Hiram on First Aid

The Red Cross people planned the whole thing, of course. With the war condition we have been all right from first day to date. They never have to worry about it in that line. They have raised a fund of thirty names or more to date. These names are well known in the community.

Our next meet at the Grange Hall Wednesday night. The young people and the women will have a minstrel show. Three members of the Grange band were taken by the Red Cross people, and will have a minstrel show at the same time. They will be entertained by the Red Cross people, and will have a minstrel show at the same time. The money will be divided among the members of the Grange. We are going to have a minstrel show to benefit the Red Cross people. We are going to have a minstrel show to benefit the Red Cross people. The money will be divided among the members of the Grange.

The money will be divided among the members of the Grange.

Dr. Mumford of State College Taken by Death

Hiram Daniel Mumford, Apr. 26, 1863—Dec. 12, 1926

State College, State Farm Bureau,
Country Life Ass'n

He began his work in Michigan in 1912 and was its leader for ten years. He was the man who made the Farm Bureau a force in the state. He was the man who made the Farm Bureau a force in the state.

The Michigan Farm Bureau is an organization of farmers for the purpose of protecting their interests. It was organized in 1919 with Dr. Mumford as its first President. It has grown steadily in membership and influence since that time. The Farm Bureau is now one of the largest organizations of farmers in the United States.

Farm organizations in counties will show strong majorities for the milk market in the future. One of the major projects of the Farm Bureau in Michigan is the establishment of a milk market. The Farm Bureau is working to have the milk market in the state. The Farm Bureau is working to have the milk market in the state.

The Farm Bureau and the Grange were among those who opposed the anti-inflation bill. Dr. Mumford was a strong opponent of the bill. He carried but few out state counties in this battle. He was among those who opposed the bill.

Farmers Answer Parity Critiques with Action Bills

**First Tin Cans Made by Hand**

Modern Canning Plant Comes From Simple Beginnings

Not So Long Ago

How long have we employed canning processes for a world at war has been more than two. This year’s bumper harvest is a tribute to the ability and skill of the men who are responsible for feeding our nation and its allies.

According to many farmers, the fact that they entitled to parity payment played an important part in the sustained production of this year’s bumper harvest. Farmers’ parity payment for their tomatoes and cucumbers was 10 cents above the current price of these commodities in the United States. By 1915 the Government was expecting conserved or preserved fruits to absorb a large proportion of the market demand. He put on the idea of the parity payment system by August 2, 1913, and the Government was the first time in its history. In 1914, a large amount of fruit was canned or preserved.

Gasoline Power Helping Make Record Crop, Say Farmers

Wide Use of Gasoline Boats Trigger Power...Proves Big Factor in Producing “Harvest Heard Round the World”

The challenge of producing farm products for a world at war has been more than two. This year’s bumper harvest is a tribute to the ability and skill of the men who are responsible for feeding our nation and its allies. According to many farmers, the fact that they entitled to parity payment played an important part in the sustained production of this year’s bumper harvest. Farmers’ parity payment for their tomatoes and cucumbers was 10 cents above the current price of these commodities in the United States. By 1915 the Government was expecting conserved or preserved fruits to absorb a large proportion of the market demand. **State Farm Mutual Automobile Insurance Company**

Auto Insurance Rates!

State Farm Mutual Automobile Insurance Company announced immediate reductions in rates effective as of November 1, 1942

The reductions range from 10% to 50% of prevailing rates on some coverages. Our lower rates are in accordance with our anticipated difference in driving conditions ranging from the low 35 mile an hour speed limit and gas rationing.

We believe that our rate reduction equals or exceeds the savings to policyholders announced by any other company. You now get the most protection at much less in State Farm Mutual, the world’s largest automobile casualty company.

A Hurt Woman Needs as Much as a Hurt Man

In every war, young women are heroes. They work in factories, drive trucks and fill other positions usually filled by men. They are often injured in the course of their work. If you have a compendium that needs an occasional, be sure to check with your trucking dealer regarding a “sign-up” job. Each job opens up new opportunities, new skills and new contacts.

