

THE QUARTERLY BULLETIN

Agricultural Experiment Station

East Lansing
Michigan

Index to
Vols. 1-18 (inclusive)

JULY
1936

SUBJECT MATTER INDEX

A.

Abortion, Infectious

- Abortion Accompanies *Brucella suis* in a Sow. L. B. Sholl. 13(4): 209-211. 1931.
Abortion and Sterility in Cattle. E. T. Hallman. 5(2): 53-55. 1922.
Abortion and Wasting Disease in Goats. I. F. Huddleson. 2(4): 169-170. 1920.
Abortions in Cattle Free from Bang's Disease. C. F. Clark. 18(2): 95-96. 1935.
Abortion Germs Infect Fowls. M. W. Emmel. 12(1): 11-13. 1929.
Abortion—Infected Herd of Cattle Studied. C. F. Clark. 13(2): 89-91. 1930.
All Domestic Fowl Contract *Brucella* Disease. M. W. Emmel. 12(4): 133-134. 1930.
American Veterinary Medical Association Report on Abortion. 3(2): 65-67. 1920.
Avirulent Vaccine Decreases Cattle Abortion. Ward Giltner. 12(1): 9-10. 1929.
Bovine Infectious Abortion. I. F. Huddleson. 9(4): 147-153. 1927.
The Bull as a Carrier of Abortion Disease. H. J. Stafseth. 2(2): 67-68. 1919.
Control of Infectious Abortion in Cattle. E. T. Hallman. 1(2): 79-80. 1918.
Control of Infectious Abortion. I. F. Huddleson. 5(4): 178-181. 1923.
English Sparrows as Possible Carriers of Brucellosis. 17(4): 224-225. 1935.
Further Studies on the Susceptibility of Swine to Bovine Infectious Abortion. E. T. Hallman. 6(1): 25-28. 1923.
Infectious Abortion in Cattle. E. T. Hallman. 3(3): 81. 1921. 1(1): 36-37. 1918.
Infectious Abortion of Cattle is Very Costly. E. T. Hallman. 11(4): 157-160. 1929.
Results of Compulsory Tests for Bang's Disease. B. J. Killham. 17(1): 44-47. 1934.
Some Remarks About the Diagnosis and Treatment of Infectious Abortion. H. J. Stafseth. 2(1): 9-10. 1919.
Vaccination Against Cattle Abortion. E. T. Hallman. 12(2): 50-52. 1929.

Alfalfa

- Alfalfa and Horses. R. S. Hudson. 6(4): 151-154. 1924. 7(3): 75-79. 1925.
Alfalfa—Dependable if Rightly Handled. J. F. Cox. 2(2): 85-86. 1919.
Alfalfa Seed Production. F. A. Spragg and E. E. Down. 2(3): 130-132. 1920.
Clover and Alfalfa Seed Movement. C. R. Megee. 6(2): 50-52. 1923.
Comparative Ability of Seedings of Alfalfa, Clover, and Grasses to Survive Drought. H. L. Dunton and C. R. Megee. 16(4): 258-259. 1934.
County Alfalfa Campaigns in Michigan. G. W. Putnam. 5(3): 110-112. 1923.
Experiments with Alfalfa as Pasture for Dairy Cows. H. C. Rather. 15(1): 30-34. 1932. 15(4): 243-248. 1933.
Experiments with Curing Alfalfa Hay. R. H. Morrish. 17(4): 212-219. 1935.
Feeding Value of Alfalfa Hay is Variable. C. F. Huffman. 12(2): 37-39. 1929.
Fertilizers Affect Quality of Alfalfa. O. B. Price. 5(4): 158-159. 1923.
Fertilizers Increase Alfalfa and Clover Yields on Heavy Soils. R. L. Cook. 16(3): 191-196. 1934.
Fertilizer Aids Alfalfa on Sandy Soil. G. M. Grantham. 12(4): 150-151. 1930.
Fertilizing Heavy Soils Increases Alfalfa Yields. R. L. Cook. 14(1): 3-5. 1931.
Get Alfalfa and Clover Seedings on Light Soils. A. G. Weidemann. 11(2): 55-57. 1928.
Great Alfalfa Increase. J. F. Cox. 5(2): 59-60. 1922.
Great Increase in Acreage. J. F. Cox. 5(1): 17. 1922.
Ground Alfalfa for Dairy Cows. O. E. Reed and J. E. Burnett. 9(1): 3-5. 1926.
Growing Pigs on Alfalfa Pasture. G. A. Brown and W. E. J. Edwards. 6(4): 154-156. 1924.

Alfalfa—Continued

- Hardigan Alfalfa. F. A. Spragg and E. E. Down. 4(3): 74-75. 1922.
 Hardigan Alfalfa Leads in Variety Tests. H. C. Keibler. 11(2): 73-75. 1928.
 Hardy Alfalfas Lead Michigan Over-State Tests. H. C. Rather and G. F. Wenner. 12(2): 53-58. 1929.
 Hardy Alfalfa Varieties Best for Michigan. J. F. Cox and C. R. Megee. 8(3): 107-110. 1926.
 Hardy Alfalfa Varieties Lead in Field Trials. H. C. Rather and G. F. Wenner. 13(1): 19-22. 1930.
 Hardy Alfalfa Varieties Needed in Michigan. J. F. Cox and C. R. Megee. 10(3): 79-82. 1928.
 Harvesting Michigan's Alfalfa Seed Crop. P. R. Miller. 14(1): 31-33. 1931.
 Influence of Bees upon Clover and Alfalfa Seed Production. R. H. Kelty and C. R. Megee. 14(4): 271-277. 1932.
 Is 8 Pounds of Alfalfa Seed to the Acre Sufficient? C. R. Megee. 9(4): 154-155. 1927.
 Lebeau Alfalfa. J. F. Cox. 5(3): 113-115. 1923.
 Maturity Influences Quality of Alfalfa Seed. C. R. Megee and M. S. Grunder. 12(2): 61-62. 1929.
 More Alfalfa. J. F. Cox. 4(2): 35-37. 1921.
 More Alfalfa. (Farm Relief). J. F. Cox. 8(3): 170. 1926.
 Nitrogen Content of Alfalfa. M. M. McCool. 8(3): 122-124. 1926.
 Pasture for Pigs. G. A. Branaman, G. A. Brown and W. E. J. Edwards. 8(3): 99-103. 1926.
 Pasture Proves Valuable for Pigs. W. E. J. Edwards. 11(4): 184-187. 1929.
 Pedigreed Alfalfa Seed. F. A. Spragg. 1(3): 125-126. 1919.
 Value of Hardy Alfalfa. F. A. Spragg. 7(2): 47-48. 1924.
 Animal Husbandry Exhibit. G. A. Brown. 2(4): 164-166. 1920.
 Ants in Dwelling. E. I. McDaniel. 3(4): 127-128. 1921.
 Annuals Which Reseed in Michigan. C. E. Wildon. 18(1): 12-14. 1935.
 Antirachitic Activity of Various Parts of the Corn Plant at the Time of Ensiling. E. H. Bechtel and C. A. Hoppert. 18(3): 153-154. 1936.

Aphids

- Aphis, Woolly Elm. E. I. McDaniel. 18(1): 9-11. 1935.
 Leaf-Hoppers and Aphids Easily Controlled. E. I. McDaniel. 10(4): 171-172. 1928.

Apples

- Air-Cooled Storages for Michigan Apples. R. E. Marshall and F. E. Fogle. 6(1): 15-20. 1923.
 Apple Rust. Red Cedar Trees Menace State Orchards. R. Nelson. 11(4): 199-204. 1929.
 Apple Scab Control in 1935, Comparison of Several Materials. L. R. Farish and W. C. Dutton. 18(3): 155-159. 1936.
 Apple Scab and Its Control. C. W. Bennett. 5(3): 130-134. 1923.
 A Comparison of Soil Management Methods in Young Apple Orchards. H. D. Hootman and H. M. Wells. 9(4): 133-137. 1927.
 Dry Lime-Sulfurs Do Not Control Scab. C. W. Dutton. 3(2): 55-59. 1929.
 Fertilizer Trials with Apples. R. E. Marshall. 4(3): 87-90. 1922.
 Get Ready to Top Graft Apple Trees. C. P. Halligan. 1(2): 72-73. 1918.
 Most-Called-For Varieties of Apples. H. J. Eustace. 1(3): 132. 1919.
 New Apple Varieties. R. E. Loree. 8(2): 61-62. 1925.
 Own-Rooted Apple Trees. R. E. Marshall. 6(4): 180-182. 1924.
 Protect Young Apple Trees. C. P. Halligan. 1(2): 73. 1918.
 Recommend Two New Varieties for Special Markets. W. Toenjes. 14(3): 198-199. 1932.
 Storage Improves Water Core Apples. R. E. Marshall. 13(1): 22-25. 1930.
 Thinning of Closely Planted Apple Trees. W. Toenjes. 16(3): 174-183. 1934.
 Treating Winter Injury of Apple Trees. H. M. Wells. 11(4): 188-192. 1929.
 When to Pick Apples. G. F. Waldo and R. E. Marshall. 8(1): 16-20. 1925.

Apple Cider—Making Good Apple Cider. F. W. Fabian. 8(1): 44-45. 1925. Also see **Cider**.

Arsenates

- Arsenical Injury to Peaches. C. W. Bennett. 8(3) : 183-185. 1926.
 Arsenical Sometimes Injures Peach Trees. W. C. Dutton. 13(2) : 55-56. 1930.
 Probable Cause of Injury Reported from the Use of Calcium and Magnesium
 Arsenates. A. J. Patten and P. O'Meara. 2(2) : 83-84. 1919.

Artichoke—Yields of Jerusalem Artichoke Tested. 10(4) : 156-158. 1928.

- Asparagus Fertilizer Tests. H. L. Seaton. 15(2) : 110-115. 1932.
 Asphalt Concrete for Floor Construction. C. H. Jefferson. 17(1) : 3-9. 1934.
 Avian Coccidiosis. H. J. Stafseth. 6(1) : 22-24. 1923.
 Avian Tuberculosis. H. J. Stafseth. 5(1) : 33-36. 1922.

B.**Bacillary White Diarrhea**

- Bacillary White Diarrhea of Fowls. H. J. Stafseth. 4(2) : 41-42. 1921.
 Effects of Bacillary White Diarrhea. H. Canfield. 8(1) : 30-32. 1925.
 Prevalence of White Diarrhea. H. J. Stafseth and W. L. Mallmann. 6(3) :
 130-132. 1924.

Bacteria—See Ice Cream and Butter.

- Bacteria of Soil, Influence of Controlled Temperature and Soil Treatment on.
 C. S. Bryan. 18(2) : 106-113. 1935.
 Disinfectants Retard Bacteria in Incubators. J. L. Boyd. 11(2) : 79-83. 1928.

Bacterium Pullorum—Atypical Symptoms and Lesions Occurring in Chicks Harboring Bacterium Pullorum. H. J. Stafseth and E. P. Johnson. 9(4) : 155-157. 1927.

Balsam—See also Conifers.

- Need Mineral Soil for Spruce and Balsam Seedlings. P. W. Robbins. 12(3) :
 79-81. 1930.
 Spruce and Balsam Fir in the Upper Peninsula. W. Martin. 9(3) : 99-100. 1927.
 Table Made for Estimating Balsam and Spruce. P. W. Robbins. 11(3) : 110-111.
 1929.

Bang's Disease, Abortion in Cattle Free from. C. F. Clark. 18(2) : 95-96. 1935.

Barberry—Results of the Barberry Eradication Campaign. G. H. Coons. 1(2) : 59-60. 1918.

Bark Beetle—Fruit Tree Bark Beetle Damages Orchards. C. P. Wilsie and R. H. Pettit. 13(2) : 86. 1930.

Barley

- Barley Compared to Corn in Dairy Rations. J. E. Burnett and O. E. Reed. 10(1) : 3-5. 1927.
 Barley is Satisfactory in Poultry Ration. J. M. Moore. 12(4) : 146-150. 1930.
 Barley Substituted for Corn in Poultry Ration. J. M. Moore. 13(2) : 59-66. 1930.
 Barley Varieties Compared Under Different Seed Treatment. B. R. Churchill. 17(1) : 41-44. 1934.
 Commercial Utilization of Spartan Barley. H. C. Rather. 16(1) : 23-25. 1933.
 Methods Recommended for Increasing Oat and Barley Yields. G. R. Schlubatis. 9(3) : 96-98. 1927.
 Treatment for Barley Diseases. G. H. Coons. 2(3) : 120-121. 1920.
 Winter Barley Popular in Kent County. K. K. Vining. 15(1) : 36-37. 1932.

Barns

- Barn, Dairy, An Electric Heater for the Milking Room of the Pen Type. O. E. Robey. 18(2) : 117-120. 1935.
 A Barn for the Small Farm. H. H. Musselman. 2(1) : 32-34. 1919.
 Why Ventilate Farm Barns and How. F. E. Fogle. 8(1) : 20-26. 1925.

Beans

- Beans and Beets for 1923. J. F. Cox. 5(3) : 118-120. 1923.
 Bean Seed for 1929. G. H. Coons. 1(2) : 58. 1918.
 Cost of Producing Michigan Beans in 1932. P. F. Aylesworth. 15(4) : 231-234. 1933.
 Cull Beans for Fattening Steers. G. A. Brown. 1(2) : 47. 1918.
 Feeding Cull Beans to Dairy Cattle. O. E. Reed and J. E. Burnett. 7(1) : 12-14. 1924. 6(2) : 43-45. 1923.
 Growing Better Kidney Beans. H. R. Pettigrove. 17(1) : 28-33. 1934.
 Improved Robust Beans. F. A. Spragg. 5(3) : 116-118. 1923.
 McNaughton System of Curing Beans, The. H. R. Pettigrove. 9(3) : 113-116. 1927.
 Michigan Experiments on Bean Disease Control. G. H. Coons. 1(3) : 104-106. 1919.
 More Beans per Acre at Less Cost per Bushel. J. F. Cox. 4(4) : 122-123. 1922.
 More About Robust Beans. H. C. Rather. 6(3) : 87-89. 1924.
 Production Costs of Michigan Beans Studied. K. T. Wright. 13(2) : 43-47. 1930.
 Robust Beans. F. A. Spragg. 1(4) : 173-174. 1918.
 Select Seed Beans in the Fall. J. F. Cox. 1(1) : 29-30. 1918.
 Using the Harvester Combine for Navy Beans. E. C. Sauve. 14(1) : 24-27. 1931.
- Bean Beetle—Mexican and Its Control. R. Hutson. 18(1) : 7-9. 1935.
 Bean Weevil—Treatment for the Bean Weevil. R. H. Pettit. 6(1) : 20-21. 1923.
 Bed-Bug, The. E. I. McDaniel. 4(3) : 104-105. 1922.

Beef

- Beef and Pork Production Prospects. G. A. Brown. 1(3) : 92-93. 1919.
 Beef Feeding Costs and Returns in Michigan, 1933-34. K. T. Wright. 18(2) : 81-86. 1935.
 Finishing Baby Beef. G. A. Brown and G. A. Branaman. 8(1) : 6-9. 1925. 9(1) : 5-8. 1926. 7(1) : 3-6. 1924.
 Rations for Fattening Beef Calves. G. A. Branaman. 15(2) : 95-99. 1932.
 Rations Show Profit in Fattening Baby Beef. G. A. Brown and G. A. Branaman. 12(1) : 11-13. 1929.
 Report Experiments in Finishing Baby Beef. G. A. Branaman. 11(1) : 8-11. 1928.
 Tests of Rations for Finishing Baby Beef. G. A. Brown and G. A. Branaman. 10(1) : 14-16. 1927.

Bees

- Accounting Records for Beekeepers. R. H. Kelty and F. T. Riddell. 4(4) : 148-149. 1922.
 Heat Insulators for Bee Hives. R. H. Pettit. 1(1) : 20-21. 1918.
 Importance of Bees in the J. H. Hale Peach Orchard. V. R. Gardner and S. Johnston. 8(3) : 134-137. 1926.
 Influence of Bees upon Clover and Alfalfa Seed Production. C. R. Megee and R. H. Kelty. 14(4) : 271-277. 1932.
 It Pays to Protect Bees in Winter. R. H. Kelty. 12(2) : 35-37. 1929.
 Notes on American Foul Brood. F. W. Fabian. 4(3) : 98-99. 1922.

- Bees, Vinegar**—Vinegar Making and Its Troubles. Z. Northrup. 1(3) : 101-102. 1919.
 Beetle, Mexican Bean and Its Control. R. Hutson. 18(1) : 7-9. 1935.

