OUR POLICY

We believe that any administration in any activity is always interesting to know what the policies are of any of the administrations in the future. If a new administration in any activity is to be created and put into operation

We hope that the new administration will be able to believe that the policies so open will be to the best interest of the student body and that they will be the best policies for the student. It is the best policy for the student to be the best policy for the student body.

In conclusion, the student council and administration should be able to believe that the new administration is the best for the student and that the student has the right to be the best policy for the student body.

The Michigan State will be an organ of the student body's expression of opinion. We want to make sure that the student is free to express his opinion on any and all issues.

HOCKEY RAIN

Consider this in the past the faculty to improve present methods of recruitment apparently is not the student body in the district. This action of several new students in the district can be taken as a preliminary of positive changes.

The expenses for the past have increased this year in the past year. The expenses are much higher this year than in the past. The expenses are much higher this year than in the past year. The expenses are much higher this year than in the past. The expenses are much higher this year than in the past year.

The Michigan State will be an organ of the student body's expression of opinion. We want to make sure that the student is free to express his opinion on any and all issues. The student body's expression of opinion should be heard by the faculty and administration.

HATS

Red flannel hats—big hats, flannel hats. Great hats. Nothing like the price. Winter's coming. The flannel hats are fashionable and an easy accessory. Street, or weather, the hats are the perfect accessory. Street, or weather, the hats are the perfect accessory. Street, or weather, the hats are the perfect accessory. Street, or weather, the hats are the perfect accessory.

The Duke Power Company Turbine-Generators

The Duke Power Company Turbine-Generators have been ordered for the western end of the York River system. The new units will be the largest in the world. The capacity will be nearly 200,000 horsepower. The new units, when completed, will have a generating capacity of 15,000 horsepower. They will develop five times the capacity of the largest unit now in operation. The new units will be operated by the Duke Power Company and will be the largest in the world.

Mild or they are, not a jot of the true, rich tobacco flavor has been lost. When the best tobaccos on the market are bought you can be certain they'Id deliver the case. Chesterfields are as natural as a field of sweet clover, and they satisfy the taste supremely well, always!

Once a man has checked up on the above pleasant news, there'll be no "riding away in all directions" for him!

They're a knightly warrior, immortalized by Mr. Stephen Leacock, who under the stress of intense excitement "mounted his horse and rode away in all directions." Whether he ever returned is not recorded.

To us, this giddy hero is a perfect example of how not to smoke a cigarette. We believe he should have been made to smoke and. smoke away in all directions! Whether he ever returned is not recorded.

To us, this giddy hero is a perfect example of how not to smoke a cigarette. We believe he should have been made to smoke and smoke away in all directions! Whether he ever returned is not recorded.
