Spartan Cagers Open Year With 48-29 Win Over Kalamazoo

Today's Campus

10-Minute Shine
Have a good time, but by all means be back to this corner by 7 p. m. Miss W. S. Gettely, of the Home Economics department, warned her class in interestingly explaining where to go to see, and ended by promising them again to be back promptly 3:30. "Because the bus will wait, and anyway there is no parking sign there."
Exactly 3:30 p. m., much to everyone's surprise, they all were there. All except Miss Gettely.
After being chased around the block three or four times by a policeman, the busload of women stopped once more at the designated corner. Up dashed Miss Gettely, scarf flying, 20 minutes late.
Reason for her tardiness was, according to the teacher herself, she went to get her shoes fixed at 3 p. m., thinking she had plenty of time to meet the bus. "But they took my shoes and didn't bring them back for 20 minutes," she explained.

Law

Their Alley
Students entering the north door of the Union annex no longer need be in the fear that a bowling ball may crash out of the upper floor. Investigation has revealed that the ten pins visible in the window are not part of a misadventure in bowling alley, but belong to Prof. J. D. Jungwirth's sculpture class. Finding the regulation too expensive to buy, members use a lathe to shape ten pins into inexpensive mal-which can stand a lot of hard hitting.

asteful Mouse

It is to be outdone by the other North Hall, too, has its own and its tall tales about them, making to the discordant tune rattling paper, Beth Card said that she was entertaining a member of the resident family in her waste basket. Trapping the creature in the basket by placing a note book over the top, she held the basket at arm's length, and the mouse, not being disposed of until morning, had ample time to gnaw himself by chewing off a corner of Beth's note book.

asure Trove

At least one participant in the bon house treasure hunt last Friday night received unexpected treasure, in the form of a car, sent to her by Jack Woods. The house explained, "I thought it a semi-formal party."

Cast Polishes Lines for Fall Play Opening

'Accent on Youth' Will Open Doors Tomorrow Night
'Accent on Youth,' annual fall term play, will open in Fairchild theater tomorrow. Curtain will go up at 8:15 p. m. The play, by Samson Raphaelson, is under the direction of Dr. W. Fawcett Thompson. It will be presented both Wednesday and Thursday nights of this week.
Accent on Youth is a gay sophisticated comedy dealing with theater people, and specifically with the problem of a youth-age combination in matrimony. With uniqueness of ideas as the basis of its production, it releases the idea of true theater life.

CAST BUZZARD, KNIGHT

Cast in the play are Doris Buzzard, Plymouth sophomore, and Seymour Knight, Detroit senior, as the leads. Others who have roles are: Jon Rovick, John Rischman, Mary Jeanette Martin, Fred Vinroot, Virginia Mack, Howard Pound, and Paul Eliason.

SEATS ARE RESERVED

Tickets may be purchased at the accounting office or at the box office on the night of the play. "Holders of season tickets should have them reserved at least 48 hours in advance if possible, in order to secure seats in the section blocked off for holders of these tickets," Dean Koch, Theta Alpha Phi president stated.
"In order to insure doubles, all reservations should be made at least 48 hours ahead of time," Koch also announced. Singles and possibly some doubles may be purchased the night of the play.

Physics Men Attend U. of M. Meeting

Representing Michigan State college at the winter meeting of the Michigan Teachers of College Physics convention at the University of Michigan Sunday were Professors W. G. Keck, S. H. Dwight, J. McGrath, C. W. Chapman, O. L. Snow, J. C. Clark, C. W. Miller, and S. E. Morrison. The topics presented were "Some Physical Problems in Aviation" discussed by Professor A. E. Stalkor, chairman of the Department of Aeronautical Engineering, and "Electrocardiograms," discussed by Dr. Franklin Johnston, Assistant Professor of Internal Medicine at the U. of M.

Radio Show Grows Up; to Broadcast From Theater

Kampus Kapers, student variety radio show, will begin its third year at Michigan State Saturday when it moves to the stage of the State theater for broadcasting.
Directed by Prof. L. D. Barnhart, Kampus Kapers last year attracted capacity audiences each Saturday, when it played in the Union ballroom under sponsorship of Independent Men's league.
Headlining the show are Jon Rovick, Detroit senior, as M. C., and Art Howland's band, with Marty Vial and Bill Siedenstricker as vocalists. Jack Callaghan will act as announcer.
The broadcast will begin at 3 p. m. as the first part of the theater's regular matinee program.
Kampus Kapers this year is under the sole management of Barnhart, with talent chiefly drawn from radio classes taught here.

Machine Shows Principles Of Compression

Principles of fold and fracture formations due to compression is the subject of experiments now being conducted by Michigan State college department of geology in connection with a course in structural geology.
A machine, similar to those used for many years by research geologists to exemplify folding in the Appalachian mountains, is located on the ground floor of Morrill hall and was built by the department for this purpose about five years ago.
The overall length of 8 1/2 feet covers two units, the first of which contains layered clay, wax and paper layers. Above these layers about a quarter ton of shot is placed to prevent them from fracturing and rising above the top of the machine.
When the second movable unit, representing applied force, is cranked up, upward relief can be observed as the shot rolls in opposite directions from the crest of the rising fold. Some lateral relief is noted since the sides of the compression machine bulge outward.
If the bottom of the machine were not rigid and the force not uniform and not constant in direction, the results would probably more closely approach natural conditions.