- Beetles, Carpet**—Propylene Dichloride Mixture Controls Clothes-moths and Carpet Beetles in Rugs and Over-stuffed Furniture. E. I. McDaniel. 16(1) : 13-15. 1933.

Beets

- Beans and Beets for 1923. J. F. Cox. 5(3) : 118-120. 1923.
 Hastening Beet Breeding Operations. E. E. Down and C. L. Lavis. 8(1) : 33-34. 1925.
 Commercial Sugar Beet Seed. J. G. Lill. 8(3) : 110-111. 1926.

Beets—Continued

- Fitting and Fertilizing Soil for Sugar Beets. J. D. Romaine. 9(3): 103-105. 1927.
 Michigan Sugar Beet Costs in 1933. K. T. Wright. 16(4): 215-219. 1934.
 Plowing Depths and Fertilizers Affect Sugar Beet Crops. J. G. Lill. 13(3): 122-127. 1931.
 Production Test of Commercial Sugar Beet Seed. J. G. Lill. 9(3): 110-113. 1927. 10(3): 107-110. 1928.
 Selecting Mother Sugar Beets. E. E. Down and O. B. Winter. 5(1): 36-38. 1922.
 1934 Sugar Beet Costs in Michigan. P. F. Aylesworth. 17(4): 220-224. 1935.
 Sugar Beet Cultural Experiments. C. E. Cormany. 6(4): 159-162. 1924.
 Sugar Beet Fertilization. O. B. Price. 7(3): 87-89. 1925. 6(3): 91-93. 1924.
 Sugar Beets in Michigan in 1935, Costs of Producing and Marketing. K. T. Wright. 18(4): 235-238. 1936.
 Sugar Beet Seed Production. E. E. Down and F. A. Spragg. 3(3): 86. 1921.
 Sugar Beet Station Established at M. A. C. J. F. Cox. 5(4): 166. 1923.
 Sugar Beet Suggestions. J. F. Cox. 3(3): 84-85. 1921.
 Sugar Beet Seed Testing. E. E. Down. 5(3): 120-121. 1923.
 Sugar Beet Varietal Series. E. E. Down. 6(3): 89-91. 1924.
 Test Yields from Commercial Sugar Beet Seed. J. G. Lill. 11(3): 120-124. 1929.

Beet Tops—Effect of on the Flavor and Odor of Milk. G. M. Trout and G. E. Taylor. 18(1): 37-45. 1935.

Black Scurf—Tests Show Old Methods Satisfactory. J. E. Kotila. 10(4): 184-186. 1928.

Black Stem Rust Situation in Michigan. W. F. Reddy. 8(3): 148-151. 1926.

Black Root of Strawberry. G. H. Coons. 7(1): 25-26. 1924.

Black Root of Strawberry Ruins Plantations. F. C. Strong and M. C. Strong. 12(3): 75-79. 1930.

Black Widow Spider Rare in Michigan. R. Hutson. 18(4): 247. 1936.

Blight—Ringling Fruit Trees Sometimes Causes Blight. H. A. Cardinell. 13(1): 12-15. 1930.

Bordeaux Mixture—G. H. Coons. 2(1): 18-19. 1919.

Bordeaux Used with Profit on Potatoes. G. E. Culver. 4(4): 134-135. 1922.

Borer, Iris Control of. E. I. McDaniel. 18(2): 92-94. 1935.

Borer, Resistant Field Corn, Michigan Hybrid No. 561. A. R. Marston. 18(4): 223-225. 1936.

Borers Severely Injure Fruit Trees. R. Hutson. 14(1): 27-30. 1931.

Borers, A Repellent for Flat Headed. R. H. Pettit. 5(4): 170-171. 1923.

Botanical Department Notes. G. H. Coons. 2(2): 70-75. 1919.

Botanical Notes. G. H. Coons. 2(1): 14-17. 1919. 1(4): 159-162. 1919.

Box Elder Bug as a Household Pest. E. I. McDaniel. 15(4): 226-227. 1933.

Brooders—A Comparison of Electric and Coal in Early Season Brooding. J. A. Davidson and H. J. Gallagher. 18(2): 97-105. 1935.

A Comparison of Electric and Coal Brooders in the Production of Winter Broilers. Preliminary Report. H. J. Gallagher and J. M. Moore. 16(4): 266-278. 1934.

Broodiness and Egg Production. C. M. Ferguson. 6(4): 162-168. 1924.

Buffalo Tree-Hopper—Mutilation of Twigs and Cones, Due to the Deposition of Eggs by Three Common Insects. R. H. Pettit. 9(4): 157-160. 1927.

Burglar Alarm—Simple Burglar Alarm Protects Poultry. O. E. Robey. 13(2): 48-49. 1930.

Bud-Sports of Deciduous Fruits Studied. B. D. Drain. 11(2): 78-79. 1928.

Budding—Preliminary Budding is Useful in Certain Cases. F. C. Bradford. 12(2): 39-40. 1929.

Budworm, Spruce. E. I. McDaniel. 3(1): 13-14. 1920.

Bulb-Fly—Onion and Bulb Crops' Pest Appears in State. E. I. McDaniel. 10(2): 48-52. 1927.

Butter

Bacteria May Cause Bad Flavor in Butter. E. D. Devereux. 13(2): 76-77. 1930.

Bacteriological Background of Buttermaking. G. L. A. Ruehle. 6(1): 24-25. 1923. 6(3): 133-135. 1924. 8(1): 45-47. 1925.

Bacteriological Background of Buttermaking. IV. Lactic Cultures or Starters. E. D. Devereux. 9(4): 142-143. 1927.

Controlling the Composition of Butter. G. M. Trout and J. M. Jensen. 13(1): 27-29. 1930.

Effect of Starter on Keeping Quality of Butter. C. D. Ball, R. E. Vincent, and G. M. Trout. 14(1): 38-41. 1931.

Effects of Different Methods of Cooling Moisture-Free Butter on the Moisture Per Cent Reading. I. A. Gould. 17(3): 157-159. 1935.

Off-Flavors in Butter. G. L. A. Ruehle. 3(3): 103-104. 1921.

Selecting Sires by Progeny to Maintain Butterfat Level. A. C. Baltzer. 15(3): 143-146. 1933.

Butternut Produces "Maple Syrup." P. A. Herbert. 7(2): 62-63. 1924.

C.

Cabbage Root Maggot Control. R. E. Loree. 4(3): 92-93. 1922.

Calcium Cyanamide, Defoliation from the Use of. H. A. Cardinell and G. F. Gray. 17(3): 101-106. 1935.

Calcium Cyanamide in Orchards, Observations in 1935 on the Use of. G. F. Gray. 18(3): 170-172. 1936.

Calcium Sulfate—Notes on the Effect of Calcium Sulfate on Soils. M. M. McCool. 2(2): 97-99. 1929.

Canadian Trade Agreement and Michigan Agriculture. H. S. Patton. 18(3): 135-145. 1936.

Cannibalism—Pick-Out Shields Control Cannibalism in Laying Pullets. J. M. Moore. 17(2): 78-81. 1934.

Canning—Some Canning Practices from the Bacteriologist's Standpoint. Zoe Northup. 2(1): 10-11. 1919.

Carrot Rust-fly Found in Michigan. R. H. Pettit. 13(3): 119-121. 1931.

Cattle

Brown Swiss Herd of the Michigan Agricultural College. J. E. Burnett. 2(3): 122-124. 1920.

Bull's Ages Show Further Increase. A. C. Baltzer. 16(1): 16-17. 1933.

Care of Cows Before and After Calving. J. E. Burnett. 4(1): 15. 1921.

College Guernsey. J. E. Burnett. 2(1): 5-6. 1919.

College Holstein Friesian Herd. J. E. Burnett. 3(4): 137-138. 1921.

Foundation Cow Builds Up Chatham Herd. G. W. Putnam. 11(4): 178-183. 1929.

Hard Milking Cows. E. T. Hallman. 2(1): 50. 1919.

Home-Made Cattle Sprays. C. B. Dibble. 16(4): 243-244. 1934.

Home-Made Cattle Spray. C. B. Dibble. 18(1): 5-7. 1935.

Official Cow Testing in Michigan. E. B. Hint. 5(2): 65-68. 1922. 4(1): 19-23. 1921.

Purebred Sire Campaign. 1(4): 154-157. 1919.

Safe Methods for Handling Herd Sire. F. E. Fogle. 10(4): 180-183. 1928.

Suggestions for Handling Cows on Yearly Tests. J. E. Burnett. 2(2): 78-82. 1919.

DISEASES—See also Abortion

- Abortions in Those Free from Bang's Disease. C. F. Clark. 18(2): 95-96. 1935.
 Bleeding of Cattle and Swine for the Blood Tests of Infectious Abortion. I. F. Huddleson. 3(2): 62-65. 1920.
 Mastitis in the Dairy Herd. C. S. Bryan. 15(1): 22-24. 1932.
 Obtaining and Maintaining a Mastitis-free Herd. Glen Fox and C. S. Bryan. 16(3): 127-129. 1934.
 Study of Ricketts in Calves. C. F. Huffman. 14(1): 42-45. 1931.
 Testing of Dairy Cattle in Michigan. E. B. Hint. 3(2): 38-39. 1920.
 Tuberculin Test of Cattle. The. E. T. Hallman. 1(2): 81-82. 1918.
 Value of Lacto-Vaccine in Protecting the Non-Infected Cows in a Mastitis-infected Herd. C. S. Bryan. 17(4): 202-208. 1935.

FEEDING

- Beef Calves Make Economical Gains. G. A. Brown and G. A. Branaman. 13(1): 25-27. 1930.
 Beef Calves Use Roughage Efficiently. G. A. Brown and G. A. Branaman. 13(2): 49-53. 1930.
 Ergot on Barley Does Not Harm Cattle. R. E. Horwood and G. W. Putnam. 14(2): 84-85. 1931.
 Good Rations Stop Cottonseed Meal Injury. C. F. Huffman. 11(4): 164-170. 1929.
 Methods of Utilizing the Corn Crop for Fattening Steers. G. A. Branaman and R. S. Hudson. 16(1): 17-19. 1933. 17(1): 24-28. 1934.
 Rations for Fattening Beef Calves. G. A. Branaman. 14(3): 152-158. 1932.
 Steer Feeding. W. E. J. Edwards. 5(2): 51-53. 1922.
 Suggestions for Feeding Cows on Seven Day Test. J. E. Burnett. 2(1): 21-24. 1919.

STERILITY

- Sterility in Cattle as a Complication of Infectious Abortion. E. T. Hallman. 1(3): 143-144. 1919.
 Sterility in Cattle Serious Problem. E. T. Hallman. 9(2): 47-49. 1926.
 Why Cows Fail to Breed. C. F. Clark. 16(4): 247-253. 1934.

Dairy Cattle

- Dairy Cattle Costs. F. T. Riddell and W. J. Kurtz. 4(2): 51-53. 1921.
 Lactating Dairy Cattle Need Plenty of Water. L. A. Moore and G. A. Bowling. 13(1): 15-17. 1930.
 Multiple Births in Dairy Cattle. L. W. Lamb. 17(4): 184-189. 1933.
 Older Dairy Bulls Being Used in Michigan. Claire Netson and G. A. Bowling. 14(4): 269-271. 1932.
 Raising Dairy Calves. J. E. Burnett. 3(3): 78-80. 1921.
 Selecting Sires for Progeny to Maintain Butterfat Level. A. C. Baltzer. 15(3): 143-146. 1933.

FEEDING

- Barley Compared to Corn in Dairy Rations. J. E. Burnett and O. E. Reed. 10(1): 3-5. 1927.
 Comparison of Oat Feed and Oat Straw for Dairy Cattle. E. L. Anthony and G. E. Taylor. 17(1): 15-23. 1934.
 Cottonseed Meal Does Not Constipate Dairy Cattle. L. A. Moore. 12(3): 84-89. 1930.
 Dairy Cattle Do Not Need Complex Mineral Mixtures. C. F. Huffman. 13(3): 137-141. 1931.
 Dairy Cattle Need Phosphorus in Ration. O. E. Reed and C. F. Huffman. 10(4): 151-156. 1928.
 Depraved Appetite in Dairy Cattle. C. F. Huffman and G. E. Taylor. 8(3): 174-177. 1926.
 Effect of Condimental Stock Food Tonics on Milk Production. G. E. Taylor and E. L. Anthony. 15(2): 118-127. 1932.
 Effect of Fluorine on Dairy Cattle Ration. G. E. Taylor. 11(3): 101-104. 1929.

Dairy Cattle—Feeding—Continued

- Experiments with Alfalfa as Pasture for Dairy Cows. A. B. Dorrance and H. C. Rather. 15(1): 30-34. 1932.
- Feeding Minerals to Dairy Cattle. O. E. Reed and C. F. Huffman. 7(4): 125-132. 1925.
- Feeding of Concentrates to Dairy Cattle. O. E. Reed and C. F. Huffman. 8(3): 118-122. 1926.
- Hay is Necessary in Ration for Dairy Cattle. C. F. Huffman. 11(1): 3-6. 1928.
- Importance of Well-cured Hay in the Ration of Dairy Cattle. 8(1): 10-13. 1925.
- Simple vs. Complex Ration for Winter Feeding. R. E. Horwood and J. G. Wells. 18(4): 248-253. 1936.
- Study of Home Grown Ration for Milk Production. C. F. Huffman and G. A. Bowling. 14(2): 85-86. 1931.
- Sunflower Silage vs. Rutabagas in the Ration of Lactating Dairy Cows. R. E. Horwood and G. W. Putnam. 15(1): 27-29. 1932.

Cedar—Walnut Interplanted with Cedar Grows Rapidly. P. W. Robbins. 10(4): 161-163. 1928.

Celery—Carrot Rust-fly Found in Michigan. R. H. Pettit. 13(3): 119-121. 1931.

- Celery Blight Control Measures Compared. G. H. Coons and E. A. Walker. 10(4): 172-175. 1928.
- Celery Blight or Leaf Spot. G. H. Coons. 5(4): 190-193. 1923.
- Early Blight, Control by Copper Dusts. R. Nelson and L. C. Cochran. 18(3): 163-169. 1936.
- Early Blight Threatens Michigan Celery Crop. R. Nelson and L. C. Cochran. 15(4): 294-298. 1933.
- Leaf Tier Damages Celery. R. Hutson. 14(2): 91-93. 1931.
- "Mich. Golden" Celery. R. Nelson and L. C. Cochran. 15(2): 102-106. 1932.

Cell Sap—Relation of Soil to Plant Cell Sap. M. M. McCool. 9(2): 60-64. 1926.

Cereal Smuts, Use of Formaldehyde to Control. G. H. Coons. 1(1): 11-14. 1918.

Chatham Heater for the Small Sash House. J. G. Wells. 18(3): 148-151. 1936.

Chatham Station Compares Silage Crops. B. R. Churchill. 13(4): 212-215. 1931.

Chemical Elements in Agriculture, Rotation of. W. Giltner and R. M. Snyder. 7(1): 30-31. 1924. 6(2): 72-74. 1923. 6(3): 136-138. 1924.

Chermes—Two Spruce Chermes Infect Mich. Spruce. E. I. McDaniel. 10(3): 128-131. 1928.

Cherries

Control of Cherry Case-Bearer. R. Hutson. 14(3): 188-190. 1932.

A Comparison of Clean Culture and Sod in a Sour Cherry Orchard. W. Toenjes. 17(4): 228-233. 1935.

Cherry Leaf Spot or Yellow Leaf. G. H. Coons. 3(3): 93-96. 1921.

Cherry Trees Defoliated by Leaf Spot. F. C. Bradford. 11(1): 7. 1928.

Fertilization of a Sour Cherry Orchard. J. L. Kraker. 5(4): 162-164. 1923.

Chinch Bugs, Habits and Control of. R. Hutson. 17(3): 147-149. 1935.

Chlorate Applied to Foliage is Most Effective. C. R. Megee and W. H. Daugherty. 12(3): 91-92. 1930.

Chlorates—Residual Chlorates Soon Lost from Soil. C. R. Megee and R. W. Lipscomb. 12(3): 84-87. 1930.

Cholera—Fowl Cholera and Other Ailments. H. J. Stafseth. 5(4): 182-185. 1923.

Chrysanthemum Lace-Bug. E. I. McDaniel. 17(1): 23-24. 1934.

Chrysanthemum Yellows. R. Nelson. 7(4): 157-160. 1925.

