HOLD COLLEGE ARTY AT PEOPLES CHURCH FRIDAY

Four Years of College Leave Unforgettable Impressions
And there are still others who like to do the telephone socially. They will arrange to sit down with a friend and make up a little scene to be acted out while waiting for the call. They may phone a little girl to be the telephone operator, or a little boy to be the phone, or a little girl to be the woman who answers the bell. In this way they can have a whole little play going on, and it is a good way to pass the time when there is no call to be made. They can use this play as a way of expressing their imagination and creativity, and it can be a fun and entertaining way to spend some time together.
