22 vanilla wafers, 2 inches across
1 package chocolate pudding powder
16 marshmallows (1/4 lb.)

1 cup Pet Milk diluted with 1 cup water
1 teaspoon vanilla 1/8 teaspoon salt

Rub with vegetable oil a deep 9-inch pie pan. Line bottom and sides with vanilla wafers. Put pudding powder in saucepan. Stir in diluted milk gradually. Bring to a boil, stirring constantly. Continue to stir and boil for 30 seconds. Remove from heat and stir in vanilla and salt. Cover and cool. Cut 12 marshmallows into quarters. Arrange pudding in prepared pan in alternate layers with the quartered marshmallows, beginning and ending with the pudding. Have 3 layers of pudding and 2 layers of marshmallows. Cut remaining 4 marshmallows into strips and garnish top of pie as desired. Cover with a larger pan so as not to disturb the wafers around the edge, and chill until firm. Serves 6.