Chrysanthemum Plants, Effects of Hardening. G. W. Woodbury. 13(4): 199-203. 1931.

Cicada, Periodical. R. H. Pettit. 1(4): 167-168. 1919.

Cider

Clarifying Cider Increases Demands from Consumers. R. E. Marshall. 14(3): 208-214. 1932.

The Muslin Fruit-juice Filter. R. B. Hickock and R. E. Marshall. 15(3): 191-197. 1933.

Making Good Apple Cider. F. W. Fabian. 8(1): 44-45. 1925.

Clover

- A New Clover Experiment Station. J. F. Cox. 5(4): 167. 1923.
 Annual White Sweet Clover. J. F. Cox, F. A. Spragg and E. E. Down. 3(3): 87-89. 1921.
 Cleaning Up Clover-Seed Fields. J. F. Cox. 5(1): 18-20. 1922.
 Clover Seed Situation, The. J. F. Cox. 2(1): 28-29. 1919.
 Fertilizing Helps the June Clover Crop. A. G. Weidemann. 13(1): 3-8. 1930.
 Huban Clover as a Field Crop. J. F. Cox. 4(3): 75-77. 1922.
 Hughes Annual Sweet Clover. F. A. Spragg and E. E. Down. 3(1): 16-17. 1920.
 Mich. Farmers Find Sweet Clover Valuable. C. R. Megee. 10(3): 92-93. 1928.
 More Clover Needed in Michigan. J. F. Cox. 4(3): 71. 1922.
 Russian Clover Seed is Questionable. C. R. Megee. 12(3): 81. 1930.
 Sweet Clover. 8(3): 173. 1926.
 Sweet Clover Pasture. O. E. Reed and J. E. Burnett. 4(3): 77-79. 1922.

- Coccidiosis. W. L. Chandler. 2(1): 25-27. 1919.
 Coccidiosis, Avian. H. J. Stafseth. 6(1): 22-24. 1923.
 Coccidiosis in Young Chickens, Some Observations on the Presence in Laying Pullets of the Parasite Causing. J. A. Davidson, W. T. Thompson and J. M. Moore. 18(3): 178-182. 1936.
 Cockroaches. E. I. McDaniel. 5(1): 38-39. 1922.
 Codling Moth Bands, Preparation and Use of Chemically Treated. F. Sherman III. 17(3): 150-152. 1935.

Colts

- Liberal vs. Limited Rations in Raising Weanling Draft Colts. R. S. Hudson. 15(1): 16-18. 1932.
 Navel Ill in Colts. E. T. Hallman. 2(3): 146-148. 1920.
 Wintering Draft Colts. R. S. Hudson. 15(4): 277-282. 1933. 16(4): 236-241. 1934.

- Combine Harvester Operated in Mich. E. C. Sauve. 10(3): 82-86. 1928.
 Concentrates—Feeding of Concentrates to Dairy Cattle. O. E. Reed and C. F. Huffman. 8(3): 118-122. 1926.

Concrete

- Concrete Line Posts. H. H. Musselman. 7(2): 51-52. 1924.
 Making Concrete. H. H. Musselman. 4(4): 127-129. 1922.
 Tested Methods for Waterproofing Concrete. F. E. Fogle. 10(2): 63-67. 1927.
 What Makes Good Concrete? H. H. Musselman. 6(4): 168-169. 1924.

Conifers—See also: Balsam, Spruce, Pine.

- Conifers Vary in Rapidity of Growth. R. H. Westveld. 13(2): 57-58. 1930.
 Growth of Conifers Measured in Upper Peninsula. P. W. Robbins. 10(3): 113-115. 1928.
 Position on Ridge Affects Conifers Growth. A. K. Chittenden and W. Martin. 9(3): 109-110. 1927.
 Strawberry Root-Weevil as a Pest in Conifer Nurseries. E. I. McDaniel. 12(3): 102-104. 1930.

- Constitutional Vigor. C. H. Burgess. 2(2): 92-94. 1919.
 Control and Prevention of Intestinal Parasites of Poultry. H. J. Stafseth. 18(1): 1-5. 1935.
 Cooling Tank and Milk House Construction. C. H. Jefferson and G. M. Trout. 16(2): 84-88. 1933.

Cooperatives

- Farmers' Cooperatives in Mich. W. O. Hedrick. 8(1): 41-43. 1925.
 Status of Agricultural Cooperatives in the U. S. W. O. Hedrick. 8(1): 43. 1925.

- Cooledge, Professor Leslie H.—Obituary. F. W. Fabian. 8(3): 151-152. 1926.
 Copper Dusts Control Celery Early Blight. R. Nelson and L. C. Cochran. 18(3): 163-169. 1936.
 Copper Dust Successful Against Stinking Smut. G. H. Coons. 6(1): 3-8. 1923.

Corn

- Barley Compared to Corn in Dairy Rations. J. E. Burnett and O. E. Reed. 10(1): 3-5. 1927.
- Corn Crops, Methods of Utilizing for Fattening Steers. G. A. Branaman and R. S. Hudson. 18(1): 57-60. 1935.
- Corn, Field, Michigan Hybrid No. 561 a Borer-Resistant. A. R. Marston. 18(4): 223-225. 1936.
- Corn Situation, The. J. F. Cox. 7(2): 46-47. 1924.
- Corn Varieties and Planting Dates are Tested. A. R. Marston. 11(4): 161-163. 1929.
- Curing and Storage of Seed Corn. A. R. Marston and J. R. Duncan. 8(2): 66-68. 1925.
- Does It Pay to Test Seed Corn? C. R. Megee. 1(3): 123-125. 1919.
- Feeding Soft Corn. G. A. Brown. 7(2): 43-44. 1924.
- Hill Fertilization of Corn. C. E. Millar. 5(2): 69-73. 1922.
- Hogging-Down Corn. W. E. J. Edwards and G. A. Brown. 8(3): 171-173. 1926. 7(1): 16. 1924.
- Increase Corn Yields by Fall Field Selection. J. F. Cox. 3(1): 14-16. 1920.
- Methods of Utilizing the Corn Crop for Fattening Steers. G. A. Branaman and R. S. Hudson. 16(1): 17-19. 1933. 17(1): 24-28. 1934.
- Rate of Planting Corn for Grain. J. R. Duncan. 15(4): 292-293. 1933.
- Seed Corn Should be Tested Carefully. J. F. Cox. 8(3): 106. 1926.
- Select Seed Corn Early. J. F. Cox. 1(1): 28-29. 1918.
- Sweet Corn Variety and Strain Test for 1933. J. H. Muncie and A. R. Marston. 16(3): 162-166. 1934.
- Three Good Corn Varieties. J. R. Duncan. 5(3): 122-123. 1923.

CORN BORER

- Corn Borer Affects Farm Management. P. G. Minneman. 12(4): 152-155. 1930.
- Corn Borer Prefers Corn to Common Mugwort. C. B. Dibble and A. R. Marston. 11(2): 69-72. 1928.
- European Corn Borer. R. H. Pettit. 8(2): 59-61. 1925. 2(4): 183. 1920.
- Farm Management Study in the Corn Borer Area. E. B. Hill, R. V. Gunn and G. W. Collier. 10(2): 41-45. 1927.
- Low Cutting Reduces Corn Borer Menace. C. B. Dibble and A. R. Marston. 12(1): 3-5. 1929.
- Machinery and Corn Borer Control. H. H. Musselman. 9(2): 35-36. 1926.
- Recent Progress in Breeding Borer-Resistant Corn. A. R. Marston. 15(4): 264-268. 1933.
- Topping Corn Does Not Control Borer. C. B. Dibble and A. R. Marston. 11(4): 195-197. 1929.
- Value of Plowing for Controlling Borer Tested. C. B. Dibble. 10(2): 58-59. 1927.
- Corn Earworms as a Greenhouse Pest. E. I. McDaniel. 14(3): 183-186. 1932.

Coryneum Blight Injures Mich. Peaches. D. Cation. 14(3): 131-136. 1932.

- Cottonseed and Linseed Meals**, Palatability. G. A. Branaman. 18(4): 253-254. 1936.
- Cottonseed Meal Does Not Constipate Dairy Cattle. L. A. Moore. 12(3): 84-87. 1930.
- Good Rations Stop Cottonseed Meal Injury. C. F. Huffman. 11(4): 164-170. 1929.

Cream, Sediment in Homogenized. G. M. Trout. 17(1): 38-40. 1934.

- Crops**—Dependable Crop Varieties. J. F. Cox and D. Rainey. 3(3): 82. 1921.
- Farm Crops Experiments. J. F. Cox. 3(4): 117-119. 1921.
- Michigan Plan of Developing and Distributing Improved Crop Varieties. J. F. Cox. 3(2): 46-49. 1920.
- Opportune Time to Sell Cash Crops. H. B. Kellough. 4(2): 38-39. 1921.
- Prevention of Crop-Injury by Windstorms on Muck Lands. P. M. Harmer. 8(2): 83-86. 1925.
- Varieties of General Crops for Muck Lands. P. M. Harmer, E. E. Cormany, and E. E. Down. 9(3): 83-89. 1927.

- Crow in Michigan, The. A. J. Conger. 3(3): 108-109. 1921.
 Cucumber Beetle, The Striped. R. H. Pettit. 5(4): 169-170. 1923.
 Cutworms, Poison Baits for Grasshoppers and. R. H. Pettit. 9(4): 145-147. 1927.
 Cyanamide, Calcium, in Orchards, Observations in 1935 on the Use of. G. F. Gray.
 18(3): 170-172. 1936.

D.

- Dahlias, A Method of Rapid Propagation of. C. E. Wildon. 16(4): 253-254. 1934.
 Dairy Cattle—See under **Cattle**.
 Dairy Equipment, Sterilization of. W. J. Mallmann. 14(4): 244-245. 1932.
 Dairy Exhibit. S. J. Brownlee. 2(4): 181-183. 1920.
 Dairy Herd Improvement Associations, Dairy Progress Shown by. A. C. Baltzer.
 15(1): 38-40. 1932.
 Dairy Outlook. A. C. Anderson. 1(3): 107. 1919.
 Dairy Practices, Hygienic Survey of. D. B. Shutt. 8(1): 48-49. 1925.

Dairy Records

- Analysis of Dairy Records. F. T. Riddell and S. J. Brownlee. 4(4): 120-121. 1922.
 Dairy Costs and Returns in Michigan. K. T. Wright. 17(1): 34-38. 1934. 16(1):
 8-13. 1933.
 Dairy Costs and Returns in Michigan. P. F. Aylesworth. 18(1): 53-56. 1935.

- Derris and Pyrethrum Insecticides as Arsenical Substitutes. R. Hutson. 16(4):
 241-242. 1934.

Disinfectants

- Does Hydrated Lime or 20% Superphosphate Kill Any Bacteria When Used in
 the Dairy Barn? C. S. Bryan and F. A. Andrews. 16(4): 230-236. 1934.
 Find Disinfectants Slightly Affect Eggs. J. L. Boyd. 10(4): 175-178. 1928.
 Seed Potato Disinfectants Compared. H. C. Moore and E. J. Wheeler. 12(3):
 94-95. 1930.

- Diversified Farming After the War. 1(4): 153-154. 1919.

Drainage

- Drainage Control on Muck Land. H. H. Musselman. 7(4): 138-139. 1925.
 Mole Drainage Tested in Mich. Soils. O. E. Robey. 12(4): 139-141. 1930.
 Vertical Drainage. H. H. Musselman. 4(3): 97-98. 1922.

- Drought—The Comparative Ability of Seedlings of Alfalfa, Clovers, and Grasses to
 Survive Drought. H. L. Dunton and C. R. Megee. 16(4): 258-259. 1934.
 Dunbar Experiment Station Forest. A. K. Chittenden. 9(1): 13-16. 1926.
 Dunbar Station Studies Forestry Practices. P. Robbins. 11(3): 107-109. 1929.
 Dust Storms—Suggest Methods to Control Inland Sand Blows. K. Dressel. 12(3):
 98-101. 1930.
 Dutch Elm Disease—A Warning. F. C. Strong. 15(1): 6-8. 1932.

Eggs and Egg Production

- Breeding for Egg Production. C. H. Burgess. 2(4): 190-192. 1920.
 Cost of Producing Eggs in 1932. P. F. Aylesworth. 15(3): 157-160. 1933.
 Egg Production and Broodiness. C. M. Ferguson. 6(4): 162-168. 1924.
 Egg Production Costs and Returns in Michigan. K. T. Wright. 16(3): 154-160.
 1934. 17(3): 130-135. 1935.
 Eighth Mich. Egg Laying Contest Closes. E. S. Weisner. 13(2): 81-82. 1930.
 Feeding for Eggs. C. M. Ferguson. 8(3): 178-181. 1926.
 Find Disinfectants Slightly Affect Eggs. J. L. Boyd. 10(4): 175-178. 1928.
 Michigan Contest Completes Tenth Successful Year. E. S. Weisner. 15(3):
 175-177. 1933.

Eggs and Egg Production—Continued

- Michigan Contest Has Successful Year. E. S. Weisner. 14(3) : 124-125. 1932.
 Michigan Hens Have Good Rating in Contest. E. S. Weisner. 12(4) : 144-145. 1930.
 Poultry House Heater Helps Egg Production. O. E. Robey. 13(2) : 78-80. 1930.
 Protein Feeds Increase Egg Yields. E. C. Foreman. 5(1) : 13-15. 1922.
 Winter Egg Production. E. C. Foreman. 5(2) : 55-59. 1922.
 Winter Egg Production. C. M. Ferguson. 7(4) : 140-143. 1925.

Electricity and Electric Equipment

- Choosing a Home Electric Lighting Plant. F. E. Fogle. 9(2) : 41-44. 1926.
 Electricity Gives Farmers a New Hired Man. H. J. Gallagher. 10(4) : 178-179. 1928.
 Electric Heater for the Milking Room of the Pen Type Dairy Barn. O. E. Robey. 18(2) : 117-120. 1935.
 Electric Motor Drives Elevator and Grinder. O. E. Robey. 11(1) : 32-33. 1928.
 Farm Electric Plant. F. E. Fogle. 3(4) : 119-121. 1921.
 Fuel Costs of a Private Lighting Plant. F. E. Fogle. 8(3) : 196-198. 1926.
 Multi-Speed Reduction Unit with Direct Drive for Electric Motor Operation. H. J. Gallagher. 16(3) : 130-132. 1934.
 Selecting Electric Motor for Pumping Water. W. H. Sheldon. 13(4) : 190-194. 1931.
 Use of Electricity on the Farm. H. J. Gallagher. 9(2) : 36-39. 1926.
 Elevator—Electric Motor Drives Elevator and Grinder. O. E. Robey. 11(1) : 32-33. 1928.
 Elm—A New Significance Concerning Insects Attacking Elm. E. I. McDaniel. 17(3) : 142-144. 1935.
 Dutch Elm Disease—A Warning. F. C. Strong. 15(1) : 6-8. 1932.
 Elm Aphis, Woolly. E. I. McDaniel. 18(1) : 9-11. 1935.
 Elm Leaf Beetle. R. H. Pettit. 7(1) : 20-21. 1924.
 Ensilage Cutter—Operating the Ensilage Cutter with Electric Motor. O. E. Robey. 10(2) : 37-39. 1927.
 Entomological Notes. H. R. Pettit. 1(1) : 21-22. 1918.
 Equine Pregnancy, Results of a Rabbit Ovulation Test for. J. J. Arnold. 18(1) : 46-48. 1935.
 Ergot on Barley Does Not Harm Cattle. R. E. Horwood and G. W. Putnam. 14(2) : 84-85. 1931.
 Erosion—Saving Surface Soil and Preventing Erosion. L. R. Taft. 14(4) : 235-237. 1932.
 European Starling in Michigan. J. W. Stack. 15(4) : 240-242. 1933.
 Excavating—Equipment for Excavating Marl. H. H. Musselman. 9(1) : 17-21. 1926.
 Explosives: Sodamol—A New Agricultural Explosive. A. J. Adams. 6(2) : 52-53. 1923.

F.**Farm**

- Census Shows Fewer Farms in Mich. E. B. Hill. 13(4) : 206-209. 1931.
 What the Farm Contributes to the Farm Family Income. E. B. Hill and H. A. Berg. 14(2) : 94-96. 1931.

