Luckies

Reach you fully packed

THE TOBACCO DOES NOT SPILL OUT

Good tobaccos—real good tobaccos—are the reason for Luckies’ new, smooth quality. We use only the center leaves of the finest Turkish and domestic tobaccos possible. Not the over-leaves because these are underdeveloped. Not the bottom leaves—because these are inferior. No, no, the center leaves, because these are the middle leaves, fully ripened for proper smoking. Only these center leaves are used to make Luckies, and hence, in fully packed rolls, no loose ends to spill out. That’s why Luckies are always mild and smooth. That’s why always “Luckies please.” And don’t forget—“Tobacco”—the threat protection—for finer taste.

Always the Finest Tobacco — and only the Center Leaves
