PRICE 25¢
Dear Reader:—

I'm just an old-fashioned fisherman—don't know much about the details of business, and I thought that perhaps if I sent you this beautifully illustrated Cook Book, it might at least give me a chance to prove to you the unusual high quality of the fish I'm sending to my customers all over the country.

There isn't anything in the world I can say that can describe the wonderful taste of my fish. All I know is that once you taste them, you'll be a steady customer.

I want you to try my Mackerel, Lobster, Codfish and other seafoods—especially those that are new to you. I guarantee that you'll be pleased with everything I send you, or I'll refund your every penny.

I am eighty years old and the greatest pleasure I get out of life is making people happy by sending them the finest food delicacies the sea affords. Won't you let me make you happy, too?

Sincerely yours,

Frank E. Davis

The Gloucester Fisherman
Back in 1885
they laughed at me—and now they call me a crank!

That's because I insist on having the very finest fish that come out of the sea

Even the fisher-folk of Gloucester laughed at me in '85 when I started to sell fish by mail. They thought I didn't know what I was doing. But I did. I knew how hard it was for folks away from the seashore to get fish for their home tables. And I felt that in supplying these people with the same kind of fish that Gloucester fishermen pick out for their own use, I could build up a real business. Time has proved that my idea was sound. Today over 200,000 families buy fish of me by mail.

And Here Is How It Came About

It all happened in the simplest, most natural way in the world. As a boy I spent a good many days aboard a fishing schooner where I learned how to catch fish and how to clean and cure them to keep. Then as a young man, I went to sea in my father's vessel, catching the wary mackerel. Once upon the return to
To a Modern Cement Building

port, I sent a pail of salted mackerel to inland friends. The letter that came back thanking me and telling of the difficulty of obtaining, away from the ocean, the kind of fish that folks really like, gave me my idea.

"Why can't I," I thought, "supply families everywhere with the pick of Gloucester's tasty fish, sending them direct from the ocean to the tables of my customers?" The freshest, choicest and best of ocean fish are brought to Gloucester because it is the leading fishing port of America. By careful methods of selecting and packing, I can furnish lovers of seafoods, no matter where they live, with fish far superior and more appetizing than they can possibly get at a local dealer's. So I had a little circular printed telling about the seafoods I could supply and offering to fill orders by express. In the evenings my wife and I addressed these circulars to people in some inland cities.

Everybody Can Now Have Delicious, Fresh-from-the-Ocean Fish in Their Own Homes

Orders started to come to us and continued in ever-increasing numbers. Almost everyone who tried my fish came back for more and told their friends about "the man in Gloucester who supplied the finest seafoods you've ever tasted." And it wasn't long before our business had developed to the point where I had to give up fishing altogether and stay ashore and attend to it. I've been at it ever since and I've outgrown the little wooden building on the wharves and now have a large, modern concrete structure where most sanitary methods are employed, to serve my thousands of customers all over the country. But I think that the thing that has brought the greatest happiness, even beyond the success of my business, is the friendly spirit that has grown
between my customers and myself. They have liked Davis fish so well that they have told their friends about it and so a sort of endless chain of friendliness has been established.

**Why I’m Proud to Be Called a Crank**

But they still call me a crank—the other fisherfolk about Gloucester. But I’m glad to be called a crank, because I know that it means absolute safety and the very finest quality in every ounce of my fish customers buy from me. I admit that I go, personally, to the wharves and choose only the pick of the catch. I admit that I’m not satisfied with just the good fish when there is better to be had. I’m proud of Gloucester, and I’m proud of my fish.

And I’m proud to have my customers know I’m a crank. That’s why they always send to me for more, after they’ve once tasted my fish. Wouldn’t you like to try some, too?

Frank E. Davis.

LOBSTER

Plain Lobster

As soon as the can is opened the lobster should be taken out, placed in a strainer, and well rinsed. It will then be bright and clear in appearance, and if you desire it may be used without further preparation. Lettuce dressed with oil and vinegar is a good accompanying dish, or the lobster itself may be dressed with vinegar or garnished with lemon.

CREAMED LOBSTER

Melt the butter in a chafing dish or saucepan. Add the flour, stirring until smooth. Then add the cup of cream or milk. Cook until it thickens, season with salt and pepper. Add lobster meat, cooking slowly until thoroughly heated. Serve on buttered toast.

LOBSTER STEW

Heat one pint of milk. When thoroughly hot season with the butter, pepper and salt to taste. Then add the contents of a No. ½ can of Lobster, cut moderately small. Serve hot with dinner biscuit or crackers.

LOBSTER CUTLETS or CROQUETTES

Mince the lobster meat and season with the salt, paprika, lemon juice and minced parsley. Moisten with the cup of double white sauce and beaten yolk of one egg. When cool shape into cutlets, dip in egg and crumbs. Let them stand an hour or two on ice, then fry in deep fat, being sure it is piping hot first. These may be browned instead in butter in a fry pan, but the deep fat is better.

