

# College Prepared For 25th Annual Farmers' Week Influx

## He Will be Busy

E. L. ANTHONY

## Today's Campus

### Bare Facts

Room 206 Hort building gets pretty hot for people from Siam says Singkato (Sing to You) Tanyai.

And so, the best thing to do in a case like that is to take off your sweater. And that's what he tried to do the other day in history class when the atmosphere got a little stuffy.

Unfortunately the young man sitting next to Sing decided to aid him. Unfortunately, because instead of just removing the sweater, between the two they managed to get a hold on sweater, shirt, and undershirt.

This would have been bad enough, but the payoff came when they got stuck, and could neither remove or replace them.

### Time Change

From now on when you need a date especially bad, you will find that the date bureau has changed its hours to 8 to 9 p. m. Wednesdays and Thursdays, in the Spartan office, basement of the library. All who date please note.

### Postponed

Breath a sigh of relief. Examinations are absolutely postponed at least for one more week.

Assurance came yesterday in the form of a request from President R. S. Shaw that professors not hold the duration of Farmers' Week.

And final cheers came from the multitude along with a few requests for additional Farmers' Week.

### Swing-Out

Forestry lyrics set to the tune of "Put On Your Old Gray Bonnet" will be ringing out over WPA airplanes soon.

The new song was written by Robert Larson, forestry junior and will serve as a theme song for the modern woodmen's program. "Forestry Crosscuts" heard every Tuesday at 2:15 p. m.

### Who Is Dumb?

Debate argument class from Prof. D. Wenchhofer turned into a session the other day when Starke got up to give his speech. Subject of the talk was "Why it is best to sleep out in the open." and the crowning point was when he decided to write some difficult words in his speech on the board. Among them were "mountain climbers," "camping bags," and "Daniel Boone."

College students may be dumb, but they're not that bad!

It'll be a 'back to the farm' movement in reverse here at Michigan State next week.

For an anticipated crowd of more than 55,000 rural visitors will soon start drifting campus-ward, many of them arriving Monday morning, for the 25th annual MSC Farmers' Week, which will run through Friday afternoon.

It's the Silver Jubilee edition of this particular farm week and all efforts of the college in general and of Chairman E. L. Anthony, Dean of Agriculture, and Program Chairman R. W. Tenny, Short Course director, in particular, will be expended towards making the 1940 Farmers' Week an unparalleled success.

College guests next week will hear and see new programs in new buildings; they will attend old programs repeated be-

cause of growing popularity through the years; and they will have a more active part in presentation of these programs than has been former practice.

One hundred and sixty-one events devoted to every phase of Michigan agriculture (a \$200,000 business last year) are included on the gigantic program which will occupy nearly every available spot on campus.

Headlining the list of outside speakers slated for Wednesday and Thursday evening and afternoon general programs in the new field house will be Governor Luffen D. Dickinson, Philip S. Rose, editor of the Country Gentleman; Allen A. Stockdale and E. A. Beamer of the state commission of agriculture.

And then there will be talks by college officials E. L. An-

thony, Pres. R. S. Shaw, Sec. J. A. Hannah, Ralph H. Young, and H. C. Rather among others.

But Farm Week activities will not be restrained to sitting and listening. There will be shows and demonstrations. There will be exhibits and special programs. And there will be discussion groups and convocations led by competent farmers who have proved their right to explain the theme of the week: "How Michigan Farmers Succeeded."

Perhaps one of the most looked-forward-to events scheduled for the week as far as farmers and livestock men are concerned, is the formal opening of the new livestock pavilion finished last summer. Dedication ceremonies are scheduled for Tuesday afternoon and various stock shows and exhibits will be set up in the building during the week.

See—FARM WEEK—Page 3

VOLUME 32 Z 329 MICHIGAN STATE COLLEGE, EAST LANSING, MICHIGAN, SATURDAY, JANUARY 27, 1940 No. 13

## Snow Train Departure Held Up

### Blame Delay On Ticket Sale Drop

A last minute postponement of departure of the MSC Outing club-sponsored Grayling-bound Snow Train was announced late last night by General Chairman Joe Goudie.

The train, which was scheduled to leave tomorrow morning, will not pull out until next Sunday, according to Goudie. Change in plans was brought about by last minute failure of anticipated ticket sales.

All Snow Train ticket sellers are authorized to refund purchase price on demand. Outing club officials state. Tickets will be good for next Sunday, however.

Other Snow Train plans will remain unchanged, Goudie stated. Leading the college delegation will be Betty Koronski, Sarah Jane Baxter, Betty Townsend, Doris Buzzard and Margaret Larrobbone. Snow Queen candidates, patrons and patronesses will be Mr. and Mrs. A. H. Gower and Miss Dorothy Parker.

## Bandmen Set Date For Formal

Winter Band formal dance will be held Friday, February 9, at the Women's clubhouse, in Lansing. James LaDu, general chairman of the affair, announced yesterday.

Ann DeCamp and his band will play for dancing.

Major and Mrs. M. H. Doty and Mr. and Mrs. Keith Stein will be patrons and patronesses.

Captain J. F. Larchis, executive vice president of Michigan Reserve Officers' association, Lieut. Rex Lamerson, who reviews military bands and drum add bugle corps throughout the country, Dean Winter and Allen Knoll, former band officers, will be special guests of the committee.

Other guests will be Miss Vivian Antilla, corps sponsor, President and Mrs. R. S. Shaw, Prof. and Mrs. L. L. Richards, Mr. and Mrs. J. A. Hannah, Dean and Mrs. L. C. Emmons, Dean and Mrs. F. T. Mitchell, Col. and Mrs. F. D. Griffith, and Mr. and Mrs. C. O. Wilkins.

## Intimidation Aired

### An Editorial

During the past four issues of Michigan State News there have been charges and counter-charges concerning suppression of other sports in favor of football. Coach Charles Bachman has been accused by various letter writers of "intimidating" football players, and so keeping them out of other athletics.

In reply, Bachman has repeatedly stated that he demands only that his football players "maintain their scholastic eligibilities", and that he wants nothing more. Today, it was announced that winter football, begun early this term, has been dropped, and will not be resumed until spring.

Officially, the athletic department has said nothing. What this means is a matter of conjecture, but one thing is certain. That is that in the future, things like "intimidation" and the like will be watched with an eagle eye. The fact that Bachman is more or less under suspicion by some persons will make it even more necessary that he stay within bounds.

The letters have achieved their purpose, however, for the ideas and suspicions have been brought to the proper authorities, and with the entire administration, as well as athletic council on guard, "intimidation" and football emphasis will be more closely watched.

A member of State Board of Agriculture has stated that any formal complaint brought to him will be taken up at a future board meeting.

