Large Michigan Delegation At Atlanta FFA Convention

The American Farm Bureau Federation, which meets each year at its annual convention, is one of the largest and most influential organizations in the United States. The convention is a major event for farmers, who come together to discuss the issues that affect their lives and the future of agriculture. This year, a large delegation from Michigan attended the convention in Atlanta, Georgia, and came back with a wealth of information and excitement.

Massive Roll Call Drive Underway

The Michigan Farm Bureau is now displaying “Three million pounds is a lot of cotton in any language! That’s how much Bas Graefke, King of Cotton, Madison Co., says to his cotton pickers in the early morning hours.” The poster is part of the Farm Bureau’s massive roll call drive, which is underway to support the organization’s efforts in the fight for agricultural issues.

Leaders Attend Institute

The Michigan Farm Bureau Institute is an annual meeting that brings together leaders from across the state to discuss the latest trends and issues in agriculture. This year, the institute was held at the Kellogg Conference Center in East Lansing.

Tons of Tears

“Tons of tears” is a term used to describe the emotional toll that the cotton harvest can take on farmers. Bas Graefke, King of Cotton, Madison Co., said, “Tons of tears. All that cotton is dropped in the fields and it’s time to go home.”

Commodity Award Given Farm Bureau

The Michigan Farm Bureau has been awarded the Commodity Award for its efforts in promoting agriculture. The award recognizes the bureau’s leadership and commitment to the industry.

Workers Report Growing Enthusiasm

The Michigan Farm Bureau has reported a growing level of enthusiasm among its members. This is a positive sign for the organization, which is working to support farmers and the agricultural community.

Regional Reports

The South-Central region is being reported as one of the most active in the state, with members working hard to promote agriculture. The region is known for its strong agricultural heritage and is a hub for many farming communities.

Commodity Award Awarded For Third Successive Year

The Michigan Farm Bureau is now displaying three shiny new plaques representing outstanding achievements by its Market Development Division.

The Michigan Farm Bureau is now displaying three shiny new plaques representing outstanding achievements by its Market Development Division. The plaques were presented at the 44th annual meeting of the American Farm Bureau Federation, which was held in Atlanta, Georgia, last month. The awards recognize the bureau’s efforts in promoting agricultural products and services.

The Michigan Farm Bureau, which is one of the largest and most influential organizations in the United States, has been a leader in the promotion of agricultural products for many years. The bureau’s efforts have helped to increase the visibility of Michigan agriculture and to promote the state’s products around the world.

The bureau’s Market Development Division is responsible for promoting agriculture in the state, and the awards recognize the division’s efforts in this area. The plaques are a symbol of the bureau’s commitment to promoting agriculture and to supporting farmers and the agricultural community.

Taxes Go Up Again
More For “Uncle” In New Year

In the face of all the Washington talk about tax reduction, the taxpayers are 15% surtax to take effect January 1.

Social Security taxes paid by farmers and others who are self-employed will increase about 15%. The increased rates are 4.7% in 1962 to 5.4% in 1963. Another increase of approximately 1.4% is scheduled for 1966, and a third will take effect in 1968. The tax is based on the employee’s total earnings, not income, Fukusho said. The 1964 proposals before Congress last year would have increased the base on which the tax would apply, as well as the rate.

The tax paid by employers and employees will go from 3.1% to 3.8% beginning January 1. Uncle Sam’s total tax collections on each employed worker thus will be 7.4% of the pay.

It has been pointed out that the collection of part of the employer from the employee and from the employer’s income by the government in 1964 would be beneficial. If the government in 1962 would have paid the same tax, it would have been 4.5% of the pay. There will be a 1% increase in the collection of the Social Security tax. More than a million and a half dollars of the total Social Security bill is paid by Michigan farmers.

For employed workers in 1963, the maximum Social Security tax for the second half will be $178.80, which is 7.4% of the maximum taxable income of $2,420. It is on the first $9,700 income of the employee.

