Spread bottoms and sides with currant jelly and sprinkle with Baker's Coconut. . . . Or, for a colorful tea party, frost half of the cupcakes with Orange Mist Frosting (page 8) and sprinkle with orange-tinted coconut. Then spread remaining cakes with Coconut Pastel Frosting (page 11—made with green mint jelly); sprinkle with snowy coconut. . . . For a quick chocolate frosting, melt ½ package Baker's Semi-Sweet Chocolate Chips over hot water. Spread on 8x8x2-inch cake, then sprinkle or edge with Baker's Coconut.

Quick Candies

So easy to make with Baker's Coconut! For a start, try chocolate coconut marshmallows. Just cut marshmallows in halves, dip in melted Baker's Dot Chocolate, then roll in cut coconut. . . . Or make coconut ginger balls—mix 1½ cups ground coconut with ½ cup ground candied ginger. Add a dash of salt and ½ teaspoon lemon juice. Roll in balls and dip in sugar. . . . For other ideas, add coconut to chocolate fudge, caramels, or penuche.

1/2 cup shortening

Measure into cup:

(Custard baked separately)

4 eggs, slightly beaten
1/2 cup sugar
1/4 teaspoon salt
2 1/2 cups milk, scalded
1 teaspoon vanilla
1 cup Baker’s Shredded Coconut, cut
Pie crust for 9-inch pie shell

Combine eggs, sugar, and salt; add milk gradually, then vanilla and coconut and mix thoroughly. Pour into a buttered 9-inch pie pan. Set in a shallow baking pan of hot water and bake in moderate oven (375° F.) 45 minutes, or until custard is set. Remove pan carefully from water bath and cool.

Meanwhile, roll pastry dough to 1/8-inch thickness. Fit in another 9-inch pie pan. Trim edge and flute with fingers. Prick pastry with fork. Bake in hot oven (450° F.) for 10 to 12 minutes, or until slightly browned. Cool.

To place custard in pie shell, loosen custard from sides of pan with knife or spatula; tilt and shake pan gently to completely loosen. Using both hands, hold pan of custard just above, and close to the far edge of the cold baked pie shell. Shake gently. As custard starts to slip, pull pan back until custard settles into pie shell. Tip pie until custard fits.

Toasted Coconut

Toasted Baker’s Shredded Coconut may be used as a garnish for puddings, ice creams, and desserts; as a topping on cake frostings or meringues; or as an ingredient in candies or ice creams.

To toast the coconut, spread it out thinly in shallow baking pan. Place in moderate oven (350°F.) to toast until delicately browned. Stir coconut or shake pan often to toast evenly.

Tinted Coconut

Sprinkle Baker’s Shredded Coconut on a sheet of white paper, dilute a tiny bit of vegetable coloring in a small amount of water, sprinkle over coconut, then rub evenly through coconut. More or less coloring may be used to obtain degree of color desired.

Or place coconut in a glass jar. (Do not fill jar more than 1/2 full.) Dilute a small amount of food coloring and sprinkle over coconut. Cover jar and shake vigorously until coloring is evenly distributed and desired shade is obtained.

Note: If desired, coconut may be tinted orange with grated orange rind. Use 1 1/2 teaspoons grated orange rind to 1 cup coconut. Tint by either method above. Lime rind may be used in the same way.

Rainbow-tinted Coconut. Divide 1 cup Baker’s Shredded Coconut into three parts. Tint each part a delicate color—pink, green, and yellow may be used. Toss together and sprinkle over top and sides of cake while frosting is still soft. Or sprinkle coconut around top of cake to form an inch border.
