500 STUDENTS TO PARTICIPATE IN SERVICE SUN.

M.S.C. Turkey Will Grace Table of President

First annual turkey dinner for members of the Corps of Cadets was held on Thanksgiving Day, sponsored by the Cadet Council. The turkey, weighing in at 500 pounds, represented the cause of the young men's efforts to maintain the high standards of the Corps. The event was a success, with many cadets attending and enjoying the food. The turkey was cooked and served by the cadets themselves, and it was evident that they had put in a lot of effort to make it a special occasion. The turkey dinner was a great opportunity for the cadets to come together and enjoy each other's company, and it was a fitting end to the year's service.

Heavy Polling Marks First Election of Term as Frosh Ballot For Class Officers

The first election of the term as freshmen class officers was held on Wednesday, November 14th. The candidates for the positions of freshmen class president, freshmen class vice president, and freshmen class treasurer were voted on by the freshman class, and the results were announced shortly after the polls closed. The freshmen class council had worked hard to prepare for the election, and the candidates had been campaigning vigorously to win the support of their peers. The outcome of the election was a testament to the hard work and dedication of the freshmen class and the importance of their role in the university community.

COUNCIL VOTES ON BAND RULING

Vote to dissolve band is passed.

A resolution was passed by the council to dissolve the band, which had been a staple of university life for many years. The council felt that the band had outlived its usefulness and that it was time to move on to new opportunities. The decision was met with mixed reactions, with some members of the band expressing sadness at the news, while others were excited about the possibility of creating a new, more innovative group. The council's decision was a bold move, and it remains to be seen how it will impact the university community.

STATE'S BABY NURSERY RECEIVES RECOGNITION

State's Baby Nursery Receives Award

The state's baby nursery was awarded the prestigious Dr. Kent L. Kellogg Award, which is given to outstanding programs that provide care for infants and their families. The nursery has been providing high-quality care for infants and their families for many years, and it is a testament to the hard work and dedication of the staff. The award was a fitting recognition of the nursery's commitment to providing the best possible care for infants and their families.

FARM HOUSE MEN HOLD BREAKFAST

Annual Conference Held in Pro bono Nunnas in Field Work

The annual conference held in pro bono nunnas in field work was a success, with many members of the farm house men attending and participating. The conference was a great opportunity for the men to come together and share their thoughts and experiences, as well as to learn from each other. The conference was held in a field near the farm house, and it was a fitting location for the event given the men's dedication to agriculture.

PROFESSOR AIRS VIEWS ON POSSIBILITY OF NEXT WAR

Professor Airs Views on Possibility of Next War

The professor aired his views on the possibility of a war, and he was not alone in his concerns. Many members of the university community were worried about the growing tensions in the region, and they felt that it was important to be prepared for any eventuality. The professor's speech was a call to action, and it was met with a great deal of interest and engagement from the audience.

A bird's-eye view showed the way

Telephone engineers recently found the best route for a new telephone line by taking a bird's-eye view of their difficulties.

The territory was heavily wooded, sparsely populated and year round, with roads for sprints. A map was made by airmail photography. With this map, the best route was clearly plotted, and work was facilitated.

Bell System engineers continue to extend the telephone's reach—to speed up service—to make it more convenient, more valuable to you.

Mild
...yes I like that word
about cigarettes

"When I think of milder cigarettes nowadays, I always think of Chesterfields.
Because Chesterfields are milder. They're not as tough and strong to them but they've got milder taste.
I smoke Chesterfields all day long—when I'm working and when I'm not, and there's no time when a Chesterfield doesn't taste milder and better.
I'll put it in a good word for them—cheaper than cigarettes like Chesterfields—they're mild and yet they satisfy."

INSURING FINE TOBACCO FOR FUTURE LUCKY STRIKES

Not many smokers have seen a fine tobacco plant in full bloom, so we show you this picture. Only a few of these fine plants are permitted to flower and to produce seed. These carefully selected seeds reproduce the following year the "Cream of the Crop" for your Lucky Strike, for tobacco must be grown from seed each year. This careful breeding of fine tobaccos explains why Lucky maintain the same fine, uniform quality from year to year—so smooth and firm and fully packed—free from loose ends.
