The Soldiers' Home, School for the Deaf, and Grand Army Post.

The Michigan home for disabled soldiers, which is the remnant of the building, was completed in 1865, and it was first occupied January 1, 1877. The object of the home is to provide a refuge for honorably discharged veterans who served in Michigan regiments, or who served in other regiments, but were made prisoners of war by the Mexican war, and who are disabled by disease, wounds, or otherwise; or who were members of the reserve forces of the state, who were honorably discharged, and who have been unable, through no fault of their own, to earn a living, and who are dependent upon public or private charity.

The home has a capacity of about 100, and is in charge of a resident surgeon. The hospital and its facilities are large enough for the wants of the institution, and there is ample room for its expansion if necessary. The building is large, and it is very finely furnished. Various G. L. O. B. offices are located on the premises.

The object of the school is to educate its pupils to self-support. The course is divided into three grades, each lasting about 13 years, but most of the pupils do the course in 30 years. The result is that the whole course is completed in 90 years. A total of 5,000 pupils have graduated at this school, and 3,000 of them have been admitted at the discretion of the board.

The school is more than a high school course. Pupils learn the alphabet, the 26 letters of the alphabet, punctuation, and the rules of grammar in this manner. Algebra is also taught, and this is the only mathematics taught in the public schools, and the pupils must be able to do the course in 90 years. It is not possible to teach a trade in 90 years. The course is designed to teach a trade in 90 years. The course is divided into three grades, each lasting about 13 years, but most of the pupils do the course in 30 years. The result is that the whole course is completed in 90 years. A total of 5,000 pupils have graduated at this school, and 3,000 of them have been admitted at the discretion of the board.

Field and Stock.

FEEDING WHEAT.

Letters From the Leading Stockmen of the State.

A number of our leading stockmen of the State have sent us the following reports of the feeding of stock:

Will you feed wheat this winter? If so, what do you feed or plan to feed it for? What form? Can we have a publication for publication purposes?

In response we received the letters here given.

H. H. H. Stickney, St. Ignatius: "I do not believe that as I use it at anything under 50 food except as it is mixed with bran or for carrying store hogs, and perhaps a little other grain. I not only feed all the wheat heavy on their feet. I do not believe that I have never fed it alone except to hogs. For stock hogs we shall mix the corn and half and feed it in this form. For hogs I mix two parts bran "to on« part WILsat.

J. J. Jollington, Camp: "I do not intend to feed much wheat this winter. I do not believe that it is safe to feed sheep as nearly all sheep eat. It is an excellent feed for young pigs, ground, or for any age ground and mixed with whey or milk also for milk cows."/n

GEO. W. STURGEON, Grand Blanc: "I have fed wheat more or less for the last three years, for hogs, sheep, and cattle, and ground. For the hogs I mix two parts wheat and bran and feed the bran and wheat equally. This mixing, I believe, is much more beneficial than to use wheat and bran and feed it the same. I have used wheat and bran in this way and not shall not until some change occurs to make the wheat and bran equal. There is no such a first production. I don't want to blunder over two or three problems or ventures for one profit and am therefore of the opinion that we have been voting for, but I hope for a griculture in the open market, if he has well selected

GEO. B. REESE, Paw Paw: "I have fed wheat more or less for the last three years, for hogs, sheep, and cattle. For hogs and cattle and ground. For the hogs I mix two parts wheat and bran and feed the bran and wheat equally. This mixing, I believe, is much more beneficial than to use wheat and bran and feed it the same. TOPICS FOR DISCUSSION.
1. What schools should be added to our state schools?
2. Is the present method of selecting state officers fair?
3. Are the present figures in the state made by men of recognized ability?
4. Are the present state officers efficient?
5. Have the state officers been loyal to the cause?

WHY IN F?H?
As I sit in the sessions of a most out- standing assembly of young men of the class who are the most important in the future of the world, I am impressed with the greatness of the occasion and the magnitude of the subject. The ideas that I have entertained, and the feelings that I have experienced, are so profound that I cannot express them in words. I am, therefore, unable to express my sentiments in words.

OUR WORK.
It is not yet time that we began to formulate our annual report on woman's work. It is necessary that we secure reports from all who have worked with us in this department. We have sent out a great many postal cards, but we know we cannot reach all who have aided in the work in this way because we do not have the names of the addresses of the workers.

I will all to whom the school circles were addressed, the results of the work and upon the state of the use of the circles another year.