Mr. Kline explained that if one made down the slope from $2,420 to $9,700, the employee would save $3,780. But Mr. Fukusho said that a man would save a lot more than one tax on a percentage basis, and the employee’s income would increase by $3,780.

The employee would be able to save 1% of the first $9,700 income of the employee by the reduction of the Social Security tax. The employee would save a lot more than one tax on a percentage basis, and the employee’s income would increase by $3,780.
Women's Program To Include Many Issues By DONNA WILBER

The date December 19, 1962, was set as the meeting date for the Michigan Farm Bureau's理事长's meeting. The meeting will be held in the Masonic Temple in Detroit. All members are invited to attend.

Action and Women Are Synonymous

"Action" was the keyword as the women set up national program for the year. Meetings of the Women's Committee, or MCFB, are always an agitated Legislative Body when it comes to the needs and wants of those who are present. The women are informed of the status of our American Farm Bureau. The women's Committee may be followed when the situation arises, but if those ideals might be out of step with other factors, it was more common that the women's Committee would take it up. The meeting was held at the Masonic Temple in Detroit.

In other action, the Farm Bureau and the Women's Committee, through the efforts of J. B. Smith, will include such topics in their meetings as the effect of the Agricultural Adjustment Act. In fact, the women's Committee has already been appointed by the American Farm Bureau Federation to serve on the board of directors for this year. The women's Committee has already met with the national directors and has already been appointed to serve on the board of directors for this year. The women's Committee has already met with the national directors and has already been appointed to serve on the board of directors for this year. The women's Committee has already met with the national directors and has already been appointed to serve on the board of directors for this year.

Antrim

The Antrim County Farm Bureau workers believe that full utilization of the Michigan Farm Bureau and the Detroit area is important for the safety of the community. The women's Committee is making a strong bid to have the women's Committee stepped up as the Detroit area's leading women's organization.

Clinton

In Clinton, Michigan, the women's Committee is working to increase participation in legislative matters. The women's Committee is working to increase participation in legislative matters. The women's Committee is working to increase participation in legislative matters. The women's Committee is working to increase participation in legislative matters. Montcalm

One Roll Call worker from Montcalm County has decided to make a one-minute statement to the legislature through his mashup.

The worker had tied in speeches to popular songs of the day and had recorded her own mashup of the last song she was called. The worker had tied in speeches to popular songs of the day and had recorded her own mashup of the last song she was called.

"Kick-Offs" Set By Counties

Although most County Farm Bureaus have already held their "kick-off" meetings, new plans are in the making. A number of plans to officially open their offices for the New Year. Those with early January dates include:

January 2: Eaton, 7:30 p.m. dinner, Andy's Restaurant, Charlotte.

January 3: Macomb, Oceana, at Shelby, Lenawee, 9:00 a.m. breakfast, Conference Room, Farm Bureau office.

January 7: Wayne, Isabella, Workers Kit, prospect lists and other important information will be given. All Roll Call workers in the listed counties should plan to attend their local kick-off meeting.
**Freedom, Heritage Events**

**Freedom Conference Called**

Central Michigan University Selected

Another in the series of annual Farm Bureau "Freedom Conference" has been called to give Farm Bureau members and others a refreshing course in standing citizenship problems and in examining major American interests.

The program is scheduled to begin at 3 o'clock on the morning of Thursday, February 7th and conclude at 4 p.m., Friday, February 8th.

This year's conference, the 5th sponsored by the Family Program Division of the Michigan Farm Bureau, will include such features as personal reports from Michigan homesteaders and other agriculturists, a discussion on freedom issues by a Washington personality, and examination of the question "How well are we doing in the 'American Way of Life.'"

Again this year the excellent facilities of Central Michigan University at Mt. Pleasant, have been made available to Farm Bureau.

**Different Something**

Now this year will be four days of meetings, as was done last year, instead of the usual two days of this biennial event, and will include the new feature of a "what's happening" program in the morning of Thursday, February 7th and concluding with the first evening meeting that night.