Engineers Will Start Staff Dinner Series

The entire engineering staff, including part-time assistants, will meet for the first of a series of dinners in the dining hall of Abbot at 6 p. m. Wednesday.
Dinner will be followed by an inspection trip through Mason and Abbot halls and a social evening with football movies in the social room. The committee appointed by Dean H. B. Dirks includes: Professors E. E. Kinney, W. L. Cockrel, A. H. Gröver, L. A. Smith, and R. L. Champion.

Music, Speech Pace Final Rush of Term Activities

Simons Will Play With Symphony

Members of the music department staff are finding their spare time occupied by a series of public concerts as the end of the term approaches.
Edward Simons, instructor of violin at Michigan State college, will appear as soloist with the Lansing Symphony orchestra tonight at 8:15 p. m., Dr. Pedro Pablo conducting. He will play Mendelssohn's violin concerto in E minor.
His concertmaster is J. D. Menchhofer, P. D. Bagwell, R. G. Turner, and H. V. Dordier, all of the speech department.

PLAYS SUNDAY

Most recent presentation of the string quartet was a program given under the sponsorship of the Michigan State college department of music Sunday afternoon.
Aranyi, violin; Simons, violin; Julius Stulberg, viola; and Alexander Schuster, violoncello played three selections. They were assisted by Keith Stein, clarinet.
The Quartet in A major, Op. 18, No. 5 by Beethoven; Clarinet Quintet in A major (K 581) by Mozart; and Italian Serenade by Hugo Wolfe comprised the program.
The string quartet will again appear in the second Collegium Musicum of the year to be given Sunday at 4 p. m. in the music auditorium. They will play a program of 16th and 17th century chamber music including Second Fantasia by Claude LeLenne, String Quartet no. 6 by Matthew Locke, and Trio Sonata V by Henry Purcell.

Sophomore Wins Oratory Contest

Speech department activities present a full schedule for the remainder of the term with students participating in oratorical competition and a full round of debates.
CHILD'S WINS AGAIN
For the second consecutive year, Mary Elaine Childs placed first in the all-college oratorical contest, when she spoke on "Spy Phobias" Friday night in the auditorium.
Miss Childs, a sophomore Liberal Arts student from Detroit, will compete next in the state oratory contest to be held winter term.
Ann Hoyt, Liberal Arts sophomore from Battle Creek, placed second in the contest, with an oration entitled "What Price Democracy." Miss Hoyt transferred from Illinois Wesleyan this year. Judges in the contest were Prof. J. D. Menchhofer, P. D. Bagwell, R. G. Turner, and H. V. Dordier, all of the speech department.

SCHEDULES DEBATE

A practice debate with Indiana university on the subject, "Resolved: That the powers of the federal government should be diminished," will be held Wednesday at 7 p. m. in room 49 of the auditorium.
Robert Haflich, Pre-Veterinary student from Marquette, Ind., and Albert Thorburn, junior economics major from Lansing, will uphold the negative side for Michigan State.
Bagwell and Turner are in charge of arrangements.
COMPLETES TWO CONTESTS
Phil Molley, junior speech major from Lathrop, and Bela Kennedy, senior farm management student from Bangor, debated Illinois Wesleyan Monday night on the college debate question.
Two Liberal Arts students, Fred Perry, junior from Lansing, and Robert Nichol, senior from Jackson, represented Michigan State Saturday afternoon in a non-decision debate against Albion on the high school question.

Dance Facts Are: Kavelin, Not Ayres, And On Saturday

Members of Scabbard and Blade are going in circles as the result of trying to keep up with developments on their fall term dance.
First, word came that the orchestra booked for the event, Mitchell Ayres, had just gotten an engagement in New York and was cancelling its date here.
The military men managed to scramble around and secure the services of Al Kavelin's band for the evening, but the worst was yet to come. Through an error the State News printed the date of the party as Friday, Dec. 6, rather than Saturday, Dec. 7, which is the actual date.
Hoping that the double mixup had not confused everyone, General Chairman John VanHouten has ordered Scabbard and Blade and Pershing Rifle members to turn in all tickets by Thursday.
Tickets will still be available at the Union desk and the accounting office until Saturday.

College Begins Own Bus Line To Hillcrest

In an economy measure, Michigan State college yesterday discontinued use of Lansing city bus lines for college women living in Hillcrest village, and substituted a college-owned bus.
Token system used will be the same, with each woman receiving 4 tokens per day, and buying any extra ones at five cents each, from the housemother.
Spiking rumors that non-college residents of the village were using the bus, Sen. John A. Hannah stated last night, "If this condition exists, it is in violation of college rules for the bus and I do not think any non-college students are riding on the bus."
The question was brought up at East Lansing city council meeting last night, by Harry Hubbard, city attorney. Councilman Fred Dodge pointed out that if the condition does exist, the bus is a public conveyance, and subject to regulation by the council. Councilman Fred Mitchell suggested that Hubbard investigate the matter.
Schedule of the bus is as follows: Every 20 minutes from 7 to 10 a. m., 11 a. m. to 2 p. m., and 4 p. m. to 10 p. m.; and once each hour for other hours during the day.