Consequently, with checks and balances on all sides, it will indeed be difficult to deviate from "the straight and narrow", and there will result a better all-around performance by all athletic teams.

Without having been subjected to any censorship of any kind, the State News hereby declares that unless absolute proof for either side is brought, further letters on the question of football domination will be ignored.

Any formal complaint on it may be taken to either the college administration or the State Board of Agriculture. If such is done, State News believes the case will be investigated thoroughly, and the State News will cover the investigation and findings just as freely and uncensored as any newspaper in the state.

## Physiology Students Mourn Passing of Ancient Friend

By Len Barnes

Michigan State college's physiology department mourned the passing of an old friend yesterday. He was known to instructors and students alike as "Oscar." No one ever knew his full name, or his age. In fact, his origin is still a bit hazy.

"Oscar" is the human skeleton used in physiology classes.

Longer than any teacher can remember—and that goes back at least 25 years—fell completely apart yesterday, and kicked the bucket with a clatter before a horrified class of 45 freshmen.

His death was attributed by Prof. J. R. Snellet to a combination of causes, chief among which was handwriting and carving on his various portions by students.

But he was a tough old bruiser," commented Snellet. "Things that would floor the ordinary mortal didn't even faze him. Early in his career 'Oscar' lost four teeth and two fingers. More recently he broke an arm, leaving only the hollow stump, and suffered the loss of half his scapula and two ribs. I believe that changing location from Ag hall to the new Veterinary building forged upon him the realization that he was getting old, and he just gave up the ghost and died."

A substitute for Oscar has arrived, but as yet he remains unnamed. "Oscar II" would be appropriate, in memory of his predecessor's long life. Certainly the new skeleton should live longer, for he has been provided with a steel case, containing a metal slide upon which he is brought. From this case he can be hauled out into view and examined without being handled or knocked about in a corner.

In an attempt to eliminate the cause of Oscar's retirement, the physiology professors have established a rule that rewards any student caught autographing or carving on it an automatic funk.

## Deadline Set For Essay Entries

### Move Date Up To February 1; Name Last Committee

Entries in the annual Water Carnival essay contest will be accepted not later than next Thursday, Bill Seales, senior class president, announced today.

Original deadline, set at January 15, was extended at the last moment to February 1 in order that several unfinished themes might be completed by that time. Author of the prize-winning theme will receive a cash prize of \$50.

Each essay is to include a separate idea for each of 40 floats, expected to participate in the event, each idea being based on a central theme. Layouts of the floats must also be included.

All entries will be turned in to Miss Mervoy, in the administration building.

Announcement of floats and designs committee members were also released by General Chairman Ralph Bennett yesterday. They are:

Lyle Rickenbach and James LaDu, co-chairmen; Geneva Kibb, George Von Eberstein, Don Ross and Bern Klewicky.

## Drama Group Will Meet

Studio Theater will give a preview performance of its Farmers' Week program Tuesday evening in the auditorium of the new Music building.

Two new plays will be presented, which have been directed by Studio Theater members. Ralph Norvell is superintending a musical comedy that includes Geraldine Price, Mary Elaine Child, Helen Bellan, Merril Reeves and George Spielman in the cast.

Don Beall, faculty adviser of the Studio, has directed the farce. Paul Roth has the leading role in this, with Ellen Burch and Betty Anthony sharing the female honors, and Jack Wadick, Harry Gardner, Gerry Smith and Bruce York completing the cast.

Catherine Kohn will also give a reading.

## Auto-Truck Crash Does \$50 Damage

Damage estimated at \$50 was caused late last night when a truck driven by Earl Bowman of Grand Rapids crashed into a car driven by Robert Mann of 1103 S. South Fairview, Lansing. The accident occurred at Grand River and Haslet.

Police said the crash occurred after Mann had made an improper right turn onto Grand River avenue. The truck struck and damaged the side of the car.

Both drivers were under the speed limit, but Mann was given a ticket for the improper turn. The truck was undamaged.

## Paintings On Display

An exhibit of expressionistic paintings by Walter Hoerner, world famed artist, will be on display in the art gallery of the music building from 8 a. m. to 5 p. m. daily during Farmers' Week.

## To Hear Traveler

Darrel Brady, Minneapolis globe trotter, here for Farmers' Week activities, will speak at the noon luncheon of the State College club, Wednesday.

## Spartans Show Spirit But Bow Before Bee Basketeers 34-25

### YMCA to Plan Year's Work In Sessions

Plans for the remainder of the year will be worked out at the YMCA Planning Conference sessions today in Peoples church starting at 1:15 and continuing until 5:15 p. m. Green Yehling, program chairman, will preside over the committee groups.

Constantly expanding membership and larger areas of service make it necessary that a definite schedule of events and talks be worked out, YM officials state.

Regular game periods, Bible and outdoor activities are to be discussed under Jack Livingston, recreation committee chairman.

Freelance discussions, student forums, and round table talks are on the list of Larry Ball, chairman of the campus relations committee. Dean Mitchell and Prof. Guy Hill, resource leaders in this field.

Economic and labor conferences are to be planned in the group under the supervision of Ed Hudson, chairman. Al Waldorf leads the committee which will plan work in Peace Action, discussion topic for this year. Post Menckhofer, of the speech department, and Wilford Thomas are resource leaders in this field.

The Christian Faith committee under Sid Road will conclude its conferences with a plan to be carried out with the aid of Robert Linton, treasurer, and Miss Sater, resource leaders in these subjects.

Don Beall, faculty adviser of the Studio, has directed the farce. Paul Roth has the leading role in this, with Ellen Burch and Betty Anthony sharing the female honors, and Jack Wadick, Harry Gardner, Gerry Smith and Bruce York completing the cast.

## Job Interviews Are Slated

Extending his annual visit by one day because of a larger enrollment of business administration students at Michigan State college, J. R. Knudsen, Executive Vice President of the Rubber Company representative, will interview seniors interested in sales work, Monday and Tuesday, January 29 and 30 by arrangement with the economics department.

Knudsen will explain training work for his company at a general meeting Monday morning, 9 to 9:30, in room 315, Home Economics building.

Individual interviews may be arranged at the economics department office. Interviewees do not need to be business administration majors.

## Farm Lane Bridge Opening Scheduled for March 1

"New Farm Lane bridge will be open to traffic about March 1," L. G. Hunt, construction superintendent, went on to say the bridge is 80 per cent completed at present, cold weather holding up operations only a day and a half.

Upon completion of the bridge, a 121 foot span of the reinforced concrete type, will have a 40-foot roadway with 8 foot sidewalks on each side, said Hunt. Underneath the roadway on either side is to be a boat dock 95 feet long and 12 feet wide. Steam pipes, electric, and telephone lines which cross the river are to be concealed under the sidewalks.

