DO YOU CAN OR FREEZE FRESH FRUIT AT HOME?

If you do, you will be delighted to learn about new A*C*M FRUIT SAVER.

This marvelous product will give you the best results you have ever had with your home canned or frozen fruits. You will find that by using A*C*M FRUIT SAVER, your canned and frozen fruit will retain its bright, fresh color, and more important, will have an even better than fresh fruit flavor. Peaches will actually taste peachier, apples will taste like only the best apples can taste...yes, every fruit you can or freeze will be the best you’ve ever tasted.

Read all about A*C*M FRUIT SAVER in the enclosed brochure to learn just where and how you can use it to give you fresh fruit flavor and color every time you prepare fresh fruits for canning or freezing...or for fresh salads and juices, too!

To prove to yourself how well A*C*M FRUIT SAVER really works, cut a peach or apple or pear or any fresh fruit in half, and treat one half with A*C*M FRUIT SAVER from the test sample enclosed. Then, leave both halves, the treated and the untreated, in the same place - on a plate on your kitchen table, or in your refrigerator. Then, hours later,
