GRAIN-O is made from Pure Grains, roasted and combined in our laboratories. It is as Nourishing and Healthful as Good Bread. Keeps the Digestion, Liver and Blood in order and is a Delicious Drink.

YOU WILL LIVE LONGER ...... IF YOU DRINK GRAIN-O

We receive thousands of letters from the friends of GRAIN-O from all over the United States, and this is what some of them say:

Gentlemen:—Our family realize so much from the use of GRAIN-O that I feel I must say a word to induce others to use it, for certainly if people who are interested in their health and the welfare of their children will give the matter a serious thought, and GRAIN-O a fair trial, they will use no other table beverage. I have made healthfulness a study, and next to herbs as a remedy come cereals as a beverage. I have used them all, but GRAIN-O I have found superior to any, for the reason that it is of solid grain and is free from that light stuff which is without substance except to make bulk.

Yours for health, C. F. Myers.

Gentlemen:—I must say in regard to your GRAIN-O that there is nothing better and healthier. We have used it for several years. My brother was such a great coffee drinker that one day he got sick and we had to call the doctor. When the doctor came he said coffee was the cause of his sickness, and he recommended us to your GRAIN-O. We got a package and tried it; we did not like it very well at first, but now I don’t think we could be without it. My brother has been feeling well ever since we started to use it. We have used about 50 packages already, and must say we wouldn’t stop the use of it. I think I could not live without it, and I recommend it to everyone.

Yours truly, LILLIE SOCHOR.

Dear Sirs:—Having used your GRAIN-O for the past three months, I thought I would write and let you know how much good it has done me. When I was away on my vacation last summer, the people I visited asked me to try some GRAIN-O, and I drank some, but didn't like it at all at first, but the more I drank it the better I liked it, and now I wouldn't drink anything else. I never weighed over 106 pounds, and last winter I was down to 103; now I weigh just 120 pounds, and I never felt better in my life. It gives me an awful appetite, and makes me strong. It is doing me more good than anything I ever took and I would recommend it to everybody.

Yours truly, MRS. GEO. R. BROWN.

Dear Sirs:—Some days since a sample package of your GRAIN-O was left at my office. I took it home and gave it a trial, and I have to say I was very much pleased with it; as a substitute for Coffee it is a success. We have always used the best Java and Mocha in our family, but I am free to say I like GRAIN-O as well as the best coffee I ever drank.

Respectfully yours, A. C. Jackson, M. D.

Sirs:—I have used GRAIN-O for more than a year. I like it very much, as it takes the place of coffee. On account of a weak stomach I can't use coffee, and have not used it for nearly four years.

Yours truly, MRS. MATTIE MELTON.

Gentlemen:—I am a little girl of twelve summers. We use GRAIN-O and won't use any other kind. Grandma and I will drink no other coffee.

Yours with respect, MABEL ORRISON.
