Michigan State News

It Could Happen Here

Indiana, October 12—Charles Robert Skinner, 19 years old, East Maple road, died early this morning in the McKinley hospital after suffering from this afternoon when his automobile crashed into a wagon pulled by Rulita with children in a hayride.

"The crash was the result of a decision that Mr. Skinnor and Butler died within a few minutes after the accident. Five others were actually injured.

The crash came in a tragic climax to a part of social 'rest', as people were living in a house at East Maple road.

The crash could happen at Michigan State, an instance of the drinking and driving at a dangerous speed. Contrast this with the one of automobiles speeding in 50 miles per hour on the same highway.

This was another instance of the drinking and driving at a dangerous speed. Contrast this with the one of automobiles speeding in 50 miles per hour on the same highway.

New York State social committee should not wait until several similar accidents before their action should be taken on such a matter.

It is very likely that the students and faculty who have been responsible for these accidents have not realized the potential dangers of their action. There must be other less dangerous ways of reaching the drink.

At Michigan State, the social committee should be wise in preventing an accident such as the Butler incident. Instead of being only after a life that is not worth living.

CROSSFIRE

Clothes have never been a great problem to me. 

I have always been more interested in the way I look than in the way I dress. I have known the summer fashion of the year.

But there is something different, almost threatening, in the fact that the Black News has been forced to print a new fashion column. It is as if the

WALK-OVER

By JOHN JAMES

Here is one for you to remember. This is the
one that has been talked about and will
probably be remembered for years to come.

The Michigan State
football team is a
one-man team. It is
headed by the
Michigan State
football coach, John
James. He is
the only man on the
field who can
score a point for
the Michigan State
football team.
