HIGH STYLE DESSERTS

lemon soufflé
Who would guess that fluffy Lemon Soufflé could start from a package of pudding mix? More to come, too. Desserts with a foreign accent, like Crêpes and Crème Brûlée, and hometown favorites, such as Deluxe Cheesecake and Lemon Snow Pudding. Among the special occasion desserts here: a lovely Pudding Bavarian and a Deluxe Trifle that looks and tastes as if it came straight from Martha Washington's handwritten cookbook.

**lemon soufflé**
(pictured on opposite page)

A most impressive fluffy soufflé — and you can make it in a snap.

1. package Jell-O Lemon Pudding and Pie Filling
2. 1 envelope unflavored gelatin
3. 2/3 cup sugar
4. 1 3/4 cups water
5. 2 tablespoons lemon juice
6. 3 egg yolks
7. 1 teaspoon grated lemon rind
8. 1 tablespoon butter
9. 3 egg whites
10. 1/4 cup sugar
11. 1 envelope Dream Whip Whipped Topping Mix

Combine Jell-O Pudding Mix, gelatin, 2/3 cup sugar, 1/4 cup of the water, and the lemon juice in saucepan. Blend in egg yolks; add remaining 1 1/2 cups water. Cook and stir over medium heat until mixture comes to a full boil. Remove from heat; add lemon rind and butter. Cover surface with wax paper and chill about 1 1/2 hours.

Beat egg whites until foamy throughout. Add 1/4 cup sugar, 2 tablespoons at a time, beating thoroughly after each addition. Continue beating until mixture forms stiff shiny peaks. Prepare Dream Whip as directed on package; blend into chilled pie filling. Then fold in egg white mixture. Pour into a 1-quart soufflé dish that has been extended with a 2-inch wax paper collar. Chill until set — 3 hours or longer. Before serving, remove paper collar and garnish with lemon slices, if desired. Makes 8 to 10 servings.
**Deluxe Chocolate Cheesecake**

*Deluxe Chocolate Cheesecake (pictured above)*

**Light the candles, usher in the guests — this deserves an extra flourish.**

- ¾ cup fine graham cracker or zwieback crumbs
- 1 tablespoon granulated sugar
- 2 tablespoons butter, melted
- 1 package (4-serving size) Jell-O Chocolate or Chocolate Fudge Pudding and Pie Filling

**3 ½ cups granulated sugar**
- 1 cup milk
- 1 square Baker's Unsweetened Chocolate
- 3 packages (8 oz. each) cream cheese, softened
- 3 egg yolks
- 2 teaspoons vanilla
- ¼ teaspoon salt
- 3 egg whites
- 1 cup sour cream (optional)
- ½ cup confectioners' sugar (optional)

Mix crumbs, 1 tablespoon granulated sugar, and the butter. Grease sides of 9-inch spring-form pan to 1 inch from top; coat with about 2 tablespoons crumb mixture. Press remaining crumb mixture firmly on bottom of pan.

Combine Jell-O Pudding Mix, ¾ cup granulated sugar, and the milk in a saucepan. Add chocolate. Cook and stir over medium heat until chocolate is melted and mixture comes to a full boil. Remove from heat, cover surface with wax paper, and set aside. In large bowl, beat cream cheese slowly with electric mixer or rotary beater until fluffy. Add egg yolks; beat well. Blend in vanilla, salt, and pudding. Beat egg whites until soft rounded peaks will form; fold into cheese mixture. Pour into pan.

Bake on lowest oven rack at 425° for 30 minutes, or until center is set when lightly touched and top is golden brown. (Cake becomes firmer when cool.) Blend sour cream and confectioners' sugar; spread on hot cheesecake. Bake at 425° another 2 minutes — topping should not brown. Cool or chill; remove from refrigerator at least 30 minutes before serving. (Store leftovers in refrigerator.) Makes 10 to 12 servings.

**Café au Lait Cheesecake.** Prepare Deluxe Chocolate Cheesecake as directed, using milk chocolate pudding and pie filling, substituting 1 tablespoon Instant Maxwell House Coffee for the unsweetened chocolate, and adding 1 ½ teaspoon cinnamon.

