Michigan vacation today! 

The Michigan Department of Natural Resources and the Michigan Humane Society present Michigan's 2023-2024 Outdoor Recreation Guide. This guide includes information on state parks, forests, trails, and other outdoor recreation opportunities. It's available online at Michigan.gov/Outdoors.
A small number of Michigan counties have reported their first cases of chicken pox in the past year. The state health department is urging residents to be on the lookout for symptoms.

**HEALTH NEWS**

- The Michigan Department of Health and Human Services (MDHHS) has confirmed the first case of chicken pox in Wayne County since 2012. The case was reported on March 1.
- Health officials are reminding residents that the varicella vaccine is the best way to prevent chicken pox. Those who have had chicken pox in the past are also advised to get the vaccine to prevent spreading the disease to others.

**HAPPENINGS**

- **Wool Pool Third Largest in This Date Last Year:**
  - Washington Tanenbaum High with Jackson Poolers

**KILL WEEDS BY COMPLETION PESTICIDE**

- ATLACIDE
- The chemical weed killer, made up of 95% of the plant's dry weight, is effective in killing weeds in lawns and gardens. At the rate of 1 gallon per 100 square feet, it is recommended for use in the spring or fall.

**FARMERS WE WILL PAY YOUR LOSES**

- There are various ways to protect your crops. If you are unsure of the methods, we recommend consulting with a local extension agent or other experts in the field.

**THE WAY I FIGURE IT...**

- A humorous look at how things work in the agricultural world.
HARVESTING MACHINERY

TRIUMPH CHAMPION

The farmer who buys a Champion binder from the Farm Bureau is equipped to go through harvest without trouble, and to do so for many years to come. Champion of them all for durability, easy pulling and getting the grain.

TWO GOOD MOWERS

Many farmers are cutting hay with Champion mowers bought by their fathers. It's a great mower, and thoroughly up to date. We offer also the new Avery pull-out mower, which uses a new principle to develop a marvelous cutting power. Worth five times its price.

RAKE and TEDDER

Farm Bureau's side delivery rake is a favorite because of the manner in which it places hay in rows to left, right or whatever. Shift a lever and you have a good teder. Working parts are few, but sturdy for long wear.

HAY LOADER

This loader picks up hay clean and delivers it to the wagon without chaffing and losing leaves. It has simple capacity to handle large windrows. Devers from 7 to 10 feet above ground. Easily adjustable, and has important handling conveniences.

PROTECTION Costs Less With Farm Bureau Paint!

There's extra protection, beauty and real value in every quart of Farm Bureau paint. One gallon of Farm Bureau house paint will cover about 300 sq. ft. two coats on average surfaces. The job settles the paint question for many years. These paints are a combination of lead, zinc, with pure lime-lime oil and thimers.

BARN PAINTS

Our Pureum Gulf Red Oxide Burn Paint is bright red and will not fade... Our full line of roof paints includes Aluminum Metal Paint, 'Timbers' Red, Farm Bureau Green Roof, Liquid Asphalt Roof Paint, and Arizona Roof Paint for composition roofs.