Work was begun on the Farm Lane span last August. Finances and materials are being furnished by the college, with labor and cement furnished by WPA. The Christian Construction company, whom Hunt represents, is furnishing equipment and handling engineering details.

Hunt explained that 2,600 yards of concrete and 100 tons of reinforcement steel will go into construction. The foundation extends 12 feet below river level, and the pier supports are 9 feet wide, 71 feet long, and 3 feet thick. Foundations are 78 feet long, 15 feet wide, and 3 feet thick.

## Hold NY Club to Low Score of Season

By Columbia News Service

NEW YORK, Jan. 25—A hard fighting Michigan State team was smothered by a powerful Long Island university club in the second half to lose its initial game in Madison Square Garden 34-25 last night.

Seemingly disturbed by the glass backboard, the State cagers played an erratic game, unable to connect on team plays and repeatedly missing foul shots.

## From Scrap Paper To Wastebaskets Is Blue Key Plan

"Waste paper baskets from waste paper" is the new battle cry of Blue Key.

It's not a problem in science merely one in economy, according to 40 initiators, Earl B. B. B. and Jimmy Laffitte.

The idea is to collect waste paper accumulating in the back rooms of fraternities, sororities, dormitories, and practice rooms, and sell it.

The proceeds are to be used to purchase waste paper baskets for use at the campus and in classrooms.

If these organizations cooperate and George O'Brien, Blue Key president, the buildings and grounds department, with the assistance of three or four of our members, will collect the accumulated paper every Saturday. It will then be sold to B and G and we will have our baskets.

## Higher Education's Help to Foresters

Russell Martin of the education division of the Michigan department of conservation, spoke recently on "Public Relations in the Department of Conservation" at a regular meeting of the Forestry club.

Illustrating the fact that higher education has definitely carved a niche for itself in department personnel, Martin pointed out that of the 17 highest ratings in the last civil service examination for conservation officers which was given by the Conservation Department 13 of the 17 high men held degrees from Michigan State or the University of Michigan.

Forty cents out of each fishing license in 1940 will go into a fund to purchase lands bordering lakes and streams to create public land for general use, Martin continued.

## Y W C A Will Hear Psychologist

Dr. Olive Carl, psychologist from University of Denver, will speak at the February 14 Y. W. C. A. meeting. In order to present this speaker two successive meetings will be given over to interest groups.

Dr. Carl will speak in personality in its relationship to religion. The February 14 engagement here is a part of an eastern speaking tour. Previously, she has spoken at the national Y. W. C. A. convention in Kentucky.

One of Y. W. C. A.'s national secretaries from New York is scheduled to speak at an unannounced date in March.

## Plan Extension Dinner

A dinner for extension people will be held in the Hunt Food shop at 6:30 p. m. today.

## Campus Calendar

- Orchestrion Group Picture—Monday, 5 p. m.
- College gymnasium—Hillel Open Meeting—Sunday, 7 p. m.
- Union Faculty dining room—Tea Dance—Saturday, 2:30 p. m.
- Union ballroom—Collegium Musicum—Sunday, 2:30 p. m.
- Music building auditorium

## Under the Wire

WASHINGTON, D. C., Jan. 26—United States-Japanese trade treaty now 28 years old, expires at midnight. Lapsing of the treaty is allowed by state department in retaliation for Japanese disregard of American neutrality in the far eastern conflict. "Excuses and excuses are no longer acceptable," Rep. Sol Bloom, chairman of the House foreign relations committee, said yesterday.

BOISE, Idaho, Jan. 26—John Thomas was named today to succeed the late Senator William E. Borah. This will be Thomas' second appointment to fill an uncompleted congressional term.

ALBANY, N. Y., Jan. 26—Appellate division of the state supreme court Friday upheld the decision of a lower court which convicted James Hines, New York Tammany leader on graft charges last year. Council for Hines will carry the case to highest state court of appeals.

COLUMBUS, Jan. 26—Introducing Senator Burton K. Wheeler at a meeting of the UMWA-CIO Friday, John L. Lewis, CIO head spoke of Wheeler as "a friend of labor". Wheeler was greeted by a storm of applause.

DETROIT, Jan. 26—Mack Greenberg will relinquish his first base position this summer for an outfield post, while Rudy York is to take over first base duties, Tiger management announced Friday.

## Awfully Small

There are a few students who think of themselves only. Members of this exclusive group can be seen daily loitering in the reading room opposite the Union cafeteria tearing out newspapers, any items which appeal to them. These people care little for other people's interest in these newspapers.

During the rush hour of the cafeteria one or two of these students and even two or three members of the faculty have been observed—cutting out of some paper, for example, New York Times or the Muskegon Chronicle, an article which contains some reference of interest to themselves.

Why these people do not try to think of the interest of others who are equally interested in the home-town papers, is beyond human comprehension. After all there are other people who read—besides themselves.

The idea of E. R. Proulx was to have a reading room which would benefit all who wanted to read papers with which they do not usually come into contact. Every person who uses this facility is put on his own honor. Services which would benefit if these mongers were to desist from tearing the papers, are many.

Many times the home-town paper is the only contact besides family letters with which the student is able to keep tabs on affairs back home.

Why not leave the newspapers in the same condition with which they are picked up... Other people want to read them.

## How About a Mail Box?

A Union reminder... Since the Union building is centrally located on campus besides being one in which students meet their friends, it is logical that this building should have a mail box.

The need of such a box is apparent every day when students walk through the Union and journey across the street in order to mail their letters. Faculty as well as students have expressed their need of a mail box.

## Quotable Quotes—

"The institution where women study must make careful provisions for the stimulation of interest of permanent rather than passing value. It must excite in young women an interest in books, so that their lives will be refreshed by good reading; it must encourage them to cultivate a hobby to which they can turn when perhaps their children are grown. It must also give them an intelligent appreciation of art and music, not as 'female accomplishments' but as vigorous interests for a lifetime." Wilson college's President Paul S. Havens lucidly outlines the aims of the woman's college.

(Copyright, 1939, by United Feature Syndicate, Inc.)

WASHINGTON, Jan. 27—Of all congressional investigating committees that have flared box car headlines across front pages, strangest and most turbulent is the so-called Dies Un-Americanism committee. Its antics have produced almost as many sensations as its disclosures.

It has been denounced by the President of the United States for maliciously smearing innocent citizens; its chairman has been scathingly excoriated by other Congressmen for associating with un-American elements; its reports have been repudiated by its own members; and they themselves have fought like cats and dogs.

## CROSSFIRE

By OBRIC

I have been following with a not inconsiderable lack of interest the current controversy as to whether or not football players should be allowed to go out for basketball. I feel that the problem is too vital a one to be considered intelligently, so I heartily applaud the methods used up to date.