**Deluxe Vanilla Cheesecake.** Prepare as for Deluxe Chocolate Cheesecake, using vanilla pudding and pie filling with only ½ cup granulated sugar and omitting unsweetened chocolate; use only 1 teaspoon vanilla and add 1 tablespoon lemon juice and ¼ teaspoon nutmeg.
queen bee cake  
(bienenstichkuchen)
Quick yeast dough and pudding filling modernize this classic German cake.

1 package active dry yeast
¼ cup warm (not hot) water
¾ cup milk
¼ cup butter
¼ cup sugar
½ teaspoon salt
2 egg yolks, slightly beaten
2 teaspoons grated lemon rind
3 cups sifted all-purpose flour
¾ cup sugar
⅓ cup Log Cabin Syrup–Maple-Honey Flavor

Sprinkle yeast over warm water; stir until dissolved. Scald ¾ cup milk; remove from heat. Add ¼ cup butter, ¼ cup sugar, and the salt; stir until butter is melted. Cool to lukewarm. Combine yeast, milk mixture, egg yolks, and lemon rind in a large bowl. Add flour, 1 cup at a time, beating thoroughly after each addition. Spread dough evenly in a 13 x 9-inch pan that has been greased, then lined on bottom with wax paper. Cover with towel; let rise in a warm, draft-free place until dough has doubled in bulk—about 1 hour.

Meanwhile, combine ¾ cup sugar, ½ cup butter, 2 tablespoons milk, the almond extract, coconut, and almonds. Heat and stir until butter and sugar are melted. Cool. Then spread over dough. Bake at 375° for 25 minutes, or until golden brown. Remove from oven, immediately spoon syrup over top, and let stand 5 minutes. Remove from pan, remove paper, and cool. Then split cake in half horizontally. Spread filling over bottom half; replace top half. Sprinkle with confectioners’ sugar, if desired. Serve at once or chill until serving time. Cover and store leftovers in refrigerator. Makes 15 to 18 servings.

Note: Filled cake may be wrapped and stored in freezer. To serve, unwrap and thaw at room temperature.

POSH PASTRIES
Can a bride in Warren, Ohio, prepare a Napoleon that looks as if it came from a Paris Patisserie? Yes—if she follows directions carefully and takes advantage of pudding and topping mixes for the fluffy filling. Or perhaps you would prefer serving Eclairs, Strawberry Puffs, French Horns, or Boston Cream Pie. And you could make your reputation as a hostess with Deluxe Torte, a simplified version of a dessert that helped make a New York City restaurant famous.

**Éclairs**
(pictured on opposite page)
The favorite French pastry is easier now with this simple filling and glaze.

- 6 tablespoons butter
- ¾ cup water
- ¾ cup sifted all-purpose flour
- 3 eggs

Eclair Filling (page 28)  
Chocolate Glaze (see below)

Bring butter and water to a boil. Reduce heat; add flour all at once, stirring rapidly. Cook and stir until mixture thickens and leaves sides of pan—about 2 minutes. Remove from heat. Beat in eggs one at a time; then beat until mixture looks satiny and breaks off when the spoon is raised. With pastry tube or spoon, form dough into ten 5 x 1-inch strips on ungreased baking sheets. Bake at 425° for 20 minutes, then at 350° for 30 minutes. Cool. To fill, cut a slit in the side of each shell or cut off a shallow top; remove moist dough. Spoon in filling and replace top. Glaze. Makes 10 éclairs.

**Note:** For crisper shells, cut off tops, remove any moist dough, place on baking sheets, and return to oven for 5 minutes.

**Chocolate Glaze.** Melt 2 squares Baker's Unsweetened Chocolate with 2 tablespoons butter over low heat. Remove from heat. Blend in 1½ cups unsifted confectioners' sugar, 3 tablespoons milk, and a dash of salt. Spread while still warm on éclairs.

