Should Do a Good Job

Statements made during the past two weeks by Governor-elect Murray D. Van Wagoner indicate efficient operation of the state in the next two years. His straightforward stand on economy, employe efficiency, liquor and general purchasing, cooperation transcending partisanship, and intolerance of organized gambling are welcomed by good citizens.

Regardless of stories about the political machine which is supposed to be functioning in the highway department, Van Wagoner has done an excellent job of maintaining, improving, and increasing Michigan highways throughout his two terms as head of that department.

If, while he serves as governor, he sticks to the principles he has already outlined, there is good reason to believe that he will run the state just as capably as he ran the highway department.

Quotable Quotes

"In spite of modern theories to the contrary, a single standard of behavior for men and women is impossible. It isn't a question of being modern or old-fashioned. Fundamental sex differences between men and women haven't changed by modern customs, and the girl who conducts herself with the same freedom men do is only asking for trouble." Dr. Nora Winther, gynecologist at the University of Minnesota, concludes that more than custom differentiates between feminine and masculine behavior.

Parade of Opinion

By Associated Collegiate Press What Other College Students Think on Timely Topics

Greece Wins Praise, Hope

Can the battling Greeks, seemingly repulsing Fascist "invaders" at every point, possibly keep their standard aloft in the weeks to come? American youth, as reflected in the collegiate press, is watching the Greek-Italian conflict closely. And undergraduate editorials are voicing quiet hope and many words of caution in their discussions. "The effect of the Greek resistance on the morale of both the democracies and the totalitarian countries will probably be incalculable," says the Wisconsin Daily Cardinal. "It will certainly hearten the British and the 'Free Frenchmen' as well as the subversive groups within the boundaries of Germany and Italy. It means a tremendous loss of prestige to Italy and to Mussolini, who apparently thought he could march down to Peloponnesus with no more trouble than he encountered in Albania. "To the German people it demonstrates that the might of the bully nations isn't invincible. The Achaeans of 1940—the lineal descendants of the defenders of Thermopylae, of Marathon, of Salamis, may once again save the west for civilization."

Greek Resistance Surprises All

At Syracuse, the Daily Orange declares that "with Britain's recent material admission of extended aid to struggling Greece, the world wonders no longer about the validity of John Bull's promise of assistance to the staunch Balkan country's resistance to the yet unproven legions of Mussolini. With the failure of the Fascist military machine to crush comparatively weak Greek forces, it is no wonder that the latter country is being termed the 'Finland of the Balkans.' Eventually the Italians will probably subdue the Greeks, but the surprising opposition that they are encountering has amazed the world. "That the expected Greek collapse isn't likely to materialize, at least for the present, is the belief of the Cornell Daily Sun. "Like the Finns, who last winter gave Russia a tussle, the Greeks are trading blow for blow with the Fascist invaders, and giving a good account of themselves," observes the Sun. "Still, we have learned not to expect too much from these little countries when pitted against the Axis blitzkrieg machine. Even allowing that the Greeks are fighting the weaker part of 'World Wreckers, Inc.' still Adolf's looms in the background, and if things get bad for his bully comrade, he will no doubt plunge in to make sure the fight is fair."

Outlook Isn't Too Rosy

Readers of The Dartmouth are cautioned against the "too rosy" outlook. "We're glad to hear from Athens," says the Dartmouth, "that the Italians appear to be driven back into Albania. We're glad to read of the exploits of the picturesque Greek exiles. But we don't like the talk about the 'Greeks driving the macaroni-men back into the sea with cold steel.' We don't like this talk about the 'Albanians rising in mass revolt, severing the Italian lines of communication.' "We don't like this talk about the Italian soldiers turning their guns on their officers after they lose a few more divisions. We don't like it because we don't like wishful thinking. And we call this wishful thinking because it glibly ignores the minuteness of Greece's army, the obsolescence of her navy; because it ignores the enormous odds against Greece, including 70 German divisions ready to strike somewhere in the Balkans. But we do hope the Greeks do the impossible."

College Bulletin

What's Doing On Campus Today And Tomorrow

PEOPLES CHURCH—Peoples church will present a motion picture, "Life of Christ," for its regular vesper service Sunday evening. The film is a story of the life of Christ from the Nativity to the Ascension, with scenes including the Triumphal Entry, Trial, Crucifixion, and Resurrection, and is based on the world-famous Oberammergau and Freiburg Passion plays. This picture was filmed in Europe, the Holy Land, and Egypt.

