COW PUNCHER TURNS INTO MSC DEAN

Anthony Henry and

The Readers Speak:

May I be permitted to comment on editorial

signed by Fred Patton, appearing in the

June 2 issue of your publication.

As a member of the Men's gift club I am amazed at Mr. Patton's asser-

tion that before this time the Men's gift club was "one such factor in college life"

as the club today.

The club was just as much in demand on the campus then as it is now, according to

current students and alumni, and was regarded as one such factor in college life.

Mr. Patton calls attention to the present extravagance and unusual enter-

prises of the present day gift club, which he says is the result of the year-

ly social activities, as well as other factors.

But it is evident that the gift club was just as much

in demand then as it is now, and was regarded as one such factor in college life.

Mr. Patton's comments may be said to be tantamount to an attempt to

reduce the gift club to a mere social activity.

Sincerely,

No matter what one's viewpoint, the gift club is a long

established tradition in college life.

The club is a long-established tradition in college life.
