Vacuum Bottles and Accessories
UNIVERSAL, The Vacuum Bottle with Nested Cups

All UNIVERSAL Vacuum Bottles have extra cups with folding handles, which nest in the cover which permits serving even the hottest liquids, safely and comfortably, without scalded fingers. UNIVERSAL Vacuum Bottles are best to buy for other reasons too. All UNIVERSAL nickel-plated bottles are of rust-proof construction throughout and are unexcelled in sanitation.

Every filler—the unseen heart of the bottle—is of highest quality, protected by a patented shock-absorber, insulated by an efficient vacuum, inspected and subjected to a twenty-four temperature test before packing. They positively keep liquids hot 24 hours or cold 72 hours. Every UNIVERSAL Bottle is American-made throughout. You cannot see these things, but if you wisely choose a UNIVERSAL that trade-mark becomes your guarantee of quality, inside and out.

For the motorists, yachtnmen and picnickers there is the UNIVERSAL Luncheon Set with complete equipment to safely carry, properly serve and thoroughly enjoy steaming hot or ice cold liquids and tasty food.