Aubuchon Is Absent, But His No. 3 Leads Game Action Again

Soph. Seniors Pace State Scoring
By Ed Kitchen
There was a new figure in the familiar old No. 3 of Chester Aubuchon as Michigan State's varsity basketball forces opened the 1940 season with a 48 to 29 victory over Kalamazoo college at Jenison fieldhouse Monday night, but 2,500 Spartan fans were acclaiming a new fair-haired boy before the game's end.

Mercury Hits 8 Degree Low Here Monday

An unofficial temperature of 8 degrees above zero was recorded in Lansing yesterday at 10 p. m.
Lowest predicted temperature yesterday, according to the East Lansing office of the United States weather bureau, was 18 degrees.
Lower temperatures are predicted for today with occasional light snow. About half an inch of snow fell yesterday, bringing the total depth of snow fallen since last Tuesday, when first snow storm of the year began, to over 10 inches.
Michigan's current cold wave, according to the bureau, is part of a high pressure area extending from the Dakotas eastward through the Lakes region to the Atlantic seaboard.

College to Aid U.S. Ag Project

Claude L. Nash, of the economic extension service, will assist Al Benton of the United States Bureau of Agricultural Economics in conducting a series of seven leadership training schools for group discussion leaders throughout the central part of the state.
This project is sponsored by a number of State organizations including Michigan State college extension service, Michigan Laboratory association, the Michigan Department of Education, Michigan Federation of Labor and others.
The aim of these group discussions is threefold: First, to demonstrate the technique of handling group discussions; second, to explore methods of exciting interest and gaining intelligent participation in community activities on the part of the people; third, to give leaders ideas on how to get people to become more active in the community.

Name Committees For Fall Round-Up

Committees for the annual fall term round-up banquet of Block and Bridle club to be held Dec. 11 in the Union have been announced by Pres. Charles Chamberlain. Committees are: General chairman, Arthur Pope; publicity, Allan Van Dyke, Louis Plummer, Howard Fox; arrangements, Merle Parlin, Donald Eppelheimer, Gerald Hatn; program, Sidney Hubbard, Richard Denning, Stanley Pagewood.
George Newlin, manager of Cesson Farms at Farmington, will speak on "Farm Management."

HINDMAN

Union Meet Will Draw Proulx and Brandow

B. R. Proulx, Union manager, and Don Brandow, Union board president, will represent Michigan State at the 21st annual Union conference in Philadelphia Thursday, Friday and Saturday. The meeting will be held in conjunction with celebration of the University of Pennsylvania's bicentennial anniversary and to do honor to the oldest of American unions, Houston Hall.

Home Ecs Celebrate Birthday of Woman Leader

Alpha chapter of Omicron Nu, national home economics honorary, will celebrate the birthday of Ellen Swallow Richards, whose efforts resulted in the establishment of the first real home economics course in American colleges, with a luncheon at 12 noon today in the Union sun porch.
STUDIED AT VASSAR
Ellen Swallow, born in New Ipswich, New Hampshire, Dec. 3, 1842, entered Vassar college as a special student in 1868. After graduating from Vassar in 1870, Miss Swallow chose to go to Massachusetts Institute of Technology to study more chemistry. Since she was the first woman to enter the institute, she had to receive special permission from the president.
When, on Dec. 16, 1870, J. D. Runkle, president of the institute, notified Miss Swallow that she would be allowed to enter M.I.T., he also added the clause, "with-out charge of any kind." The reason for this clause, she learned later, was that President Runkle could say she was not a student in case any of the trustees should object.
MRS. SWALLOW M. I. T.
Miss Swallow entered the Institute in 1871. While there, she served as assistant in the chemistry laboratory. In 1872 she received her Bachelor of Science degree in chemistry from M. I. T. and in the same year was awarded her master's degree from Vassar.
In 1874 she married Prof. L. D. Richards.
In 1899, Mrs. Richards brought about the first home economics conference at Lake Placid. This first meeting later developed into a national organization on Dec. 31, 1908. At this time Mrs. Richards was elected the first president.
Through the efforts of Mrs. Richards' organization, Home Economics divisions were added to American colleges. Prior to this time women had been enrolled under a course entitled Home Economics but were forced to take the same courses as men.
DISCUSSED IDEA
As early as 1849 there was talk of education for women in this field. That year, in an address to the State Agriculture Society in Detroit, Hon. E. H. Lathrop said: "In addition to a daily thorough training in the care and labor of the dairy and all household affairs, educate them in everything that will have a tendency to make them plain, modest, sensible, and useful women."
WOMEN WORKED HERE
The first women ever to attend Michigan Agriculture college entered Feb. 22, 1870. At that time 10 women enrolled. About these women Pres. T. C. Abbott said: "They prepared seed for the ground; cut potatoes; transplanted tomatoes and flowering plants; pruned shrubbery; gathered small fruit, and did some work in the greenhouse."
"The experiment has been so successful that there would be no hesitation in admitting more, if there were a hall for them."
BEGAN COURSE IN 1895
The first regular course in Home Economics for the instruction of women was established here in 1895. Abbot hall, the present Home practice building, was a dormitory as well as a lab for cooking, sewing, and calisthenics.
When Abbot hall became too small to house the women students, the present Morrill hall was built. At that time and until it was remodeled for classes alone, the building was known as the Women's building, or more popularly, the "Coop."
In 1897 Eva Diann Coryell (Mrs. William McBain) of Grand Rapids, graduated from M. A. C., being the first woman to do so.