Farm Accounting and Records

- Accounting Records for Beekeepers. R. H. Kelty and F. T. Riddell. 4(4) : 148-149. 1922.
 Factors Affecting Farm Income Studied. E. B. Hill. 11(1) : 27-29. 1928. 11(2) : 47-51. 1928.
 Farm Account Records for 1931. A. M. Hauke. 15(2) : 74-80. 1932.
 Farm Accounting. 2(3) : 109-112. 1920.
 Farm Business Studied in Kalamazoo County. F. T. Riddell. 12(2) : 44-50. 1929.
 Farm Practices that Pay. E. B. Hill and P. F. Aylesworth. 15(3) : 160-166. 1933.
 Farm Records and Accounts. H. M. Eliot. 3(3) : 91-92. 1921.
 Method of Computing Machinery Costs. E. C. Sauve. 13(4) : 187-190. 1931.
 What Changes are Farmers Making? P. F. Aylesworth. 15(2) : 80-85. 1932.

Farm Equipment—Pneumatic Tired Equipment for Farm Use. E. C. Sauve. 16(4): 278-281. 1934.

Farmhouse, Remodeling an Old. H. J. Gallagher. 6(4): 174-175. 1924.

Farm Lands—Trends in the Use of Farm Lands in the Upper Peninsula of Michigan. E. B. Hill. 15(4): 227-231. 1933.

Feeds and Feeding—See Also—Cattle, Lambs, Horses, Swine—under Feeding.

Comparative Values of Mixed Feeds for Horses. R. S. Hudson. 16(1): 34-39. 1933.

Feeds and Fertilizer Analysis. A. J. Patten. 4(1): 8-9. 1921.

Feed and Livestock Product Price Ratios. E. B. Hill and P. F. Aylesworth. 15(2): 85-90. 1932.

Home Made Feed Mixture. H. J. Gallagher. 16(3): 133-136. 1934.

Mineral Feeding Investigations. O. E. Reed and C. F. Huffman. 7(1): 14-16. 1924.

Mixed Feed Service. J. E. Burnett. 8(2): 69-70. 1925.

New Feeds. A. J. Patten. 1(1): 15-16. 1918.

Protein Supplements Decrease Feeding Costs. G. A. Brown. 12(2): 40-42. 1929.

Study Feed Values for Pork Production. W. E. J. Edwards and G. A. Brown. 10(4): 158-160. 1928.

Fence Posts

Durability of Fence Posts. A. K. Chittenden. 5(3): 137-139. 1923.

Preservative Treatment of Fence Posts. A. K. Chittenden. 1(4): 179-181. 1919.

Fertilizers and Fertilizing—See also: Alfalfa; Asparagus; Apples, Barley; Beets; Cherries; Clover; Corn, Flax; Peaches; Potatoes; Radishes; Raspberries; Tomatoes; Wheat; Phosphorus; Nitrogen.

Commercial Fertilizers for 1919. A. J. Patten. 1(3): 137-138. 1919.

Economical Fertilization of Muck Lands. P. M. Harmer. 6(3): 101-103. 1924.

Effect of Soil Handling on the Efficiency Resulting from Rate of Fertilizer Application. J. G. Lill and L. A. Hurst. 16(2): 95-98. 1933.

Effect of Superphosphate, Hydrated Lime, and Straw on the Loss of Nitrogen from Manure During Storage. C. E. Millar and L. S. Carter. 16(3): 136-146. 1934.

Fall Crop Fertilizers. M. M. McCool, G. M. Grantham, and C. W. Simpson. 4(1): 3-5. 1921.

Feeds and Fertilizer Analyses. A. J. Patten. 4(1): 8-9. 1921.

Fertilization and Quality of Muck Crops. P. M. Harmer and A. G. Weidemann. 8(3): 130-134. 1926.

Fertilization of Michigan Muck Soils. P. M. Harmer. 5(3): 98-100. 1923.

Fertilizer Analyses. 1(3): 126. 1919.

Fertilizers for Fall Delivery. A. J. Patten. 2(1): 19-20. 1919.

Fertilizers, Residual Effect of. R. L. Cook and C. E. Millar. 18(4): 227-234. 1936.

Fertilizers for Spring Crops. G. M. Grantham. 5(3): 95-97. 1923.

Fertilizers, Soluble Nitrogen, Effect of Spring Application on Yields of Wheat on Heavy Soils. R. L. Cook and C. E. Millar. 18(3): 182-192. 1936.

Fertilizing Heavy Soils in S. W. Michigan. G. M. Grantham. 6(3): 97-98. 1924.

Fertilizing Light Soils in S. W. Michigan. G. M. Grantham. 6(3): 99-100. 1924.

Fertilizing the Forest Nursery. P. A. Herbert. 8(3): 188-192. 1926.

Five Years' Results with Fertilizers on a Demonstration Farm in Tuscola County. C. E. Millar and R. L. Cook. 17(3): 116-130. 1935.

Good Practices Increase Yield of Pastures. M. M. McCool and M. D. Weldon. 12(3): 107-110. 1930.

High Grade Fertilizers Most Economical. A. J. Patten. 2(4): 179-181. 1920.

Lime and Fertilizer Test. M. M. McCool and G. M. Grantham. 4(3): 80-85. 1922.

Recommended Soil Treatment for Fall Grains. G. M. Grantham. 11(1): 17-19. 1928.

Spring Fertilization of Fall Seeded Grains. G. M. Grantham. 7(3): 85-86. 1925.

Some Results of Fertilizers on Muck Soils. M. M. McCool and P. M. Harmer. 4(2): 45-51. 1921.

Use of Nitrogen in Muck Fertilization. P. M. Harmer. 7(3): 92-96. 1925.

- Field Peas Offer Possibilities as a Summer-Seeded Green Manure. H. R. Pettigrove. 18(4) : 263-265. 1936.
- Flat Head Borers, A Repellent for. R. H. Pettit. 5(4) : 170-171. 1923.
- Flax**—Fertilizer Experiments with Seed and Fiber Flax in Chippewa County. B. B. Robinson and A. G. Weidemann. 14(3) : 158-161. 1932.
- Fiber Flax Production in Mich. C. R. Megee. 7(3) : 102-104. 1925.
- Fiber Flax Variety Test 1925. B. B. Robinson. 9(1) : 8-11. 1925.
- Seed Flax Varieties in Mich. B. B. Robinson. 15(4) : 274-275. 1933.
- Flies, Methods of Combating. J. E. Burnett. 1(1) : 18-19. 1918.
- Flock Management, Care Now Necessary in. G. A. Brown. 10(3) : 105-107. 1928.
- Floors**—Asphalt Concrete for Floor Construction. C. H. Jefferson. 17(1) : 3-9. 1934.
- Durable Finishes for Any Kind of Floors. C. H. Jefferson. 15(4) : 282-285. 1933.
- Fluorine—Effect of, on Dairy Cattle Ration. G. E. Taylor. 11(3) : 101-109. 1929.
- Food—Samples—Directions for Submitting for Bacteriological Analysis. C. S. Bryan and E. D. Devereux. 16(3) : 146-148. 1934.

- Preventing Fruit Tree Injury by Field Mice. W. C. Dutton. 3(1) : 23-26. 1920.
- Pruning of Small Fruits. R. E. Loree. 5(3) : 63-65. 1922.
- Relationship Between Soil Profile and Root Development in Fruit Trees. J. O. Veatch and N. L. Partridge. 14(3) : 200-207. 1932.
- Ringling Fruit Trees Sometimes Causes Blight. H. A. Cardinell. 13(1) : 12-15. 1930.
- San Jose Scale Returns to Michigan. R. H. Pettit. 14(3) : 186-188. 1932.

Fuel

- Fuel Conservation. A. K. Chittenden. 1(1): 22-24. 1918.
 Fuel Costs of a Private Lighting Plant. F. E. Fogle. 8(3): 196-198. 1926.
 Tractor Fuels. E. C. Sauve. 15(4): 287-292. 1933.

Fumigation to Control Insects Infecting Stored Food Products. 16(3): 167-173. 1934.

Fungicides—Analysis of Insecticides and Fungicides. A. J. Patten. 1(4): 162. 1919.

Fungous Diseases Attack Trees in Wet Season. F. C. Strong. 11(1): 13-17. 1928.

G.

Game Birds—Artificial Incubation and Brooding of Game Birds. E. S. Weisner. 17(3): 113-116. 1935.

Game Food, Propagation of Trees and Shrubs for. P. W. Robbins. 18(1): 35-37. 1935.

Garden—Fall Work in the Garden. C. W. Waid. 3(1): 22-23. 1920.

Gilts—Selecting Gilts. G. A. Brown. 2(1): 6-7. 1919.

Gladiolus Thrips. E. I. McDaniel. 15(3): 168-172. 1933.

Glymol—A Coloring Matter for Glymol. P. S. Lucas. 7(3): 107. 1925.

Goats—Abortion and Wasting Disease in Goats. I. F. Huddleson. 2(4): 169-170. 1920.

Golden Glow—Borer Damage to Golden Glow Plants. E. I. McDaniel. 11(3): 124-126. 1929.

Grain

Cooperative Overstate Grain Variety Tests. D. F. Rainey. 5(3): 108-109. 1923.

Fed to Swine, Returns from. V. A. Freeman. 18(2): 114-116. 1935.

Five Years' Results with Fertilizers on a Demonstration Farm in Tuscola County. R. L. Cook and C. E. Millar. 17(3): 116-130. 1935.

Grinding and Elevating Grain with $\frac{1}{2}$ H. P. Motor. H. J. Gallagher. 15(3): 146-151. 1933.

High vs. Low Protein Grains with Pasture. R. E. Horwood. et. al. 18(1): 22-24. 1935.

International Grain and Hay Show. H. C. Rather. 5(3): 103-104. 1933.

Marketing Grains and Roughages Through Livestock. G. A. Brown, G. A. Branaman, and V. A. Freeman. 15(1): 3-6. 1932.

Michigan Has Record Small Grain Crops. P. R. Miller. 13(2): 83-85. 1930.

Recommended Soil Treatments for Fall Grains. G. M. Grantham. 11(1): 17-19. 1928.

Sectional Variety Tests of 1919. Corn, Oats, Barley, and Soybeans. J. F. Cox. 2(3): 126-128. 1920.

Grafting

An Experiment in Vineyard Grafting. L. R. Farish. 16(4): 290-292. 1934.

Errors in Methods Cause Faulty Graft Unions. F. C. Bradford. 12(2): 58-61. 1929.

Get Ready to Top Graft Apple Trees. C. P. Halligan. 1(2): 72-73. 1918.

Grapes

An Experiment in Vineyard Grafting. L. R. Farish. 16(4): 290-292. 1934.

Commercial Fertilizers for Grapes. N. L. Partridge. 7(3): 98-100. 1925.

Find Promising Grape Variety for Local Markets. N. L. Partridge. 14(1): 33-35. 1931.

Fredonia—A Promising Blue Grape for Early Market. N. L. Partridge. 15(3): 183. 1933.

Moore Early Grape Not Recommended for Mich. N. L. Partridge. 13(3): 130-131. 1931.

Three New Early Grapes Show Promise. H. M. Wells. 10(2): 46-48. 1927.

Three New Early Grape Varieties Recommended. H. M. Wells. 12(3): 105-106. 1930.

Grape—Berry Moth

- The Control of the Grape-Berry Moth. R. H. Pettit. 5(3) : 141-142. 1923.
 The Grape-Berry Moth in 1932. R. H. Pettit. 14(3) : 167-170. 1932.

Green Manure, Field Peas Offer Possibilities as a Summer Seeded. H. R. Pettigrove. 18(4) : 263-265. 1936.

Grinder—Electric Motor Drives Elevator and Grinder. O. E. Robey. 11(1) : 32-33. 1928.

Grasshoppers

- Grasshopper Control Pays. R. Hutson. 17(2) : 72-74. 1934.
 Poison Baits for Grasshoppers and Cut-Worms. R. H. Pettit. 9(4) : 145-147. 1927.
 Poisoned Bait Controls Grasshoppers. R. Hutson. 15(1) : 20-22. 1932.

Growth Rate of Second Growth Hardwoods. R. H. Westveld. 18(1) : 32-35. 1935.

Guinea Pigs—The Vaccinal Immunization of Guinea Pigs. I. F. Huddleson. 7(2) : 63-66. 1924.

H.**Hardwoods**

- Growth Rate of Second Growth. R. H. Westveld. 18(1) : 32-35. 1935.
 Hardiness in the English Walnut, Relation of Geographic Strain to. J. A. Neilson. 18(1) : 15-22. 1935.
 Hardiness of Shrubs at Grand Rapids, Mich.; Winter of 1933-1934. J. E. Wilde. 18(1) : 24-28. 1935.
 Hardwood Lands After Logging. P. A. Herbert. 7(1) : 26-30. 1924.
 Pine vs. Hardwoods. A. B. Bowman. 16(3) : 196-199. 1934.
 Planted Hardwoods Differ in Rate of Growth. D. J. Weddell. 15(1) : 35-36. 1932.
 Second Growth Hardwood Forests in Mich. P. L. Buttrick. 6(2) : 61. 1923.
 Yield Table for Second Growth Hardwoods. A. K. Chittenden. 12(2) : 42-44. 1929.

Hay—A Case of Spontaneous Combustion. H. H. Musselman. 17(4) : 175-182. 1935.

- Experiments in Curing Sudan Grass Hay. R. H. Morrish. 14(2) : 101-103. 1931.
 Haying Time. C. R. Megee. 8(3) : 168-169. 1926.
 Hay is Necessary in Ration for Dairy Cattle. C. F. Huffman. 11(1) : 3-6. 1928.
 Hays and Haying Methods for the Upper Peninsula. B. R. Churchill. 18(4) : 211-217. 1936.
 Importance of Well-Cured Hay to Cattle. 8(1) : 10-13. 1925.
 Meeting the Hay Shortage. J. F. Cox. 1(4) : 170-172. 1919.
 Mint Hay vs. Alfalfa Hay for Milk Production. G. E. Taylor and E. L. Anthony. 15(1) : 25-27. 1932.
 Short Season Hay Crops. C. R. Megee. 4(3) : 72-73. 1922.
 Short Season Hay Crop Experiments. C. R. Megee. 2(3) : 125-126. 1919.

Heater, Chatham for the Small Sash House. J. G. Wells. 18(3) : 148-151. 1936.

Heater, Electric for the Milking Room of the Pen Type Dairy Barn. O. E. Robey. 18(2) : 117-120. 1935.

Hemlock Measuring Worm. C. B. Dibble. 8(3) : 145-148. 1926.

Hemp—A Northern Seed Maturing Hemp. F. A. Spragg. 5(4) : 168. 1923.
 Depth of Plowing Influences Yields of Hemp. B. B. Robinson. 10(3) : 94. 1928.

Herefords—The College Herefords. G. A. Brown. 2(2) : 65. 1919.

High vs. Low Protein Grain with Pasture. R. E. Horwood. et. al. 18(1) : 22-24. 1935.

Hitches, Multiple. H. H. Musselman. 1(3) : 112-113. 1919.

Hollow Heart—See Potatoes—Diseases.

Home—Improving the Appearance of the Home. H. J. Gallagher. 7(4) : 132-135. 1925.

Honey—May be Used in Ice Cream. P. S. Lucas. 12(4) : 142-143. 1930.

Yeasts Cause Fermentation of Honey. F. W. Fabian. 11(1) : 11-13. 1928.

Honey and Maple Syrup Vinegar. Z. N. Wyant. 3(3) : 105. 1921.

Horses—Also see **Colts**

Alfalfa and Horses. R. S. Hudson. 7(3) : 75-79. 1925. 6(4) : 151-154. 1924.

Comparative Values of Mixed Feeds for Horses. R. S. Hudson. 16(1) : 34-39. 1933.

Direct Costs on Horses. H. M. Eliot. 4(3) : 94-95. 1922.

Economic Winter Rations for Farm Work Horses. 1926-1927. R. S. Hudson. 10(1) : 21-22. 1927.

Future of the Horse Market. R. S. Hudson. 1(3) : 95-97. 1919.

Horse Situation. R. S. Hudson. 7(4) : 154-157. 1925.

Salt for Horses. R. S. Hudson. 8(3) : 103-105. 1926.

Silage for Horses. G. A. Brown. 1(2) : 45. 1918.

Study of Horses on Farm Account Keeping Farms in Mich. A. M. Hauke. 16(4) : 224-230. 1934.

Horticultural Notes. H. J. Eustace. 1(3) : 133. 1919. 1(4) : 183-186. 1919.

Hort. Notes. C. P. Halligan. 2(2) : 90-91. 1919.

House Plants—Mealy Bugs on House Plants. E. I. McDaniel. 6(2) : 69-71. 1923.

Huban Clover as a Field Crop. J. F. Cox. 4(3) : 75-77. 1922.