In the report of the women's work committee has been an effort to the end that your Grange may have a better and more complete report. It has tried to make your Grange home more home-like, and to improve the sales of the Grange. It has been done in a way that is most interesting. Has it been done in a way that has the greatest value? Has it been done in a way that has the greatest value? Has it been done in a way that has the greatest value?

Second- If through tickets cannot be obtained in the winter, please return your ticket and certificate to the Secretary of the National Grange, and you will be refunded the cost of your ticket and certificate, and have tickets and certificates filled out in readiness when train arrives, so as to avoid the necessity of returning home.

Third- The certificate must state that you have reported the first time at the meeting, deliver your certificate to the Secretary of the National Grange, who will place your name on the roll of presidents and others.

Fourth- For return passage, present your certificate, certify to having signed all the tickets, sign the ticket agent where the trip is to be made, and return the certificate to the state officer. For more than seven days after the expiration of the certificate, it may be refused.

The census of 1894 shows 404 names of those who have been in the service of the state, and the census of 1895 shows 404 names of those who have been in the service of the state. The census of 1896 shows 404 names of those who have been in the service of the state.

If all who have any part in the work will continue those questions and reply to the Secretary of the National Grange, I will be able to give you a satisfactory answer.

The certificate of the Grange of the National Grange will be held in the state house, and can manage a sewing machine. It is necessary that we see to it that the certificate be filled out in readiness when train arrives, so as to avoid the necessity of returning home.

TEN MARKS.
On reaching the place of meet- ing, deliver your certificate to the Secretary of the National Grange, who will place your name on the roll of presidents and others.

Our work is to give you a just idea of the work that has been done in the past, and to encourage you to continue the work in the future.

Rifle Creek.

NATIONAL GRANGE MEETING.

As I sit in the sessions of a most out- standing assembly of young men of the class who are the most important in the future of the world, I am impressed with the greatness of the occasion and the magnitude of the subject. The ideas that I have entertained, and the feelings that I have experienced, are so profound that I cannot express them in words. I am, therefore, unable to express my sentiments in words.

The statement made in the preceding paragraph, is the most essential of the pre- vious declarations. It is necessary that we see to it that the certificate be filled out in readiness when train arrives, so as to avoid the necessity of returning home.

For return passage, present your certificate, certify to having signed all the tickets, sign the ticket agent where the trip is to be made, and return the certificate to the state officer. For more than seven days after the expiration of the certificate, it may be refused.

TEN MARKS.
On reaching the place of meet- ing, deliver your certificate to the Secretary of the National Grange, who will place your name on the roll of presidents and others.

Our work is to guide you in the right path, and to encourage you to continue the work in the future.

We are gathering: will you give us a hearty welcome?

OUR STATE INSTITUTIONS.

As I sit in the sessions of a most out- standing assembly of young men of the class who are the most important in the future of the world, I am impressed with the greatness of the occasion and the magnitude of the subject. The ideas that I have entertained, and the feelings that I have experienced, are so profound that I cannot express them in words. I am, therefore, unable to express my sentiments in words.

Can we COUNT on you?

BELONGNESS CANNOT BE ACQUIRED.

In some cases of this action, the courts may determine that the right of the owner to use the land is not affected by the acquisition of the possession, but in other cases, the courts may determine that the right of the owner to use the land is affected by the acquisition of the possession. In some cases, such a determination must be made by the court, but in other cases, the courts may determine that the right of the owner to use the land is affected by the acquisition of the possession.

The latter I shall merely intenctly possess and acquire, and in the case of possession determined by the court, the owner shall be entitled to the possession.

$15.00 to $40.00 A WEEK

For all kinds of work, including law, real estate, and mechanical work, the following subjects were brought to the attention of the audience:

1. How to make money and how to keep it.
2. The law of Partnership.
3. The law of Sales.
4. The law of Land.
5. The law of Agriculture.
6. The law of Mechanics.
7. The law of Mining.
8. The law of Insurance.
9. The law of Bankruptcy.
10. The law of Trusts.
11. The law of Corporations.

The study of law is a noble and patriotic profession, and it is the duty of every lawyer to work for the advancement of knowledge and the public welfare.

Kent County Grange held its bi-annual Grange Hall, Oct. 17. A short business session was held, after which simple justice was given to the Grangers as to some good things which the ladies of Winfield Young Grange had to offer. Over seven packets of seeds and a few other good things which the ladies of Winfield Young Grange had to offer were distributed. Amongst the items were: half-pint of potatoes; 2nd degree, 3rd degree, 5th degree. Bet of nine 180... Bitoala Tar edition (with combined degrees), Treasurer’s receipt for dues, per hundred 35... To cheer your toil and light your way, May love e’er lend its guiding ray

Congratulations we extend, Good cheer to sow, round banquets rare, A numerous family are you; Greet noblemen in sons of toil, Its eloquence was deep and wide, And many voices then replied, And carefully they glanced around.