Under the Wire

WASHINGTON, Dec. 2.—Requests for further allotments of over 50 U. S. destroyers to Britain may be an outcome of Nazi raids on vital British supply lines in the Atlantic, navy officials said today. Nazi U-boats sank eight ships of a loaded convoy 400 miles west of Ireland and the steamer Hendryk was also sunk by a German submarine.
President Roosevelt will soon leave, via an unnamed Florida port, on a two-week Caribbean cruise, during which he will inspect naval bases and maneuvers of the Atlantic fleet, it was announced today.
BERLIN, Dec. 2.—Southern English ports, notably Southampton, whose docks are being "frenziedly" were heavily bombed today and 18th German air ministry claimed today.
LONDON, Dec. 2.—That her southern ports have been subject to Nazi attack within the past two days was admitted by government officials here. R.A.F. reinforced with far-flung raids on naval bases from Norway and Denmark to Germany and France, it claimed.
NEW YORK, Dec. 2.—Chairman Martin Dies, of House committee on subversive activities, called in a radio speech tonight that present sabotage laws be amended to make punishment more severe, and to provide more stringently. In answer to criticisms that he over-punished he intended moves. Dies said publicity is necessary to help drive subversive elements.
BROOKLYN, Dec. 2.—A mild-mannered English professor in a city college today admitted to a Senate committee investigating subversive activities that he and eight colleagues of the faculty are members of the Communist party and have been working to further Communist principles in the school system.

News Roundup

Nazis Try Knockout Tactics On Major English Cities

No idle threat was Germany's recently announced intention of methodically "knocking out" important English cities one by one.

Since Nov. 15, when Nazi bombing planes administered a sound beating to Coventry, Birmingham, Bristol and other major industrial manufacturing centers of England have been hit.

Soundness of the Nazi strategy is demonstrated by the fact that anti-aircraft defense has been centered on London, leaving many other cities inadequately defended.

Now, as Axis sources indicate that invasion plans have been more or less set aside for new knockout tactics, Southampton, Workers union has lodged protest and requests for an inquiry with mine officials.

Rescue operations were hampered by 2,000 feet of rock debris in the tunnel where the miners were trapped and all the bodies were not expected to be recovered until Monday or Tuesday of next week.

Greece's army has pushed to See NEWS—Page 3

Bio-Sketch Shows Background Of Campus Actors

An all-around man on campus is Jon Rovick, senior speech major from Detroit, who has been cast as "Dickie" in "Auntie Young," which goes into production tomorrow night.

Member of the men's elite, Theta Alpha Phi, and vocalist in Ar' Rowland's band, Rovick also senior class treasurer, one of the props of the Union, and is a member of Kappa Sigma fraternity.

Cast in "Growing Pains" while in high school, Rovick has broadened his stage experience by appearing in "Taming of the Shrew," "Henry VIII," and several others on campus.

More interested in the side of speech, Rovick has done some work in radio drama, appearing recently as Samuel Peony in one of the shows of "There Was a Woman" which was a script written for Kappa Kapers, Saturday program of last year.

Michael, king of Rumania, was under guard by German army units Saturday, it was reported from Budapest, to protect him against rioting Iron Guards.

Gen. Wilhelm Keitel, high German army command, is on his way to Bucharest in a last minute attempt to quell the uprising, and save or substitute for the government of Dictator Gen. Ion Antonescu.

The house had a venison dinner Wednesday evening. Pete Van Valin was the provider. Thanksgiving was celebrated Thursday night with turkey and all the trimmings.

Clint Clark pledged last week. A radio dance was held at the house Friday night. Mr. and Mrs. M. B. Goodwin from Abbot hall and H. J. Wynn garden were patrons.

A radio party was held at the house Saturday night. Mr. and Mrs. C. S. Dunford were patrons. Jim Funston was in charge of the party. Richard Kieppe was pledged recently.

1:15 p. m. Musical moments.
2:00 p. m. Pan American Congress of Students program.
2:15 p. m. Henry Simmons - Spanish Rhythms.
2:30 p. m. How It's Done in Business; The Written Contract, L. H. Gell.
3:15 p. m. Our National Government, J. T. Caswell.
3:30 p. m. Music of the masters.
4:00 p. m. Speech Clinic of the Air, C. R. VanDusen.

NEWS

(Continued from Page 2) within 45 miles of the Albanian capital, Tirana, late dispatches from Athens claim. In spite of huge replacements and reinforcements which the Italians say they are rushing to the battle front, Greece still says the Fascist troops are in retreat.

In Detroit, a strike which stopped work at Briggs and Plymouth plants and threw 35,000 men temporarily out of work has been settled and work was resumed yesterday. Federal Labor Conciliator James Dewey said Monday that differences between UAW-CIO union and company officials over lay-off of men in the plant division of the Briggs plant were ironed out over the mediation table.