Hughes Annual Sweet Clover. F. A. Spragg and E. E. Down. 3(1) : 16-17. 1920.

Ice House, A Farm. F. E. Fogle. 4(2) : 56-58. 1921.

Immunization (Vaccinal) of Guinea Pigs. I. F. Huddleson. 7(2) : 63-66. 1924.

Implement Shed is Good Economy. F. E. Fogle. 11(2) : 76-77. 1928.

Incubators and Incubation. See Also Poultry.

Artificial Incubation and Brooding of Game Birds. E. S. Weisner. 17(3) : 113-116. 1935.

Electrically Operated Incubator Satisfactory. O. E. Robey. 10(3) : 86-88. 1928.

Electrifying Kerosene Incubator. O. E. Robey. 13(3) : 114-115. 1931.

Inoculation

Fall Inoculation of Vetch. R. M. Snyder. 7(1) : 32-33. 1924.

Inoculation of Legumes. F. S. Davenport. 4(3) : 109-110. 1922.

Inoculation of Legumes. R. M. Snyder. 2(3) : 117. 1920. 7(3) : 111-112. 1925. 2(1) : 12-13. 1919. 3(3) : 101-105. 1921. 5(3) : 112-113. 1923.

Legume Inoculation. C. G. Nobles. 1(3) : 100. 1919. 1(4) : 158-159. 1919.

Soy Bean Inoculation. R. M. Snyder. 2(4) : 171-172. 1920.

Insecticides

Analyses of Insecticides and Fungicides. A. J. Patten. 1(4) : 162. 1919.

Pyrethrum and Derris Insecticides as Arsenical Substitutes. 16(4) : 241-242. 1934.

Insects

- Control of Insects Infesting Stored Food. E. I. McDaniel. 16(3) : 167-173. 1934.
 Insect Damages Chippewa County Pea Crop. R. H. Pettit. 14(2) : 87-89. 1931.
 Principal Insect Pests of Juniper in Michigan. E. I. McDaniel. 16(4) : 244-246. 1934.
 Pyrethrum a Safe Winter Control of Insect Pests. C. B. Dibble. 15(4) : 219-221. 1933.
 Insulating Value of Building Materials. F. E. Fogle. 10(3) : 97-104. 1928.
 Insulation, Native Materials for. C. H. Jefferson and C. S. Bryan. 18(2) : 75-81. 1935.

Iodine

- Direct Iodizing of Milk is Possible. E. D. Devereux. 11(4) : 193-194. 1929.
 On the Vermicidal Value of Iodine. W. L. Chandler. 6(3) : 112-119. 1924.
 Iowa No. 444 is Desirable Oat for Upper Peninsula. D. L. Clanahan. 18(3) : 159-161. 1936.
 Iris Borer Control. E. I. McDaniel. 18(2) : 92-94. 1935.
 Iris Borer Now Attracts Attention. E. I. McDaniel. 10(1) : 6-8. 1927.
Irrigation—Irrigating Potatoes with a Porous Canvas Hose. O. E. Robey. 14(3) : 142-146. 1932.
 Irrigation Experiments. R. E. Loree. 4(2) : 55-56. 1921.
 Selecting the Pump, Power, and Piping for Irrigation Purposes. O. E. Robey. 14(4) : 247-253. 1932.
 Some Studies of the Need for Irrigation. O. E. Robey. 14(2) : 71-76. 1931.
 Using Porous Hose in High Row Crops. O. E. Robey. 17(4) : 225-228. 1935.

J.

- Jack Pine at East Lansing. P. A. Herbert. 8(2) : 81-83. 1925.
 Japanese Beetle. R. Hutson. 15(3) : 166-168. 1933.
 Japanese Beetle. R. H. Pettit. 7(2) : 58-59. 1924.
 June Beetles, Occurrence in Michigan. W. F. Morofsky. 15(4) : 225-226. 1933.
 Juniper, The Principal Insect Pests in Mich. E. I. McDaniel. 16(4) : 244-246. 1934.

K.

- Kalamazoo County, Agricultural Conditions in. M. M. McCool. 6(1) : 28-33. 1923.

L.**Lambs—Feeding**

- Cost of Fattening Lambs in 1930-1931. D. H. LaVoi and K. T. Wright. 14(4) : 279-283. 1932.
 Fattening Rations for Western Lambs Tested. G. A. Brown and G. A. Branan. 12(3) : 82-84. 1920.
 Lamb Feeding Costs and Returns in Mich. P. F. Aylesworth. 16(1) : 26-30. 1933. 17(1) : 9-15. 1934.
 Make Tests of Rations for Lambs. G. A. Brown. 14(1) : 45-48. 1931.
 Rations for Self-Feeding Fattening of Lambs. G. A. Brown. 16(1) : 3-7. 1933.
 Self-Feeding vs. Hand-Feeding Fattening Lambs. G. A. Brown. 16(3) : 160-162. 1934.
 Studies in Lamb Feeding. L. H. Blakeslee. 17(4) : 192-196. 1935.

Land Utilization

- Land Utilization in Southern Mich. M. M. McCool and F. W. Trull. 8(3) : 127-130. 1926.
 Shifts in Farm Land Utilization in Mich. E. B. Hill and P. F. Aylesworth. 14(2) : 96-100. 1931.
 Laws Governing the Packing and Labeling of Fruits and Vegetables for State and Interstate Shipment. C. P. Halligan. 1(1) : 32-33. 1918.
 Leaf-Hoppers Easily Controlled. E. I. McDaniel. 10(4) : 171-172. 1928.

Legumes—See Inoculation.

Adopt New Policy of Legume Culture Distribution. W. Giltner. 10(3) : 126-127. 1928.

More Legumes are Needed in Mich. M. M. McCool. 3(1) : 5. 1920.

Study Made of Root Development of Legumes. M. M. McCool. 10(3) : 131-135. 1928.

Lightning Rods. H. H. Musselman. 4(1) : 16-19. 1921.

Lime—Additional Information Concerning Lime. M. M. McCool. 2(2) : 95-97. 1919.

Lime and Fertilizer Tests. M. M. McCool and G. M. Grantham. 4(3) : 80-85. 1922.

Lime Carriers Containing Magnesium. M. M. McCool and G. M. Grantham. 8(3) : 124-126. 1926.

Lime for Spraying Purposes. W. C. Dutton. 15(4) : 268-271. 1933.

Lime Situation in S. W. Michigan. L. C. Wheating. 4(4) : 132-134. 1922.

Movement of Lime in Soils as Determined by Soil Reaction. A. G. Weidemann. 18(4) : 254-259. 1936.

New Lime Spreader. H. H. Musselman. 5(1) : 26-30. 1922.

Linseed and Cottonseed Meals, Palatability. G. A. Branaman. 18(4) : 253-254. 1936.

Linoleum, How to Lay and Maintain. C. H. Jefferson. 17(4) : 182-185. 1935.

Livestock—See also Colts, Horses, Sheep, Swine, Cattle, etc.

College Livestock at 1923 International. W. E. J. Edwards. 6(3) : 109-112. 1924.

College Winnings at 1922 International. W. E. J. Edwards. 5(3) : 100-103. 1923.

Livestock Production in 1921. G. A. Brown. 3(3) : 77-78. 1921.

Michigan Livestock Improvement. G. A. Brown. 1(3) : 91. 1919.

Michigan Livestock Situation. G. A. Brown. 4(4) : 117-118. 1922.

Summer Livestock Management. G. A. Brown. 3(4) : 140-141. 1921.

Locust, 17-year, or Periodical Cicada in Michigan for 1936. E. I. McDaniel. 18(3) : 151-153. 1936.

Log Rules Often Give Inaccurate Estimate. J. C. DeCamp. 10(1) : 17-20. 1927.

Long Spruce Gall. E. I. McDaniel. 16(2) : 73-75. 1933.

M.

Machinery Costs, Method of Computing. E. C. Sauve. 13(4) : 187-190. 1931.

Maggots—Cabbage Root Maggot Control. R. E. Loree. 4(3) : 92-93. 1922.

Mushroom Maggots. E. I. McDaniel. 15(2) : 72-74. 1932.

Magnesium, Lime Carriers Containing. M. M. McCool and G. M. Grantham. 8(3) : 124-126. 1926.

Manure

Green Field Peas Offer Possibilities as a Summer-Seeded Manure. H. R. Pettigrove. 18(4) : 263-265. 1936.

The Care of Manure. C. E. Millar. 1(2) : 77-79. 1918.

The Conservation of Manure. Z. N. Wyant. 3(2) : 61-62. 1920.

Maple Syrup and Sugar

Butternut Produces "Maple Syrup". P. A. Herbert. 7(2) : 62-63. 1924.

Cost of Making Maple Syrup. A. K. Chittenden. 8(3) : 141-142. 1926.

Honey and Maple Syrup Vinegar. Z. N. Wyant. 3(3) : 105. 1921.

Maple Syrup Making. P. A. Herbert. 5(3) : 139-141. 1923.

Notes on Maple Syrup Making. A. K. Chittenden. 6(3) : 121-123. 1924. 1(3) : 127-128. 1919.

Shall the Maple Syrup Maker Disappear from Michigan? F. H. Sanford. 2(2) : 89-90. 1919.

Volume of Sugar Maple Trees. A. K. Chittenden. 7(4) : 160-161. 1925.

Weather and Maple Sugar Production. P. A. Herbert. 7(2) : 60-62. 1924.

Maple Wilt. F. C. Strong. 18(4) : 225-227. 1936.

Nitrogen

- Available Nitrogen on Every Farm. Z. N. Wyant. 3(4) : 143. 1921.
 Nitrogen Content of Alfalfa. M. M. McCool. 8(3) : 122-124. 1926.
 Nitrogen Fertilizers, Soluble, Effect of Spring Applications on Yields of Wheat on Heavy Soils. R. L. Cook and C. E. Millar. 18(3) : 182-192. 1936.
 Nitrogen Fixation in Some Michigan Soils. L. M. Turk. 15(3) : 183-190. 1933.
 Nitrogen Fixation by Non-Leguminous Plants. R. M. Snyder. 8(1) : 34-36. 1925.
 Northern Spy, Pollination of. L. Joley. 18(4) : 240-242. 1936.

O.

- Oak Twig Pruner. E. I. McDaniel. 15(1) : 19-20. 1932.

Oats

- Comparison of Oat Feed and Oat Straw for Dairy Cattle. E. L. Anthony and G. E. Taylor. 17(1) : 15-23. 1934.
 Early Planting of Oats Advisable in Upper Peninsula. B. R. Churchill. 16(3) : 188-190. 1934.
 Markton Oats Need No Treatment for Smut. E. E. Down, G. F. Wenner and H. C. Rather. 14(3) : 193-198. 1932.
 Oats for the Upper Peninsula, Iowa No. 444. D. L. Clanahan. 18(3) : 159-161. 1936.
 Oat Rust Damage Severe in Upper Peninsula. B. R. Churchill. 11(3) : 111-115. 1929.
 Oat Smut Again Makes Treatment Necessary. G. H. Coons. 2(3) : 118-119. 1920.
 Oat Variety Tests in St. Clair County. D. F. Rainey. 7(3) : 101. 1925.
 Pedigreed Oats. F. A. Spragg. 1(3) : 122-123. 1919.
 Wild Oats in Mich. F. A. Spragg and E. A. Bessey. 1(2) : 67-68. 1918.
 Old Home Pear as a Pollenizer. S. Johnston. 18(4) : 218-219. 1936.

Onions

- The Economics of Onion Production in Mich. K. T. Wright. 17(4) : 208-212. 1935.
 Onion Costs of Production in Michigan in 1935. K. T. Wright. 18(4) : 238-240. 1936.
 Onion Thrips. R. H. Pettit. 6(3) : 107-109. 1924.

Orchards

- Care of Defoliated Cherry Orchards. R. E. Marshall and W. C. Dutton. 5(2) : 61-63. 1922.
 Graphic Comparison of the Topography of Orchard Lands. J. O. Veatch and N. L. Partridge. 17(3) : 98-101. 1935.
 Orchard Cover Crops. I. T. Pickford. 2(1) : 40-43. 1919.
 Select Orchard Sites on Fertile Soils, Avoiding Frost Pockets. N. L. Partridge and J. O. Veatch. 15(4) : 248-250. 1933.
 Oriental Fruit Moth, Native Parasites as a Control for. J. M. Merritt. 15(4) : 224-225. 1933.
 Output in Agriculture, Control of. C. F. Clayton. 8(2) : 87-89. 1925.
 Ox Bot, Method to Reduce Loss by. R. H. Pettit. 14(3) : 190-191. 1932.
 Ox Warbles. W. L. Chandler. 1(4) : 166-167. 1919.
 Oyster-Shell Scale Causes Serious Losses. E. I. McDaniel. 13(3) : 112-114. 1931.

P.

- Palatability of Cottonseed and Linseed Meals. G. A. Branaman. 18(4) : 253-254. 1936.
 Parasites, Intestinal of Poultry, Control and Prevention. H. J. Stafseth. 18(1) : 1-5. 1935.
 Pasteurization—See also Milk
 More Efficient Pasteurizing Plants. L. H. Cooledge. 6(4) : 186-188. 1924.
 Pasteurization of Milk. G. L. A. Ruchle. 7(3) : 114. 1925.
 Use High Temperatures to Pasteurize Ice Cream. F. W. Fabian. 13(3) : 132-134. 1931.

Pasture

- Experiments With Alfalfa as Pasture for Dairy Cows. H. C. Rather and A. B. Dorrance. 15(4) : 243-248. 1933.
- Experiments With Permanent Pastures for Sheep. H. C. Rather, G. A. Brown and A. B. Dorrance. 15(2) : 59-68. 1932.
- Feeding Spring Pigs on Pasture. V. A. Freeman. 15(4) : 275-277. 1933.
- Good Practices Increase Yields of Pastures. M. D. Weldon and M. M. McCool. 12(3) : 107-110. 1930.
- High vs. Low Grain With Pasture. R. E. Horwood and G. W. Putnam. 16(1) : 20-22. 1933.
- Pasture for Pigs. W. E. J. Edwards, G. A. Brown and G. A. Branaman. 8(3) : 99-103. 1926.
- Sweet Clover Pasture. O. E. Reed and J. E. Burnett. 4(3) : 77-79. 1922.
- Sudan Grass is Valuable Pasture Crop in Michigan. A. B. Dorrance. 13(4) : 184-187. 1931.

Peas

- Field Peas Offer Possibilities as a Summer Seeded Green Manure. H. R. Pettigrove. 18(4) : 263-265. 1936.
- Growing Peas for Canning Trade. H. C. Moore. 3(3) : 106-108. 1921.
- Insect Damages Chippewa County Pea Crop. R. H. Pettit. 14(2) : 87-89. 1931.

Peaches

- Arsenical Injury to Peaches. C. W. Bennett. 8(3) : 183-185. 1926.
- Arsenical Sometimes Injures Peach Trees. W. C. Dutton. 13(2) : 55-56. 1930.
- California Clingstone Peaches are Unsuitable Here. S. Johnston. 13(3) : 131-132. 1931.
- Controlling the Peach Tree Borer. R. Hutson. 13(3) : 110-112. 1931.
- Coryneum Blight Injures Mich. Peaches. D. Cation. 14(3) : 131-136. 1932.
- Fertile Hale Peach. S. Johnston. 15(3) : 181-182. 1933.
- Fertilizing the Peach Orchard. R. E. Marshall. 16(1) : 31-34. 1933.
- Fruit Setting in the J. H. Hale Peach. V. R. Gardner and S. Johnston. 7(2) : 56-58. 1924.
- Importance of Bees in the J. H. Hale Peach Orchard. V. R. Gardner and S. Johnston. 8(3) : 134-137. 1926.
- New Peach Recommended for Limited Plantings. S. Johnston. 14(3) : 199-200. 1932.
- Peach Leaf Curl, One Spray Controls. D. Cation. 18(2) : 86-88. 1935.
- Pruning the Peach. R. E. Marshall. 14(4) : 284-290. 1932.
- Small Peach Crop in 1918. H. J. Eustace. 1(3) : 134. 1919.
- Some Promising and Unpromising New Peach Varieties. S. Johnston. 16(3) : 185-188. 1934.
- Thinning Peaches. R. E. Marshall. 4(4) : 147-148. 1922.
- Trends in Peach Production. F. C. Bradford. 15(2) : 115-118. 1932.
- Two Lesser Known Pests of Peaches (Green Stink Bug and Peach Silver Mite.) R. Hutson. 15(4) : 221-224. 1933.

