PUT ME OFF AT BUFFALO
FACTS AND FIGURES ABOUT Libby, McNeill & Libby's PLANT.

Space occupied by plant, six acres; floor space, 25½ acres. Capacity of cutting-floor, 250 cattle per hour. Slaughtered weekly, 15,000 cattle.

Our stables contain 75 teams of a uniform bay color, many of them prize winners.

Eighteen boilers used in our power-house refrigerator plant; capacity, 750 tons per day.

We prepare numerous varieties of ready-to-eat foods in tins; also supply choice meats of all kinds to hotels and restaurants in all parts of the United States. We also produce large quantities of Smoked Beef, Hams, Bacon, barrelled Meats and Sausages of every variety.

OUR PRODUCTS ARE NOTED FOR THEIR "NATURAL FLAVOR."
Employed in Chicago plant, 2,500. Annual payroll (about) $1,000,000.

We operate our own refrigerator car line.

Branch houses in all the large cities of the United States and Canada, and in each of the principal import centers of the world.

Monthly output, 5,000,000 cans.

Number boxes of tinplate used annually, 150,000.

Whenever exhibited, Libby's Canned Foods have secured highest awards for purity and excellence, receiving gold medals at the World's Columbian Exposition, Chicago, 1893; Trans-Mississippi and International Exposition at Omaha, 1898, and Paris Exposition of 1900.

Pan-American Exhibit—Manufacturers' and Liberal Arts Building, Section H.