TROOPERS WILL JOIN HOMINES LEGIS

Homines Legis, police administration professional fraternity, will bestow honorary membership on 20 officers of the technical staff of the Michigan State Police at a banquet to be held at 7:45 p. m. Thursday, in the faculty dining room of the Union.

Hughes Is Chosen As Toastmaster

Glen O. Stewart, alumni secretary and general chairman of the 21st annual M.S.C. football banquet announced last night the selection of Judge Sam Street Hughes, of the Lansing municipal court as toastmaster for the event.

Stewart also has named the committee heads for the banquet which is scheduled for Saturday, Dec. 14, at 6 p. m. in the auditorium.

SAM STREET HUGHES

Aiding Stewart will be Joe Gwynn of Lansing as assistant general chairman, with the following acting as committee chairmen: finance, John Jones, Lansing; seating, Glenn Sanford, East Lansing; banquet, Jim Brakeman, East Lansing; publicity, Ralph Norman, East Lansing; program, B. R. Proulx, East Lansing; entertainment of high school boys, Ralph Tenny, East Lansing; stag party, Einar Larsen, Lansing.

Also named were: invitations and transportation; J. B. (Doc) Brown, Lansing; guest register, Lee O. Benner, Lansing; registration of high school boys, George Wenner, East Lansing; and tickets, Victor G. Leyrer, chairman and Rex Lamerson, vice-chairman.

The banquet this year is sponsored by the Central Michigan Alumni club, with the Lansing Junior Chamber of Commerce cooperating.

Ticket sales begin today, with J. E. Jopson, of the accounting office, as captain of the college ticket selling team. Sales will be at the Union desk, Brakeman's, and the Smoke Shop. Price this year has been set in half.

YW Will Work At Meeting

Y. W. C. A. will have a workshop during the all-membership meeting, Wednesday at 5 p. m. Old toys will be mended and distributed through the social service bureau in Lansing, according to Irene Reitz, general chairman.

Members of project committee are Miss Benz, Betty Garbathley, Doris Holland, Betsy Kutchin, Doris Lorenz, Rachel Mason, Margaret Barkans, Maxine Monte, Dorothy Hitchcock, Jean Bonathan, Marjorie Fieldner, Betty Chandler, and Rosemary Darlington.

Publicity committee members are Nancy Wansettler, chairman, Alice Perry, Barbara Beers, Kate Cowan, Peggy Green, Helen MacDonald, Shirley Gardner and Jean Legg.

20 officers of the technical staff of the Michigan State Police at a banquet to be held at 7:45 p. m. Thursday, in the faculty dining room of the Union.

Among officials to be inducted into the society are Prof. R. C. Huston, dean of Applied Science division; Oscar G. Olander, Michigan commissioner of public safety; Captain C. J. Scavarda, in charge of the police training school, and Lieut. Harold Mulbar, in command of the investigation of espionage and sabotage in Michigan.

State Takes A Big Part In Chicago Exposition

By KEN KUHN

As judges of the International Live Stock exposition started the serious matter of awarding honors to champions among the hundreds of judging teams from the 34 states and many Canadian provinces today, Michigan State college entries became increasingly noticeable.

Competing with some 31 other teams from all over the United States and Canada, Michigan State college's animal husbandry team, coached by G. J. Propp, placed 20th in a contest of judging animal entries competing for blue ribbons in the livestock show.

High among the individual winners were several students from Michigan State college including James Williams, Riverdale senior, who tied for first place in cattle judging and Albert Hall Sandusky junior, who won seventh place in the judging of prize horses.

Although the college failed to enter a horse exhibit at the exposition this year, a horse judging team was sent to Chicago by the animal husbandry department and placed 27th in a judging meet in competition with many other collegiate teams from this country and Canada.

Prof. H. C. Rather of farm crops announced Monday that he had received word from Prof. H. R. Pettigrove, who accompanied the farm crops judging team as coach, that the college entry placed second in a team in the exposition. Further details on how individual entries fared were lacking confirmation, according to Rather, and would not be announced before Wednesday when Pettigrove returns.

STAFF MEMBERS ATTEND

Approximately 50 Michigan State college staff members are in attendance at the Chicago livestock show, which began Nov. 30 and ends Saturday, and many were scheduled to give papers at meetings held in conjunction with the show.

The animal husbandry department is represented by six members who will present papers and otherwise participate in the meeting of the National Belgian Cattle and Horse Raisers' Association.

Prof. G. A. Brown, head of the department, is slated to give a paper on under-graduate instruction in animal husbandry and Propp, along with G. J. Propp and Prof. G. A. Brannaman, will report on five years' experience in growing and fattening beef calves.

Prof. R. S. Hudson, of horse husbandry, plans to attend a meeting of the National Belgian Cattle and Horse Raisers' Association.

Geologists Spend Summer In Survey To Aid Defense

Two M.S.C. students did their bit toward the national defense program this summer, and if things turn out it may prove a rather important bit.

Dale Wallington, Lake City junior and Darwin Quigley, Quincy senior, both geology majors, were sent into the upper peninsula with O. F. Poindexter, economic geologist, to prepare detailed maps showing the whereabouts of dolomite deposits in the district.

