State Coasts to Easy 42-22 Cage Win Over Weak Hornet Five
Spartan Performance Is Unimpressive
By Marshall Bore
Michigan State basketball fans were not enthralled by how well the visiting Bobcats performed in the O'Connell Center. No. 2 Bobcats, however, might have been a little too loose to keep the Spartans at bay.

Table Manners, Religion Matter Little In Married Life

Contrary to popular belief, disputes over table manners and religion have little to do with happy married life. This conclusion was reached after one of the most thorough statistical surveys of marriage ever made in the United States. Conducted by Dr. Leonard S. Cottrell, Jr., of Cornell University, and Professor Elmer A. Wright, Professor of Psychology at the University of Chicago, the survey took over a year to complete. The investigators employed social anthropologists from many countries and included a total of over 500 cases.

MSC Art Critic Praises Work of German Painters

By J. J. Garrison

American Professor of Art

French, German and American art of the past 60 years is well represented in the gallery of the new music building this week. Some of the most distinguished modern artists are represented among them Hoffer, Pechstein and Kokoschka, Germans, who are German-born, American.

Today one marvels at the dynamic recoveries of these great German artists. Expressionists are the term by which are known the work of a group of German artists who use form and order to depict modern art. The term is a temporary misnomer, probably not more than half the group may be thus characterized.

The German art represented is that of the type which was so violently rejected in 1912 by the Panel of the German Academy of Berlin. The art of today is more moderate, more representational. Indeed, in the work of a number of the artists it is more ecstatically decorative, more decorative than the panel's. Those who are familiar with the history of the Panzer, one of the leading exhibition agencies in Berlin, are familiar with the occasional panel exhibitions of the time. The current exhibition is of the type of the group which was represented in the Panzer, particularly in an exhibition held in 1912.
