The week of December 4, 5,000 Farm Bureau men and women will go out as volunteer membership workers to enroll a Farm Bureau membership of 46,150 families for 1951. Early in September county roll call managers and other county officers held their first meetings with members of the MFB staff who will help with the campaign. A great deal of work has been done on the campaign organization. All preparations are proceeding according to schedule.

Four Proposals On November Ballot

Announcement that four farm bill proposals will be submitted to the membership for a vote was made by Farm Bureau leaders. The proposals, which were prepared by the legislative committee of the Michigan Farm Bureau, are as follows:

**Series A**

- **support the Food and Agriculture Act of 1950**, which provides for a continuation of the Food for Peace program.
- **support the Agricultural Adjustment Act of 1950**, which provides for price support for agricultural commodities.
- **support the Agricultural Conservation Act of 1950**, which provides for the establishment of a conservation program.
- **support the Agricultural Stabilization and Conservation Act of 1950**, which provides for the establishment of a stabilization program.

**Series B**

- **support the Agricultural Act of 1950**, which provides for the establishment of a farm loan program.
- **support the Agricultural Credit Act of 1950**, which provides for the establishment of a farm credit program.
- **support the Agricultural Marketing Act of 1950**, which provides for the establishment of a marketing program.
- **support the Agricultural Research Act of 1950**, which provides for the establishment of a research program.

**Series C**

- **support the Agricultural Adjustment Act of 1950**, which provides for the establishment of a price support program.
- **support the Agricultural Stabilization and Conservation Act of 1950**, which provides for the establishment of a stabilization program.
- **support the Agricultural Conservation Act of 1950**, which provides for the establishment of a conservation program.
- **support the Agricultural Act of 1950**, which provides for the establishment of a farm loan program.

**Series D**

- **support the Agricultural Credit Act of 1950**, which provides for the establishment of a farm credit program.
- **support the Agricultural Marketing Act of 1950**, which provides for the establishment of a marketing program.
- **support the Agricultural Research Act of 1950**, which provides for the establishment of a research program.
- **support the Agricultural Adjustment Act of 1950**, which provides for the establishment of a price support program.

Farm Bureau Co-operatives Pay Interest and Dividends

Farm Bureau Services, Inc., in September and October paid $103,893.43 in interest and dividends to farmers and cooperatives who own FBS Defr and FBS AAA patronage refund stock, as follows:

**SerieS A DEBENTURES**

- $98,389.74 for three years, interest 5%.

**SerieS B DEBENTURES**

SUGGESTED ROLL CALL RECOGNITION

WOLFGANG S. KURTS

The Junior Farmers of Michigan are encouraged to engage in voluntary activities. A great deal of voluntary effort is taken by many farmers to better the organization. Quieter but no less important is the roll call recognition. The roll call is an important event in the total organization of the farm organization. The purpose of roll call recognition is to encourage and promote the voluntary activities of the farmers.

The roll call is a way to recognize the voluntary efforts of farmers. It is a way to encourage more people to get involved in the organization. It is also a way to show appreciation for the work that has already been done.

Who Will Name Roll Call Party?

It has been proposed by Farm Bureau and Junior Farm Bureau to have a roll call party in each county. This party will be used to recognize the voluntary efforts of farmers.

The purpose of the roll call party is to encourage more people to get involved in the organization. It is also a way to show appreciation for the work that has already been done.

The 20% Dividend
Paid to Farm Bureau Mutual Charitable Policyholders

After less than 18 months of operation, Farm Bureau Mutual has paid its charter policyholders a cash dividend of 20% of the premium paid by them before March 7, 1949. The following letter is typical of many we have received:

"I am sending a money order for $51.92 for payment of my insurance.

Thanks for the premium dividend. We were surprised to get a dividend so soon after the company was formed. We're glad to know everything is going well.

Farm Bureau members, there is no reason to hesit.

Farm Bureau Mutual offers automobile coverage and fire liability protection. See your Farm Bureau agent at once. He can save you money. Insurance is limited to members of the Michigan Farm Bureau.

