In fact, you ought to read the Cookie Section with extra care. It's full of wonders! Pages 28 and 29.

IMPORTANT—Note that the can of Eagle Brand shown here has been opened as a tomato can is opened. Know why? It is Sweetened Condensed Milk, which is so thick and heavy and rich, it can be poured only through a large opening. Do not confuse it with Evaporated Milk, which is unsweetened and thin enough to pour through a small opening.

THESE RECIPES TAKE THE “CUSS” OUT OF CUSTARDS

“A custard is never a sure thing until it is made,” a famous chef once said. But that was before anyone had tried custards made with Eagle Brand!

For with Eagle Brand there’s far less chance of wateriness . . . or curdling. Eagle Brand is sugar and milk, you know, “cooked down” till it’s creamy-smooth. Because of this it blends smoothly with eggs, makes custard-making so much surer.

Serve Eagle Brand custards often . . . in all these tempting variations.

BAKED CUSTARD

1/2 cup Eagle Brand
1/2 cup Sweetened Condensed Milk
2 cups hot water
3 eggs
3/4 teaspoon salt
Grating of nutmeg

Blend Eagle Brand Sweetened Condensed Milk with hot water, and pour gradually over slightly-beaten eggs. Add salt. Pour in a baking pan or in custard cups. Sprinkle with nutmeg, place in a pan filled with hot water to depth of custard, and bake about 40 minutes in a slow oven (300° F.) or until custard is set. A knife blade inserted will come out clean when custard is done. Serves six.

THE WORLD'S EASIEST ICE CREAMS AND SHERBETS... SMOOTH... FAILURE-PROOF... DELICIOUS! ... FOR AUTOMATIC REFRIGERATOR OR FREEZER

SECTION I—FOR THE AUTOMATIC REFRIGERATOR

Here—if you have an automatic refrigerator—is one of the best bits of news in the whole booklet.

For these pages tell of recipes that will change all your ideas about chill-tray desserts.

No—lots of cream isn’t necessary to a smooth result! No—all that trouble of making and cooling a custard isn’t necessary—not any more! No—you don’t have to stir the mixture every two minutes, to avoid splintered crystals!

Just forget all your past experience with chill-tray ice creams. These are new discoveries! “Radical news”, a famous “food” editor calls this, in her recent article.

These recipes “reduce ice cream making to its simplest terms,” to quote again.

And indeed they do. Just glance at the Vanilla Ice Cream featured on the page at the right. Only four ingredients! No cooking! Why, in ten minutes or less, your ice cream could be in the refrigerator!

Yet—try it and see—this ice cream will be as beautifully smooth and creamy as you could wish for “company best”. And because cream is used sparingly—this delicious ice cream is inexpensive and wholesome enough for everyday! Vanilla Ice Cream is just one of the many wonderful recipes given here.
AUTOMATIC REFRIGERATOR FREEZING HINTS
1. Consult the booklets issued by the manufacturer of your automatic refrigerator to determine the length of time needed to freeze ice cream.
2. Adjust to lowest freezing temperature. Fast freezing improves texture of ice cream.
3. Do not open refrigerator doors any more than necessary. Do not place warm foods in the box while freezing desserts.

\begin{align*}
\text{\(\frac{1}{4}\) cup cocoa} & \quad \text{\(\frac{1}{2}\) cup Eagle Brand Sweetened Condensed Milk} \\
\text{\(\frac{1}{2}\) cup finely powdered confectioners' sugar} & \quad \text{1 cup peanuts} \\
\text{1 cup nut meats} & \quad \text{1 tablespoon vanilla}
\end{align*}
\]

Mix \(\frac{1}{2}\) cup cocoa and \(1\frac{1}{2}\) cups confectioners' sugar. Chop nut meats and add. Moisten with Eagle Brand Sweetened Condensed Milk and vanilla. Shape into balls. Combine remaining sugar and cocoa and roll balls in it. Makes three dozen.

