44 ways to serve the TASTY FRUIT

AMERICAN CRANBERRY EXCHANGE
90 West Broadway, New York, N.Y.
Preserve Cranberries

A supply of cranberry sauce, jelly, conserve and relish on the pantry shelf comes in handy, many times during the year. Put up Ten-Minute Cranberry Sauce in sterilized jars—pouring the sauce hot into the jars and sealing tightly. Keep in a dark, cool place.

Serve Cranberry Sauce with all meats, poultry and game—hot or cold. It is a tasty relish.
All measurements are "level." 4 cups cranberries equal 1 pound or 1 quart.

Ten-Minute Cranberry Sauce  
(Rich in Vitamin C)

All you need: 1 pound or quart (4 cups) cranberries, 2 cups water, 1½ to 2 cups sugar.

All you need to do: Boil sugar and water together 5 minutes; add cranberries and boil without stirring (5 minutes is usually sufficient) until all the skins pop open. Remove from the fire when the popping stops, and allow the sauce to remain in vessel undisturbed until cool.

For a Thinner Sauce
Just bring water and sugar to a boil—then add berries and let them cook until they stop popping.

Cover the top of pie with this, set in cool oven until slightly browned.