DIRECTORIES—Student Directories are now on sale at Union desk, College Book store, Campus Book store, and registrar's office.

STUDENT CLUB—The party for this week will be a Sadie Hawkins party, to be staged Friday evening in the student parlors of Peoples church. Ulysses Tremblay is chairman for the event.

New members appointed to the club cabinet are Grace Carless, Elsie Koski, and Dean Chapman.

SPARTAN—There will be a meeting of the Spartan staff Tuesday at 7 p. m. in room 4, Union annex. This includes the editorial, business, and complete sales force.

WOLVERINE PICTURES—Deadline for sophomore Wolverine pictures is Dec. 14. Persons who have not received appointments may get them at the Wolverine office. Seniors who have not received activity card by Monday may get one at the office.

LUTHERAN BIBLE GROUP—Rev. A. C. Larsen will deliver the lecture and lead the discussion in a continuation of a study of the first three chapters of Genesis.

A.M.S.—The Association of Medical Biology students will hold its last meeting today at 7:30 p. m. in the lecture room of the bacteriology building. Dr. E. D. Deveaux of the bacteriology department will speak on "The History of Bacteriology."

MEN'S HOUSING—Ronald Heath, men's housing director, announced today that men students should sign their winter term room contracts and hand them in at the housing director's office by Friday.

Anyone desiring to change his residence may obtain a list of vacant rooms from the office.

INTERNATIONAL RELATIONS—Dr. David Scott Crist will be guest speaker at the final meeting of the term, Dec. 10, in organization room 1, Union. Dr. Crist is a former graduate of M.S.C. and at present is a member of the University of Michigan history department. His subject will be "Imperialism in the Second World War."

He is the son of Dr. J. W. Crist, associate professor of horticulture at M.S.C.

AMERICAN CHEM SOCIETY—T. A. Boyd, research director in the fuels laboratory of General Motors, will speak on "The Motor Car's Debt to Chemistry," at a meeting of the American Chemical Society Monday, in Kediae chemical laboratory at 7:30 p. m.

Reservations for a dinner, to be held at 6:15 p. m. in Hunt's Food shop, should be made with R. L. Bateman, secretary.

CAMPUS DISCUSSION GROUP—Where do we go from here on the labor front? will be the topic of the Campus Discussion group at its open meeting Friday at 7:30 p. m. in the Spartan room of the Union.

Don Faylor, regional director of the C.I.O., will voice the attitude of his organization on the question. Representing the A.F. of L., members of the Teachers union will speak. The usual discussion will follow, under the chairmanship of Arthur Wright.

OUTING CLUB—M.S.C. Outing club will sponsor a hike to W.A.A. cabin, followed by a weiner roast, Sunday. The group will meet in the mixed lounge of the Union at 2:30 p. m. Tickets may be purchased at the Union desk before Friday night.

POULTRY SCIENCE CLUB—Beryl Winton, director of the regional poultry research laboratory, will speak at a meeting of the Poultry Science club Thursday at 7:30 p. m. in Barrett laboratory. Subject of Winton's talk

WASHINGTON MERRY GO ROUND

(Trade Mark Reg.)
By
Drew Pearson and
Robert S. Allen

(Copyright, 1940, by United Feature Syndicate, Inc.)
WASHINGTON—The future of the Willkie clubs will be decided at a pow-wow of state leaders which generalissimo Owen Root has called for the middle of this month.

Only club chiefs, such as Russell Davenport and a few other Willkie intimates, will participate in the meeting. No Republican leaders are being invited, and even Willkie himself does not expect to be present, although he may change his mind.

Young Root's private plan is to form the clubs into a nationwide organization around Willkie, absolutely independent of the Republican party. Root has never been on good terms with GOP leaders, many of whom consider him a meddling amateur with secret designs on the party organization.

While Willkie received thousands of letters acclaiming his post-election "loyal opposition" broadcast, and while many Willkie club enthusiasts desire to continue the organization, privately Root and Davenport are uncertain about the prospects.