CARAMEL BON BONS

\[
\begin{align*}
\text{\(\frac{1}{2}\) cup Eagle Brand Sweetened Condensed Milk (caramelized)} & \quad \text{1 teaspoon vanilla} \\
\text{3 cups finely powdered confectioners' sugar} & \quad \text{1 cup toasted coconut or chopped nut meats}
\end{align*}
\]

Blend sifted confectioners' sugar with caramelized Eagle Brand Sweetened Condensed Milk (see pages 10 and 11 for caramelizing method). Add vanilla. Drop by teaspoonsful onto toasted coconut or chopped nut meats. Form into patties or balls. Chill in refrigerator.

PEANUT CLUSTERS

\[
\begin{align*}
\text{\(\frac{1}{2}\) pound peanut chocolate} & \quad \text{\(\frac{1}{2}\) cup Eagle Brand Sweetened Condensed Milk} \\
\text{1 cup peanuts} & \quad 1 \text{ cup chopped nut meats}
\end{align*}
\]

Melt chocolate, which has been cut in small pieces, in the top of a double boiler. Remove from fire and add Eagle Brand Sweetened Condensed Milk and peanuts. Stir until mixture thickens. Drop by teaspoonsful onto a buttered pan or plate. Chill thoroughly for several hours.

PENUCHI

\[
\begin{align*}
\text{2 cups brown sugar} & \quad \text{\(\frac{1}{2}\) cup Eagle Brand Sweetened Condensed Milk} \\
\text{\(\frac{1}{2}\) cup water} & \quad \frac{1}{2} \text{ cup chopped nut meats}
\end{align*}
\]

Mix brown sugar and water in a large saucepan and bring to a boil. Add Eagle Brand Sweetened Condensed Milk and boil over low heat until mixture will form firm ball when tested in cold water (230°F.-235°F.). Stir mixture constantly to prevent burning. Remove from fire. Add chopped nut meats. Beat until thick and creamy. Pour into buttered pan. When cool, cut in squares.

MAGIC CHOCOLATE CARAMELS

\[
\begin{align*}
3 \text{ squares unsweetened chocolate} & \quad 1\frac{1}{2} \text{ cups (1 can) Eagle Brand Sweetened Condensed Milk} \\
\frac{1}{2} \text{ cup corn syrup} & \quad \text{Few grains salt} \\
1 \text{ teaspoon vanilla} & \quad \frac{1}{2} \text{ cup chopped nut meats, if desired}
\end{align*}
\]

Melt chocolate in heavy shallow pan. Add Eagle Brand Sweetened Condensed Milk, corn syrup, and salt. Cook slowly, over low heat, stirring constantly until firm ball forms when tested in cold water (approximately 20 minutes). Remove from fire, add chopped nut meats and vanilla. Pour into buttered pan. When cold remove from pan and cut into squares.

### Make a Creamy Fondant in 5 Minutes Instead of 40!

#### QUICK FONDANT

Now it's easy to make these tricky French-looking cream patties—or stuffed dates, or creamy fondant-filled balls. And where the usual fondant takes 40 minutes to make—and then has to 'ripen' for 24 hours—this fondant takes but 5 minutes! And never fails!

1. Sift \(\frac{1}{4}\) cups finely powdered confectioners' sugar.

2. Blend gradually into \(\frac{1}{4}\) cup Eagle Brand Sweetened Condensed Milk.

3. Add \(\frac{1}{4}\) teaspoon vanilla (or flavor with oil of peppermint, oil of wintergreen, etc., for variety) and continue mixing until smooth and creamy. Tint with vegetable coloring, if desired. (See variations below).

For Fondant Variations: Use fondant plain between halved nut meats or as a stuffing for dates. Or form into small balls and roll in chopped nuts, shredded coconut, grated chocolate, chopped candied fruits, or flavor variously and form into round flat creams.
Far less chance of failure! Far quicker cooking! Far easier to pull! And oh, how creamy these magic taffies are!

MOLASSES TAFFY

2 tablespoons peanut butter
1/2 cup corn syrup

CHOCOLATE TAFFY
2 squares unsweetened chocolate
1 1/2 cups (1 can) Eagle Brand Sweetened Condensed Milk
1/2 cup corn syrup

BEVERAGE SECRETS THAT SAVE YOU TIME, OR TROUBLE, OR MONEY..... OR ALL THREE!