First let me explain that it came as a shock to me after watching the Michigan game to learn that football players were NOT playing basketball, especially as all indications were to the contrary.

Furthermore, I was amazed to learn that someone thought someone else thought our head football coach was a despot; all the time I've been thinking a despot was something at which one waited for.

As to the dangers of an enlarged heart from engaging in two sports, I am in full accord. We athletes cannot be too careful of an oversize heart these days, what with the present economic insecurity, an increasing enrollment of coeds at Michigan State, and Leap Year less than a year away.

Although I am inclined to believe that principal result would be more fraternity parties and more sorority teas, and more dates with more varsity men for more formal parties, I must point out that according to all physiological laws of compensation an enlarged heart must inevitably result in a deficit in the excretion of waste, often fatal even to non-athletes.

But enough of these involved scientific dissertations; let us return to the subject. Or shall we join the ladies? And what of this timely question of there being a dictator on the campus.

Many of us have long suspected the campus police of being a rather clumsy sort of OGDPE, but to date Professor Clark of the English department is the only person who seems able to grow a Hitler mustache. The question of Charles Bachman being a dictator is of course absurd, I doubt if he even owns a balcony.

I think too that it is extremely erroneous to assume that the athletic department has anything but the interests of the boys and the stadium bonds at heart.

Even if football were a heavily commercialized sport, like chess in which teams actually go out to solicit good players to join their common business sense, it means else, which considers a satisfied employe a most investment would dictate fair treatment of the players.

Then too, let us not overlook the fact that our team has a record of which many eastern schools would be proud of. Every man can read and write, speak English, and in a pinch, do a forward roll with an extension or pose for a spartan advertisement.

In the final analysis then doesn't the problem resolve itself into a simple question: Does basketball need football players most, or does football need basketball players most, or shall we play three-handed and cut to see who gets the dummy?

The answer is that as a team football needs the basketball players most, as the brand of blocking and passing displayed in the Tennessee, Marquette, and Michigan games could have done much to smooth out the gridiron offense that foxed

(Please turn to Page 4)

## Rains Don't Spoil Picnics Of Wills' Family

By Margaretta Pryor  
"No, we've never had a disappointment about the weather for any of our outside picnics," said Mrs. H. M. Wills, wife of Mr. H. M. Wills of the national weather bureau here.

Mr. Wills has been able to help many people by predicting the weather for some important event the next day, as for instance, the young man who called one night who planned an outdoor wedding the next day. Mr. Wills told him that it would rain the next day, and sure enough, it did, so the wedding party was saved.

## With the Modern Greeks

By MARY LEE SCHOOLEY

KAPPA ALPHA THETA—Tactas will hold their Founder's day luncheon today at the Union. Betty Mills is in charge and alumni from Lansing and East Lansing will be there.

Dr. C. C. Hurd and Mr. and Mrs. C. V. Millard were faculty guests for dinner Wednesday evening. Harriet Beecher was back this week.

THETA CHI—George Binell and Bob Perry moved into the house this week. Larry Lawrence of the Iota chapter at Colgate is a guest this week.

Mr. and Mrs. F. C. Strong and Mr. and Mrs. E. H. Stewart were patrons at the radio party held at the house Friday.

KAPPA DELTA—New officers for the pledge class are: President, Betty Lou Maloney; secretary, Carol Schuller; treasurer, Dorothy Tyler.

Jane Wellman and Margaret David are new pledges. SIGMA ALPHA EPSILON—There will be a radio party at the house tonight.

Alum Alex MacCreacher was back last weekend. S. A. E. announces the pledging of Bill Quinn and Tom Kent.

KAPPA KAPPA GAMMA—There was a rushing dinner at the house Wednesday night. Alumni back last weekend were George Desjardins, Bruce Peppier, Margaret Kinschick, Kay Burke, Harriet Barton, Maxine Borsidge, Jean Horst, and Mrs. John Pined (Lobel Hurd).

## Meandering

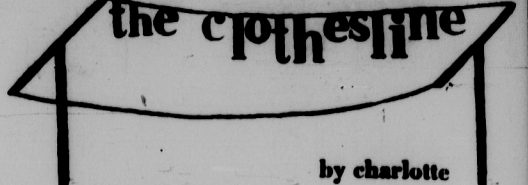

with Jerry Dewar

OVER THE WIRE—We have heard of these telegraph men in track and other sports, but we just heard of one telegraph man that is really going in for distance. Each year the State freshman track squad runs off an "over the wire" meet with their friendly rivals of Marquette university and they get a lot of kick out of competing against a team that far distant. But imagine playing basketball with a team on another continent. That is what the University of Kansas is doing, but in a modified way.

From Belo Horizonte, down in equatorial Brazil, the Minas Tennis club has challenged the university to a five-thousand mile contest. Incidentally the boys' tennis in the southern continent learned basketball from a book written by the Jayhawk coach, Jantrel.

College of Emporia was the first United States college to receive a Carnegie library.

**HISTORICAL VERNACULAR**  
Last term, October 9, the formal Russian season came to a Finnish with one hundred eighty ragged individualists pledging Greek sisterhoods. This term many of the one hundred eighty are casting off their dinky pledge symbols and jeweled sorority pins have come into their own for making.

But once in a while a dazzling haubt distracts our eyes from the Hellenic alphabet the most exciting jewelry decking campus.

For instance Lottie Lee Lawson looked very much the prosperous alum when she dropped back accenting her tailleur with a gold pin. Vante's nest bet in a long while it represents a horse pin inside a circle.

Also Mrs. Wills was in the senate when the neutrality bill was finally passed at 9 p. m. that night.

Beycling is one of Mrs. Wills' favorite sports and she has a cream-colored bicycle which she calls her "Packard" which she enjoys riding almost every day on campus in the fall and spring.

East Lansing is a "grand place to live," says Mrs. Wills, and she feels that "we have as much talent here as in a large city."

Mrs. Wills is interested in both music and drama and enjoys reading poetry.

Pink seems to be a favorite color with Mrs. Wills and she likes to use it both in her clothes and for decorations in her home.

# British Plea For Aid Stands Out In Week's News

## Neutral Nations Show Resentment of Talk By War Minister

### S. Protests English Interference

By Sid Levy

From Other Worlds

Diplomatically, the past week has not been a profitable one for the British government. Late last week, Great Britain, through Winston Churchill, first Lord of the Admiralty, broadcast a plea for the "unfortunate neutrals," victims of Hitler's hate, to aid the Allies in bringing the war to a "speedy end."

Had the reactions of neutrals been known before hand, the speech never would have been made for neutral sentiment was strongly against Britain's "charging them in." Speech was a sharp attack on neutrals. The government hastened to save face with the explanation that the speech was not official.