Dolomite, a grayish limestone containing a maximum 45 per cent magnesium carbonate, may assume a rather important aspect in national defense operations in view of its use in situations where speed and flexibility must be gained without loss of weight.

One-third lighter than aluminum and stronger with alloys, magnesium is now used in airplane engines and fuselages, among other things. At present it is produced in this country only by the Dow Chemical company of Midland.

R. A. Smith, state geologist, is convinced that there is enough potential magnesium in Michigan to supply the nation for hundreds of years. Wallington and Quigley, after inspecting every mile of Mackinac and Schoolcraft counties, in which the limestone is found, brought back hundreds of samples to be used in investigating the problem. These are being analyzed at Lansing.

Math Man Will Give Paper at Chicago

W. D. Eaton, associate professor of mathematics at Michigan State college and research associate in statistics of the Michigan experiment station, will present a paper before the American Society of Agronomy and Soil Science society in Chicago, Thursday. The title of his paper is, "Grouping of Strains or Varieties by Use of Latin Square Design."

Shaw to Be Hosts

Phi Eta chapter of Mu Phi Epsilon, national music honorary society, will hold a musical and reception at the home of Prof. and Mrs. Robert S. Shaw, 2 Faculty row, Sunday at 7 p. m. Mrs. Shaw is a patroness of the group.

Faculty Acts On Student Trips Away

Deans Will Govern Student Delegates To Conventions

Action was taken recently by the faculty on regulations governing off-campus trips to conventions which are extra-curricular in nature, following a report from a committee headed by Dean Elisabeth Conrad.

Students who leave campus for attendance at conventions, which deal with extra-class activities, must obtain administrative permission before the trip is made, subject to the following conditions:

Permission must be obtained one week in advance by request of the president or manager of the organization sending delegates. Such requests must indicate names of delegates, when the trip is to be made, where, for what purpose, and date of return to campus.

If the group is composed of women students the request should be made to dean of women; in case of men students only, to dean of men; but in the event that men and women travel together the request should be made to dean of women.

All students nominated to make such trips must be academically eligible. The committee indicated that a report of the convention proceedings would be helpful and appreciated and should be submitted to the dean to whom request for the trip was made.

Council Seeks To Clear Away Snow, Autos

East Lansing's near record snowfall indirectly brought several problems to city council in regular meeting last night.

A petition signed by residents in the area of Center St., that barriers be erected to protect children sliding on the Center street hill, was presented by two of the signers, who agreed to put up the barriers and take them down.

City council passed a motion to erect the barriers on Center and included Butterfield and Chesterfield street hills.

Several reports that residents and business men in the city have been violating the snow ordinance brought forth from the council a plea that all property owners in East Lansing keep walks clear of snow and ice.

The council commended city snow removal crews, for clearing streets speedily after each snowfall.

On recommendation of V. J. DeCamp, council passed a resolution that parking on both sides of Grand River Ave. from Charles St. east to Hackett St. be limited to one hour. Students will thus be stopped from parking cars for all day in this area, council pointed out. Council also voted to prohibit parking on the north side of Oakhill St. from Evergreen to Hillcrest.

Ice Is Blamed For Crashes, \$150 Damage

Slippery streets caused two accidents in East Lansing Monday, involving three local drivers and one from Grand Rapids.

A truck driven by Wayne Parish, Route 1, East Lansing, going east on Albert street collided with a car driven by Andrew G. Weidemann, a member of the soils department faculty, as Weidemann was making a left turn from M. A. C. avenue onto Abbot street. City police reported \$100 damage to the Parish car, and \$50 to the Weidemann vehicle.

Minor damages were caused when a car owned by Loren Johnson, Grand Rapids, parked at the curb in front of Public's gas station on East Grand River, was hit by one driven by Fred Rowe, East Lansing.

Buffet Supper Given Society Members

Mrs. V. E. LeRoy and her daughter, Emma Jean, former president of Sigma Alpha Iota, national professional music society, gave a buffet supper for members of that group Sunday night.

The supper was held in the LeRoy home at 138 Oakhill, and was followed by singing. Mrs. L. B. Sholl poured tea.

SHOP SIFTING

BY SANTA

With only 19 shopping days left now is the time to start looking around for the gifts you want to give your family and that "one and only."

The shops are featuring some swell gloves for men this year at very reasonable prices. If this type of weather lasts very long, and it probably will, you couldn't give a better present.

In the same stores I ran across a lot of other men's accessories that would make fine Christmas presents. Sippers, shirts, ties, and socks are shown in new popular styles and colors.

Jewelry stores in East Lansing have a new supply of costume jewelry—pendants, lockets, bracelets—and there is nothing that makes a better gift for a girl.

Moreover, these are presents in a price range to fit every college student's budget.

Books make a very nice present providing they are not text books. Many are on the market, including some very fine ones in the non-fiction category—biographies and historical novels.

If you have a friend to whom you would like to express your Christmas greetings without giving a present, why not send a Christmas card? Some of the new designs are beautiful as well as inexpensive. If you want to get some individual cards you will have to buy them before the rush.

