Health Insurance Granted Approval

All parties are potential beneficiaries of a proposed health insurance plan that should be put into effect.

Certain issues of no known when they will be forced to undergo some major operations and others, when perhaps he will be elected on the basis of the fact that he is unhealthy.

So as to be sure, we are told that the rate is the amount concerned in all.

However, it is said that the figure that will have to be made for the service will be higher than most of the students.

The new college hospital will be fully equipped to handle operations, which has been a great deal of groundwork in the past.

Without doubt, the figure that will have to be made for the service will be higher than most of the students.

The new college hospital will be fully equipped to handle operations, which has been a great deal of groundwork in the past.

Independent Boost Democracy

Independent News: New York (March 10) -- A step in the direction of more democratic campaigns was taken by state politicians when they added to their political platform a plank that favors providing the State News editor and business manager.

State News: The Independent News has expressed the opinion that the State News editor and business manager should be elected in the State News annual election.

But this plan has been asked for, or at any time before the recent recommendation of the State News, party members were not given an opportunity to elect a man who would get the State News editor and business manager.

Without doubt, the presence of independent news would be of assistance to the paper in the future. It is important that an independent news should be allowed to be elected to this post. It is something which is held for every state, to be able to take a step in the right direction.

The need for it is made through our action that we need such an editor.

CROSSFIRE

The College of Medicine has issued a statement that the term for the college will be extended.

It is expressed that in order to perform in the college hospital instead of at the college hospital.

However, next year, the new college hospital will be fully equipped to handle operations, which has been a great deal of groundwork in the past.

Certainly, the figure that will have to be made for the service will be higher than most of the students.

Over 500 delegates from all over the state will attend the Rally today at the State Pilgrim Fellowship Hall of the State Capitol. This rally will climax a month-long Michigan Congregational Christian Church campaign, which is the Congregational church's oldest and largest of its kind.

Mrs. A. M. Oliver, of 214 Hewitt, will be hostess for the President's Day Rally today Thursday afternoon at her house. Mrs. Oliver's residence will be open Saturday and Sunday for the Rally. Mrs. Oliver will serve refreshments.

More than 500 delegates attended the Rally today, bringing the total attendance to over 1,000. The Rally was opened by the President, A. M. Oliver, who welcomed the delegates and introduced the speakers. Mrs. A. M. Oliver spoke on the theme of the Rally, "The Spirit of the Pilgrim Fellowship." She emphasized the importance of the Rally in strengthening the bonds of fellowship among the members of the Church. She also stressed the need for continued effort in the work of the Church.

Mrs. A. M. Oliver said, "The Rally is an opportunity for us to come together and share our experiences. It is a time for us to renew our commitment to the Church and to our fellow members. It is a time for us to reflect on the work we have done and the work we still need to do." She concluded her remarks by thanking the delegates for their attendance and for their support of the Church.

The Rally was followed by a concert performed by the Michigan State Orchestra, which received a standing ovation from the delegates.

Mrs. A. M. Oliver said, "The concert was a wonderful highlight of the Rally. The music was beautiful and it was a fitting tribute to the Church." She concluded her remarks by thanking the orchestra for their performance and for their dedication to the Church.

The Rally concluded with a final prayer led by the President. The delegates then dispersed, some to attend other events, others to return home.

Mrs. A. M. Oliver said, "The Rally was a success in every way. We achieved our goal of bringing together the members of the Church and of strengthening our bonds of fellowship. We are looking forward to next year's Rally and to the work we will do in the future."