### JAPS PROTEST SEIZURE

Spurred by a British war ship of several German seamen on a Japanese coast evoked strong protests during the week. Incident occurred within the 300-mile neutral zone off the Pacific coast. Basis is still the unknown European politics, as evidenced by her now apparent intent to attempt bringing her fleet to England to a speedy close of waiting for favorable conditions in the spring.

Behind such a plea, it is thought to be a desire to save face. Finland before Russia is made available to the Allies, Scandinavian and other sympathizers, and increased supply of goods reported as Soviet bases.

It is thought that the chief of the British General Staff is heading the front with his attacks.

### Here at Home

Department this week discussed the British embargo on two courts, seemingly a delay in clearing up the British embargo on transatlantic air routes. Though neither change is expected, British spokesmen have stated discrimination and a postal department has been analyzed by Americans of arguments which might be made.

### PROPOS THIRD TERM

John L. Lewis came out in opposition to a third term for Franklin Roosevelt at the UMWA convention in Columbus this week. Amount of pro-third term votes, Senator Burton K. Wheeler has arisen among the ranks of Lewis.

### PLANT WRITER'S OWN

Address, is to return to the plant the first time since he left in 1932 when it left port on a short routine trip. Agreement between the United States government and the plant virtually assures the success of the long-debated St. Lawrence waterway was announced Thursday in Washington. The waterway is to provide for ocean-going ships on the Great Lakes, by way of the St. Lawrence river.

### Michigan Pickups

Michigan, which broke out Saturday among the 1,360 inmates of the Ionia reformatory, was to be a bloodless affair. The melee which broke out in the supper, was prison fare. The situation is planned by the officials.

### Sophomore Elect Heads to Home Ec Board

John Schmidtlin was recently elected president of the sophomore economics board which was organized last term. Paula Zink is president, and Margaret is secretary-treasurer. Other members on the board are: John Hobbleswhite, Juanita Christensen, Jean Bovill, Betty Maloney and Judy Crozier.

## Chem Boosters Will Hear Him

### Guild Players Given Okay On Show

Sure and a good bit of a play, it was and goodly done, began.

Which would suffice for a thumbnail sketch of the Lansing Civic Players' Guild's presentation of Vincent Carroll's prize winning play, "The White Steed," in downtown Lansing's West Junior high school auditorium the last two nights. The play will be repeated again tonight.

After an inauspicious first act Thursday evening local playgoers were rudely awakened from the usual lethargy induced by amateur productions by a second and third act which packed considerable dynamite.

### NO LETDOWNS

From the beginning of act two until the ringing down of the final curtain there was no letdown.

Mack Collins, Townsend Rich, Ruth Boying and Hamilton Boyer got into their parts and played them as Carroll wrote them. And the supporting cast was more than adequate.

Star of the show, it cannot be denied, was Hamilton Boyer, in playing the part of Dennis Dillon, the drunken schoolmaster. But their would be least to count off on Ruth Boying's performance as Nora Feltus with her dreams of Nam and Ossian and so much of the old Irish in her that her comeliness was won completely.

### COMPETENT PERFORMANCE

Townsend Rich as the reforming clergyman, cannot be denied when it comes to praise. Though at times he could have been accused of overacting, by performance was definitely above the role. And last but by no means least, was Mack Collins, the laxly old canon who built up his act from week beginnings to a finale that stole the show.

### Kelllogg Fund Has 60 Rural Youth Here

Thirty boys and 30 girls are enrolled in the eight weeks' short course for rural students sponsored by W. K. Kelllogg foundation of Battle Creek. R. J. Klein, supervisor in charge of the boys, said today.

Selection of students is made on the basis of potential ability, leadership, and interest in rural life. Each term for two years, the Kelllogg foundation has sent a group of students to Michigan State college for the eight weeks' term. All expenses are paid by the foundation.

### College Grows New Oat Seed

Over 200 inquiries have been received by the Michigan State college farm crops department from farmers interested in the new oat-straw resistant to be offered this spring.

### Surprise Brooder Brings Inquiries From Far Off

Notice that Michigan State college's agricultural engineering department is to unveil a new brooder house during Farmer's Week has been enough to bring in inquiries from Washington, D. C. and Eugene, Oregon.

### Activities Draw Many Spartans

Of 2,777 men who responded to a survey made last spring term of extra-class activity, 1,863 or 67 per cent, were actively engaged in outside activities, and 914 or 33 per cent were not. Dean F. T. Mitchell revealed today.

### Paintings Are Abstract

Houmer's paintings are above all "free" compositions and most of his panels bear the appropriate title "abstraction." Others, which are based upon specific themes

## FARM WEEK

(Continued from page 1)

Then there will be departmental programs all outlined on a special theme keyed to the theme of the week. And spread out between these departmental offerings will be contests and extra numbers of every description.

This year novelty will play a big part in contest features. The old standbys are such events as the annual drum majors' contest, farmers' rifle shooting, raffle, drama, a Grange song festival and an amateur talent show conducted under the auspices of WKAR. A new note in competition will be sounded during the Wednesday and Thursday evening shows when a group of students from the agricultural division will mount militant battles in the first Farm Week wild cow riding contest.

Just to make sure that the farm wife is not neglected for such mundane things as routine meetings, demonstrations and exhibits designed primarily for men talks the college Home Economics division has planned a special Home-makers' section to be held in various rooms in the Home Ec building filled with instructive and entertaining exhibits for the rural housewife.

For those who prefer to wander rather than stay cooped up in meetings or sit still watching especially planned and timed shows, there will be exhibits aptly set up in Demonstration hall and in numerous other buildings on the campus.

And for those who delight in refreshing their minds with entertainment from other than their own fields, there will be musical and dramatic programs scheduled at different times during the week. To make a long story short, there will be something to do every minute next week. And a Michigan farmer said that their truck home-ward Friday afternoon they will no doubt be carrying away many new ideas on ways to live.

## Home Ec Huddles

Serving lunch on Tuesday, Wednesday, and Thursday noon during Farmer's Week will be the main duty of the Home Economics club. A third room where sandwiches, beverages, and cream will be served has been added this year. As in previous years, two other rooms will be used to serve lunches. The girls will do all planning, cooking and serving of meals.

### Health Officials Start Drive

Joining in the state and national campaign against epilepsy, various health county health service committees will begin the distribution of educational literature on the subject next week.

### Music Series Opens

Don Anselm Holmes will open the College Museum program this year with a lecture on English medieval music in the auditorium of the new music building at 2:30 p. m. Sunday.

### Red Flannels Still Exist: Women See Proof

"Yes, we do have red flannels," Nan Babcock, representative of the Cedar Springs Chapter, told women assembled for the third annual Women's Dress party given the M. P. Association at the Union yesterday.