LOBSTER SALAD

Cut Lobster in half-inch cubes. Mix with a small amount of salad dressing and serve on fresh, crisp lettuce leaves. Garnish with olives and sliced hard-boiled egg if you wish. Salad should be mixed just before serving and everything be kept on ice until the last moment.

SALT CODFISH

How to freshen Salt Cod. Codfish freshens very readily. Two to twelve hours would be sufficient for any purpose. For many recipes previous freshening is not necessary.

CREAMED CODFISH

Salt Codfish  Pepper  Milk  1 tbsp.  Butter  1 tbsp.  Flour  1 Egg

Strip the cod into small pieces. Place in cold water and let it come to a boil. Drain off the water and add a pint or more of milk to the fish, according to the amount of cod used. Boil slowly for fifteen minutes, then add the butter, a dash of pepper, and a thickening of the flour in enough cold water to make a cream. Stir well and cook about five minutes longer. Add the egg, well-beaten.

PINK HASH

¾ cup cooked Codfish  1 cup cooked Potatoes  ¼ cup cooked Beets
Spoonful Pork Fat and Scraps

These are the “left-overs” of the “Old-Fashioned Codfish Dinner.” Chop the codfish, potatoes and beets together. Heat the pork fat and scraps in frying pan; press the hash firmly together and fry a good brown on each side. Serve pickles or chili sauce with it.

BROILED SALT COD

Salt Codfish  Butter

After being freshened, strip the codfish into long flakes, which should then be broiled over hot coals. Spread with butter and serve at once.

OLD-FASHIONED CODFISH DINNER

Salt Codfish  Pork Scraps or White Sauce  Boiled Potatoes  Beets

Strip the fish into small pieces or flakes. Put in a saucepan and more than cover with cold water. Let it come just to a boil and then turn off the water. Again cover with cold water and let come to a boil. Much boiling will make the fish tough. If pork scraps are served with the codfish, they are made by cutting salt pork into tiny dice and frying until crisp, using both the scraps and the fat served hot from the gravy bowl. Or if preferred, White Sauce may be used instead of the pork scraps. With this dinner boiled potatoes and beets should always be served. Boiled onions also make a desirable addition.
FRIDAY CHOWDER

\[
\begin{align*}
\frac{1}{2} \text{ lb. Davis Salt Codfish} & & 1 \text{ qt. Milk} & & 1 \text{ tbsp. Parsley} & & \text{Salt to taste} & & 4 \text{ Onions} \\
3 \text{ Potatoes} & & \frac{1}{2} \text{ tbsp. Butter} & & \frac{1}{4} \text{ tsp. Pepper} \\
\end{align*}
\]

Soak the codfish in the cold water over night or for several hours, and drain. Peel and cut the onions into thin slices, put them in a large saucepan, adding just enough boiling salted water to cover, and simmer gently until half done—about fifteen minutes. Add the potatoes, cut in small cubes, and enough more boiling water to cover them; cook ten minutes. Add the flaked fish, and cook all for ten minutes. Add the butter, milk, parsley, and pepper, and cook five minutes longer. Additional salt is added here, if necessary. Serve with plain crackers, or large soda crackers may be lightly buttered, sprinkled with grated cheese and toasted in a hot oven.

CODFISH SOUFFLE

\[
\begin{align*}
1 \text{ cup Davis Codfish Fluff} & & 2 \text{ cups Mashed Potatoes} & & \frac{1}{4} \text{ cup Butter} & & \frac{1}{2} \text{ cup Milk} \\
2 \text{ Eggs} & & \text{Dash of Pepper} \\
\end{align*}
\]

Freshen the Codfish Fluff by just placing in water a few moments and squeezing dry. Heat milk and butter in a large saucepan; stir in the fish and mashed potatoes and beat thoroughly, like cake. Separate the eggs; beat the whites stiff, in a bowl, add the yolks and beat a minute longer. Stir the eggs quickly and lightly into the other mixture and turn at once into a baking dish, sprinkling a dash of pepper in just before turning into the baking dish. Bake in hot oven half an hour. Serve at once when done. Should be light and fluffy.

CODFISH FLUFF

This is preferred by many for preparing such dishes as codfish cakes or balls, baked, scalloped and creamed codfish by the various methods, as it is ready for use without previous freshening, except a minute or two in cold water.