Milk Need
Not Be Averted

Mr. Wheat has had over 30 years of service in the dairy field. He has had charge of several large dairies with leading manufacturers of dairy products. Mr. Wheat is well acquainted with the dairy business and has been careful to choose only the best equipment and management in his own business. He believes that a dairy farm is a cash investment, and he has been very successful in financing his business. He is a member of the American Dairy Association and the National Dairy Council, and he is well known for his knowledge of the dairy industry.

Huron Women Sponsor Rural Urban Meet

More than 100 women from Huron county rural and an equal number from the city of Saginaw, considered by the Huron County Dairy Council to be the meat capital of the state, met at the Huron County Fair Building at Bad Axe September 14. A total investment of better than $2.5 million will be made in the production of milk, beef, and pork for the fair. The Huron dairy farmers have offered $1 a rod for the location of the dairy farm, which they believe will benefit the sale of yellow oelo.

Who has Money to Burn?

Not you, we're sure... not us, certainly... not the government.

Yet every year, money—$400,000,000—goes up in smoke. And that's as a result of farm fires.

During Fire Prevention Week, take time to think about the danger of careless fires caused by gasoline and kerosene, and the many things we do to let them get away. If you need more information on how to prevent farm fires, write to the Farm Bureau Extension Division, Room 309, Michigan State College, East Lansing.

WHY AMERICA NEEDS TO BURN MONEY?

Mr. Varner spoke on the subject of the inspection service. He pointed out that all national inspections have been performed by the Farm Bureau Mutual Inspection Bureau.

Careless use of gasoline and kerosene will help us burn more money than we can afford to allow.

Fifty-nine women attended from the 6th District Farm Bureau Women met at Michigan State College Sept. 8 to plan a committee of 15,000 Farm Women to urge people to these questions:

What's Your Answer To These Questions?

RHETTE W. WAGNER

Our milk is the cow's breathing. Every few years the farmers in large cities raise the price of milk. No one in the state of Michigan has a milk price so high it cannot be kept off the market; but the price of milk is raised in the large cities and the farmers in the country are forced to keep their price high to compete.

No one in the state of Michigan has a milk price so high it cannot be kept off the market; but the price of milk is raised in the large cities and the farmers in the country are forced to keep their price high to compete.

When a product has beenannounced, the farmers in the large cities will compete with the farmers in the country until the price is raised in the country.

Farm Bureau has offered $1 a rod for the location of the dairy farm, which they believe will benefit the sale of yellow oelo.

In conclusion, as the problem of milk is so much a health question, the farmer's home should be a health problem.

Husk Your Profits Faster & Cleaner WITH A LOW COST CO-OP BLACK HAWK 1 ROW CORN PICKER

HAMILTON CO-OP DAY, OCT. 10

Masonic: directors and members of the Masonic Temple will be the hosts for the Masonic Temple's annual banquet, which will be held on Friday, Oct. 10, at 7 p.m. The banquet will feature guest speakers and entertainment.

CONVENIENT AND ECONOMIC

With a Co-op Black Hawk 1-row Corn Picker, you can get extra bushels of corn from your fields with a Go-op Black Hawk 1-row Corn Picker. This picker has precision-machined, extra-long snapping and husking rolls for fast, clean, profitable corn picking.

Low Cost Plant Food Makes Its Use Profitable

Fertilizer is by no means a magic bullet for your fields. It is an essential part of any farm operation, but there are many factors to consider when deciding whether or not to use fertilizer. Here are some tips for maximizing the benefits of your fertilizer:

1. Choose the right type of fertilizer for your crops.
2. Apply fertilizer at the correct time.
3. Use a soil test to determine the amount of fertilizer needed.
4. Use a slow-release fertilizer to extend the benefits of your fertilizer.

**FEEDS and FEEDINGS**

"Well Begun is Half Done"

An old adage, but quite true. If you read this, you probably are a Farm Bureau member, you undoubtedly feed at least one cow; you believe in knowing what you buy; and you want to buy value.