### Short Courses Hear Farmers

Practical experience is the qualification of lecturers now speaking before short course classes. Successful farmers from around the state will speak before classes of "Adjustment to Farm Progress."

### Music Series Opens

Don Anselm Holmes will open the College Museum program this year with a lecture on English medieval music in the auditorium of the new music building at 2:30 p. m. Sunday.

## This Woman's World Through Coed Eyes

Farmers' Week and lectures have caused revision in some of the programs for the various women's organizations, while other groups are continuing unchanged.

### S. W. L. Patter

S. W. L. will again set up an information booth in the Union during Farmer's Week. Betty Oaker and her committee will help orientate the visitors to the campus and to East Lansing. Dancing classes and interest group meetings will not be held during Farmer's Week.

### W. A. A. Sportlights

Basketball is still in the limelight among members of W. A. A. Tuesday night the Mac T. H. defeated team I in a tough and tumble game which ended with a score of 28-11. Two other games of interest were played Thursday night. The Swishes beat the "400" by 6 points, with the final score 16-10. The Smoots Shooters and the Bushwhackers played a close game which ended 28-26 in favor of the Smoots Shooters.

The first intramural swimming meet has attracted teams from 14 organizations which will compete for points toward the W. A. A. intramural cup. This meet will be held Wednesday, February 7. Two more meets will occur on succeeding Wednesdays.

### Home Ec Huddles

Serving lunch on Tuesday, Wednesday, and Thursday noon during Farmer's Week will be the main duty of the Home Economics club. A third room where sandwiches, beverages, and cream will be served has been added this year. As in previous years, two other rooms will be used to serve lunches. The girls will do all planning, cooking and serving of meals.

### Health Officials Start Drive

Joining in the state and national campaign against epilepsy, various health county health service committees will begin the distribution of educational literature on the subject next week.

## March 2 to Be Rodeo Date; Name Staff

Saturday, March 2, has been set as the date for Black and Bidle rodeo in the judging pavilion, it was announced yesterday.

Committee, appointed by William Warren, president of the club, are: Programs and events, J. E. Brewster, faculty chairman, Raymond Sisco, Jack Fries; cashier, Charles Chamberlain; advertising, Ned Bayley, chairman, Robert S. Gay, Bruce Crowe; construction, George J. Prapp, Clifford Payne, Donald Williams, Marshall Mobney, Richard Bird, Joe Ruvitz. The announcer for the evening will be chosen later.

The program will open with a grand entrance of all participants. Feature of the evening will be a cowgirl flag race. Girls will be chosen from college to take part and some may even ride their own horses.

Raymond Sisco and George J. Prapp, committeemen, have had much experience with rodeos. Prapp, born and raised in the west, won many rodeo events while a student at Colorado State college. Sisco, better known as "Shifty" in rodeo circles, has a trained mule, and has taken part in rodeos through the west and also in Australia.

# Cites Lack of Harmony As Cause for Athletic Controversy

## Matmen Meet Buckeyes Tonight

Not satisfied with unimpressively slaughtering Northwestern Monday, Michigan State's matmen will try to add still a second Big Ten title to their victory belt in a single week when they battle with Ohio State university tonight at Columbus.

If past records are an indication, however, the Ohioans are composed of somewhat inferior material than the beaten Wildcats, and the Spartans will have wrestled past a tough assignment indeed if they dispose of their Buckeye rivals.

The Ohio matmen have won all of their 1940 meets. They opened their season by trampling Ohio university, eliminating their adversaries by the fall route in seven of the eight contests. Hard-fought Navy also was left the brunt of their attack and were hopelessly defeated 23-11.

### SPARTAN HITS

On the other hand, victory would be especially easy to State wrestling center Finley Collins as the OSU grunts-and-growlers have been making an annual practice of being a stumbling block to his wrestling aspirations, dropping the Spartan three times in the last four meets.

Since Collins feels that additions to the forward line would not aid the Green and White cause, he will stand pat on the identical items that have so efficiently accounted for Wheaton and Northwestern in previous meets.

The indicated four of Lee Merrill, Bill Martin, Benny Riggs and Charlie Hinton has been the spark behind State's triumph this season and have shown no signs of letting up in the Spartan victory quest.

## Lambda Chis Clinch First

Three close games ended a busy week for fraternities, capped by Lambda Chi Beta Alpha Epilon P. 14-10, Sigma Nu defeated Kappa Sigma, 14-14, and Epsilon came from behind to edge out Phi Kappa Phi, 14-10.

Alpha Epilon P. gave the Lambda Chi a battle by a half, but better team balance was the deciding factor in their win. Lambda Chi's routine was evenly divided among Reiner, Blough, and Ellison. Each tallied a point. Allen Mark's 7 points kept the losers in the game until the final quarter.

The win enabled the Lambda Chis to take undisputed lead of Block 2, with three games to their credit.

### TAKE BLOCK LEAD

Sigma Nu victory over Kappa Sigma was a thriller up to the final whistle. Sigma Nu led throughout the game and were ahead by 3 points with a minute to go, but the final whistle cut a Kappa Sig rally short of victory by one point. Batschelet, with 7 points, was high for the winners, closely followed by Marshall with 6. For the losers, Howdy Lehman carried the brand of the attack as he tossed in 6 markers.

A fourth quarter rally by the Epsilon quartet assured them of their win over Phi Kappa Phi. Jim Thurman led the Tar scoring with 8 points, while Chet Kennedy and Cace each counted 4. For the losers, Bob Miller was the lone goal-walker, 14 points to his credit.

## Mat Card Lists Six Matches

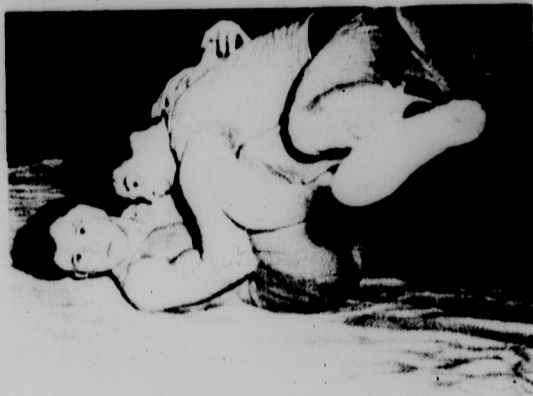

Michigan State's varsity wrestling schedule, officially released yesterday, found the Spartan matmen headed for an intensive schedule of six matches, not including the two already held with Wheaton and Northwestern.

In addition, State will be represented in the Inter-State meet and the National Collegiate, while the date and time for the State A A U and the Olympic tryouts is to be determined later.

