What makes a cigarette taste better?

What makes anything taste better? It's what is in it that makes it taste better.

CHESTERFIELD is better because we buy the tobacco until 20.0 feet. During this time the tobacco improves—just like wine improves by ageing.

CHESTERFIELD is better because they have the right kind of home-grown tobacco and Turkish Tobacco "welded together."

We hope this answers your question.

It's not by accident that Luckies draw so easily, bum so evenly. For each and every Luckey is fully packed—filled to the brim with sweet, ripe, mellow Turkish and Domestic tobaccos. Round, firm—no loose ends. That's why Luckies are so smooth.

Do you remember

... all of the claims that have been made about smoking tobacco—how it was that one was this and that one was that? After all, what you want to know when you get a thing for a certain purpose is...

"Was it made for that?"

Granger is made of White Burley—the kind of leaf tobacco that's best for pipes.

And old man Wellman, who taught us how to make Granger, knew how.

Granger is made to smoke in a pipe—and folks seem to like it.