A look at what others are doing is a part of "what's happening" described under the name of "What Others are Doing."

"Our country has changed over the years, yet the need of a free, fair, and just society is ever-present," Judge William Kissack, chairman of the committee of "What others are doing," said.

"It is our duty to the next generation to pass on to them sound American institutions, and we at the Farm Bureau are one of those institutions."

"Freedom is a two-edged sword. It can bring joy and happiness, or it can bring sorrow and hardship."

"We show the American way of life to the world by standing firmly for the principles of freedom and democracy."

The dinner meetings on Thursday evening will feature a speaker or a panel of speakers for each of the four days.

The "What Others are Doing" program will be held in the morning of Thursday, February 7th and continuing through the first evening meeting that night.

"Freedom" will be the theme of the conference to be held at Central Michigan University at Mt. Pleasant on February 7th and 8th.

**Making it More Marketable**

By CONNIE NELSON

EDITORIAL RESEARCHER

Five top Michigan leaders in Agriculture are the theme for the 1963 Winter Institute of Education and Research of Michigan Farm Bureau, to be held January 31, February 1, and February 2 at Kellogg Center, Michigan State University.

"Our leaders are important in the history of Agriculture," said Dr. Ward Hodge, former general secretary of American Farm Bureau, and now executive director of American Farm Bureau, in a panel discussion of "The Michigan Sheep Breeders Assn. of Michigan." The conference is a three day session sponsored by the colleges of Agriculture and Home Economics.

The theme of the meeting is "What's Changing in the State of Michigan."

"We have a duty to our country and to our state to stand firm for the principles of freedom and democracy."

"We must be prepared for any emergency that may arise, and we must be prepared to meet the needs of the American people."

"It is our duty to pass on to our children and grandchildren the values of freedom and democracy."

"We must stand firm for the principles of freedom and democracy in all our activities in Agriculture."

"We must stand firm for the principles of freedom and democracy in all our activities in Agriculture."

**Farmers' Week Program Set for MSU**

President F. W. Swanson, director of M.B.F. University, has announced that the 5th annual meeting of M.B.F. leaders is scheduled for the week of February 7-9 at Kellogg Center, Michigan State University.

"Michigan Farm News" January 1963 FIVE

ABOOK'S ACCEPTANCE—of individual responsibility, willingness to sign up with a "honesty" to the public, will be the theme of the program at the 5th annual meeting of M.B.F. leaders.

"It is our duty to pass on to our children and grandchildren the values of freedom and democracy."

"We must stand firm for the principles of freedom and democracy in all our activities in Agriculture."

"We must stand firm for the principles of freedom and democracy in all our activities in Agriculture."

**PHONE CALLS**

**UP LONELY AFTERNOONS**

Minutes before you were alone in the empty house and feeling lonely. Suddenly, the most cheerful sound of the day ... a child's ring on your doorbell. It's a neighbor's child, and you're not alone in the world.

That's a wonderful thing about the telephone: it's always there, ready to brighten up your winter's day with a friendly chat!

Telephone people are on the job to make sure that 24 hours a day, in good weather and in bad, your phone is always ready to serve you.

Young People Outline Busy 1963 Work Program

"YouthPower," Leader Conferences Scheduled

Winter, Spring Activities Planned

The Farm Bureau Young People have a number of activities coming up in the near future to strengthen their organization.

A conference for officers of Young Farmer Community Groups will be held at Kellogg College at Michigan State University, Ionia, February 23. A program designed to provide young farmers leaders with a greater understanding of the total Farm Bureau program.

Farm Bureau Services, Farm Bureau Insurance

The annual conference of the Michigan Agricultural Cooperative Marketing Association, and Michigan Farm Bureau will all play important roles in the program.

"Teen-Age" Cont. Scheduled

A Teen-Age Conference will be scheduled for January 18. The purpose of the conference will be held on parliamentary procedure and public speaking. The Farm Bureau Young People plan to hold similar conferences for young people in the state, but details are not definite.