The fresh matmen face a card of six appointments, leading off with Ann Arbor high here tomorrow.

The schedule:  
Saturday, January 13, Wheaton College, Wheaton, Ill.  
Monday, January 22, Northwestern University, Evanston, Ill.  
Saturday, January 27, Ohio State University, Columbus, Ohio.  
Thursday, February 8, University of Nebraska, East Lansing.  
Saturday, February 10, University of Michigan, East Lansing.  
Saturday, February 17, West Virginia University, East Lansing.  
Friday, February 23, Case School of Applied Science, Cleveland, Ohio.  
Saturday, February 24, Kent State University, Kent, Ohio.

## A Biting Matter Benny Riggs Seems About To Start Gnawing On Bill Martin's Chest

## Frosh Splashers Make Tank Future A Bright One

Perhaps it is a little difficult to see the point at the present time, but Spartan swimming fortunes are definitely on the up-grade.

With another fine freshman swimming squad, which is looking better with each workout, it shouldn't be long before Michigan State's splashers will be making those results up on the right side of the ledger.

By this we don't mean to indicate that the present varsity members have nothing to offer Spartan swimming followers during the rapidly approaching 1940 campaign, for some fine sophomore talent will definitely be added to the 1940 Spartan swimming ranks, but with another fine influx of new material, well, just watch State in '41.

### SMASH RECORDS

At least that is the thought, if not the outright admission, of Coach Jack Daubert as he watches his present freshmen aggression smash record after record in daily workouts.

At the present time, with the setting of the schedule still two weeks away, his frosh splashers have bettered three marks, one a pool record.

Chet Hibel's Detroit product has bettered the freshmen breaststroke record, Don Hall, former Mt. Clemens, has smashed the freshman 200 free style mark, while a medley team, composed of Jim Walker, Chuck Biegel and Ralph Newton, established a new pool record.

The bright prospects, however, do not linger on the showing of these fine youngsters alone.

The work of a dozen other first year men is making the duties of Spartan swimming coach a much heavier assignment, too, Coach Daubert.

Perry Zell and Bill Feeney are excellent prospects as distance men. Dick Weir, Fred Stillman, Bill Macario and Harold Belfer—all all look good in the dash event.

Ed Mackowski, Lawrence Lantz and Paul Emerick have all shown exceptional diving form.

## Spartans Capture Fournery Opener

Fourteen goals plus a one-goal handicap enabled the Spartan polo team to easily win its first tournament game of the winter season with a 15-8 defeat of the Flint Shamrocks.

Hard-riding Ed Chazey led the Green and White attack with 7 markers, while Howden was high for the Shamrock with 4 goals.

## CROSSFIRE

(Continued from Page 2)

Individuals, the football players need basketball more, because, although a tapering down from football to basketball may cause a slight danger of an enlarged heart, it will also tend to prevent that equally prevalent condition known as athlete's stomach.

I would not speak so brusquely on these matters, only that I feel that lacking adequate information on either side of this present controversy I have a definite right to set myself up as an authority.

Now shall we cut to see who gets the dummies? Or will the person who started all this give himself up peaceably?

Howard Zindel, present member of the campus police force, is a star Spartan tackle of a few years ago.

## Three Kayos Recorded In Semi-Finals

By CHARLES DUTTON

There was plenty of power shown Friday in the All-College boxing tournament semi-finals with three of the seven bouts ending in knockouts.

Clyde Marshall, a 120 pound fighter, knocked out Ed Gunderson in 1:52 of the second round with a series of smashing right punches. Gunderson had the edge at the end of the first round, but once Marshall started connecting with his right, Gunderson wilted fast.

By virtue of a fine performance in defeating Dave Dool, 127-pound Bill Zurkowski should furnish some high class opposition for Earl Reid in the lightweight finals Monday night.

Hammer-tongs affair  
Jim Donahue fanned a hard-earned victory over Bill Ryan in one of the lightweight finals. Both boys went at it as though it were a grudge fight and Donahue's coolness was the margin of victory.

Alex Ford and Bill Morrison, 143 pounders, tangled in a combination swimming and clinching match with Ford putting Morrison down for good with a right to the heart in 1:05 of the third round.

Ed Kowalski had some trouble with Bill Bliss in the 150 pound class and it was not until the third round that he dropped him, Bliss, with virtually no experience, managed to put up a fair fight until Kowalski put over a couple of hard lefts.

Championships in all divisions will be settled at 5 p. m. Monday when finals get under way in the gym.

Summary:  
Marshall vs. Gunderson, TKO, 1:52  
Zurkowski vs. Dool, KO, 1:52  
Donahue vs. Ryan, KO, 1:05  
Ford vs. Morrison, KO, 1:05  
Kowalski vs. Bliss, KO, 1:05

## Track Schedule Is Heavy

Two giant indoor extravaganzas in Jensen, held in an consecutive week-end, feature Michigan State's winter track schedule released this week.

The two-day Central Intercollegiate conference meet on March 1 and 2 will bring here many of the strongest under-20 aggregations in the middlewest. One week earlier the Spartans will be hosts for the Michigan State Relay carnival.

For dual competition, a suicide card with three reigning champions is in store. Notre Dame, CIC indoor title-holders will appear in the opener here on Monday, February 5.

University of Michigan's perennial Big Ten champions are next on the list, with a rising Michigan Normal squad also in the meet for the first time.

Marquette's outdoor champion-ship team that just only three men to graduation will show here February 23. Spartan stars will be entered in the revived Illinois relay and also the Arsenal, Butler and Chicago relays.

Michigan State College Varsity Indoor Track Schedule—1940  
Saturday, Jan. 27, Frosh-Soph meet  
Saturday, Feb. 2, Interclass meet  
Michigan Feb. 3, Notre Dame  
Tuesday, Feb. 13, Michigan-Michigan Normal at Ann Arbor  
Saturday, Feb. 17, Illinois-Relays at Chicago

## Three Slams Lecture Frosh Victory

Freshman trackmen continued their rout of the sophomores this week and have run up a 99-143 to-2-2-2 margin with only today's 100 relay remaining on the schedule.

First year men outdistanced the sophomores in all events, ran all Wednesday and Thursday. They slammed the 100 yard relay and scored a decisive triumph in the mile.

The frosh also won the 800 yard relay by forfeit.

Summary:  
Mile run—Won by Sparks (F), second Warner (F), third Fennelberger (S), Time, 4:37.7  
220 yard dash—Won by Kallala (F), tie for second by Smith (S) and Dehn (S), Time, 2:40  
Half-mile run—Won by Warner (F), second, Smith (S), third, Leech (F), Time, 2:02.3  
High jump—Won by Harris (F), tie for second by Wall (F), Stearns (F), and Robt (F) Height, 5 feet 10 inches  
Hill mile relay—Won by freshmen, McCarthy, Maxey, Fitzger, and Wall, Time, 1:40

## SPORT SHOTS

Ralph H. Young, Spartan track coach, has issued an urgent SOS for any of all men possessing ability in dashes, hurdles, and quarter-mile.