CODFISH BALLS—Gloucester Style

\[
\begin{align*}
1 \text{ pint Salt Codfish} & & 1 \text{ quart Mashed Potatoes} & & \text{Pepper and Salt} & & 1 \text{ Egg Yolk} \\
\text{Butter} & & \text{Crumbs} \\
\end{align*}
\]

Pick the steak-like pieces of codfish apart until you have a pint of the small pieces. Let simmer slowly for ten minutes—don’t boil it, then drain. With a fork whip the fish and potatoes together until smooth; season with the butter, pepper and salt; add the well-beaten egg yolk, and form into cakes. Roll in crumbs and fry in deep fat until they are a rich brown. Fried eggs are a suitable accompanying dish.
BAKED FRESH CODFISH

2 cups Davis Fresh Codfish 1 cup lightly mashed Potatoes ½ cup Butter
2 rolled Crackers ¼ cup grated Cheese 3 cups Milk 2 Eggs

Mix all together excepting the cheese and put in a casserole or baking dish. Beat one egg light, add a little milk and rolled cracker crumbs. Spread over the fish-and-potato mixture and put on the grated cheese. Bake about a half hour in a steady oven.

CODFISH SALAD

1 can Davis Fresh Codfish 1 hard-boiled Egg Boiled Beet, sliced Mayonnaise
Lettuce Leaves

Break into pieces the contents of the can of Fresh Codfish, taking care not to have it too fine. Mix the fish with sufficient mayonnaise to moisten and heap into a mound in a salad dish. Arrange a border of crisp lettuce leaves around the fish, and pour several spoonfuls of mayonnaise over the fish. Take the hard-boiled egg and cut into slices, also a few slices of boiled beet. The beet will be more attractive if cut into fancy shapes. Serve chilled.

CODFISH CAKES—Ready Mixed

All ready to pat into cakes and fry. Ready in a jiffy. A can will serve three or four people.

COD and HADDOCK ROE CROQUETTÉS

1 can Davis Cod and Haddock Roe 2 tbsp. Flour 1 tbsp. Cream Lemon Juice
Crumbs 2 tbsp. Butter 2 tbsp. Milk Salt, Cayenne 1 Egg, beaten Hot Fat

Break the tiny eggs apart with a fork. Have ready a rich cream sauce, made from the butter, flour, milk and cream. Season with salt, cayenne and lemon juice. Add the prepared roes and let the whole mixture boil up a moment. Stir in a beaten egg and turn into a shallow dish to cool. When perfectly cold, form into oval balls about the size of a walnut. Egg and crumb and fry in smoking hot fat to a delicate brown. Drain on soft paper and serve with cucumber or sauce tartare.

DAWSON'S SUGGESTION

Fry the larger pieces and strain out the small pieces and loose roe, and use them with scrambled eggs. This makes an excellent dish. In the case of a small family the larger pieces are enough for one breakfast and the balance with eggs serves as a second breakfast.
**Fresh Mackerel**

**FRIED MACKEREL**

Fry just as you would any pan fish except that being already cooked it only requires browning on both sides.

**MACKEREL a la DUVALL**

1 can Davis Fresh Mackerel  
Salt and Pepper  
Grated American Cheese  
Bread Crumbs

Empty a can of Davis Fresh Mackerel in a copper baking dish, dusting with salt and pepper. Make a cream sauce (one large tablespoonful butter melted, one small tablespoonful flour blended, one-half pint cream. As soon as it thickens it is seasoned with salt and pepper) and pour over the fish—then grated American Cheese, then bread crumbs, then more cheese. Bake in a quick oven for twenty minutes—serve with country sausage, hot biscuits and coffee.

For *luncheon*—Serve cold just as taken from the can, with lemon slices for garnish.

For *breakfast*—Heat in the can and serve hot with potatoes and muffins.

**Mackerel Roe**

**BAKED MACKEREL ROE**

1 can Davis Mackerel Roe  
Pepper and Salt  
Flour  
Soft Butter

Drop the roe into salted boiling water and let it boil five minutes, but not rapidly. Drain and lay it on a buttered tin plate. Dredge the roe well with pepper and salt, spread soft butter over it, and lastly dredge plentifully with flour. Bake in the oven thirty minutes, during which time baste frequently with salt, pepper, water and butter, always dredging with flour after each basting.

**MACKEREL ROE SALAD**

1 can Davis Mackerel Roe  
Lettuce or Watercress  
Sliced Lemon  
Parsley  
French or Mayonnaise Dressing

Cut the roe into small pieces. Line a dish with shredded lettuce or watercress and lay the roe on it. Serve with either French or Mayonnaise Dressing. Garnish with sliced lemon dipped in chopped parsley.

**FRIED MACKEREL ROE**

1 can Davis Mackerel Roe  
Flour  
Hot Fat  
Salt, Pepper  
Egg  
Dried Bread Crumbs

Remove from can carefully, roll in flour and fry quickly in hot fat or vegetable oil, or dip the roe into beaten egg, season with salt and pepper, roll in fine dried crumbs, dip in the egg again, and roll again in crumbs, then fry it, in deep fat. Serve with maitre d'hôtel butter or sauce tartare.