BRITISH INVADE CAPITAL—The British are coming to Washington at a rate that almost amounts to a second invasion. Even in 1814, when the Redcoats burned the capital, their force was scarcely more impressive.

Actually there are 430 representatives of the British government in Washington today—130 members of the embassy staff, 300 members of the British purchasing commission and British air commission. These figures include everyone—officers, clerks, messengers and chauffeurs.

The British embassy and chancery now is the largest diplomatic establishment in Washington, but it is not large enough. An annex has been added to care for an overflow of coding clerks and officials of the office of economic warfare.

USE FOUR MORE BUILDINGS—Meanwhile the two British commissions occupy space in four other buildings. They started out in modest quarters in the Hibbs building, expanded to the entire top floor of the Willard hotel, added further space in the Adams building, and most recently have taken over Andrew Mellon's old apartment building at 1745 Massachusetts avenue to accommodate the air commission.

These are the British in Washington, alone. In addition, the New York office of the purchasing commission numbers 1,000 persons, plus 500 inspectors who travel about the country testing the wide assortment of articles, from ships to airplanes, which are being purchased in the United States.

ARMY MAY CAUSE REFORM—The army's greatly expanded food requirements may become the means of forcing long-sought labor reforms in the canning industry, which is noted for its low labor standards, particularly among small plants.

In the past the army bought canned goods chiefly through local jobbers and wholesalers. But with consumption increased hundred-fold, the army plans to sidetrack jobbers and go direct to canners.

HOMINES LEGIS—Homines Legis, police administration honorary, will honor Michigan State police instructors of the police administration course at a banquet Thursday at 7:45 p. m. in faculty dining room of the Union.

STUD BOXES
For the Men on Your List...
These lockers have provided a place to store your books, things on the list, maps, instruments, etc. All English, Spanish, French, and Italian.
\$2.50
OTHER STUD BOXES FROM \$1.50 TO \$15.00

MEN'S GIFTS FROM A MAN'S STORE

Practical gifts are most appreciated and reflect the good judgment of the donor, especially when bearing May Bros. label.

News Roundup

U-Boat Raids May Hasten More U.S. Ships to Britain

Nazi U-boat inroads on British shipping in North Atlantic sea lanes may hasten another allotment of over-aged U.S. destroyers to Great Britain. At least that is what Washington observers are saying while condition of British shipping seems to grow more serious daily.

In addition to the new city-by-city bombing strategy, Berlin now plans to send abroad in the Atlantic roving "wolf-packs" of as many as 100 submarines and seaplanes to prey on British shipping.

U. S. WRL SEND SHIPS
Orders for 60 new freighters have been placed with U. S. shipyards by Britain in an attempt to keep up the vital flow of supplies from North America which Germany threatens to cut off. As he departed Tuesday for an inspection tour in the Caribbean, President Roosevelt said close aides revealed that all extra available merchant tonnage in the United States will be released for British use.

PLAN CENTRAL BUYING
Army purchasing chiefs also are working on a plan for centralized buying of the enormous quantities of canned goods, meats, vegetables and other perishable foods which the draft army will need. Behind this is the desire to avoid a situation where various army quartermasters would bid against each other, to the enrichment of speculators and expense of the taxpayer.

Note: Procurement experts estimate that in some types of canned goods army purchases will amount to 15 per cent of the total pack.

USDA SURVEYS RUBBER
When a government bureau moves fast, that's news. A bureau of the department of agriculture, beginning last August, has completed a survey of potential rubber production in 11 Latin American countries and is now moving into two more.

But more important than speed, the survey is the first step in an important long range plan to make this country independent of East Indian sources for rubber, and to increase trade between the Americas. Earlier this year, congress appropriated \$500,000 to the department of agriculture "to develop rubber production."

First objective is to establish two permanent experimental stations, one for Central America, the other for South America. It is almost certain that they will be located in Costa Rica and Brazil. Brazil originally produced most of the world's rubber, but the seeds were smuggled out of the country by the British, who set up their own rubber plantations in Malaya. The present drive is to restore to Latin America her birthright in this essential product.

College Has Free Defense Courses
GRAND FORKS, N. D.—(ACP)—Short term engineering courses are being offered at the University of North Dakota as part of the nation's defense program.