A series of youth farm markets will also be held in various communities. tractor clubs, and local Farm Bureau organizations. Young people interested in learning more about developed leadership ability.

Meeting of the MFB Young People's Committee will be held January 18. The committee is being held at the State University, Ionia, February 23. This is in coordination with the Michigan State University's National Farmers Conference. Plans for a state conference are under way.

Powell Looks At New MFB Legislative Counsel

Predicts Interesting, Challenging Year

BY STANLEY POWELL

Your guess is as good as mine as to what will come out of the 1963 session of the Michigan legislature. Certain things, it will be first time in 14 years when we will have had a Governor and the Legislature of our State the same political party. In the Senate there will be 23 Republicans and 11 Democrats. In the House there will be 38 Republicans and 21 Democrats.

While the new Governor will have a majority of his party in both houses of the Legislature, he will be alone unless as party affiliations are concerned, on the Council of State Government which is associated with 7 elected Democratic State Officials.

Cost of Government To Increase

While the 1963 legislation is still on the agenda of the new Governor and the new Legislature, the question of legislation that will be passed during the 1963 session is the cost of government. As the new Governor will be in a position to present his budget in January, the cost of government is one of the most important problems which will be faced by the new Governor and the new Legislature.

The new rates will go into effect at the beginning of the new year and will be higher than the old rates. The new rates will be higher than the old rates because the new government will be able to present a budget that will be higher than the old budget. The new rates will be higher than the old rates because the new government will be able to present a budget that will be higher than the old budget.

MSU Judging Team Does Well

Michigan State University's Livestock Judging Team placed eighth out of 33 teams in the College National Livestock Judging Contest held in Des Moines, Iowa, November 18-20. The team placed 8th of 11 teams in the preliminary round but 2nd after the second round. The team placed 6th in judging sheep and fifth in cattle.

Michigan Youth Honored in Miami

PAUL OSWALD, junior, of Traverse City, Michigan, gets a congratulatory handshake and blue ribbon from Dr. Charles H. Shattuck, Director of the New Products Research Bureau of the National Cooperative Milk Producers Federation, Washington, D.C., for winning the "Extra-Ton-O-Milk" contest. Oswald, representing the 1962 "Extra-Ton-O-Milk" livestock judging contest. The award was presented to him by the National Cooperative Milk Producers Federation. The contest was won by the livestock judging team placed eighth in the college national judging contest.

"Heads of State" Cont. Scheduled

A family of "Heads of State," and their children, are scheduled to visit the State Capitol on January 18. The visit will include: January—The New Constitution February 11—Marketing Agricultural Products March 11—Farm Legislation April 12—Bring Your Child to Work Day and May 10—Farm Bureau Services

Michigan Young People in Atlanta

METTING BACKSTAGE — in the Metropolitan Auditorium, Atlanta, Governor West and his staff have spent a week in the state. West has been attending the "Head of State" program. The program will be held in association with the American Farm Bureau Federation, Atlanta, Georgia, is James Horny, Saginaw, and Vickie Sheppard, West Branch. Both had performed. Hornes as the Michigan "Talk of the Town" and Ms. Sheppard as a contestant in the "State Fair" program. The Governor has been scheduled to appear at the 44th annual meeting of the Michigan Farm Bureau.

MACMA Supplies Apples For Church Conference

When the general conference of the Evangelical United Brethren Church was held in Grand Rapids in 1963, a demand was made by delegates from other states for some Michigan Red Delicious apples.

MACMA (Michigan Agricultural Cooperative Marketing Association) employs Burton Richardson, supplied the 700 delegates and guests of the Conference with the Michigan Red Delicious apples. The GNP was written for the occasion by Robert S. Smithers: "Just ordinary apples but they represent success, cooperation, the seasons, winter, spring, summer, autumn, fall. The handwork of God they are, the triumph of a year, Bush, bloom, growth, perfection. 100% of life revealed."

As he blessed this fruit in season, sunshine, rain, heat and frost, my wish is that through every year each seed of yours will be supplied.

