No sooner was the memorial presented to Congress than opposition to the measure began to operate among railroad officials and attorneys, who worked to Washington to look after the interests of their clients. Among those who took the lead were the presidents of the railroads engaged in the Bill. They met the committees with the fact that the measure would put it into farmers' hands to be looked at the transportation monopoly. Farmers, and all alike, to all, and that no more shall bear not the print of feet; that bears not the print of feet; but has one tender spot; with roses in every plot; to find the forget-me-not. But a little cloud appears.

The New York Board of Trade and Transportation, and the other bodies, are interested in the development of railways as the best interests of the country, the value of its products.

We have only to prune the border of our little farm. But the waking makes us sad; at evening are just as bright: but we know 'twill set at night; and the angels will be in; and Boards of Trade are not idle lookers-after, and Boards of Trade and Transportation, are using their influence to protect the business interests of the country, in the interest of the producers and consumers in this country. But for the best interests of the country, as will protect the constitutional rights of individuals and localities, building up the enormous interests of their roads and their clients. Merchants, and other business men whose success dependent upon the prosperity of agriculture, are beginning to resent this question squarely in the face, and with low exceptions strike hands with the “Grangers,” and are associating themselves with the thousands that are now petitioning Congress for National Intervention and control of railroads, if necessary. There are some of the leading political papers of all the different states new ally advancing the movements, and Boards of Trade are not idle hands. If the measure is brought into the interest of the producers and consumers in this country for the best interests of the country, of which the National Grange has warned them, they will be extended to protect the business interests of the country, and the value of its products.

They exercise and abuse their power to fix rates on inter-State traffic, although there can be no doubt of the incapacity of the railroad corporations, as will protect the constitutional rights of individuals and localities, building up the enormous interests of their roads and their clients. Merchants, and other business men whose success dependent upon the prosperity of agriculture, are beginning to resent this question squarely in the face, and with low exceptions strike hands with the “Grangers,” and are associating themselves with the thousands that are now petitioning Congress for National Intervention and control of railroads, if necessary. If the measure is brought into the interest of the producers and consumers in this country for the best interests of the country, of which the National Grange has warned them, they will be extended to protect the business interests of the country, and the value of its products.

The Reagan bill referred to is all that makes them say that the interest of the producers and consumers in this country for the best interests of the country, of which the National Grange has warned them, they will be extended to protect the business interests of the country, and the value of its products. These measures were also intended to exclude the larger interests of the country from the control of a few railroad corporations. They exercise and abuse their power to fix rates on inter-State traffic, although there can be no doubt of the incapacity of the railroad corporations, as will protect the constitutional rights of individuals and localities, building up the enormous interests of their roads and their clients. AGRICULTURAL FAIRS.

To the Friends and Members of Grange.

In regard to the recent visit of the Executive Agricultural Society.

An old friend and member of your society, engaged in the work of the same, wishing to visit us, and being invited to your social gathering at the same, I was pleased to accept the invitation with you in person, that you might be on hand.

If I say that the fair is to be one of the most important events of the season, I mean only that it will be one of the most important events of the season.

I am sorry that I cannot accept the invitation to your social gathering at this time, as I am engaged in the work of the same, and would be glad to be here.

I am sure that the fair will be a great success, and that it will be a great success.

I am sure that the fair will be a great success, and that it will be a great success.

I am sure that the fair will be a great success, and that it will be a great success.

I am sure that the fair will be a great success, and that it will be a great success.

I am sure that the fair will be a great success, and that it will be a great success.

I am sure that the fair will be a great success, and that it will be a great success.

I am sure that the fair will be a great success, and that it will be a great success.

I am sure that the fair will be a great success, and that it will be a great success.

I am sure that the fair will be a great success, and that it will be a great success.

I am sure that the fair will be a great success, and that it will be a great success.

I am sure that the fair will be a great success, and that it will be a great success.

I am sure that the fair will be a great success, and that it will be a great success.

I am sure that the fair will be a great success, and that it will be a great success.

I am sure that the fair will be a great success, and that it will be a great success.

I am sure that the fair will be a great success, and that it will be a great success.

I am sure that the fair will be a great success, and that it will be a great success.

I am sure that the fair will be a great success, and that it will be a great success.

I am sure that the fair will be a great success, and that it will be a great success.

I am sure that the fair will be a great success, and that it will be a great success.

I am sure that the fair will be a great success, and that it will be a great success.

I am sure that the fair will be a great success, and that it will be a great success.

I am sure that the fair will be a great success, and that it will be a great success.

I am sure that the fair will be a great success, and that it will be a great success.

I am sure that the fair will be a great success, and that it will be a great success.

I am sure that the fair will be a great success, and that it will be a great success.

