PHYSICIANS will tell you that macaroni or spaghetti, etc., is the most nourishing food you can eat.

For building up young bodies, for giving strength and vigor to the whole family, they have no equal.

The reason is in the ingredients. Mueller's Macaroni, Spaghetti, etc., are made of farina (the heart of the wheat), and contain just those food elements that build flesh tissue, red blood and bone.

No other food so thoroughly takes the place of meat, being just as substantial, but more healthy and nourishing. And—very important—the price is half that of meat.

When prepared in any one of the 60 different ways described in this Recipe Booklet, the Mueller products are so delicious, so easily digested, so satisfying, that they are welcomed by the "dainty" eater, the invalid, or for the heartiest appetite.

In making the Mueller products, the most modern methods and hygienic processes are used. We employ the very latest types of machinery in each department, several of them being covered by our own basic patents.

And not only have we been successful in producing perfect goods, perfectly
made, but we insure our goods being delivered in perfect condition.

The famous "Mueller" air-tight package is far superior to the open end box so commonly used, because the contents are never subject to any outside contamination.

Air cannot reach the contents, moisture cannot affect it, odors, dust or weevils cannot get in.

Therefore, every Mueller product reaches you just as fresh, sweet and clean as the day it left our packing rooms.

Once you learn how delicious and nourishing the Mueller products are—and how easily they may be prepared in many tempting dishes—you will never want to be without some in the house.

**MUELLER'S EGG NOODLES**

Egg Vermicelli and Egg Alphabets are made of the best spring wheat flour and finest quality selected eggs, absolutely pure and free from all artificial coloring. In purity, richness and delicate flavor, Mueller's Egg Noodles are a pleasing surprise to all.

Made in three sizes—fine, medium and broad. The fine size is generally used for soups, the medium and broad for side dishes.
Recipe No. 1.

DIRECTIONS FOR COOKING

To be followed in all recipes in this book.

To cook perfectly, put one large package of Mueller’s Macaroni or Spaghetti into one gallon of boiling salted water. Many housewives add 1½ tablespoonsful of butter to the water, which gives an added flavor. Boil rapidly until tender, which will generally take from 10 to 25 minutes, stirring occasionally. Then place the macaroni or spaghetti in a colander which is to be shaken until drained thoroughly.

If the macaroni or spaghetti is to be re-cooked with other ingredients, or baked, it need not be cooked quite so tender.

For Elbow Macaroni, Elbow Spaghetti, Egg Vermicelli, Egg Noodles and Alphabets, 5 to 10 minutes is sufficient.

If Elbow Macaroni or Elbow Spaghetti is used, it need not be broken.

Never start to cook in cold or merely warm water. Always be sure it is boiling rapidly.

Never allow it to stop boiling. If necessary to add more water, have it boiling.

When done, put in a colander and drain.

NOTE: The same recipes may be used in preparing macaroni, spaghetti, Elbow Macaroni and Elbow Spaghetti.

Buttered bread crumbs

Prepare egg noodles as per Recipe No. 1 and keep them hot. In the meantime, chop onion and cook in butter or some bacon fat, until a golden brown; add to it a few chopped capers or chopped pickles, season nicely and add cooked noodles, moistening, if necessary, with a little more butter. Mix well, turn out on to a hot platter, sprinkle breadcrumbs over the top. To prepare buttered crumbs, take some coarse breadcrumbs and place them in a pan with butter or bacon fat, toss them about in this until fat is absorbed and the bread colored golden brown. Allow 1 tablespoonful of fat to a scant cupful of crumbs.