**BROILED MACKEREL ROE**

1 can Davis Mackerel Roe  
Vegetable Oil or Melted Butter

After removing the roe from the can carefully, brush over with either vegetable oil or melted butter, and broil over a clear fire. Serve with maitre d'hôtel butter, hot baked potatoes, crispy radishes, hot rolls and coffee.
SALT MACKEREL

Freshening Salt Mackerel:—Salt Mackerel must always be freshened before cooking. Tastes differ in regard to the degree of freshness required. Twenty-four to forty-eight hours may be allowed, according to personal taste. The fish should be put in a large amount of fresh water, meat side down, and if convenient, raised a few inches from the bottom of the vessel, that the salt may drop down away from the fish as fast as extracted. The water should be changed several times. For broiling or frying, the fish should be freshened somewhat more than for boiling, baking with cream or cooking in any way with milk, as milk is very efficient in covering up the salty flavor. To hasten the freshening process, it is sometimes desirable to cut out the bone of the fish or to make several gashes in the flesh.

TO MAKE BRINE FOR KEEPING SALT MACKEREL
Make a strong solution of salt and water by dissolving in water all the salt it will absorb. The brine should be strong enough to float a fish.

SAUCE FOR SALT MACKEREL BROILED
1 Cup Evaporated Milk Heaping Tsp. Horseradish Heavy dash Cayenne Pepper Juice half a Lemon 1/2 tsp. Paprika Heaping tbsp. Butter or Oil may be substituted
Mix all together and bring to a boil. Pour over Broiled Mackerel.

SALT MACKEREL—Fried
1 Davis Salt Mackerel Butter Tomato Lemon Flour
Freshen the mackerel. Roll in flour and fry in the hot butter. Garnish with quarters of fresh tomatoes and lemon. Serve with hot biscuits.

FILLET OF MACKEREL—Salt
After freshening as above, these may be prepared by any of the recipes given for Salt Mackerel.
BOILED MACKEREL

Freshen as directed. Put it on to boil in cold water, with white potatoes, and boil gently for thirty minutes.

FRIED MACKEREL

Davis Salt Mackerel 1 Egg Lemon Frying Fat 1 tbsp. Milk Cracker Crumbs Parsley

Freshen the mackerel as told on preceding page. Dry thoroughly with a cloth. Beat egg and milk slightly together. Brush mackerel with this, and roll in the cracker crumbs, shaking off all that do not readily adhere. Fry in butter or beef fat in fry pan. If preferred, cut the mackerel in four-inch sections (enough for one serving) before dipping in the egg and milk mixture. Then roll in the crumbs and fry in deep fat, which has first become piping hot. When thoroughly cooked and well-browned lay the fish on one or two thicknesses of brown paper and set in the oven two or three minutes. Then arrange on platter and garnish with lemon and parsley. Baked potatoes are best with this.

MACKEREL a la VAN NOTE

Davis Salt Mackerel Milk Butter

Freshen the fish as previously directed. Thoroughly dry and put skin side down in a large size frying-pan; cover with milk and let it come very slowly to a boil. Boil for two minutes, not longer. Carefully pour off milk and slide mackerel on to a well-buttered broiler. Put over fire and nicely brown the flesh side of the fish, then put on a platter. Spread with a liberal quantity of butter and put in oven for about five minutes, or until ready to serve.
Right from the Fishing Boats to You

**BAKED MACKEREL**

Davis Salt Mackerel  
Small piece Butter  
1 pint Milk or Cream

Freshen the fish, then lay in a baking pan or earthen dish. To the medium-sized mackerel, add the milk (or cream) and bake until milk is nearly gone, leaving simply a thin juice. Two minutes before serving add the butter. This with the milk makes a thin sauce to pour over the fish when it is on the platter. Serve with baked potatoes.

**MACKEREL a la CREOLE**

Davis Salt Mackerel  
Black and Red Pepper  
One Large Onion  
Piece of Butter

Cream Gravy

Thoroughly freshen the Mackerel. Place skin side down—season liberally with both the black and red pepper. Slice the onion and place on top with butter. Bake in oven until brown. Remove from pan to platter and make a rich cream gravy in the pan, then pour over the fish and serve.

Freshen the fish (*see page 15*). Then wipe it dry and lay it on the gridiron. First broil it to a nice brown on the flesh side, then turn and brown on the other side, which will not take as long. After broiling, cover lightly with butter and pepper to suit taste. Serve flesh side up, garnish with parsley, watercress and a bit of lemon. The broiled mackerel may be served with white sauce. After the fish is broiled, some prefer to rinse quickly in boiling water before putting on the butter and garnish.