1 1/2 to 2 tablespoons water
1 square Baker’s Unsweetened Chocolate, melted

Prepare Jell-O Pie Filling Mix as directed on package, reducing milk to 1 cup. Cover surface of filling with wax paper; chill. Meanwhile, roll pastry into a 12-inch square. Cut into 3 equal strips, 4 x 12 inches each. Place on a baking sheet and prick with a fork. Bake at 425° about 12 minutes, or until golden brown. Cool. Whip chilled filling until light and smooth. Fold in prepared Dream Whip. Spread two of the cooled pastry strips with filling. Stack, filling sides up, one on top of another. Blend sugar and 1 1/2 to 2 tablespoons water until smooth; carefully spread on remaining pastry layer so that glaze does not run over sides. Gradually blend 1 to 1 1/2 teaspoons water into chocolate until thin enough to pour; then drizzle from a spoon into thin lines the length of the pastry about 1/2 inch apart. Draw a sharp knife across lines, alternating from side to side, to give a rippled effect. Place on top of stacked layers. Chill about 2 hours. Cut with a sharp knife and quick cutting strokes into six 2-inch pieces. Makes 6 servings.

1 package (4-serving size) Jell-O Chocolate or Chocolate Fudge Pudding and Pie Filling  
1/2 cup sugar  
1 cup water

Desserts that wait in the freezer, made from pudding mix, prepared with electric mixers and blenders—no wonder the old-fashioned ice cream parlor has disappeared. Now a well-stocked home freezer is likely to contain several flavors of Pudding Ice Cream, a Frozen Fruit Salad, and an emergency fund of Frozen Dessert Shells. But the younger generation will check most often to see that you have replenished their supply of Frozen Fudge Pops.

Pointers on Jell-O Pudding and Pie Filling

PREPARED AS DIRECTED, Jell-O Pudding and Pie Filling always provides smooth, creamy pudding and firm, easy-to-cut pies. Puddings cook most satisfactorily in aluminum or stainless steel pans, which heat evenly without hot spots that might cause scorching. (Caution: Do not stir and taste pudding with the same spoon — the "tasting spoon" may make starch break down and pudding may not thicken properly.)

COOKING TIME WILL VARY with the temperature of the milk and amount of heat, but is usually about 5 minutes on gas ranges and longer on electric ranges. Do not prolong cooking — while the pudding may be thin when removed from heat, it will thicken as it cools.

FOR CREAMIER PUDDING, place wax paper directly on top of hot pudding before cooling. Remove the paper and stir before serving. For extra creamy results, beat cooled pudding with a rotary beater.

TO SPEED UP COOKING TIME on busy days, cook pudding over high heat, stirring constantly to avoid scorching.

WHEN COOKING IS INTERRUPTED by the telephone, baby crying, or other unavoidable delay, Jell-O Pudding & Pie Filling may be removed from the heat during interruption — up to 15 minutes; then resume cooking as directed.

TO COOL PUDDING QUICKLY, place the pan of hot pudding in a larger pan of ice and water and stir frequently until cooled. The resulting creamy mixture should be served only as pudding since it will not be firm enough for pie.

PIE TIPS: For meringue-topped pies, spread meringue on slightly cooled filling, making sure the meringue touches the crust around the edge. For ease in serving crumb crust pie, dip pie pan in warm water for a few seconds just before cutting and serving.

Tips on Dream Whip Whipped Topping

TO WHIP DREAM WHIP EASILY, follow package directions carefully. In a very warm kitchen (during summer months or when a great deal of cooking and baking has made the kitchen hot), chill empty bowl and beaters in refrigerator for 10 minutes or more before preparing topping mix.

FOR SWEETER DREAM WHIP, add sugar to your taste. The vanilla may also be increased as desired.

TWO ENVELOPES OF DREAM WHIP can be prepared at once in the small narrow-bottom bowl that is used for one envelope. Combine contents of both envelopes in bowl, add 1 cup cold milk and 1 teaspoon vanilla; then whip as directed on package.

TO KEEP PREPARED DREAM WHIP, cover and store in refrigerator. If desired, beat before serving, adding a little milk if topping is too thick.