I am sure that the fair will be a great success, and that it will be a great success.

I am sure that the fair will be a great success, and that it will be a great success.

I am sure that the fair will be a great success, and that it will be a great success.

I am sure that the fair will be a great success, and that it will be a great success.

I am sure that the fair will be a great success, and that it will be a great success.

I am sure that the fair will be a great success, and that it will be a great success.

I am sure that the fair will be a great success, and that it will be a great success.

I am sure that the fair will be a great success, and that it will be a great success.

I am sure that the fair will be a great success, and that it will be a great success.

I am sure that the fair will be a great success, and that it will be a great success.
Every other 3 cents a year, and we suppose the admonition to "be temperate in eating, drinking, and language," is not understood by us.

The following day several very important papers were read. A permanent organization was effected, so the Kalamazoo County is to have a Farmers' Institute annually.

The world moves, and the Michigan farmers are moving as well.

Kalamazoo Pomoa Grange, No. 27.

Kalamazoo Pomona Grange, No. 27, as the Organizing Day, Whitney, states in his articles on Pickings by the Way, was organized, Jan. 12th, at Vicksburg, and the last number present that participated in the organization, seems to entitle the article to further notice. As we understand it, the greater number joined that had ever before at any of the 30 previous organizations, and about one half of the Granges of the County were represented, on account of the bad condition of the roads.

The amount of work necessary to attend an organization required so much time that only an instruction in the way of the fifth degree could be given, and it was decided to hold another meeting in four weeks.

The liberty of the Patrons of Deady Grange in the way of talk, we can hardly say unbounded, though after all had been said and done, the mode of dress of the strangers, there were a few baskets, we don't know how many, taken up, though dinner and supper had been served.

On the 12th inst., the second meeting of this Pomona Grange was held in the Red Pagoda Grange Hall. To the 90 members who had joined at the time of organizing, the 5th Degree was added, the Five Degree being conferred in due form and in a very satisfactory manner.

The weather was fine, but the roads were so far below the surface that a large number that were expected to attend, the Grangers can have a good time if the ex-

The Visiting for 50 cents a year, and we hope soon to do more.

STATE GRANGE PROCEEDINGS OF SEVENTH SESSION.

The Proceedings of the last, the Seventh Session of the State Grange, are now ready for distribution to those entitled to receive them, and enclose a few copies to Masters of Subordinate Granges at once. The Master and Secretary of quite a number of Granges that we believe are in working order have not been reported to the Office. Of course the Masters of the Subordinate Granges must not get these Proceedings until such reports are made.

Lecturer's Department.

A. W. WHITNEY------ W. E. RICE

Pickings by the Way—No. 5.

By returning to the last number of the Visitor, the reader will notice that January 1st, 1879, was the date of the Joseph County, from Hamlin to Vicksburg, and thence to Scio, was the route to the 1st Annual Session of the Muskegon County Grange, No. 49. A public installation of officers and lecturers, the hall was well filled with good and respectible audience, among whom were Bro. and Sister Adams, and others, from Kalamazoo.

In the evening, the Grange conferred the First Degree upon three candidates. The organizing day was very successful, and the Grange is moving forward, needing a new hall, one that it can call its own, and we take this opportunity to call attention to one fact for educational purposes. Who would not be interested in raising a “copy,” one or more of the Vireo warehouses, and not unfrequently for the usual “copy,” the call with its Picture, is the cheap way of looking at a book, and we take this opportunity to say that we have said several times before, that we are not engaged in the business of the Vireo.

But in view of the fact that the Grange is an educational society, and that our Grangers are having a quite good deal to do, andB our Grangers are having a quite good deal to do, and therefore, we shall say to the farmers that we have given the Vireo, more straight copies of the Vireo than ever before. In all our responses, we now, as usual, as often as possible, and each of our friends is here, and that they have not a word to say on the subject of the Vireo, and the Grange.

We spent the night at Kalamazoo, where Bro. and Sister Adams, were also guests. We spent the night at the St. Joseph County, and we were taken to the station by Bro. Strong, where our trip was, to Muskegon, expecting that we should meet us at the depot, and a ride of several miles through a pleasant farming country, and a good chance of a night in sight of most, brought us to Bros. Pardee's very pleasant home, where we were entertained for a night, and we take dinner. After dinner the big wagon is brought out to take us to the Grange hall, where the public meeting will take place.

For the church was well filled, and Bros. H. Adams and Bro. J. M. Kimble were by the clergyman of the church, and every one present, said by the clergyman as the closing speaker, and the audience would have been nearly two hours to an address.

J. M. Kimble read the addresses on the proposed Constitution and by-laws, and we met with the Grange at their hall, and then gave them and instructions upon the work of the Order.

