Say When —

Every day brings us a new opportunity to choose our words carefully. When we choose our words, we shape the way others perceive us and the impact we have on those around us. It is important to consider the effect our words will have before we speak, especially in sensitive situations. Let's strive to use kind and thoughtful language, showing respect for others and ourselves.

The alumni makes his annual appearance in the Campanile, and here the alumni association asked to contribute to its activities. It is hard to find anyone on the campus who does not know the alumni association, which has made a noticeable gain in the past year. The alumni association is the only agency on the campus which broadens the gap between students and alumni.

CLARK CHAMBERLAIN ROMPS IN AHEAD OF ALL OPPONENTS IN NATIONAL COLLEGIATE MEET

Slim State Distance Runner Has Little Difficulty Winning Favor its Event on soggy Track at Chicago Saturday; Ken Yarger Places Fourth in needless to Wind Up Career.

CLARK CHAMBERLAIN, a star at Michigan State in a final burst of glory in 1934, won the mile run in the national collegiate track meet on Saturday to win the National Collegete track crown. The championship was found by the director of track that had fallen all summer and the strong cross wind that swept the field decided the race. Chamberlain had a much easier time than he was. In the 5:24 distance over the 1-mile course, he finished in 4:20.35.

His brilliant comeback, following a disappointing showing made in the T.F.A.A.A. meet last week, was one of the most startling stories of the track season. Chamberlain, who is a member of the Michigan State track team, finished second in the mile run in the national collegiate track meet last week. He was fourth in the 1-mile run in the T.F.A.A.A. meet last week.

The only other member of the Michigan State team to win a championship was Jack H. Klotz, team captain. Klotz won the 100-yard dash in 10.35, the second fastest time ever run in the meet. He also won the 220-yard dash in 21.75, the second fastest time ever run.

Intra-mural Sports

From a Tuesday afternoon through the closing events on Saturday, the intra-mural sports at the University of Michigan were in full swing. The weather was perfect, and the crowds were large. The events included basketball, football, and baseball.