WIN. H. Bartz, Farm Bureau member from Berrien County, a director of Farmers Petroleum Cooperative, and a delegate to the conference, reported that most delegates had never seen or tasted such fine apples.

MACMA — Looks Ahead To Bright New Year

Excellent Progress is Reported

The Michigan Agricultural Cooperative Marketing Association, (MACMA) has completed a busy year filled with growth and progress, according to officials of the Farm Bureau affiliate.

Farmers have shown their willingness to support expanding efforts in the marketing-bargaining field, they indicated. They look forward to a growing volume of foreign sales for Michigan farm products.

Strong Grover Support Continues

J. West Cooper, Manager of the American Agricultural Marketing Association Apples, stated that the cooperation of the Michigan Farm Bureau in the Apple Marketing Agreement is vital, must be on a regional basis covering all of the major East Coast apple areas.

"Heads of State" Cont. Scheduled

A family of "Heads of State," and their children, are scheduled to visit the State Capitol on January 18. The visit will include: January—The New Constitution February 11—Marketing Agricultural Products March 11—Farm Legislation April 12—Bring Your Child to Work Day and May 10—Farm Bureau Services

The Retail Division of Farm Bureau Services, Inc., announced the appointment of Dennis R. Hatcher to the position of Assistant Director of the Lakeland County Cooperative. Hatcher will assist the Assistant Director of the Lakeland County Cooperative.

RAD Promotes Tourist Industry

Michigan's outdoor recreation business — already the state's third largest industry — could profit from ingenuity already at work in many parts of the nation. Recreation means dollars to cities of northern Michigan. It also holds pleasant anticipation to hundreds of fishermen, hunters and vacationing families.

Wightman Heads Group

Walter Wightman, president of the Michigan Tourism Bureau, held the key at meeting to discuss the state's recreation bureau challenge. Other officials were Howard Fredrick, St. Ignace; Edward Gould, West Branch; and Charles Anderson, Dr. William Enderle, congressman. Leader in the effort was Wightman, an associate of State Rep. Robert L. Smith, Bay County. The meeting was held in Public House, Bay City.

A $125,000 demonstration project is under way in the Upper Peninsula to establish a year-around resort complex at Ironwood, Cadillac and Marquette. Tours to the three communities are being offered to families throughout the state.

Wayne County Agent Honored

Add More Power to the Executive Office?

In 1962, the President also took both a look at some complaints of industry. Then he asked for Presidential authority to act alone, with no need to consult Congress. This, plus the fact that the Supreme Court had declared the President’s authority to mean something new, it became a new era. And it was one in which the President acted as if he were the law. The White House knew much of the law, and so did the White House. The President knew he was a law unto himself. His decrees were law.

But when Congressional bills are acted upon by the Supreme Court, they are subject to the test of the President’s authority. And the President’s authority is subject to the test of the Constitution. The Constitution was there before the President was.

If a legal decision has been made in this changing doctrine of government, it is to be expected that the Court will act in a way that is consistent with the Constitution. The Court will act in a way that is consistent with the Constitution. The Court will act in a way that is consistent with the Constitution. The Court will act in a way that is consistent with the Constitution.

If such a decision can prevail, then the President can no longer make any laws in this new form. If he can make laws in this new form, he can make laws in any form. If he can make laws in any form, he can make laws in all forms.

Under Freedom, Justice and Welfare

Examine the reason why the President is not to be a law unto himself. The President is not to be a law unto himself. The President is not to be a law unto himself. The President is not to be a law unto himself. The President is not to be a law unto himself. The President is not to be a law unto himself. The President is not to be a law unto himself. The President is not to be a law unto himself. The President is not to be a law unto himself. The President is not to be a law unto himself. The President is not to be a law unto himself. The President is not to be a law unto himself. The President is not to be a law unto himself. The President is not to be a law unto himself. The President is not to be a law unto himself. The President is not to be a law unto himself. The President is not to be a law unto himself. The President is not to be a law unto himself. The President is not to be a law unto himself.
