Thank the Union

The movement of Union officials initiating informal dinners every Friday and Saturday nights in the student lounge has received support from all sources.

From skaters who go in for outdoor sports to those who take in the theater or play cards, everyone has found something to their liking. Another big feature is the cost—about one or two dollars for a week's worth of meals.

But this is not the only angle for those who attend formal parties during winter term, it is a delightful change.

The idea is to have a change of pace, a change of scenery, and to get away from the usual routine of the week.

One student voiced the general opinion when he said: "It's great to be a student at Union and to be able to enjoy something without having to worry about what to do next week."

German War Activity Is Ready for Upswing, Der Fuehrer Predicts

From Other Worlds

In his first speech since the sight of the Munich baseball banner late last year, Adolf Hitler broke his long silence with a warning that a final war was likely. He predicted an early increase in German activity in the European and Far Eastern fields, and said that the first phases of a final war must be started. Otherwise the war would be lost.