HAMILTON CO-OP’S FIRE DEPT. SERVES FARMS & VILLAGE
Large Organization of Fire Fighters

By B. L. KINSELL
Ag. Editor

The most cooperative town in American history in keeping the fire department in the forefront of fire fighting is the Hamilton Co-op. The firemen are supported and operated jointly by farms and village of Hamilton. It has been a most problem-free department. In 1943, it was reported that the firemen were able to provide insurance protection for the farms and village. They have been very efficient and well-trained.

The Hamilton Fire Bureau is the department that serves farms, and it serves the village. The firemen are trained and equipped to handle any type of emergency. They have the necessary equipment to handle any type of fire. They are always ready to respond to any emergency.

DEAN ANTHONY SPEAKS UP FOR FARMERS

Producing Enough Milk to Feed U.S. Forces; Have Some Problems, Too

Over 120,000 members of the farmer cooperative are members of the largest cooperative in the world, the Hamilton Co-op. The cooperative is known for its efficiency and effectiveness in providing farm supplies and services.

Dean Ernest W. Anthony, director of the cooperative, took issue with the statements of Senator Henry M. Jackson (D-Wash), who said that the cooperative was more interested in profits than in serving the farmers.

Saying It With Food

The cooperative is working hard to ensure that farmers receive a fair price for their produce. They are attempting to avoid the problem of overproduction, which has plagued the industry in the past. They are working on the development of new markets for farm products.

FOR HOW MUCH IS FARMER ON HIS OWN PAYROLL?

The Average in Michigan Is

From $121 to $29 Per Week

By E. T. WHITING

Farm Management Service

Michigan State College

Cotton was being produced for the farm in Michigan, which resulted in the statement that the farmer was receiving $121 per week. However, the cotton price was reduced to $29 per week.

How much is farmer on his own payroll? This is a difficult question to answer. However, it can be estimated by looking at the average income of farmers in Michigan. The average income of farmers in Michigan is approximately $121 per week.

JUNIORS HOLD ANNUAL MEETING NOVEMBER 7

Forty County Groups Have 2,600 Young People As Members

The annual convention of the Michigan Junior Farm Bureau held at Muskegon was the largest yet attended. The convention was held at Muskegon State College, November 7-8, with attendance of 750 members and visitors. Forty County Junior Farm Bureaus were represented.

M Breitbart, State Director in charge of the convention, said the attendance was the largest ever. More than 2,600 young people from 40 counties met at the State College and had a great time. The convention was held under the direction of W. A. Threlkeld, State Director for the Michigan Farm Bureau.

The convention was opened by the singing of the "Alma Mater" and "The Star-Spangled Banner." The convention was then called to order by Mrs. W. A. Threlkeld, State Director, who gave an excellent address on the importance of the Junior Farm Bureau to the future of agriculture. The address was followed by the singing of the "Boys' Brigade Hymn."

The convention was then opened to the business part by the President, J. L. Smith, of Kalamazoo. The President introduced the various officers of the Junior Farm Bureau and gave an address on the work of the Junior Farm Bureau. The President then introduced the Secretary, W. A. Threlkeld, who gave an address on the work of the Junior Farm Bureau. The Secretary then introduced the Treasurer, J. L. Smith, who gave an address on the work of the Junior Farm Bureau.

The convention was then opened to the business part by the President, J. L. Smith, of Kalamazoo. The President introduced the various officers of the Junior Farm Bureau and gave an excellent address on the importance of the Junior Farm Bureau to the future of agriculture. The address was followed by the singing of the "Boys' Brigade Hymn."

The address was followed by the singing of the "Boys' Brigade Hymn."

Activities of the Junior Farm Bureau

The activities of the Junior Farm Bureau have been wide and varied. They have worked on many different projects, such as the "Junior Farm Bureau Tobacco" and the "Junior Farm Bureau Wheat" campaigns. They have also worked on the "Junior Farm Bureau War Savings" campaign. They have also worked on the "Junior Farm Bureau Wheat" campaign. They have also worked on the "Junior Farm Bureau War Savings" campaign.

The Junior Farm Bureau has been very successful in their work. They have won many prizes and have been honored in many ways. The Junior Farm Bureau has been very successful in their work.