Faced with the task of replacing Bill Greer and Bill Carpenter in the sprint, Rudy Yavonovitz and Gayle Robinson in the hurdles, Young is in need of material in the dash event.

All the prospective track stars need do is contact Mr. Young at track practice.

Michigan State's basketball team isn't only one regular who makes his home in the Wolverine state, Max Delysopie, Auburn, Indiana, and Gerald Holt, from Indiana, while Marty Hill comes from New York.

## Stopped In East

Chet Aubuchon met his match in Madison Square Garden last night in the person of King of Long Island. King held Aubuchon scoreless during the whole second half.

Marty Hutt, lanky New Yorker, put on a show for the home town folks, but his last-half spurge of 6 points wasn't enough to stop Clare Bee's Long Island gang.

## SPARTAN SPORTFOLIO

By DON ANDERSON  
(State News Sports Editor)

### A CALL FOR JUSTICE

In connection with the controversy over the sport activities of Michigan State, I have this to say. At present, the baseball squad is training for the coming season in Demonstration hall, but, due to the fact that a group of freshman football players have been given Demonstration hall two afternoons out the week for workouts, the baseball team has been forced to limit its activity to a lecture in the gym on these days.

Granted that the football season next fall is a tough one, is it not more important to condition the baseball club at this time since its season opens two months hence? Or does the athletic department of Michigan State consider football so much more important than baseball that the latter sport should be shunted from pillar to post as it seems fit?

It is a lamentable situation, if this is true. To me, there is no better example of the over-emphasis of one sport. Were Michigan State a Big Ten school, conference rules would prevent football drills this early in the year. Big Ten schools annually play a schedule as we do without the benefit of this early training. We believe Michigan State can and should do the same.

### BASEBALL PLAYER.

We publish the above letter in order to air an opinion which we do not necessarily share, but with which we do sympathize wholeheartedly. The health of a well-rounded athletic program depends entirely on the extent of cooperation existing among members of the sport family. The above would indicate a lack of consideration on the part of one of these departments which is not in keeping with the best interests of all.

Such a situation is not a healthy one. Should it continue, it will cause trouble. Manifestations of the condition have already been shown in the charged "intimidations" of football players. We feel that the latter condition, granting the supposition that it does exist, is a direct outgrowth of the lack of harmony in the athletic department. The controversy over the point in question has thus far been built on the assumption that one particular member of the sport family, namely football, has been narrow minded enough to make it difficult for football players to participate in other sports. We prefer not to enter the discussion. What concerns us more is this: Nothing constructive has thus far been offered. The whole affair has reduced itself to an argument in which one side uttered nasty accusations while the other maintained a discreet silence.

Meanwhile, the affair has been dragged across the front page of practically every newspaper in the state of Michigan. Certainly, this does nothing toward furthering the good name of the college, and we feel that arbitration of some sort is necessary, arbitration of the kind that would bring to an end all argument before more damage is done.

To our mind, the arbitration should work with the purpose of restoring harmony in the athletic department. If one branch has been narrow-minded, then it should be shown where it is in error. Only when the principle of complete cooperation has been re-established will the recurrence of similar incidents be prevented.

It is not our purpose to either condemn or commend anyone. What has happened cannot be recalled. But we would welcome any move which would be adequate insurance against further incidents of a like nature. The reputation of Michigan State college certainly is worth it.

## Swimmers Card Ten Frosh Succumb In Overtime Battle

Michigan State's 1940 swimming schedule, released today, finds the Spartan tankmen headed for an ambitious season of 16 meets, not including the National Collegiate and the Invitational meet set for the end of March.

The Varsity-Frosh meet next Wednesday starts the festivities. Last year the frosh won handsily, and with another top notch freshman squad on hand this year, a close meet is forecast.

State's swimming fortunes figure to be on the upgrade this year following a disastrous season last year which saw only two meets chalked up on the right side of the ledger.

The schedule:  
Wednesday, Jan. 31, Varsity-Frosh meet  
Saturday, Feb. 3, Ohio Wesleyan university  
Saturday, Feb. 10, Purdue university  
Thursday, Feb. 15, Wayne university at Detroit  
Saturday, Feb. 17, University of Toronto  
Thursday, Feb. 20, Michigan  
Saturday, Feb. 24, Indiana university  
Saturday, March 2, Western Reserve at Cleveland  
Wednesday, March 6, Kenyon college  
Saturday, March 9, University of Cincinnati  
Saturday, March 10, Invitational Meet Kenyon college, Gambier, Ohio  
Friday and Saturday, March 23 and 24, National Collegiate, New Haven, Conn.  
Home meets

A one-handed push shot from the center of the floor, with a minute to play gave Central State Teachers' freshmen a 54-52 overtime victory over State's 2900 lbs in Jensen fieldhouse last night.

Trailing 54-38 with three minutes of regular play remaining the Spartan freshmen had staged a 7-point drive to tie the game, and send the battle into extra minutes.

Smith with 15 points and Stanley with 14 led the Central State attack while Dudley Jones hung in 13 markers for the Green and White.

It was the Bearkitten's only straight win, and marked State's first loss in four starts.

## Trojans Win Easily

East Lansing high school eagles chalked up their sixth straight victory Friday night with a 13-18 decision over Everett.

The Trojans, never behind after three minutes of play in the first quarter, piled up 17 points in the second quarter and coasted to an easy win.

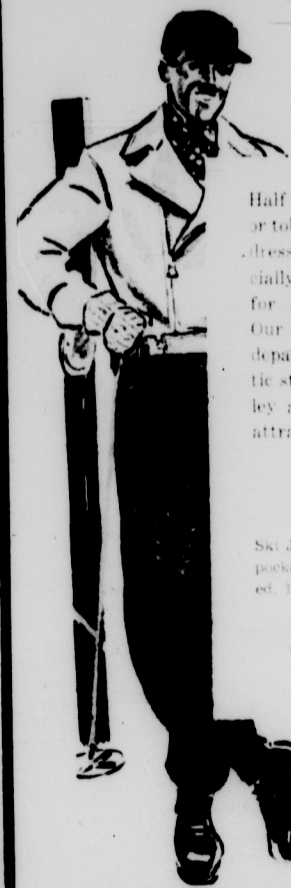

Capt. Ron Jean, playing his last game for the East Lansing aggregation, turned in a brilliant performance.

A crime prevention club, been formed by Campus students.