Spartan Sportlines

By Joe Simcik

Bill Rupp, State's third-best of a right guard, has done it again. This time he became the only Spartan to land a spot on the Indiana all-opponent eleven, which makes it nearly unanimous that the 185-pound bombshell was the standout in Charley Bachman's forward wall.

This department has often wondered how the stocky seige continues to wreck the opposition with his driving game without suffering a scratch, but perhaps it was his environment at Male high, Louisville, Ky.

Bill's team clinaxed a 12-game season with a victory in the Orange Bowl to be voted the mythical southern championship by southern sports writers.

Sixty-minute college games are just a breeze to the Blue Grass boy for he once played through a high school doubleheader.

Flying beside Rupp was Ted Akins, Purdue's iron man center. But when it came to city opposition, is where he got the brunt of bowling over the tough boys. Norbert Ackerman, key-throwing man on Tennessee's Sugar Bowl bound team; Fred Davis, 241-pound All-Southeastern tackle from Alabama, and center "Spanky" Gahn, Indiana's most valuable award winner, are a few of the linemen he bumped into.

Ten Spartan gridders, Walt Hall, Bill Batchelor, Fred Carter, Will Davis, Bob Friedlund, Frank Karas, Mario Miller, "Champ" Pawlowski, and Bill Rupp played in all eight games. Rupp held down his position for 360 minutes to lead the team in that department. Others over the 300 mark were linemen Fred Carter with 357 minutes, Bob Friedlund with 344 minutes and Frank Karas with 307 minutes.

Brown Gives Ten Harriers Insignia

Lauren P. Brown, Spartan cross country coach, has named 10 of his thinclads as award winners for the 1940 season. The announcement was made Monday afternoon.

Only four men, two seniors and two sophomores, were selected to receive the major insignia. Six were awarded minor letters.

Capt. Eddie Mills and Al Mangan were the two seniors chosen for the award. Sophomores Bill Scott and Ralph Monroe received the other two.

The six minor letter awards were divided up with three sophomores, two juniors, and a lone senior getting awards.

Jerry Page, Bill Van Velzor, and Leo Wren earned the soph awards. Juniors Cleon Smith and Walt Beardslee and Senior Warren Anderson received the remaining three. George Campbell, senior major, was given the manager's award.

Major letters are awarded only to the harriers who placed within the first 20 finishers of the IC-4A or the first 15 in the National A. A. U. cross country championships.

At Van Cortlandt park, New York, where the IC-4A meet was held, Mangan took 11th, Monroe 13th, Mills 17th and Scott 19th to meet the major insignia requirement.

To those harriers who have placed in the first two thirds in at least two of the regularly scheduled intercollegiate meets, minor letters are given.

The all-college run, originally slated for Saturday, was postponed because of the heavy snowfall and has been set ahead to Tuesday, Dec. 10.

Spartan Intramural Flashes

By HAL SCHRAM

Intramural touch football championships have fallen into a rut, a very deep rut. With the football and baseball fields under a foot of snow, competition has come to a standstill. Just when the quarter final games will be played depends upon the favorable consent of Ol' Man Weather until the beginning of spring term, was the one too optimistic comment of Director L. L. Frimodig.

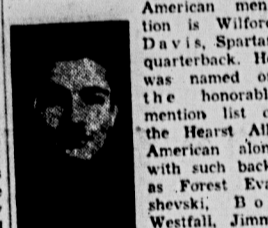

Absolute deadline for entries in the 1940 Independent basketball league is Dec. 19. Schedules must be arranged over the holidays, consequently all team entries must be in the hands of Martin Cohn at Evergreen Manor not later than the above date.

An announcement from the intramural office yesterday states that three all-college tourneys will be on deck for winter term. A doubles handball tourney is contemplated, while a ping pong and badminton tournament will be definitely on providing there is enough interest to warrant such an affair. Those interested in any of the tourneys can sign up now at the athletic office.

Tom Harmon, independent, local independent touch football team, have declared that they hope to schedule a game with some University of Michigan intramural outfit. The boys believe that the team name alone is worthy of a Wolverine engagement. (Incidentally, they have a fine team).

Wil Davis Named Among Star Backs On Honor Eleven

First member of Michigan State's 1940 football team to receive All-American mention is Wilford Davis, Spartan quarterback. He was named on the honor roll mention list of the Hearst All-American along with such backs as Forest Evishevski, D. B. Westfall, Jimmy Johnson, George Paskyan and Bill DeCorrevont. "Willie" became the first string signal caller after his stellar performance against Michigan. His excellent blocking and field generalship undoubtedly contributed to his placement on the list.

At a recent tournament at Marquette university, in which 1,000 youngsters participated, a "human chessboard," with children as pawns, was used to popularize the game.

Five Bouts to Open College Mitt Tournament Tomorrow

As a preview to the Michigan State intercollegiate boxing season which will not open for two months, 12 boxers will stage six matches in the Jenison gymnasium boxing room Wednesday at 5 p. m. to break the opening tape on the 1940 version of the annual all-college mitt tournament.