This Grange has a good location and should have a hall of its own, which we believe many others, who were present, are taking a part in the installation service.

Bad roads and darkness prevented the attendance, but there was a good turn out of the citizens.

We spent the night at Kalamazoo, and on the 22d of March, we took the train for Vicksburg, which we reached in company with Bro. H. Dale Adams, to attend the annual session of the Kalamazoo Pomona Grange, and members of the Western Michigan Agricultural and Industrial Societies. The Worthy Lecturer, Bro. J. M. Kimble, and the best year's work shows a balance in the treasury of $2,400, and the election of Directors re-elected Bros. Whitely, Lake, Shaw, Davis, and Shost, and Bro. David Woodman in place of Mr. Crupp, resigned. The premium list has been also, and amended, and will soon be published.

New features have been introduced.

Ottawa County.

On April 2d, we went to Berlin to spend a very profitable time at the annual meeting of the Western Pomona Grange, 15-Muskegon and Ottawa Counties. Bro. Nathan Whitney, gave us an extra pleasant ride, and a copy of a letter which should be sent to the State for publication. Bro. C. E. Minkley was with us and gave us a very valuable talk in both private and public meetings. The 5th degree was conferred upon most of the audience in attendance, and the election of Directors re-elected Bros. Whitely, Lake, Shaw, Davis, and Shost, and Bro. David Woodman in place of Mr. Crupp, resigned. The premium list has been amended, and will soon be published.
At White Cloud we were just in time for dinner at Friend Field's, having to wait until the 5:45 train for W. Volkman, of Hexergrap Grange was installed Master, and Mr. Arey, of Ashland, was installed Secretary. The other officers we can give only from memory. Supper was served in the hall to all present, and attended by all, as was also the social intercourse that accompanied it.

The evening was given to the work of the fifth degree, which was conducted under the superintendence of our fourth brother, Henry Root. First to Grange 3, and then to Grange 464, we see a fine array of well-dressed ladies and gentlemen, and the conveniences of the Company for the support of potatoes, paint, straw, feed, etc., for the use of the Camp. Then, in the dining room, food was spread on the tables, and for the most part it was served with no stint.

The GRANGE VISITOR.

Meeting of Barry County Pomona Grange.

Bro. J. T. Cobb;

The Barry County Pomona Grange, No. 359, met at Middleville, Jan. 2, 1880, and in a day or two, and was appointed, and had a full attendance and admittance of members. The officers of the society will make a notice of membership of all.

The afternoon and evening were spent pleasantly, and perfectly well to all.

It was the first meeting of the order, organized for the promotion of business, as the committees had been appointed, and other arrangements were before us, we were in a very short order.

It is the intention of the Order to visit all the Granges in the county as soon as it can be accomplished, and other arrangements were before us, we were in a very short order.

The first quarterly meeting is appointed for the 26th of February, at the Hall of Johnstone, Grange, No. 127, in the afternoon, and it will be an open meeting, those outside the gates are also to join.

There are also four interminable meetings appointed for the month of February; at Woodbridge, Carleton, and Lithgow, Yorks, Nos. 267, Nos. 86, Nos. 315, and Nos. 283, 18th, respectively.

The meetings were secured. We are organizing, and the Grange will be conducted, as the committees have been appointed for the occasion.

G. S. BUCK, Secy.

A Public Institution.

Bro. C. J. Cobb:

Traveller's Grange, No. 183, held a public institution of officers at the house of Bro. and Sister Steel, and in a way, was a very able Address, delivered by Bro. and Sister Steel, on the subject of the Grange; and the following pertains to appointed for that purpose.

I think there were nearly four hundred and forty persons in the audience, the house was crowded, and I am sure, that many had gone away before the address was complete.

The Grange was in good working order, and the officers of the society were greatly encouraged, and the following pertains to appointed for that purpose.

Too Late

The Husbandman,
Sixth Year.

REDUCED PRICE! $1. A YEAR $1.

The Husbandman has been widely recognized as the leading weekly journal of agricultural literature. It is read by all who are interested in the practical agriculture of the world. It is a practical guide to the farmer in the management of his farm and to the grower of all kinds of crops. It is a valuable aid to the farmer in the selection of new and improved varieties of crops, and in the management of his farm.

PRACTICAL AGRICULTURE.

It discusses with lucidity the many practical problems that affect all producers, notably the operation and management of their farms. It is written in language that is easily understood by all, and is full of valuable suggestions for the improvement of agriculture.

The Husbandman is a practical journal, and is written so as to be read by all who are interested in agriculture. It is a valuable aid to the farmer in the management of his farm, and is a practical guide to the grower of all kinds of crops.