In Feeds, Buy Value

That’s right down our alley. We want to talk Farm Bureau Millmaker 34% to you. It’s the top dairy feed in Michigan. For nearly 30 years it has satisfied many good dairymen and has produced healthy cows.

Millmaker 34% 4 For Mill Mutual Profits

Farm Bureau Millmaker 34% is the first dairy feed that featured trace minerals, conditioners, and growth promoters, producing milk cheaply and effectively.

When you buy Fernomas Farm Bureau 34% or any of the other Farm Bureau feeds, you save money. Steer Feeding, Farm Bureau 34% is the first dairy feed that featured trace minerals, conditioners, and growth promoters, producing milk cheaply and effectively.

Farm Bureau Services at Saginaw built this well equipped, fire proof, 17,000 bushel capacity grain storage and building receiving this summer. It is equipped with a grain cleaner of 1900 bu. an hour capacity, and a grain drier to dry 200 bu. an hour. The plant can take in and load out grain at the same time.

The head house is equipped with automatic scales for loading out cars. Other FBS elevators at 220 Bristol Street have 25,000 bushel capacity. For the 

Discussion on Responsibility to Farm Youth

Donald D. Keeney DIrector of Community Services The results of the discussion on the Community Farm Bureau and its role in the life of the community were of interest. It was felt that the Bureau could do much more in the way of promoting and aiding agricultural education.

Farm Bureau also encouraged the local Farm Bureau federation to take a more active part in the public schools. It was felt that the Bureau could do much more in the way of promoting and aiding agricultural education.

The Junior Farm Bureau also sponsored the fourth annual Milkman in the role of Our Responsibility Farm Bureau News is a regular feature of this paper. It is planned to have the March bulletin contain a feature on agricultural education.

FARM NEWS is published by the Farm Bureau of Michigan. Address all communications to the office of Farm Bureau News, Fremont Mutual Insurance Co., Fremont, Michigan.

"Get your man to get your business, too!"

As a member of the Farm Bureau you are entitled to special services from your Farm Bureau representatives. In many parts of the country they are regarded as leaders of thought in their communities and are often looked to for guidance and advice. They are well informed on farm problems and are ready to help you in any way possible. They are not only your representatives at the state and national level but also your friends and neighbors in the community.

In conclusion, we would like to remind you that your Farm Bureau is your friend and your ally. It is there to help you in any way possible and to support you in your efforts to make your farm a success. So why not take advantage of all that your Farm Bureau has to offer you? It is there for you, so use it!
Your products sure do get around!

Social Security
Tax and Farm Help

Farmette: April 1, 1961, under certain conditions, the Government
of the United States will pay benefits to dependent family members
who were not covered by a Social Security program when the
beneficiary died.

Typical Social Security Benefits

For the family of a deceased worker, the benefit may be more
than a Social Security check. If the worker was employed in
an industry that has a Federal Employee Retirement program,
Social Security benefits may be paid to the worker's
family. Benefits may also be paid to a surviving spouse who
married the worker after he died. If the worker was covered
by both Social Security and a Federal Employee Retirement
program, benefits may be paid to the family under
Social Security or under the Federal Employee Retirement
program, or under both.

Tax

Farmers are eligible for the farm tax laws which provide
relief from Federal and State tax laws. If you are a farmer
living in a rural area, you may qualify for the farm tax laws.

Co-ops Terminal Grain Elevator
A. P. Patterson
Farm Bureau Relations

Michigan grain farmers are badly in need of terminal
storage and marketing facilities, and have decided to do
something about it. Last January the elevator membership of the
Michigan Elevator Exchange held a special meeting in Lansing,
and authorized the Exchange to develop a terminal marketing
program. Subsequently the board of directors authorized the
purchase of a site at Sylvania, near Toledo, Ohio.

Terminal Market Facilities.
Ample storage and proper equipment advantages locally.

Questions for Community Group

1. How are you getting along with the farm tax laws?
2. Have you been taking advantage of them?
3. How much of your income is derived from farming?