A banner crop of squared-ring hopefuls has answered the call for entrants in the tourney's eight classifications this year and 45 men have entered in one of the eight weight classifications. Only the opening round bouts in the 145 pound and 135 pound weights are scheduled for Wednesday afternoon, however, with preliminary matches in the 155 pound and 175 pound divisions carded for completion on Thursday. The remaining first round and the semi-final contests will take place next week also in the boxing room, with the final matches scheduled for the Jenison gymnasium on Saturday, Dec. 14.

Competition for the coveted all-college crowns should be the hottest in the 145, 155 and 175 pound classifications this season, for 29 of the total entry list are boxing in these weights. The 145 pound group tops the list with 11 hopefuls, while the 155 pound division noon, Bill Dickison meets Tom has nine contenders and the 175 pound class seven entries. Only two boxers have weighed in at the 120 pound, which has the lowest number of any weight.

In the five opening bouts in the 145 pound class tomorrow after O'Brien, Dick O'Brien meets Herbert Fuller, William Ryan meets Al Hansen, Walker Menne meets Ed Wood and Salisbury meets Robinson with the other entrant gaining a first round bye.

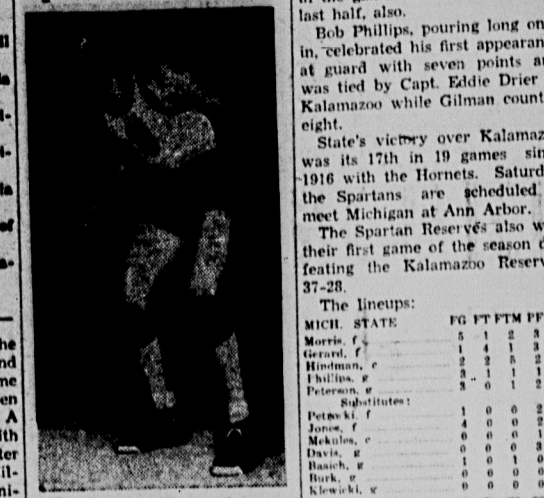

Only one match is carded for the 135 pound division tomorrow. Leo Rooney tangles with Dick Crippen while the other three entrants in that class have drawn byes. The regular varsity season will get under way on Feb. 8 when

Reserves Triumph In Preliminary Game

(Continued from Page 1) seven occasions, he missed all but two free throws. In all, the Spartans missed 11 chances from the free throw line. Kalamazoo, fagged by the 79-38 drubbing administered by Notre Dame Saturday, didn't come close. The Spartans jumped out to an

His Play Bolsters Spartan Defense

Mel Peterson, Muskegon guard, in addition to scoring six points displayed some outstanding defensive work in last night's initial State victory. Coach Van Aalstine is counting heavily on the blonde ball handler to function as a defensive bulwark against the University of Michigan five Saturday.

M.S.C. VARSITY BOXING SCHEDULE

- Wednesday, Dec. 9 to Dec. 14—All College meet.
- Thursday, Feb. 2—West Virginia university at Morgantown.
- Monday, Feb. 10—Temple university at Philadelphia.
- Saturday, Feb. 23—Bucknell university.
- Friday, Feb. 28—West Virginia university.
- Friday, March 7—University of Wisconsin at Madison.
- Saturday, March 15—Pennsylvania State college.
- Home meets.

Temple at Philadelphia on the following Monday, Feb. 10, and will not make their initial home appearance until Feb. 22 when they will face Bucknell here. A return match is scheduled with West Virginia on Feb. 28, after which the mittmen will go to Milwaukee for a contest with the University of Wisconsin. Burhans' squad will conclude their season in East Lansing on March 18 with a match against Pennsylvania State college.

All states in the union and 18 foreign countries are represented by students at Northwestern university.

South Campbell Breaks Dorm Jinx In Volleyball Tourney

By Rosalind Friedman
South Campbell has broken the dormitory jinx in the women's intramural volleyball tournament. When the dormitory team meets the victor of the Kappa Kappa Gamma-Sigma Kappa game, scheduled today, it will be the first time

team work and coordination gives it a right to be in second place in the playoffs. Although they have not averaged as high a lead over their opponents as have South Campbell's team, they have three of the tournament's high scores.

Eleanor Sims tops the scoring with a record of 18 points, Mary Work follows closely with a tally of 17 points and Sue Brodie has scored 15 individual points.

Kappa Kappa Gamma, with a record of four wins and two losses, has shown the most consistent pass work this year, although losing two games. This team, which has drawn the largest crowds, just managed to slip into the playoffs.

Tankers Point For Record

With the Jenison pool in use for the first session, freshman swimming candidates are getting ready to make an assault on the fresh records in the modern pool.

Coach "Jake" Daubert has had a squad of 25 men working out for better than a month with light pre-season drills and now has his charges doing the mile workouts.

In the distance events, Reed Ringle, all-city 220 man from Northwestern in Detroit, Renard Bennett of Harvey, Ill., and James Thomas from Saginaw, have looked impressive. Daubert has Jack Garatzogane of Detroit Western, Jack Lewis of Wyandotte, Dwen Marmon of Lansing Eastern, and Elyhard Quayle of Oxford, from whom to choose his dash men.

Bob Gibb of Lansing Eastern and Warren McNichol from Niagara Falls, New York, are eyeing berths in the diving department, and William Menzel of Detroit Southern is a candidate in the breast stroke event.
