JELL-O RULES

This is one of a series of twelve folders, there being one of the twelve in each package of Jell-O. There are sixty recipes in the entire set.

Read the directions on Jell-O packages.

To make a plain Jell-O dessert dissolve one package of Jell-O, any flavor, in a pint of boiling water (never cook Jell-O). Pour into a bowl or mould and put in a cold place to harden. Turn out on a plate and serve plain or with whipped cream.

To make a firm jelly, don’t use more than a pint of liquid.

Do not dissolve Jell-O in the mould, but in a pan or bowl. Pour into mould when cool. When a bowl is used as a mould Jell-O can, of course, be dissolved in it and left in it till ready to be turned out and served.

To put fruit in Jell-O dissolve a package of Jell-O, any flavor, in a pint of boiling water, pour a little into the mould and set in a cold place to harden. Arrange fruit on the hardened Jell-O as desired, add a little cool Jell-O to hold the fruit in place, and let harden as before. Then pour in the rest of the Jell-O, or make more layers if you wish.
When only part of Jell-O is poured into the mould at first the rest must always be cold when poured on the Jell-O that is already set.

If Jell-O should harden before you are ready to pour it or to add fruit, it may be softened again by setting the pan or bowl containing it in hot water.

When necessary Jell-O may be hardened quickly by setting it in a pan of cracked ice.

To whip Jell-O successfully, use a Dover egg-beater and a dish rather deep and not large. When Jell-O has become cold and is still liquid, place the dish in a pan of ice water or very cold water and whip until Jell-O is of the consistency of whipped cream.

To mix whipped cream or white of egg with Jell-O, beat it in when Jell-O begins to harden.

Cook fresh pineapple a few minutes with a little sugar before using it with Jell-O, or use canned pineapple without cooking it.

See directions on back of Jell-O package for removing Jell-O from mould.

Jell-O is made in six pure fruit flavors: Strawberry, Raspberry, Lemon, Orange, Cherry, Chocolate. Sold by grocers and general storekeepers everywhere.

JELL-O RECIPES

PLUM PUDDING

Dissolve a package of Lemon Jell-O in a pint of boiling water, and while it is still hot stir in three-fourths cup grape nuts or one cup coarse dried and browned bread crumbs, three-fourths cup stoned raisins, three-fourths cup English walnut meats, three-fourths cup cooked prunes and one-fourth cup citron—all cut fine; one-half teaspoonful cinnamon, one-fourth teaspoonful cloves. Salt to taste. Mix and let harden. Serve with whipped cream or pudding sauce.

The woman who has never been able to make a good plum pudding can do so easily enough by following the above recipe.

CHERRY JELL-O

Dissolve a package of Cherry Jell-O in a pint of boiling water. Pour into a bowl or mould and put in a cold place to harden. When set, turn out on a plate and serve plain or with whipped cream. Any of the other six flavors of Jell-O can be used instead of the Cherry Jell-O.

Any of them may be whipped as easily as cream, and are very attractive in that form.
NEAPOLITAN JELL-O

Layer pieces are made in great variety, with all layers of plain Jell-O, or all whipped, or alternate plain and whipped. The most common one of four layers is made as follows:

Dissolve a package of Lemon Jell-O in a pint of boiling water. Pour two-thirds of it into a mould of proper shape and when it has set whip the rest, pour it on and let it harden. Dissolve a package of Strawberry or Raspberry Jell-O in a pint of boiling water and when it is cold put two-thirds of it, a spoonful at a time, on the Lemon Jell-O. For the fourth layer whip the rest of the Strawberry Jell-O or Raspberry Jell-O and pour it on the hardened plain layer.

All layers must be hard before others are added. Unmould by dipping in hot water as directed on the back of the Jell-O package.

For a two-layer piece with both layers whipped as shown on cover, use Lemon Jell-O for one and Raspberry or Strawberry Jell-O for the other, half of the full pint of each being whipped and the rest served in some other way. All can be used, of course, if an extra large dessert is desired, and in such case four layers instead of two may be made.
