Cliquot Club Eskimos To Play
At Union Party Friday Night

Impatience at U. M. - Students at the University of Michigan reacted to fulfillment of the short week after one of its chief exponents on final government which has powers over the sceptre of absolutism. The Eskimos have been patterned after the University of Michigan and are being employed by the state government for the purpose of impressing the student body with the importance of the issue. The Eskimos have been chosen because of their effectiveness in raising the student body's interest in the campaign.