Pears

- Campas Pear. H. G. Gould and S. Johnston. 17(3) : 155-157. 1935.
- Conference Pear. S. Johnston. 9(1) : 12-13. 1926.
- Old Home, as a Pollenizer. S. Johnston. 18(4) : 218-219. 1936.
- Oriental Pear Stocks Tested in Mich. S. Johnston. 13(2) : 67-68. 1930.
- Pear Varieties for Local and Distant Markets. S. Johnston. 17(3) : 108-113. 1935.

Peony—Method to Control Root-Knot of Peony. R. Nelson. 14(1) : 10-16. 1931.

Pests—See Also Insects

- Control of Certain Household Pests With Poison Bran Bait. E. I. McDaniel. 17(2) : 67-71. 1934.
- New Pests Which Have Established Themselves in the U. S. R. H. Pettit. 1(3) : 109. 1919.

Phosphorus

- Dairy Cattle Need Phosphorus in Ration. O. E. Reed and C. F. Huffman. 10(4) : 151-156. 1928.
 Phosphorus for Spring Crops. M. M. McCool. 1(3) : 138-141. 1919.
 Solubility of Soil Phosphorus. C. H. Spurway. 3(1) : 28-30. 1920.
 Test Soils for Water Soluble Phosphorus. C. H. Spurway. 9(2) : 64-67. 1926.

Pine—See Also Conifers.

- Best White Pine Seedlings Follow Fall Planting. A. K. Chittenden and P. W. Robbins. 10(3) : 95-97. 1928.
 European Pine Shoot Moth Found in Mich. E. I. McDaniel. 13(2) : 69-71. 1930.
 Pine Seed, White, Stratification of to Speed Germination of Spring Sown Seed. P. W. Robbins. 18(4) : 245-246. 1936.
 Pine vs. Hardwoods. A. B. Bowman. 16(3) : 196-199. 1934.
 Sand Ridge Produces Valuable Timber. P. A. Herbert. 6(4) : 177-180. 1924.
 Station's White Pine Plantation. A. K. Chittenden. 4(3) : 105-106. 1922.
 White Pine Weevil is Increasing in Michigan. E. I. McDaniel. 14(1) : 36-38. 1931.
- Profit in Agriculture. J. T. Horner. 8(3) : 193-196. 1926.

Plowing

- Discing vs. Plowing Corn Land for Oats. J. F. Cox. 3(3) : 83. 1921.
 Fall Plowing. C. H. Spurway. 2(1) : 46-47. 1919.

Poisons and Poisoning

- Control of Certain Household Pests With Poison Bran Bait. E. I. McDaniel. 17(2) : 67-71. 1934.
 Dangers from Poisonous Gases in Silo Filling. F. W. Fabian. 9(1) : 23. 1926.
 Poison Baits for Grasshoppers and Cutworms. R. H. Pettit. 9(4) : 145-147. 1927.
 Poisoned Bait Controls Grasshoppers. R. Hutson. 15(1) : 20-22. 1932.
 Poisoning Green Timber. P. A. Herbert. 6(2) : 60-61. 1923.
- Pollination of Northern Spy. L. Joley. 18(4) : 240-242. 1936.
 Popcorn Varieties. J. R. Duncan. 5(4) : 164-166. 1923.
 Population of Counties in Michigan, Changes Since 1930. 18(4) : 242-245. 1936.

Potatoes

- Bordeaux Used With Profit on Potatoes. G. E. Culver. 4(4) : 134-135. 1922.
 Commercial Fertilizers on Potatoes. C. W. Waid. 3(2) : 54. 1920.
 Early Planted Potatoes Produce Best Quality. J. J. Bird and H. C. Moore. 13(3) : 142-145. 1931.
 Fall and Winter Care of Potatoes. J. E. Kotila. 6(1) : 8-11. 1923.
 Hill Spacing Tests With Potatoes. J. J. Bird, E. J. Wheeler and H. C. Moore. 13(4) : 203-205. 1931.
 Improving the Market Quality of Potatoes. C. E. Cormany. 6(4) : 158-159. 1924.
 Irrigating Potatoes With a Porous Canvas Hose. O. E. Robey. 14(3) : 142-146. 1932.
 Katahdin vs. the Irish Cobbler for Sept. Markets. E. J. Wheeler. 17(3) : 152-155. 1935.
 Michigan Legislature Adopts Standard Grades for Potatoes. J. W. Weston. 8(1) : 27-31. 1925.
 Plant Early Potatoes at Proper Time. C. E. Cormany. 5(3) : 126-128. 1923.
 Plant Late Potatoes on Time. C. E. Cormany. 7(4) : 143-144. 1925.
 Potato Varieties. H. C. Moore. 6(3) : 83-87. 1924.
 Preparing and Fertilizing Potato Soils. F. W. Trull. 9(3) : 94-96. 1927.
 Quack Grass Control in Potato Fields. A. Berridge. 13(3) : 128-130. 1931.
 Standard Grades for Potatoes. H. C. Moore. 6(2) : 47-50. 1923.
 Ventilation of Potato Warehouses. F. E. Fogle. 5(1) : 20-25. 1922.
 Yield and Market Quality of Potatoes. J. W. Weston. 7(4) : 146-149. 1925.

Costs

- Potato Costs Study in State in 1930. K. T. Wright. 14(3): 136-140. 1932.
 Mich. Potato Costs in 1931. K. T. Wright. 15(2): 90-94. 1932.
 Potato Costs in Mich. in 1932. K. T. Wright. 15(4): 234-238. 1933.
 Potato Costs in Mich. in 1933. P. F. Aylesworth. 16(4): 219-224. 1934.
 1921 Potato Costs. F. T. Riddell. 4(3): 93-94. 1922.

DISEASES AND PESTS

- Hollow Heart** of Potatoes. H. C. Moore. 8(3): 114-118. 1926. 9(4): 137-139. 1927.
 Further Studies of Potato Hollow Heart. H. C. Moore and E. J. Wheeler.
 11(1): 20-24. 1928.
Mosaic and Potato Yields in Mich. J. E. Kotila. 5(4): 188-189. 1923.

 Mosaic in Potato Seed Stock. G. H. Coons and J. E. Kotila. 4(4): 135-138. 1932.
 Hopperburn of Potato and Its Control. J. E. Kotila. 3(4): 128-131. 1921.
 Potato-Beetle Destroyer. E. I. McDaniel. 6(4): 185-186. 1924.
 Potato Scab and Type of Soil. G. H. Coons. 3(4): 132-134. 1921.
 Potato Tuber Moth. R. H. Pettit. 15(2): 70-72. 1932.
 Soil Treatments With Mercurials for the Control of Potato Scab. J. H. Muncie
 and C. W. Frutchey. 16(4): 259-263. 1934.
 Tests Show Old Methods Satisfactory (Control of Black Scurf of Potatoes.)
 J. E. Kotila. 10(4): 184-186. 1928.

SEED

- Better Seed Potatoes Produced for Mich. H. C. Moore. 3(2): 52-53. 1920.
 Certified Potato Seed. H. C. Moore. 8(3): 112-114. 1926.
 Elite Potato Seed Produced to Avoid Disease. G. H. Coons and J. E. Kotila.
 11(3): 133-137. 1929.
 Good Seed Potatoes Not Plentiful in this Year. H. C. Moore. 13(3): 145-146.
 1931.
 Michigan Certified Seed Potatoes Show Quality. H. C. Moore. 10(2): 55-57. 1927.
 Progress Shown in Potato Seedling Selection. C. E. Cormany. 10(4): 167-169.
 1928.
 Seed Plat as a Factor in the Improvement of the Potato Crop. H. C. Moore.
 2(3): 136-138. 1920.
 Seed Potato Disease Controls Compared. H. C. Moore and E. J. Wheeler.
 10(4): 163-165. 1928.
 Seed Potato Disinfectants Compared. H. C. Moore and E. J. Wheeler. 12(3):
 94-95. 1930.
 Seed Potato Preparation. R. P. Hibbard. 2(4): 176-179. 1920.
 Selecting Seed for Next Year's Potato Crop. H. C. Moore. 3(1): 20-21. 1920.
 Small Seed Pieces Reduce Potato Yields. E. J. Wheeler. 12(4): 129-130. 1930.
 Treatment of Seed Potatoes. G. H. Coons. 2(4): 172-175. 1920.
 Use of Black Heart Potatoes for Seed. G. H. Coons. 6(4): 182-184. 1924.

SPRAYING

- Potato Spraying. H. C. Moore. 3(4): 134-136. 1921.
 Results of Potato Spraying and Dusting Experiments in 1926. H. C. Moore.
 9(4): 131-133. 1927.
 Value of Potato Sprays and Dusts Tested. H. C. Moore and E. J. Wheeler.
 12(3): 92-94. 1930.

Poultry

CARE AND MANAGEMENT

- Cannibalism, Controlled by "Pick-out" Shields. J. M. Moore. 17(2): 78-81. 1934.
 Comparison of Electric and Coal Brooders in the Production of Winter Broilers.
 Preliminary Report. H. J. Gallagher and J. M. Moore. 16(4): 266-278. 1934.
 Culling the Farm Flock. C. H. Burgess. 1(4): 188-190. 1919. 1(3): 135-136. 1919.
 Demonstration Poultry Flocks. C. H. Burgess. 1(2): 74-76. 1918.
 Disinfectants Retard Bacteria in Incubators. J. L. Boyd. 11(2): 79-83. 1928.
 Fall and Winter Care of Pullets. W. E. Newlon. 4(2): 40. 1921.
 Farm Poultry Flock. H. M. Eliot. 5(4): 174-178. 1923.

Poultry—Care and Management—Continued

- Feeding for Eggs. C. M. Ferguson. 8(3) : 178-181. 1926.
 Poultry Culling is Profitable. E. C. Foreman. 7(1) : 8-12. 1924.
 Rearing Early Chicks. C. G. Card. 7(3) : 81-83. 1925.
 Simple Rations and Complex Rations for Poultry. C. H. Burgess and M. E. Dickson. 2(3) : 139-141. 1920.
 Winter Management of the Poultry Flock. J. A. Hannah. 8(2) : 63-66. 1925.

COSTS OF PRODUCTION

- Costs of Producing Broilers and Pullets in 1932. K. T. Wright. 15(3) : 153-156. 1933.
 Costs of Producing Pullets in 1933. P. F. Aylesworth. 16(3) : 148-154. 1934.
 Farm Hen Pays Well. H. M. Eliot. 5(1) : 11-13. 1922.
 Hens vs. Pullets. C. G. Card, E. H. Pfahler and J. M. Moore. 17(4) : 197-202. 1935.
 Poultry Costs in Michigan, 1935. K. T. Wright. 18(3) : 173-177. 1936.
 Pullet and Broiler Production Costs. P. F. Aylesworth. 17(3) : 136-141. 1935.
 Survey of Costs of Raising Pullets. K. T. Wright. 14(3) : 125-130. 1932.

DISEASES

- All Domestic Fowl Contract Brucella Disease. M. W. Emmel. 12(4) : 133-134. 1930.
 Avian Coccidiosis. H. J. Stafseth. 6(1) : 22-24. 1923.
 Blackhead of Poultry. H. J. Stafseth. 5(2) : 78-81. 1922.
 Causes of Mortality in Laying Hens. H. J. Stafseth and E. S. Weisner. 13(3) : 153-157. 1931. 11(3) : 137-141. 1929.
 Chicken Pox. H. J. Stafseth. 4(3) : 99-104. 1922.
 External Parasites of Poultry. W. E. Newlon. 4(1) : 10-11. 1921.
 Find Abortion Germs Infect Fowls. M. W. Emmel. 12(1) : 11-13. 1929.
 Fowl Cholera and Other Ailments. H. J. Stafseth. 5(4) : 182-185. 1923.
 Leg Weakness in Chicks. H. J. Stafseth. 4(4) : 144-145. 1922.
 New Poultry Disease. H. J. Stafseth. 7(3) : 83-85. 1925.
 On the Cause of Some Chicken Diseases. H. J. Stafseth. 6(3) : 129-130. 1924.
 Pick-Out Shields Control Cannibalism in Laying Pullets. J. M. Moore. 17(2) : 78-81. 1934.
 Poultry Parasites, Intestinal, Control and Prevention. H. J. Stafseth. 18(1) : 1-5. 1935.
 Range Paralysis of Poultry. H. J. Stafseth and E. P. Johnson. 9(3) : 105-109. 1927.
 Tuberculosis in Chickens. E. T. Hallman. 2(1) : 48-50. 1919.
 Typical Symptoms and Lesions Occurring in Chicks Harboring Bact. Pullorum. E. P. Johnson and H. J. Stafseth. 9(4) : 155-157. 1927.

EQUIPMENT

- An Automatic Switch for Poultry Houses. C. M. Ferguson. 7(2) : 44-46. 1924.
 Good Poultry Equipment—One of the Short Cuts to Greater Poultry Profits. J. M. Moore. 15(3) : 197-201. 1933.
 Michigan Poultry House. E. C. Foreman. 4(4) : 124-127. 1922.
 Poultry House Heater Helps Egg Production. O. E. Robey. 13(2) : 78-80. 1930.
 Simple Burglar Alarm Protects Poultry. O. E. Robey. 13(2) : 48-49. 1930.
 Power Possibilities of Small Streams. O. E. Robey. 9(3) : 89-90. 1927.
 Pregnancy, Equine, Results of a Rabbit Ovulation Test for. J. J. Arnold. 18(1) : 46-48. 1935.
 Price Ratio of Feed and Products. E. B. Hill and P. F. Aylesworth. 15(2) : 85-90. 1932.
 Propagation of Trees and Shrubs for Game Food. P. W. Robbins. 18(1) : 35-37. 1935.
 Propylene Dichloride Mixture for Household Insects. E. I. McDaniel. 16(1) : 13-15. 1933.

Proteins

- Commercial Proteins for Swine Tested. G. A. Brown. 13(1) : 8-12. 1930.
 Comparison Made of Protein Supplements for Hogs. G. A. Brown and W. E. J. Edwards. 10(3) : 136-138. 1928.

Proteins—Continued

Feeding Different Amounts of Protein to Growing Turkeys. J. M. Moore. 14(3): 148-152. 1932.

High vs. Low Protein Grain With Pasture. G. W. Putnam and R. E. Horwood. 16(1): 20-22. 1933.

Protein Supplement Decreases Feeding Costs. G. A. Brown. 12(2): 40-42. 1929.

Pulpwood—Making Spruce-Fir Land Profitable. R. H. Westveld. 15(3): 172-174. 1933. 15(4): 261-264. 1933.

Pyrethrum

Pyrethrum and Derris Insecticides as Arsenical Substitutes. R. Hutson. 16(4): 241-242. 1934.

Pyrethrum a Safe Winter Control of Insect Pests. C. B. Dibble. 15(4): 219-221. 1933.

Q.**Quack Grass**

Control in Potato Fields. A. Berridge. 13(3): 128-130. 1931.

Forest Plantation Succeeds in Quack Grass. P. W. Robbins. 13(3): 109. 1931.

Quack Grass Control. C. R. Megee. 18(4): 219-223. 1936.

R.**Rabbits**

Condensed Information on Rabbit Repellents. J. A. Neilson. 16(2): 59-62. 1933.

Rabbit Ovulation Test for Equine Pregnancy. J. J. Arnold. 18(1): 46-48. 1935.

Rations for Rabbits Compared in Tests. R. A. Connolly and C. G. Card. 14(3): 146-148. 1932. 14(2): 77-81. 1931.

Radio Receiving Set. E. C. Sauve. 6(3): 124-128. 1924.

Radish Seed Fertilizer Experiments Reported. G. E. Starr. 12(3): 95-98. 1930.

Raspberries

Avoiding Residue in Controlling Raspberry Beetle and Saw Fly. R. Hutson. 16(3): 183-185. 1934.

Cuthbert Raspberry Stock. S. Johnston. 8(3): 182-183. 1926.

Disease Control in Black Raspberries. C. W. Bennett. 6(1): 12-14. 1923.

Fertilizing the Black Raspberry. R. E. Marshall. 12(4): 123-128. 1930.

Insects and Fruit Setting of Raspberry. S. Johnston. 11(3): 105-106. 1929.

Michigan Raspberry Diseases. G. H. Coons. 4(4): 138-141. 1922.

New Pest on Raspberry. R. Hutson. 15(2): 68-70. 1932.

"New Logan" Black Raspberry. S. Johnston. 14(3): 162. 1932.