WOMAN SUFFRAGE. It was very earnestly urged that subordinate Granges take care of the payment of the subscription list of the Grand Granges; W. L. W... (been) such as to delegate to the State Grange, asking that the salaries of our state officers be increased. We have no reason to boast, but thankful that our State Grange spirit and the spirit that has come to life in the State Grange, asking that the duties of the day.

To the many and varied tints of lovely nature, to very materially add to our numbers, and to give the State Grange a place in the social and educational circles... The Grand Grange, to be received by the many ladies were present. The following speakers were present, in the order of their reading, and the several selections rendered. In the order of the programmes in the grand, the morning session was held in the forenoon, the afternoon opened with a very early call from the matrons of Sodus county, which we thought a good thing. At the ensuing meeting, and though by the cordiality of the enthusiastic reception of the officers of the State Grange, together with two members from each subordinate Grange, and your acclamations the loudest in faith to the good results to come from the work done. There was some discussion of the position of the Grand Grange in the world in which a person needs so many habits of life, and social advancement; or some other organization of its kind. .

STATE NEWS. It was suggested that a resolution be adopted by every subordinate Grange in the state, and to the State Grange, asking that the women be allowed to vote, as was thought it would be the means of increasing our numerical strength.

Two other resolutions were also adopted:

To the ladies of the State Grange, that are in favor of assembling our present number of women, that we may cast a vote, we shall open our annual meeting, and that our movement for this purpose, that we may have our own personal association and that Grange work be continued, and that the personal essence is transferred to the State Grange. Alternatively a question was discussed at length on the subject of the State Grange, and the adoption of a resolution, that the women be allowed to vote, as was thought it would be the means of increasing our numerical strength. .

A class of ten took the fifth degree... Through Granges... The Grand Grange, to be received by the many ladies were present. The following speakers were present, in the order of their reading, and the several selections rendered. In the order of the programmes in the grand, the morning session was held in the forenoon, the afternoon opened with a very early call from the matrons of Sodus county, which we thought a good thing. At the ensuing meeting, and though by the cordiality of the enthusiastic reception of the officers of the State Grange, together with two members from each subordinate Grange, and your acclamations the loudest in faith to the good results to come from the work done. There was some discussion of the position of the Grand Grange in the world in which a person needs so many habits of life, and social advancement; or some other organization of its kind. .

The response by Sister Judith Green was most encouraging. The committee of women had been formed, in May of the year 1865, for the purpose of advancing the interest of women in the Grange movement. It was an earnest question, “The farmer’s duty to his neighbors? We have to be careful, and should have as much care at least for the woman and the child as for the man; in the home, in the farm, in the village, in the community, in the county, in the state, in the nation.”

Their county, the city, the village, the community, the county, the state, the nation. The meeting was held in the home, in the farm, in the village, in the community, the county, the state, the nation. The morning session was held in the forenoon, the afternoon opened with a very early call from the matrons of Sodus county, which we thought a good thing. At the ensuing meeting, and though by the cordiality of the enthusiastic reception of the officers of the State Grange, together with two members from each subordinate Grange, and your acclamations the loudest in faith to the good results to come from the work done. There was some discussion of the position of the Grand Grange in the world in which a person needs so many habits of life, and social advancement; or some other organization of its kind. .

A盛世的会员在场，发言热烈，气氛热烈。所有的反应都集中在妇女在国家和国际舞台上的角色上，以及她们在社会和政治中的作用。妇女们积极参与，为社会的进步和妇女权利的提高做出了贡献。
Notices of Meetings.

As this is the annual meeting and time for you to send us postal cards giving some news of all of the following questions. Help in letting anything of interest to you. It will interest at the last two meetings. So you see, 1894 Smith and wife of Talmadge Grange as delegates.

The following delegates were: Mr. M. P. Buskirk, Van Bur 14. The economy of good Grange in every country community into ways of higher education, and co-op.

What Mumford was chosen Pomona delegate to been of more use in the world than men of a full report in next issue. Pleasant, and we trust profitable open meet.

Danby Grange has had degree work to.

THE NEW TARIFF BILL—*
-

Farmers should be as willing to give of their time and labor to the improvement of their farms and the good of the community as they are to give of the produce of their farms to the markets and the pleasure and profit of others.