Principal reason for the 12 to 15-week courses, according to Dean L. C. Harrington of the engineering college, is that there will be only 16,000 engineering college graduates in June to fill 30,000 jobs. The aircraft industry alone is expected to require 22,000 engineering-trained men.

Under present plans there will be no tuition or fee charges for the federally sponsored short courses. Classes in engineering drawing, machine design and materials testing will start early this month.

What kind of Math do you call this?
It sounds crazy—but let's see how it would be perfectly possible in the telephone business. Suppose an improved method is devised that clips just one second from the time required to handle one toll ticket in the accounting department. Apply this method throughout the Bell System—handling an average of some 55,000,000 toll tickets each month—and it would effect a monthly saving of nearly 1 1/2 years!

A second saved here, an unnecessary step cut out there—on such close attention to "little" things rests the Bell System's ability to provide the finest, fastest, cheapest telephone service in the world.

Why not telephone home often? Long Distance rates do most points are lowest any night after 7 P. M. and all day Sunday.

Happiness As a Project

A number of Spartans are going to be happier this Christmas, not because they'll receive long-wanted gifts, but because they're doing something to make Christmas real for youngsters whom Santa Claus might miss.

YWCA is repairing toys which can be used again to brighten the lives of children who probably won't get any new toys. East Mary Mayo residents are planning a Christmas party, complete with Santa, for underprivileged children in the community, and several fraternities and sororities are doing likewise.

Alpha Phi Omega has backed the red stocking club and is writing letters to all student organizations asking them to fill stockings.

All these activities are indeed worthy ones. Commendation is but faint reward. Whole-hearted cooperation from everyone concerned is the best praise that can be given these deserving projects.

Wrong on Two Counts

Since the appearance of a State News editorial relative to the so-called corsage ban, several persons have commented that a ban saves money, thus permitting attendance at more parties, etc. Such comments indicate a tendency to stick doggedly to the original excuse for the ban.

By simple logic, it is fair to assume that any man who can afford to buy a \$1.50 to \$5 ticket to an open party, rent formal clothes or have his own cleaned, provide transportation, provide refreshments after the party, and pay his laundry and cleaning bill following the party can also afford 50 cents or more for a corsage for a woman if he feels she is worth sending a corsage to.

But all this is beside the point. In addition to the fact that a corsage ban accomplishes nothing, Student council hasn't the authority to enforce one.

The constitution under which the council operates gives it power to control student affairs, specifically exempting fraternities and sororities, but it does not give the council power to control such personal affairs as matters of dress or expression of sentiment.

If the council assumes this authority, which it does not legally have, it sets the precedent for assuming authority to ban neckties because they cost too much, or to ban women's silk hose for the same reason. Wouldn't the latter create a situation, though!

Six First-Round Bouts Head College Boxing Card Today

Six first-round bouts, evenly divided in the 155 and 175 pound divisions, are scheduled for the boxing room of the Yost gymnasium at 5 p. m. today when the all-college boxing tournament will go into its second afternoon of competition.

Headlining the six-match card will be the battle between Bill Boyd, Chicago sophomore, one of "Brick" Burnham's variety hopefuls, and Charles Corey, Grand Rapids senior, in the 175 pound class. Other 175 pound contests pair Bill Peterson, Dearborn freshman, against Bill Warriner, Pleasant Ridge sophomore, and Carl Levin, Sault Ste. Marie freshman, against Chuck Colkins, Lansing freshman. In the 155 pound classification, Wind Hicks, Detroit sophomore, meets Dick Vavra, New Buffalo freshman; Charles Shimer, Kingston, K. C., freshman, squares off with John Keenan, Merrill soph; and Bill Wiseman, Rochester, N. Y., junior, tackles Mack Finlan, Lansing senior.

FOUR WIN DECISIONS
Five hopefuls in the 145 pound

Spartan Sportlines

By Joe Simek

From Other Schools

Spartan fans might as well start practicing on the names of sophomores on the Marquette cage team with whom Ben Van Alstyne's hoopsters have two games: Jerry Schudrowitz, Mike Swieciak, and Mikepoja... the trainer is Ed Rozmarynoski... Coach Bill Chandler is building his team around "Wild Bill" Komenich, 6-foot, 3-inch guard who tips the beam at 210 pounds, whose rough play has caused opposition plenty of trouble for two years.