Raspberry Situation in Mich. R. E. Loree and C. W. Bennett. 5(1): 31-33. 1922.

Red Necked Cane-Borer and Raspberry Cane-Borer. R. Hutson. 14(4): 267-269. 1932.

Tests Show Way to Control Raspberry Mites. R. Hutson. 14(3): 191-193. 1932.

Value of Plant and Tip Selection in Propagation of Black Raspberry. S. Johnston. 13(4): 195-199. 1931.

Viking Raspberry. R. E. Loree. 16(2): 99-100. 1933.

Red-Spider, Treatment For. E. I. McDaniel. 7(3): 108. 1925.

Relation of Geographic Strain to Hardiness in the English Walnut. J. A. Neilson. 18(1): 15-22. 1935.

Repellents—See Rabbits, Rodents, Insects.

Ringing Fruit Trees Sometimes Causes Blight. H. A. Cardinell. 13(1): 12-15. 1930.

Rodents

Control and Eradication of Rats. A. C. Conger. 1(4): 190-192. 1919.

Rodent Control. Field Mouse. A. C. Conger. 2(1): 50-52. 1919.

Trees, Mice, and Freezes. F. C. Bradford. 14(1): 30-31. 1931.

Roofs—Gothic. F. E. Fogle. 8(2) : 71-76. 1925.

Root Development—Relationship Between Soil Profile and Root Development in Fruit Trees. J. O. Veatch. 14(3) : 200-207. 1932.

Root Crops

Comparative Yields of Root Crops. C. E. Cormany. 10(4) : 170-171. 1928.

Miscellaneous Root Crops. C. E. Cormany. 7(4) : 145. 1925.

Rope—Splicing the Hay Rope. H. H. Musselman. 1(4) : 177-178. 1919.

Roses—Imported Rose Stem Girdler Attacks Roses. E. I. McDaniel. 14(2) : 89-91. 1931.

Roughages

High Protein Roughages for Dairy Cattle. F. T. Riddell. 3(2) : 37-38. 1920.

Marketing Grains and Roughages Through Livestock. G. A. Brown, G. A. Branaman and V. A. Freeman. 15(1) : 3-6. 1932.

Roundworms of Swine. W. L. Chandler. 1(3) : 108-109. 1919.

Rutabagas vs. Sunflower Silage for Dairy Cows. G. W. Putnam and R. E. Horwood. 15(1) : 27-29. 1932.

Rutabagas in the Upper Peninsula, Culture of Table Stock. B. R. Churchill. 18(4) : 259-262. 1936.

Rye

Grow Rosen Rye. J. F. Cox. 1(1) : 25-26. 1918.

Improvement of Rosen Rye. J. F. Cox. 4(1) : 11-14. 1921.

Increase Returns from Wheat and Rye. J. F. Cox. 2(1) : 30-31. 1919.

Manitou Island Rosen Rye. J. F. Cox. 3(2) : 41-43. 1920.

Rosen Rye Breeding. F. A. Spragg. 1(2) : 68-69. 1918.

Rye-Breeding Through Self-Fertilization. F. A. Spragg. 5(2) : 84-86. 1922.

Rye for Fattening Hogs. G. A. Brown and W. E. J. Edwards. 8(2) : 76-78. 1925.

Spring Planting of Rosen Rye Unsatisfactory. E. E. Down and F. A. Spragg. 2(3) : 132-133. 1920.

Time to Plant Rye. E. E. Down and F. A. Spragg. 3(1) : 18-19. 1920.

S.

Salt for Horses. R. S. Hudson. 8(3) : 103-105. 1926.

San Jose Scale Returns to Mich. R. H. Pettit. 14(3) : 186-188. 1932.

Sand Blows

Progress in Blow Sand Control. F. H. Sanford. 1(3) : 130-131. 1919.

Sand Blow Planting. P. A. Herbert. 5(4) : 198-199. 1923.

Sash House, Chatham Heater for. J. G. Wells. 18(3) : 148-151. 1936.

Sauerkraut, The Science of Making. F. W. Fabian. 9(2) : 50-51. 1926.

Scab Control—See Spraying.

Comparison of New and Old Methods of Scab Control. W. C. Dutton. 15(3) : 178-181. 1933.

Spraying for Scab Control. W. C. Dutton. 9(2) : 52-54. 1926.

School Grounds—Planning Rural School Grounds. C. P. Halligan. 6(2) : 55-60. 1923.

Seed and Seeding

Iron Stakes as Supports for Coniferous Seed Bed Frames. J. L. Van Camp. 16(4) : 263-266. 1934.

Pure Seed for Spring Sowing. B. A. Hollister. 1(3) : 103. 1919.

Seedlings and Sprouts Have Different Values. R. H. Westveld. 12(1) : 7-9. 1929.

Seeding Pointers. C. R. Megee. 5(3) : 105-108. 1923.

Self-Feeders Reduce Pork Production Costs. W. E. J. Edwards. 2(1) : 7-9. 1919.

Septic Tanks

- Michigan Septic Tank. F. E. Fogle. 3(4) : 122-123. 1921.
 Observations on the Michigan Septic Tank. O. E. Robey. 9(1) : 22. 1926.
 Septic Tank and Tile Sewage Disposal System. O. E. Robey and H. H. Musselman. 6(3) : 138-139. 1923.

Sheep

- Care Now Necessary in Flock Management. G. A. Brown. 10(3) : 105-107. 1928.
 Dipping Sheep. G. A. Brown. 2(3) : 114-115. 1920.
 Experiments With Permanent Pastures for Sheep. H. C. Rather and G. A. Brown. 15(2) : 59-68. 1932.
 Fall Care of the Flock. G. A. Brown. 1(1) : 5-6. 1918.
 Liberal vs. Limited Rations for Breeding Ewes During Winter Season. G. W. Putnam and L. H. Blakeslee. 15(2) : 100-102. 1932.
 Notes on Winter Care of Breeding Ewes. G. A. Brown. 1(2) : 48. 1918.
 Spring Care of the Ewe Flock. G. A. Brown. 4(3) : 79-80. 1922.
 Stomach Worms of Sheep. W. L. Chandler. 1(1) : 19-20. 1918.
 Treatment for Stomach Worms of Sheep. G. A. Brown. 5(3) : 134-135. 1923.
 Trials in Finishing Western Lambs. G. A. Brown and G. A. Branaman. 11(4) : 175-177. 1929.
 Where Sheep Should Be Raised. V. A. Freeman. 1(3) : 97-98. 1919.
- Shrubs at Grand Rapids, Michigan, Winter Hardiness of, Winter of 1933-1934. J. E. Wilde. 18(1) : 24-28. 1935.
- Shrubs and Trees, Propagation of, for Game Food. P. W. Robbins. 18(1) : 35-37. 1935.

Silage

- Chatham Station Compares Silage Crops. B. R. Churchill. 13(4) : 212-215. 1931.
 Composition of Silage. A. J. Patten. 3(4) : 142. 1921.
 Insure Desirable Fermentation in Your Silage. Z. N. Wyant. 3(1) : 8-9. 1920.
 Silage for Horses. G. A. Brown. 1(2) : 45. 1918.
 Silage for Summer Feeding. J. E. Burnett. 3(1) : 12. 1920.
 Silage Inoculation. Z. N. Wyant. 2(2) : 65-67. 1919.
 Stock-Poisoning from Bad Silage. W. Giltner. 1(3) : 114. 1919.
 Sunflower Silage. 2(4) : 163-164. 1920.
 Sunflower Silage vs. Rutabagas in the Ration of Lactating Dairy Cows. G. W. Putnam. 15(1) : 27-29. 1932.
- Silk Production. R. Hutson and F. C. Bradford. 18(3) : 145-147. 1936.

Silos

- An Emergency Silo. H. H. Musselman. 1(1) : 30-31. 1918.
 Dangers from Poisonous Gases in Silo Filling. F. W. Fabian. 9(1) : 23. 1926.
 Sealing the Silo. A. C. Anderson. 1(1) : 16. 1918.
 Silo Capacity. H. H. Musselman. 3(2) : 68. 1920.
 Silo Selection. F. E. Fogle. 2(4) : 186-190. 1920.
- Silver Fish. E. I. McDaniel. 4(1) : 62-64. 1921.
- Simple vs. Complex Ration for Winter Feeding of Dairy Cows. R. E. Horwood and J. G. Wells. 18(4) : 248-253. 1936.

Smut

- Control of Stinking Smut or Bunt of Wheat. G. H. Coons. 7(1) : 21-24. 1924.
 Copper Dust Successful Against Stinking Smut. G. H. Coons. 6(1) : 3-8. 1923.
 Copper Dust Treatment for Stinking Smut. G. H. Coons. 5(1) : 8-11. 1922.
 Field Trials on Control of Wheat Stinking Smut by Dust Fungicides. J. H. Muncie and C. W. Frutchey. 17(4) : 189-192. 1935.
 Use of Formaldehyde to Control Cereal Smuts. G. H. Coons. 1(1) : 11-14. 1918.
- Sodatol—A New Agricultural Explosive. A. J. Adams. 6(2) : 52-53. 1923.

Soybean

- Curing Soybean Hay. H. L. Dunton and C. R. Megee. 16(4): 254-257. 1934.
 High Yielding Soybean Varieties for Michigan. C. R. Megee. 3(3): 89. 1921.
 New Soybean Varieties Tested. C. R. Megee and H. L. Dunton. 15(3): 152-153.
 1933.
 Soybean Inoculation. R. M. Snyder. 2(4): 171-172. 1920.

Soils

- Adsorption and Soil Acidity. E. J. Miller. 8(1): 37-38. 1925.
 Agricultural Conditions in Kalamazoo County. M. M. McCool. 6(1): 28-33. 1933.
 Classification of Water Soils is Proposed. J. O. Veatch. 14(1): 20-23. 1931.
 Comparison of Soil Management Methods in Young Apple Orchards. H. D. Hootman and H. M. Wells. 9(4): 133-137. 1927.
 Comparative Study of Cropped and Virgin Soils. C. E. Millar. 2(4): 195-196. 1920.
 Cooperative Experiment Projects. M. M. McCool. 1(4): 187. 1919.
 Experiments in Soil Moisture. G. M. Grantham and M. M. McCool. 2(3): 142-144. 1920.
 How May Soldier Farmers Determine Between Soils Fit for Agriculture and Those Suitable for Forestry. F. H. Sanford. 2(1): 36-40. 1919.
 Loss of Soil Moisture During Incubation. C. H. Burgess. 2(1): 44-45. 1919.
 Mole Drainage Tested in Mich. Soils. O. E. Robey. 12(4): 139-141. 1930.
 Movement of Lime in Soils as Determined by Soil Reaction. A. G. Weidemann. 18(4): 254-259. 1936.
 Profile of Mich. Soils. J. O. Veatch. 9(2): 68-71. 1926.
 Relationship Between Soil Profile and Root Development in Fruit Trees. N. L. Partridge and J. O. Veatch. 14(3): 200-207. 1932.
 Relationship of Soil to Plant Cell Sap. M. M. McCool. 9(2): 60-64. 1926.
 Saving Surface Soil and Preventing Erosion. L. R. Taft. 14(4): 235-237. 1932.
 Sampling of Soils. J. O. Veatch. 7(3): 96-98. 1925.
 Sandy Soils of Northern Mich. M. M. McCool. 6(2): 64-66. 1923.
 Select Orchard Sites on Fertile Soils, Avoiding Frost Pockets. N. L. Partridge and J. O. Veatch. 15(4): 248-250. 1933.
 Soil Bacteria, Influence of Controlled Temperature and Soil Treatment on. C. S. Bryan. 18(2): 106-113. 1935.
 Soil Improvement for Quality Products. M. M. McCool. 5(4): 160-161. 1923.
 Soil Management for the Fall Seeded Grains. M. M. McCool and G. M. Grantham. 5(1): 5-7. 1922.
 Soils of the Detroit Area. M. M. McCool and G. M. Grantham. 2(4): 192-195. 1920.
 Soils in Relation to Forestry. J. O. Veatch. 6(2): 67-69. 1923.
 Soil Survey Work in Mich. M. M. McCool. 7(3): 89-92. 1925.
 Testing Soils for Acidity. C. H. Spurway. 6(3): 93-97. 1924.
 Two Important Northern Mich. Soil Types. M. M. McCool and J. O. Veatch. 6(1): 33-35. 1923.
 Water Content of Certain Soil Types in Mich. J. O. Veatch. 8(3): 198-200. 1926.

MUCK SOILS

- Classification of Organic Soils or Muck. J. O. Veatch. 5(4): 196-197. 1923.
 Drainage Control on Muck Land. H. H. Musselman. 7(4): 138-139. 1925.
 Economical Fertilization of Muck Land. P. M. Harmer. 6(3): 101-103. 1924.
 Fertilization of Mich. Muck Soils. P. M. Harmer. 5(3): 98-100. 1923.
 Frost and Muck Soils. G. Bouyoucos. 4(3): 85-86. 1922.
 Let Us Preserve Our Muck Soils. M. M. McCool. 1(3): 141-143. 1919.
 Liming an Acid Muck Soil. P. M. Harmer. 5(2): 74-78. 1922.
 Peat and Muck Soils. M. M. McCool. 3(4): 126-127. 1921.
 Prevention of Frost Injury to Muck Crops. P. M. Harmer. 16(2): 62-68. 1933.
 Some Results from Fertilizers in Muck Soils. M. M. McCool and P. M. Harmer. 4(2): 45-51. 1921.

- Sorghum Syrup Production. C. R. Megee. 1(4): 168-169. 1919.
 Sparrows—The English Sparrow in Mich. A. C. Conger. 2(3): 148-149. 1920.
 Spider, Black Widow, Rare in Michigan. R. Hutson. 18(4): 247. 1936.
 Spragg, F. A. H. M. Brown. 8(1): 3-5. 1925.

Spraying

- Control Methods for Squash-Vine Borer. R. Hutson. 13(2) : 54-55. 1930.
 Cutting Corners and Cutting Profits in Spraying. V. R. Gardner. 10(3) : 88-92. 1928.
 Grasshopper Bait and Kedzie Mixture. R. H. Pettit. 4(4) : 141-142. 1922.
 Homemade Spray for Cattle. C. B. Dibble. 18(1) : 5-7. 1935.
 Lime for Spraying Purposes. W. C. Dutton. 15(4) : 268-271. 1933.
 Notes on Some of the Newer Spray Materials. W. C. Dutton. 9(3) : 117-120. 1927.
 Sprayer Accessories Affect Efficiency of Equipment. G. R. Starcher. 13(3) : 147-152. 1931.
 Spraying for Scab Control. W. C. Dutton. 9(2) : 52-54. 1926.
 Spraying Materials Recommended for 1929. W. C. Dutton. 11(2) : 57-59. 1928.

Spruce

- Making Spruce-Fir Land Profitable. R. H. Westveld. 15(4) : 261-264. 1933. 15(3) : 172-174. 1933.
 Spruce and Balsam Fir in the Upper Peninsula. W. Martin. 9(3) : 99-100. 1927.
 Table for Estimating Balsam and Spruce. P. W. Robbins. 11(3) : 110-111. 1929.
 Spruce Budworm. E. I. McDaniel. 3(1) : 13-14. 1920.
 Spruce Chermes—Two Spruce Chermes Infest Mich. Spruce. E. I. McDaniel. 10(3) : 128-131. 1928.
 Spruce Tortrix Damages Oriental Trees. E. I. McDaniel. 11(1) : 25-26. 1928.
 Stacker—Use of an Over-shot Stacker in Mich. A. B. Cook. 1(3) : 93-95. 1919.
 Stall Construction. H. H. Musselman. 2(1) : 35-36. 1919.
 Steers, Methods of Utilizing the Corn Crop for Fattening. G. A. Branaman and R. S. Hudson. 18(1) : 57-60. 1935.

Sterility—See Also Abortion

- Sterility in Cattle as a Complication of Infectious Abortion. E. T. Hallman. 1(3) : 143-144. 1919.
 Sterility in Cattle a Serious Problem. E. T. Hallman. 9(2) : 47-49. 1926.
 Why Cows Fail to Breed. C. F. Clark. 16(4) : 247-253. 1934.
 Storage Room, Home. H. J. Gallagher. 7(2) : 49-51. 1924.
 Stove, Experience with Electric. O. E. Robey. 10(3) : 110-112. 1928.
 Stratification of White Pine Seed to Speed Germination of Spring Sown Seed. P. W. Robbins. 18(4) : 245-246. 1936.

