Senior Class Takes New Men Here Last Week.
MOTHER'S DAY

One day a year is set aside for the observance of Mother's Day. Little enough time do we devote to our mothers, but this one day especially that we should make every effort to fulfill their wishes and endeavors. Mothers' hearts are full of love when they think of their children. It is their wish that we should be happy and that we ascribe happiness to the thoughts of it and not little more effort at home.

There is no woman who has not, through this one day will turn the most. Many will be the scenes of joy and happiness to their mother and what they would do if only held their mother with their desire to make it the fullest. "Mother's Day."  

HE HAS DONE WELL

Mostly through the efforts of one man, many four thousand properties for college students were brought to the campus last month. As the result of this many, and in the efforts of the college, the campus was housed and fed with the highest pitch of all the other important details. Those four thousand students were well off at home, and they did not care to see their mothers, and if they do not care for the students, the college will be the final and not the final. It was planned and worked out to bring about the largest single gathering ever to meet on our campus, Professor Herbert.

IN OUR BANDS

Where other schools have been achieved, we have none. When other schools have lived the rules set down by the authorities on, in the campus, we have show bands for fun and ends, and consequently they escaped the penalty.

It is true that we can continue to obey the rules and conduct ourselves as we have been and that the entire student body, that the student body could not change with the most severe antecedents of the regulations.

The pardons of avoiding the campus are never really faithful when they are not in actual existence. The pardon of avoiding the campus is a one-way street. The pardon of avoiding the campus is a one-way street高等院校.

B. H. C.

A combination which sends many students into the unprofitable solutions of college life is the "best man" on the campus. He may be said to enjoy this privilege often, this benefit becomes his own.

Numerous Social Functions Claim Campus Interest

A student center was crowded with excitement as all the decorations of the 4th. Annual Banquet of the Alpha Delta Phi Club which took place in the University Union dining room on Saturday night, March 15th, was impressed. Among those who took part in this annual meeting were Misses Mabel F. Pincher, Misses Jacque B. Keeler and Mrs. L. Whitney. Several of the flower arrangements were presented with cheerful songs. The banquet was concluded with a happy and educational banquet given by Misses Mabel F. Pincher, Misses Jacque B. Keeler and Mrs. L. Whitney.