When you have a blend of milk and sugar as creamy-smooth as Eagle Brand is, it's no wonder that all beverages—hot cupfuls or icy glassfuls—become many times easier to make. But had you thought of Eagle Brand as a fine "builder," too? It combines milk—the most nearly perfect food—and sugar—the energy food. Try Eagle Brand for the undernourished child or grown-up.

And remember—Eagle Brand is a perfect (and economical) companion for your coffee. Keep Eagle Brand on hand, always.

EAGLE BRAND EGG NOG
2 tablespoons Eagle Brand Sweetened Condensed Milk
\( \frac{1}{2} \) cup water
1 egg
Few grains salt
Nutmeg

To make Chocolate Malted Milk Egg Nog: Add \( 1 \frac{1}{2} \) teaspoons Thompson's Chocolate Malted Milk to this recipe.

Eagle Brand creams and sugars coffee deliciously at half the usual cost!

Millions use Eagle Brand Sweetened Condensed Milk for this purpose. Try it. See how smoothly Eagle Brand blends in. See how rich it tastes. Many prefer coffee made this way to the usual way. Yet Eagle Brand costs less than the usual sugar and cream. Here's a saving you'll enjoy.

ICED COFFEE made with Eagle Brand is also delicious. Try it.

Make cocoa right in the cup!
1. Thoroughly blend in cup 2\( \frac{1}{2} \) tablespoons Eagle Brand Sweetened Condensed Milk, 1\( \frac{1}{2} \) teaspoons cocoa and a few grains of salt.
2. Add boiling water and blend well.

Result—a delicious cocoa that never has a "skin" on it. No milk to "watch," while it heats. No saucepan to wash! Yet this cocoa is deliciously smooth and rich. You'll love it!

HOT CHOCOLATE
2 squares unsweetened chocolate
1\( \frac{1}{2} \) cups (1 can) Eagle Brand Sweetened Condensed Milk
8 cups boiling water
Few grains salt

For Iced Chocolate: Use six cups of boiling water, cool and pour over cracked ice. Serves nine.

MALTED MILK (Plain or Chocolate)
2 tablespoons Eagle Brand Sweetened Condensed Milk
2 teaspoons Borden's Natural Flavor Malted Milk
or 2 teaspoons Thompson's Chocolate Malted Milk
\( \frac{1}{2} \) cup water

Important Note

The recipes in this book specify Borden's Eagle Brand Sweetened Condensed Milk. But if you wish, you may use any of these other brands of Borden's Sweetened Condensed Milk:

MAGNOLIA STAR CHALLENGE STANDARD PENINSULAR LEADER DIME ROSE DARLING

Eagle Brand is somewhat richer and contains 1¾ cups to the can, while other brands contain slightly less.

"Write me," says Jane Ellison

"I want to hear from you, dear reader of this cook book. Tell me which recipes in the book appealed to you most. What suggestions have you for our next cook book? Write me, as woman to woman. Please.

"And if you use this cook book so much you wear it out (as I hope you will) write me for another. Or if you want a copy for a friend, just let me know.

"Last, do—do—let me help you with any cooking questions you have that this cook book doesn't answer. I'm here to help you."

Do you know the answer?

*(Jane Ellison speaking)*

Do you know the difference between Evaporated Milk and Sweetened Condensed Milk? Every recipe in this book calls for Sweetened Condensed Milk. That's the kind you MUST use to succeed.

That's why I'm here, everybody—to make you understand the difference. First, here's a can of Evaporated Milk. I just punch a hole in the top, and out it pours—easily—in a thin stream.

Taste it. Evaporated Milk is milk alone—nothing added. Fine for all sorts of cooking uses. But Evaporated Milk is not the kind of canned milk used in the recipes in this booklet.

No. The kind used in these recipes is Sweetened Condensed Milk. As the name implies, it is a careful blend of milk and sugar. And see how rich and thick it is! It has the "body," the texture of heavy cream!

I have to cut all around the top of the can to pour out this milk, it's so rich and thick. Now taste it. The sugar that's in it makes it deliciously sweet, doesn't it?

Only with this milk—Sweetened Condensed Milk—can you achieve the magic short-cuts in cooking told of in this booklet. Every recipe in this book calls for this milk—Sweetened Condensed Milk.

Make no mistake—don't use Evaporated Milk for these recipes—use EAGLE BRAND SWEETENED CONDENSED MILK.