Strawberries

- Black Root of Strawberry Ruins Plantations. F. C. Strong and M. C. Strong. 12(3) : 75-79. 1930.
 Black Root of Strawberry. G. H. Coons. 7(1) : 25-26. 1924.
 Control of Strawberry Leaf-Roller on Bearing Plants. R. Hutson. 16(1) : 7-8. 1933.
 Mulching Strawberries Paid Well at College. R. E. Loree. 12(2) : 52-53. 1929.
 Strawberry Varieties for Mich. H. D. Hootman. 6(2) : 45-47. 1923.
 Squash Bug. R. H. Pettit. 6(1) : 21-22. 1923.
 Streams—Power Possibilities of Small Streams. O. E. Robey. 9(3) : 89-90. 1927.
 Streptococcic Mastitis, Effect of on the Methylene Blue Reduction Test. E. D. Devereux and C. S. Bryan. 18(3) : 161-163. 1936.

Sudan Grass

- Experiments in Curing Sudan Grass Hay. H. C. Rather and R. H. Morrish. 14(2) : 101-103. 1931.
 Sudan Grass is Valuable Pasture Crop in Michigan. A. B. Dorrance. 13(4) : 184-187. 1931.

Sugar Beets—See Under **Beets**

Sunflower Experiments. G. W. Putnam. 3(2): 39-52. 1920.

Rust Resisting Sunflowers. F. A. Spragg and E. E. Down. 2(3): 128-129. 1920.
Sunflower Silage vs. Rutabagas in the Ration of Lactating Dairy Cows. G. W. Putnam and R. E. Horwood. 15(1): 27-29. 1932.

Sweet Clover. 8(3): 173. 1926.

Sweet Clover, Annual White. J. F. Cox et. al. 3(3): 87-89. 1921.
Sweet Clover, Hughes Annual. F. A. Spragg and E. E. Down. 3(1): 16-17. 1920.
Sweet Clover, Michigan Growers Find Valuable. C. R. Megee. 10(3): 92-93. 1928.
Sweet Clover Pasture. O. E. Reed and J. A. Burnett. 4(3): 77-79. 1922.

Swine

Beef and Pork Production Prospects. G. A. Brown. 1(3): 92-93. 1919.
Care of Fall Litter and Sow. W. E. J. Edwards. 1(1): 8-9. 1918.
Cost of Pork Production. 2(2): 63-64. 1919.
Future of Pork. G. A. Brown. 5(1): 3-4. 1922.
Suggestions on Winter and Spring Care of Brood Sow. W. E. J. Edwards. 2(3): 115-116. 1920.
Returns from Grains Fed to Swine. V. A. Freeman. 18(2): 114-116. 1935.
Winter Care of Brood Sows. W. E. J. Edwards. 1(2): 50-51. 1918.

DISEASES

Abortion Accompanies Brucella Suis in a Sow. L. B. Sholl and H. W. Johnson. 13(4): 209-211. 1931.
Bleeding of Cattle and Swine for the Blood Tests of Infectious Abortion. I. F. Huddleson. 3(2): 62-65. 1920.
Further Studies on the Susceptibility of Swine to Bovine Infectious Abortion. I. F. Huddleson. 6(1): 25-28. 1923.
Roundworms of Swine. W. L. Chandler. 1(3): 108-109. 1919.
Susceptibility of Swine to Contagious Abortion. I. F. Huddleson. 4(2): 43-45. 1921.

FEEDING

Alfalfa Pasture Proves Valuable for Pigs. W. E. J. Edwards. 11(4): 184-187. 1929.
Commercial Mixed Proteins for Swine. G. A. Brown. 13(1): 8-12. 1930.
Comparison of Protein Supplements for Hogs. G. A. Brown and W. E. J. Edwards. 10(3): 136-138. 1928.
Cull Beans for Hogs. W. E. J. Edwards. 1(2): 49. 1918.
Feeding Spring Pigs on Pasture. V. A. Freeman. 15(4): 275-277. 1933.
Feed Values for Pork Production. G. A. Brown and W. E. J. Edwards. 10(4): 158-160. 1928.
Growing Pigs on Alfalfa Pasture. G. A. Brown and W. E. J. Edwards. 6(4): 154-156. 1924.
Hog Feeding Trials. G. A. Brown. 4(1): 6-8. 1921.
Limited Rations for Pigs. V. A. Freeman. 17(3): 95-98. 1935.
Market Surplus Wheat as Pork. V. A. Freeman. 13(3): 107-108. 1931.
Pasture and Pork Production. W. E. J. Edwards. 4(4): 118-119. 1922.
Pasture Crops for Swine. W. E. J. Edwards. 1(3): 98-99. 1919.
Rape Pasture for Hogs. G. A. Brown and W. E. J. Edwards. 6(4): 156-157. 1924.
Skim Milk for Pigs on Pasture. V. A. Freeman. 16(2): 107-109. 1933.
Supplements for Swine Feeding. W. E. J. Edwards. 5(4): 157-158. 1923.
Velvet Bean Feed for Pigs. H. W. Norton, Jr. 1(1): 7-8. 1918.
Yeast for Fattening Swine. G. A. Brown and W. E. J. Edwards. 7(1): 7-8. 1924.

T.**Taxes and Tax Laws**

- Forest Reserve Tax Laws Not Perfect. K. Dressel. 11(2) : 65-69. 1928.
 Some Results of the Mich. Woodlot Tax Act. K. Dressel. 10(2) : 59-63. 1927.
 Tax Burden on Forest Land Reduced. P. A. Herbert. 17(3) : 145-147. 1935.
 Taxation of Farm Woodlots. A. K. Chittenden. 1(1) : 24. 1918.
 Woodlot Taxation in Mich. K. Dressel. 9(2) : 44-47. 1926.
 Woodlot Tax Act. K. Dressel. 7(4) : 161-163. 1925.

Termites in Buildings. E. I. McDaniel. 2(3) : 124. 1920.

Thinning

- A Study of Increment Growth After Thinning. P. W. Robbins. 11(1) : 30-32. 1928.
 Thinning a White Pine Plantation. A. K. Chittenden. 8(3) : 142-145. 1926.

Thrips, Onion. R. H. Pettit. 6(3) : 107-109. 1924.
 Thrips, Gladiolus. E. I. McDaniel. 15(3) : 168-172. 1933.

Timber

- Planted Timber More Than Pays Its Way. A. B. Bowman. 16(2) : 76-79. 1933.
 Requirements of Forest Trees Differ. R. H. Westveld. 12(4) : 130-132. 1930.
 Timber May Become Valuable Farm Crop. J. C. DeCamp. 11(2) : 51-54. 1928.
 Yield Table for Second Growth Hardwoods. A. K. Chittenden. 12(2) : 42-44. 1929.

Tomatoes

- Effects of Spacing Greenhouse Tomatoes. H. L. Seaton. 16(4) : 284-290. 1934.
 Greenhouse Variety Tests. H. L. Seaton. 15(1) : 8-16. 1932.
 Tomato Variety. R. E. Loree. 6(3) : 104-107. 1924.
 Tomato Worm. E. I. McDaniel. 14(4) : 245-246. 1932.
 Varieties of Greenhouse Tomatoes Tested. J. B. Edmonds. 10(4) : 187-189. 1928.

Tractors

- Care and Repair of the Farm Tractor. E. C. Sauve. 2(3) : 135-136. 1920.
 Care of the Tractor. H. H. Musselman. 1(4) : 174-176. 1919.
 Centerville Tractor Demonstration Test. H. H. Musselman. 2(2) : 86-87. 1919.
 Selecting the Tractor. H. H. Musselman. 1(3) : 110-111. 1919.
 Study Made of Garden Tractor in Mich. E. C. Sauve. 11(3) : 126-129. 1929.
 Tractor as a Means of Farm Power. E. C. Sauve and H. H. Musselman. 4(4) : 129-130. 1922.
 Tractor Costs in Michigan, 1934. K. T. Wright. 18(1) : 49-53. 1935.
 Tractor Fuels. E. C. Sauve. 15(4) : 287-292. 1933.
 Tractor Operation Costs. E. C. Sauve. 7(4) : 135-137. 1925.
 Tractor Traction. E. C. Sauve. 5(3) : 135-137. 1923.
 When the Tractor Goes Down. H. H. Musselman. 6(2) : 54-55. 1923.

Trade Agreement, Canadian and Michigan Agriculture. H. S. Patton. 18(3) : 135-145. 1936.

Trees

- Fungous Diseases Attack Trees in Wet Season. F. C. Strong. 11(1) : 13-17. 1928.
 Growth of Hardwood Trees. P. A. Herbert. 5(2) : 81-83. 1922.
 Growth of Roadside Trees. A. K. Chittenden. 6(3) : 119-121. 1924.
 Nut Trees. A. K. Chittenden. 2(4) : 185-186. 1920.
 Planting Roadside Trees. A. K. Chittenden. 5(1) : 40-41. 1922.
 Planting Trees for Ornament and Profit. A. K. Chittenden. 1(3) : 129. 1919.
 Repairing of Storm Damaged Trees. K. Dressel. 15(4) : 250-254. 1933.
 Tree Repair Work. P. L. Buttrick. 3(3) : 97-101. 1921.
 Trees and Shrubs, Propagation for Game Food. P. W. Robbins. 18(1) : 35-37. 1935.

- Tuberculosis, Avian. H. J. Stafseth. 5(1): 33-36. 1922.
 Tuberculosis in Chickens. E. T. Hallman. 2(1): 48-50. 1919.
 Turkeys—Feeding Different Amounts of Protein to Growing Turkeys. J. M. Moore. 14(3): 148-152. 1932.
 Typhoid Fever, Relation of Farm Wells to. Z. Northrup. 1(1): 10. 1918.

V.

Vaccine

- Avirulent Vaccine Decreases Cattle Abortion. W. Giltner. 12(1): 9-10. 1929.
 Vaccinal Immunization of Guinea Pigs. I. F. Huddleson. 7(2): 63-66. 1924.

Vegetables

- Laws Governing the Packing and Labeling of Vegetables and Fruits for State and Interstate Shipments. C. P. Halligan. 1(1): 32-33. 1918.
 Mulch Paper for Vegetable Crops. J. B. Edmonds. 11(3): 115-117. 1929.

Ventilation

- Automatic Control Simplifies Ventilation. H. H. Musselman. 11(2): 59-62. 1928.
 Why Ventilate Farm Barns and How. F. E. Fogle. 8(1): 20-26. 1925.

Vetch, Fall Inoculation of. R. M. Snyder. 7(1): 32-33. 1924.

Vinegar

- Farm Vinegar Making. Z. N. Wyant. 2(4): 166-167. 1920.
 Honey and Maple Syrup Vinegar. Z. N. Wyant. 3(3): 105. 1921.
 Make Better Vinegar. R. L. Tweed. 4(1): 24-25. 1921.
 Make Your Own Vinegar. Z. N. Wyant. 3(1): 7. 1920.
 Start Your Vinegar Right. Z. Northrup. 2(1): 13-14. 1919.
 Vinegar. Z. Northrup. 1(1): 11. 1918.
 Vinegar Making and Its Troubles. Z. Northrup. 1(3): 101-102. 1919.

Vitamins

- A Comparison of the Potency of Certain Materials in Vitamin B and in the Vitamin B Rate-Growth Factor Found in Whole Wheat. N. Halliday. 17(3): 107-108. 1935.
 A Study of Vitamin D in Normal Milk. H. E. Bechtel and C. A. Hoppert. 15(4): 239-240. 1933.

W.

- Walnut, English, Relation of Geographic Strain to Hardiness in. J. A. Neilson. 18(1): 15-22. 1935.
 Walnut Interplanted With Cedar Grows Rapidly. P. W. Robbins. 10(4): 161-163. 1928.

Water

- Bacteriological Examination of Water. W. L. Mallmann. 5(4): 186-187. 1923.
 Directions for Preparing Samples for the Bacteriological Examination of Water. W. Giltner. 1(2): 51-52. 1918.
 Pure Water Essential to Health. W. L. Mallmann. 12(4): 134-138. 1930.
 Simple Electric Farm Water Systems. H. J. Gallagher. 10(2): 53-55. 1927.
 Simple Water Systems. O. E. Robey. 1(2): 69-70. 1918.
 Water Questionnaire. W. Giltner. 2(2): 68-69. 1919.

Water Power—Method to Tell Power Stream Will Furnish. W. H. Sheldon. 14(1): 16-19. 1931.

- Weeds**—Chlorate Application to Foliage is Most Effective. C. R. Megee and W. H. Dougherty. 12(3): 91-92. 1930.
 Preliminary Results of Eradicating Weeds with Zinc Sulfate and by Burning Forest Nursery Seed Beds. R. H. Westveld. 15(4): 254-261. 1933.

Wheat—Also See Quack Grass

- Berkeley Rock (53972) Wheat. F. A. Spragg and E. E. Down. 4(2): 37. 1921.
 Comparison of Commercial Wheat Varieties in Mich. Over-State Tests. H. C. Rather and G. F. Wenner. 14(2): 103-105. 1931.
 Distribution of Red and White Wheat in Michigan. 18(4): 266-268. 1936.
 Effect of Fertilizers on Wheat. C. H. Spurway. 1(1): 34-36. 1918.
 Field Trials on Control of Wheat Stinking Smut by Dust Fungicides. J. H. Muncie and C. W. Frutchey. 17(4): 189-192. 1935.
 O. A. C. No. 104 Wheat Yields Well in Trials. E. E. Down and H. M. Brown. 10(2): 35-37. 1927.
 Plant Wheat on Time. J. F. Cox. 1(1): 27-28. 1918.
 Safeguarding Next Years Wheat. G. H. Coons. 3(1): 9-11. 1920.
 Six New Varieties of Wheat. F. A. Spragg and E. E. Down. 3(1): 17-18. 1920.
 Some Effects of Time of Harvest on the Yield and Quality of Wheat. G. C. Brown. 18(2): 89-91. 1935.
 Status of Spring Wheat in Mich. J. W. Nicolson. 1(2): 66-67. 1918.
 Test Effect of Delayed Harvest of Wheat. C. P. Wilsie. 13(2): 87-89. 1930.
 Time to Plant Wheat. F. A. Spragg and E. E. Down. 3(1): 19-20. 1920.
 Top Dressing Wheat. M. M. McCool, G. M. Grantham and C. W. Simpson. 3(2): 59-60. 1920.
 Wheat as Hog Feed. G. A. Brown. 6(1): 14-15. 1923.
 Wheat Scab Damages Mich. Grain Crops. R. Nelson. 12(1): 15-18. 1929.
 Yields of Commercial Wheat Varieties Tested. H. C. Rather and C. P. Wilsie. 13(2): 72-76. 1930.

White Grubs. R. H. Pettit. 6(2): 71-72. 1923.

Proper Rotations Limit White Grub Damage. R. H. Pettit. 10(2): 40-41. 1927.

White Pine Blister Rust in Mich. D. V. Baxter. 5(4): 193-196. 1923.

White Pine Seed, Stratification of to Speed Germination of Spring-Sown Seed. P. W. Robbins. 18(4): 245-246. 1936.

Wind-Breaks. A. K. Chittenden. 2(2): 88-89. 1919.

Winter Hardiness of Shrubs at Grand Rapids, Michigan; Winter of 1933-1934. J. E. Wilde. 18(1): 24-28. 1935.

Wood—In Silo Construction. G. A. Garratt. 4(2): 60-61. 1921.

Fuel Value. A. K. Chittenden. 4(2): 58-60. 1921.

Woodlots

Selling Woodlot Products. J. C. DeCamp. 6(2): 62-64. 1923.

Thinning the Woodlot. F. H. Sanford. 1(4): 181-183. 1919.

Thinning Woodlots. A. K. Chittenden. 5(2): 83-84. 1922.

Woodlot or Sugar Bush? P. L. Buttrick. 4(3): 107-108. 1922.

Wool—Cooperative Marketing of Wool. G. A. Brown. 2(3): 113-114. 1920.

Produce Better Wool. G. A. Brown. 2(3): 112. 1920.

Wool and Mutton Production. G. A. Brown. 5(1): 4. 1922.

Improvement of the Wool Clip. G. A. Brown. 3(1): 6-7. 1920.

The 1925 Wool Clip. G. A. Brown. 7(3): 79-81. 1925.

Woolly Elm Aphid. E. I. McDaniel. 18(1): 9-11. 1935.

Y.

Yeast for Fattening Swine. G. A. Brown and W. E. J. Edwards. 7(1): 7-8. 1924.

Yeasts Cause the Fermentation of Honey. F. W. Fabian. 11(1): 11-13. 1928.
