TAX EXEMPTION FOR FRATERNITIES

A bill before the state legislature of this year proposes to grant a tax exemption to fraternities from payment of taxes. This is one of the many desirable improvements in the laws of the state which have been brought to the attention of the public. Instead of paying a fee for the support of the public schools, fraternities will be able to use a portion of the tax payments made by the fraternity members to support the schools.

In East Lansing, fraternities have been rated one of the best in the country, and their contributions to the education of the community have been truly beneficial. In fact, the city fathers have suggested that they contribute more money to the support of the municipality.
