**Out-of-State Band to Play For Formal**

First Descendant Known as "Eddie Duchin of Cleveland"

George E. Butz, also known as "Eddie," the great-grandson of the famous Eddie Duchin, will play the saxophone for the student orchestra at the formal ball March 6. This will be in addition to any other programs given at the hotel.

The original idea of taking pictures at the prom was hatched by Robert A. Vetter, who has made a new photo set. For Turner it will be the culmination of a four-year arrangement to secure the pictures of every couple at the banquet parties of the hotel.

He says this is the largest photography project ever undertaken on campus. Students will click at a rate of three per minute for several hours. A committee has many plans to have the photos ready the following Monday after the formal.

This is highly important, it will not take nothing extra for the two. President J. E. Rhode maintains that his one purpose is to give the class the largest party possible in the hotel.

Realizing how pictures concern the students are Turner feels that this will affect every member of the individual project.