The Hilltoppers open at Wisconsin Saturday where Chandler's daughter Caryl is a junior. For the first time in six years the Hilltoppers have been off the Spartan schedule. However, another Big Ten (or nine) team, Ohio State, has been added and will show in Jenison fieldhouse Dec. 22.

Freddie Wolcott, who equaled the world's record of 22.6 for the 200 meter hurdles and who was burning up the collegiate cinders for three years, didn't even get a tumble when he donned football tugs for the Rice Owls this fall... He was a star back in high school... All 11 of the gridders on the coaches' All-Southeastern squad were natives of that section... so maybe it isn't so what they say about Dixie.

Cross country runner Joe Coffin, who swore he had been doing all right running barefooted for Syracuse, was rather peeved when Coach Tom Keane insisted he put on spikes, but retained his shoeless reputation when it was found that the shoes slowed him down... Dr. Sid Robinson of Indiana university who competed in the 15,000 meter run in the 1928 Olympics states that in a three mile race during 90 degree weather Greg Rice, Notre Dame alumna who is one of the leading distance stars in the country, reaches a body temperature of 106 degrees. He adds that most runners do their best work with temperatures of 103.

Bill Ryan, Bessemer soph, clearly more experienced than his opponent, gained an easy decision win in the third 145 pound struggle. Ryan defeated Curt Hansen, East Lansing junior, taking each of the three rounds.

In the final 145 pound bout Herb Fuller, Detroit freshman, defeated Dick O'Brien, Montrose yearling, via the decision route. Ed Cruppen, Lansing sophomore, who was overweight for the only 135 pound match, forfeited to Leo Rooney, LeRoy, N. Y., freshman.

Chicago Writers Miss Mentor's Stellar Play

Basketball coach, Ben VanAlstyne thought he finished up his intercollegiate basketball career 21 years ago at Colgate university - but then, one never knows.

In one Chicago newspaper the day before the State's opener with Kalamazoo appeared this headline: "Michigan State and Kalamazoo Clash Monday. Spartans Lose Van Alstyne, Leading Scorer."

KKG's to Meet Dorm Team In League Final

Kappa Kappa Gamma sorority, dark horse in the women's intramural volleyball playoffs, continued its march Tuesday evening when it captured its third straight game in the playoffs by defeating the Sigma Kappa sorority, 42 to 21.

Betty Backstrom sparked her team on to victory once again, this time rolling up 14 individual points to lead all scoring. Cornelia Zerbee was close behind her teammate, tallying 11 points. As a result of this victory Kappa Kappa Gamma will play South Campbell for the title today at 7:40 p. m. in the women's gymnasium. The winner of the game will receive the volleyball plaque, awarded by the Women's Athletic Association.

The Kappa's jumped to an early lead and then maintained their record as one of the best defensive teams in the tourney. At the end of the half Kappa Karpa Gamma led 14 to 10. Jane Cook, with seven points, led the Sigma Kappa's in scoring.

Poloists Open Season Friday

Opening of the thirteenth season of polo at Michigan State, the Spartan varsity team will play Ohio State at 7:30 Friday evening in Demonstration hall. It will be the first game of the year for both teams, and affords the Spartans a chance to avenge the one goal defeat suffered on the Buckeye campus last year.

Riding for Michigan State will be three veterans, Norman Spatz, Saginaw junior, Frederick Gibson, Bloomfield Hills junior, and Jack Mathewson, Huntington Woods senior. Newcomers on the team are Jack Burton, Chicago junior, and Bob Powell, Batavia, Ill. sophomore.

Also on the card is an independent contest between the Flint Eagles and the Lansing Red Wings which will follow the intercollegiate game.

Although the full winter schedule has not been drawn up, according to Coach Capt. Gerald Peterson of the R. O. T. C. staff, plans are being made for student and independent tilts for every Friday except when other events are scheduled. An indoor tournament is scheduled to get underway after the first of the year.

Hobbs Gives Last CAA Registration Notice

Prof. G. W. Hobbs, head of student C. A. A. today issued a last call for seniors who plan to enroll in the primary C.A.A. course for winter and spring terms. Hobbs also said that primary C.A.A. students wishing to take advanced flying next term should enroll immediately.

SPARTAN SPORTS

State Rivals Polish Game For Big Test Saturday

First act of what will be one of the best mystery thrillers to appear at Yost fieldhouse in a long time is scheduled for Ann Arbor Saturday night.

