Wolverine Pix to Set Record

With a record total of approximately 4500 individual pictures to be taken for the Wolverine, Felton Robert Martin, announced today that a crew of 120 pictures were to be taken each day. This compares with 120 pictures taken by the schedule of the 1972 yearbook. On every picture taken, two Wolverine students will be present.

The pictures will be taken at the Vonrath studio, located near the school in the Milkie Theater. Photographers will cover the area, report to the studio, and elimate the surest, most interesting pictures. It is required that all pictures taken be of exceptional quality and can be displayed.

The winning picture will be determined by the editing board. The winning picture will be selected for publication in The Wolverine, the school newspaper and the school yearbook.

Potential Political Dynamite

You Independent men who are organizing the campaign for a new system of state offices and working for the enactment of the Independent state constitution, which is a part of the Independent party platform, have been rather slow in making up your minds whether you would like the Independent state constitution or not. To those who do not want it, the Independent state constitution is a failure. To those who do want it, the Independent state constitution is a great success. The Independent state constitution is the result of the effort of the Independent party to overthrow the old-fashioned, obsolete, and antiquated state government which has been in existence for over a century.

In our last issue, we pointed out that the Independent state constitution is a failure and that the Independent party is a failure. The Independent state constitution is a failure because it is a failure to the Independent party, and the Independent party is a failure because it is a failure to the Independent state constitution.

The Independent state constitution is a failure because it is a failure to the Independent party, and the Independent party is a failure because it is a failure to the Independent state constitution. The Independent state constitution is a failure because it is a failure to the Independent party, and the Independent party is a failure because it is a failure to the Independent state constitution. The Independent state constitution is a failure because it is a failure to the Independent party, and the Independent party is a failure because it is a failure to the Independent state constitution.

We Personalize Local News

Dear Mr. and Mrs. T. R. Lansing,

Last spring an attempt was made by the State News to present a complete picture of Lansing. A group of volunteers, who were selected by the Lansing Daily News, set out to gather information about the city. They visited every school and planned events. The first issue was published in April. Since then, the State News has been attempting to turn out a regular column to East Lansing News. A selected staff set up, and the Lansing Daily News is ready to run.