That, of course, will be the renewal of a 31-year-old basketball rivalry between Michigan State and this area's 1939-40 cage lord, the University of Michigan.

Everyone knows who is going to play, and that the encounter is slated to go on at 8 p. m., but the mystery is: What do the Spartans or Wolverines have to offer at this stage of the game? **WOLVES LOSE TWO** State, holder of a 48-29 victory over Kalamazoo Monday night, has been seen in action just once. That hardly could be classed as a true test, however, because the Spartans never were really extended in beating the Hornets.

Meanwhile, U. of M. backers have been so busy lauding the Wolverine football team that everyone seems to have forgotten about Cage Coach Benny Osterbaan and what he and his Michigan cagers are brewing for the Spartans Saturday.

Michigan, which will open its season against State, is strictly an unknown quantity. The Wolverines, have lost their big center, Jimmy Rae, and they've also lost guard Charley Pink. Just what will happen without the presence of those veterans helps to make a prediction a rather hazy affair. A fairly definite first-line aggregation is shaping up for Michigan, however. Mike Sofiak and Bob Fitzgerald, both veterans, have been working at the forward spots, with the rangy sophomore, Jimmy Mandler at center. At guards are Capt. Herb Brogan, former Lansing St. Mary's star, and George Ruehle, who plays first base for the Wolverine baseball team.

Bill Cartmill and Bill Hermann, a pair of reserves up from last season, are also drawing Osterbaan's attention. **VAN ALSTYNE SEEKS PUNCH** At Jenison fieldhouse here, Coach Ben Van Alstyne has been devoting considerable time to scrimmage and under-the-basket drills this week in order to develop State's scoring punch. Against Kalamazoo the Spartans showed efficiency from out on the floor but didn't have too much in the way of an attack from the foul circle on in.

State's lineup is scheduled to remain the same, with Bob Morris and Joe Gerard at the forwards, Max Hindman at center, and Bob Phillips and Mel Peterson at guards. Supplementing this quintet will be Dudley Jones, the sophomore find, Carl Petroski, Frank Mekules, and guards Pete Basich and Bill Burk.

Wy Davis, leading ground gairer in State's football ranks this season, will add strength to State's guard positions. Davis has height and although he didn't play varsity basketball last year, is experienced.

Six coaches, athletic director Ralph H. Young and Dean R. C. Huston, chairman of the athletic council, will represent Michigan State at the Big Ten conference Friday, Saturday, and Sunday. Coaches from State will be Charles Bachman, Lyman Primadig, John Kobs, Karl Schlademan, "Jake" Dautbert and Ben Van Alstyne. Van Alstyne will be able to attend only the basketball rules committee on Friday because of the basketball game with Michigan.

The Spartan delegation will arrange schedules with the Big Ten teams and also contact officials to work games at State. Athletic officials throughout the nation are expected at the three-day meeting.

Tuesday's women's sports story stating that a dormitory team has never gone to the finals in women's intramural volleyball contests, brings a storm of rightful protest from the women of South Campbell, who were champions in 1939.

To clear the record, South Campbell women volleyballers will be seeking their second consecutive title when they meet Kappa Kappa Gamma tonight.

Faculty Man to Speak On Merits of a Cow
"Ain't a Cow Marvellous," is the title of a speech to be given by J. G. Hays, extension specialist in the dairy husbandry department, at 6:30 p. m. tonight at a banquet given by the Albion Rotary club. The banquet, held in the Parker Inn in Albion, is for the entertainment of farmer guests. Last night Hays attended the annual meeting of the Genesee County Farm Bureau.

If You Too, Want Arrow Underwear
Come To
AVRD'S
LANSING AND EAST LANSING

Why students squirm in classrooms:

1. Because the lecture is dull.
2. Because they're going to be called on.
3. Because they're wearing uncomfortable underwear.

We can only cure the third case! We suggest that you stock up on the world's most comfortable shorts: **Arrow Shorts**. They have the patented seamless crotch, they have roomy seats, they never shrink out of perfect fit because they're Sanforised-Shrunk (fabric shrinkage less than 1%). What's more, they have grippers instead of buttons—nothing to sew back on! See your Arrow dealer today!
